DACTIL[®]

PLAIN AND WITH PHENOBARBITAL

Used in your office, DACTIL will show you how quickly it relieves pain \rightleftharpoons spasm in the gastroduodenal or biliary tract—usually within 10 to 20 minutes.

new drug action

DACTIL is eutonic—that is, it restores and maintains normal visceral tonus. Unusually well tolerated, DACTIL does not interfere with gastrointestinal or biliary secretions.

two forms Q.I.D.

DACTIL with Phenobarbital in bottles of 50 capsules. There are 50 mg. of DACTIL and 16 mg. of phenobarbital (warning: may be habit-forming) in each capsule.

DACTIL (plain) in bottles of 50 capsules. There are 50 mg. of DACTIL in each capsule.

DACTIL, first of the Lakeside piperidol derivatives, is the *only* brand of N-ethyl-3-piperidyl diphenylacetate HCl.

for gastroduodenal and biliary spasm, cardiospasm, pyloro-spasm, spasm of biliary sphincter, biliary dyskinesia, gastric neurosis and irritability, and as adjunctive therapy in selected hypermotility states. A specific for upper gastrointestinal pain \rightleftharpoons spasm, DACTIL is not intended for use in peptic ulcer.

PIONEERS IN PIPERIDOLS

74754

Through its three-fold action in arthritis...relief of pain, improvement of function, and resolution of inflammation...BUTAZOLIDIN contributes significantly to the rehabilitation of the arthritic patient.

In addition to its marked therapeutic effectiveness, the advantages of BUTAZOLIDIN include:

Wide Scope of Usefulness—effective in the most crippling and chronic arthritides.

Persistence of Effect—does not provoke tolerance on continued usage.

Nonhormonal in Character—the therapeutic action of BUTAZOLIDIN is not mediated through the pituitary-adrenocortical axis.

BUTAZOLIDIN being a potent agent, the physician should carefully select candidates for treatment and promptly adjust dosage to the minimal individual requirement. Patients should be regularly examined during treatment, and the drug discontinued should side reactions develop.

Detailed literature on request.

BUTAZOLIDIN® (brand of phenylbutazone): Red sugar-coated tablets of 100 mg.

in arthritis and allied disorders

With The Editor . . .

A cheerful note from the Connecticut State Medical Journal: one out of eight doctors dying between 1940 and 1953 were in debt at the time of death . . . The statement is based on a survey of 144 probate cases conducted by the Hartford County Medical Society . . . One out of three left less than \$10,000 and one out of two left less than \$25,000 . . . Of those who did leave sizeable estate (\$25,000 or more,) virtually all had their peak production between 1920 and 1933, years of small income taxes . . . It makes an interesting commentary on the popular public belief that all doctors are rich . . . Another interesting finding: one doctor out of three died without leaving a will . . . Our thanks to the ladies of the Auxiliary and the Medical Assistants Society for staffing the Tulsa County Medical Society booths at the Tulsa State Fair last month . . . Visitors to the Fair carried away nearly 10,000 pieces of useful literature distributed at the Society booth . . . The Bulletin winds out twenty years of publication next month . . . The first issue had eight pages, one of which was blank, and was edited by Dr. David V. Hudson . . . Special features of the first issue were an editorial by Dr. Russell C. Pigford, then President of the Society, and a biography of the Society's first President in 1907, Dr. W. Albert Cook . . . Druggist Orville L. Prather and his Medical Arts Prescription Shop advertised in the first issue, and be it said that in twenty years he has not missed advertising in a single issue . . . A folder from the Royal Sabina Airlines of Belgium announces a Medical Tour of South Africa, limited to 35 doctors, and leaving New York on December 31st . . . Group will visit South African medical centers, see the sights, and even do some big game hunting . . . Just \$4,600 per person plus laundry, entertainment, and fare to and from New York . . . Medco Products' Mark DeGroff of Tulsa is organizing a nationwide association of doctors who fly . . . The group will have its first meeting in Florida next month.

AN OUTSTANDING MEMBER
OF THE LILLY FAMILY
OF VITAMINS

■ for people past forty—
prescribe this potent dietary supplement

MI-CEBRIN

(Vitamin-Mineral Supplements, Lilly)

- **complete**—each Tablet 'Mi-Cebrin' contains 11 vitamins and 10 minerals.
- **economical**—convenient and economical to take, only one Tablet 'Mi-Cebrin' daily prevents practically all vitamin-mineral deficiencies.
- **potency protected**—a special coating between the vitamins and minerals prevents potency-destroying oxidation-reduction reactions and serves as a moisture barrier for maximum stability.
- **quality controlled**—'Mi-Cebrin' is painstakingly manufactured. Every finished lot is thoroughly assayed before release.

FOUNDERS DAY CLINIC ON NOVEMBER 18TH

Four Visiting Distinguished Guest Speakers Set for One-Day Postgraduate Study Event. Seven Papers To Be Featured. Heavy Attendance Expected.

Several hundred area doctors are expected to attend the Tulsa County Medical Society's Second Annual Founders Day Clinic to be held Thursday, November 18, 1954, at the Blue Cross-Blue Shield Building, 1215 South Boulder, Tulsa.

Headlining the one-day postgraduate study course are four visiting distinguished guest speakers who will present seven formal papers. They are:

George E. Burch, M.D., Chairman of the Department of Medicine, Tulane University Medical School, New Orleans, Louisiana.

Sergei Feitelberg, M.D., Director of the Department of Physics, Mount Sinai Hospital, and Associate Professor of Radiology, Columbia University College of Physicians and Surgeons, New York, N. Y.

Richard H. Freyberg, M.D., Associate Professor of Medicine, Cornell University School of Medicine, New York, N. Y.

Elmer Hess, M.D., President-Elect of the American Medical Association, and nationally known urologist of Erie, Pennsylvania.

There will be no registration fee and all medical doctors are invited to attend. Luncheon will be \$2.50. Advance reservations are requested, and tickets may be purchased from the Executive Offices of the Tulsa County Medical Society, or from Dr. Wilkie D. Hoover, Dr. Earl I. Mulmed, Dr. Marshall O. Hart, or Dr. William S. Jacobs.

The event is sponsored by the Tulsa

County Medical Society in cooperation with the Tulsa Academy of General Practice, the Arthritis and Rheumatism Foundation of Eastern Oklahoma, the Oklahoma Division of the American Cancer Society, and the Tulsa County Heart Association.

The program will be as follows:

9:30 A.M. Registration, Blue Cross-Blue Shield Building, 1215 South Boulder, Tulsa.

Wilkie D. Hoover, M.D., Presiding
10:00 A.M. "Anti-Rheumatic Drugs—A Critical Appraisal." Dr. Richard H. Freyberg, New York, N. Y.

10:30 A.M. "Problems in the Use of Radioactive Isotopes in Cancer Therapy." Sergei Feitelberg, M.D., New York, N. Y.

11:00 A.M. Intermission. Coffee and cold drinks.

11:15 A.M. "Ureteral Stones." Elmer Hess, M.D., Erie, Pennsylvania.

11:45 A.M. "The Management of Hypertension." George E. Burch, M.D., New Orleans, Louisiana. (The Dr. W. Albert Cook Lecture).

12:15 P.M. Questions and Answers.

12:45 P.M. Luncheon. Blue Cross-Blue Shield Auditorium.

Earl I. Mulmed, M.D., Presiding
1:45 P.M. "The Use of Radioactive Iodine in Diagnosis and Treatment of Hyperthyroidism." Dr. Sergei Feitelberg, New York, N. Y.

2:15 P.M. "The Management of Congestive Heart Failure." Dr. George E. Burch, New Orleans, Louisiana.

2:45 P.M. Intermission. Coffee and

cold drinks.

3:00 P.M. "Recognition and Management of the Diffuse Collogen Diseases." Dr. Richard H. Freyberg, New York, N. Y.

3:30 P.M. Questions and Answers.

4:00 P.M. Adjournment.

Dr. Burch's morning lecture will be designated the Dr. W. Albert Cook Lecture, honoring the first President of the Tulsa County Medical Society in 1907. Dr. Cook will be an honor guest. This annual recognition of his contributions to the Society was created last year by action of the Board of Trustees.

"This is a very fine program featuring some of the most distinguished of American doctors," Dr. Earl I. Mulmed, Chairman of the Postgraduate Study Committee, said last month, "and it is our hope that the event will be attended by every member of the Society and by as many area doctors as possible."

Dr. George E. Burch is a graduate of Tulane University School of Medicine, Class of 1933. He interned at Charity Hospital, New Orleans, and was subsequently a fellow in cardiovascular research at the Hospital of the Rockefeller Institute for Medical Research. He has been a member of the staff of Tulane since 1934, excluding the time spent at the Rockefeller Institute, and in 1947 was named as Henderson Professor and Chairman of the Department of Medicine. He is an editor of the American Journal of Medical Sciences, and a member of the editorial board of the A.M.A. Archives of Internal Medicine, Circulation, and G. P. He is author or co-author of seven textbooks in the field of cardiology and

has published 140 other scientific articles and essays. Dr. Burch is a member of the Board of Directors of the American Heart Association, President of the Southern Society for Clinical Research, Vice-President of the American Society for Clinical Investigation, fellow of the American College of Physicians, diplomate of the American Board of Internal Medicine, and member of seventeen other medical organizations including several in South America. Now a consultant in cardiovascular diseases to the Ochsner Clinic, he is one of America's best known cardiologists.

Dr. Sergei Feitelberg has been described as "one of the world's best informed scientists on atomic medicine," an appellation he justly deserves. He is a graduate of the University of Lausanne Medical School in Switzerland, Class of 1938. In 1939 he joined the staff of Mount Sinai Hospital, New York, N. Y., to do research on pharmacology of the central nervous system. Since 1947 he has been in charge of radioisotope therapy and research, and since 1951 has been Director of the Department of Physics at Mount Sinai. Dr. Feitelberg is now Associate Professor of Radiology at Columbia University College of Physicians and Surgeons, and a member of numerous medical organizations. His research in the field of radioactive isotopes in medicine has won him international recognition.

Dr. Richard H. Freyberg is a former President of the American Rheumatism Foundation and widely known for his studies in the field of rheumatology. A graduate of the University of Michigan Medical School, Class of 1930, he also interned at the University of Michigan Hospital and in 1932 joined the faculty of his alma mater as an instructor in Medicine. From 1934 to 1944 he served as Director of the Rackham Arthritis Research Unit at the University of Michigan School of Medicine. In 1944 he was appointed to his present post as Associate Professor of Medicine at Cornell University Medical School, New York, N. Y. He is now Director of the Department of Internal Medicine and Director of Arth-

AMA SETS INTERIM MEETING

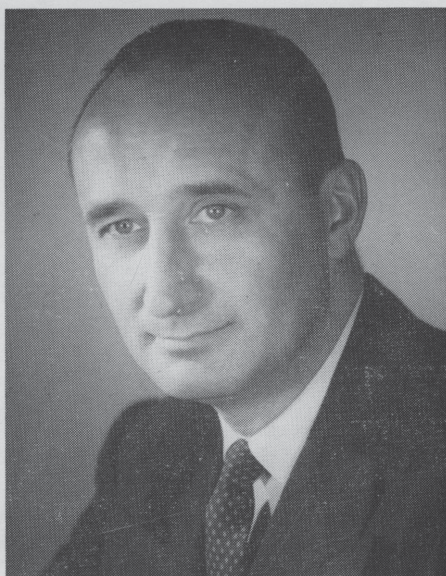

The Interim Session of the American Medical Association will be held November 29-December 3, 1954, at Miami, Florida. The Annual Public Relations Conference will be on November 28, 1954, at Hotel McAllister, Miami. Tulsa physicians planning to attend should write for hotel reservations at once to AMA Sub-Committee on Hotels, 305 NE 5th Street, Miami, Florida.

PRESIDENT'S PAGE

From time to time there have been rumors of a third major hospital to be constructed in Tulsa. While not all Tulsa doctors share my view, I believe this would be desirable and beneficial to the community. At the same time, I feel that a third hospital would not affect the progress or success of either Hillcrest Medical Center or St. John's Hospital. Both of these institutions, following completion of their present expansion programs, will have reached a size which is probably a point of greatest economic and efficient administration. Further expansions may pose so many new administrative problems as to impair the quality of patient care and possibly increase its cost to the patient. The pattern of progress for these two hospitals should not be towards mere size. A more important goal is that of a maximum efficiency in economical and complete hospital care.

It has been estimated that Tulsa now lacks 425 beds of reaching a desirable level of hospital bed facilities. A third hospital would create a new margin of community safety. At the same time it would permit further growth of Tulsa as a medical center by accommodating hundreds of additional area patients referred to our qualified specialists. Such a hospital could conceivably provide the needed facilities for our indigent patients and for colored patients under the care of both white and colored physicians. A third hospital would, I believe, provide a means of alleviating some of the problems which are now besetting our professional staffs and leading to friction within the Tulsa profession. It would provide new opportunities to many qualified doctors and would accommodate the annual influx of new physicians. I feel the Tulsa County Medical Society would do well to give active support to any reliable organization seeking to build a third hospital in Tulsa. Such hospital growth should be part and parcel of our traditional pattern of progress in Tulsa.

Sincerely,

President

"But Mrs. Bonelli went home yesterday!"

HERE'S HOW
POLYSAL[®]
HELPS YOUR PATIENTS

1

POLYSAL prevents and corrects hypokalemia without danger of toxicity¹

2

POLYSAL corrects moderate acidosis without inducing alkalosis¹

3

POLYSAL replaces the electrolytes in extracellular fluid¹

4

POLYSAL induces copious excretion of urine and salt¹

Polysal, a single I.V. solution to build electrolyte balance, is recommended for electrolyte and fluid replacement in all medical, surgical and pediatric patients where saline or other electrolyte solutions would ordinarily be given. Available in distilled water—250 cc. and 1000 cc. and in 5% Dextrose—500 cc. and 1000 cc.

INSTEAD OF UNPHYSIOLOGICAL
"PHYSIOLOGICAL SALINE" MAKE

CUTTER Laboratories
BERKELEY, CALIFORNIA

PHILADELPHIA SURGEON TO SPEAK HERE NOVEMBER 8TH

Dr. Robert P. Glover, Chief of Thoracic and Cardiac Surgery at Episcopal, Presbyterian and St. Christopher's Hospital for Children, Philadelphia, Pennsylvania, will be guest speaker for the Tulsa County Medical Society on Monday, November 8, 1954. His subject will be "The Present Status of Surgery for Stenotic Valvular Heart Disease."

A special call meeting of the Society has also been scheduled for Monday, November 29, 1954, at 8:00 P.M., for a program devoted to the medical organization of Civil Defense. Captain Carroll P. Hungate of Olathe, Kansas, Chairman of the Medical Division of the Missouri State Civil Defense Agency, will discuss "The Medical Aspects of Civil Defense." Dr. Hungate is one of the best known authorities on Civil Defense in the United States and has participated in many national meetings of Civil Defense authorities. He will be introduced by Dr. Gifford H. Henry, Chairman of the Medical Division of Tulsa Civil Defense.

Both meetings will be held in the auditorium of the new Blue Cross-Blue Shield Building at 1215 South Boulder. By formal action taken at the October meeting, the Society voted to hold all

meetings at the Blue Cross-Blue Shield Building until further notice. Doctors may use the two parking lots on both the North and South sides of the Building, including the spaces marked as reserved, and telephone service is available by calling 5-9149.

One of the best known of American cardiac surgeons, Dr. Robert P. Glover is presently Clinical Professor of Surgery at Hahnemann Medical College and Hospital, Philadelphia. He is a graduate of the University of Pennsylvania School of Medicine, Class of 1939, and interned at Germantown Hospital of Philadelphia for two years. Subsequently he served a five year surgical residency at the Mayo Clinic and did special postgraduate work for one year at the University of Minnesota School of Medicine. He entered private practice at Philadelphia in 1947 and limited himself to Thoracic and Cardiac Surgery. Dr. Glover is a diplomate of the American Board of Surgery and of the American Board of Thoracic Surgery, a member of the American Association for Thoracic Surgery, American College of Chest Physicians, and numerous other medical organizations.

Dr. Glover's scientific research has included studies of retrograde lymphatic spread of carcinoma of the rectosigmoid region, experimentation in the development of the surgery of septal defects, investigation of a modified rock procedure for infundibular pulmonary stenosis, and original investigations on the use of streptomycin, particularly in association with resection for tuberculosis. He is the author of numerous medical articles published in leading journals. His more recent publications have been in the field of stenotic valvular surgery, a field which he pioneered with his partner, Dr. Thomas J. E. O'Neill.

The final meeting of the year will be held on Monday, December 13, 1954, with the program devoted to the election of officers and other business matters.

DR. TERRELL COVINGTON, JR., has returned from New York City where he attended a meeting of the Rehabilitation Committee of the American Heart Association on September 20-21.

NOVEMBER MEDICAL CALENDAR

MONDAY, November 1st:

Hillcrest Medical Center Staff Meeting, 8:00 P.M.

Blue Cross hospital insurance premiums, Physicians and Surgeons Group, due and payable on this date. Make payment to Blue Cross Plan, 1215 S. Boulder, Tulsa.

TUESDAY, November 2nd:

Postgraduate Study Course, Hillcrest Medical Center, 5:30 P.M. Subject:

"The Office Treatment of Liver Disease." Speaker, Dr. Earl M. Lusk.

St. John's Tumor Clinic, 8:00 A.M.

WEDNESDAY, November 3rd:

St. John's Isotope Clinic, St. John's Hospital, 8:30 A.M.

Board of Censors Meeting, Tulsa County Medical Society, B9 Medical Arts Building, 1:00 P.M.

THURSDAY, November 4th:

Interns and Residents Lecture, St. John's Hospital, 12:00 Noon. Subject:

"Burn Treatment." Speaker, Dr. Hays R. Yandell.

FRIDAY, November 5th:

St. John's Tumor Clinic, Clinical Conference, 8:30 A.M.

MONDAY, November 8th:

Tulsa County Medical Society, Scientific Meeting, Blue Cross-Blue Shield Building, 1215 South Boulder, Tulsa. Subject: "The Present Status of Surgery for Stenotic Valvular Heart Disease." Speaker, Dr. Robert P. Glover, Philadelphia, Pennsylvania.

TUESDAY, November 9th:

Postgraduate Study Course, Hillcrest Medical Center, 5:30 P.M. Subject:

"Functional Diseases of the Colon." Speaker, Dr. Robert D. Grubb.

St. John's Tumor Clinic, 8:00 A.M.

WEDNESDAY, November 10th:

St. John's Isotope Clinic, St. John's Hospital, 8:30 A.M.

Board of Trustees Meeting, Tulsa County Medical Society, B9 Medical Arts Building, 1:00 P.M.

Clinical Pathological Conference, Hillcrest Medical Center, 7:30 P.M.

THURSDAY, November 11th:

Interns and Residents Lecture, St. John's Hospital, 12:00 Noon. Subject:

"Diagnosis of the Acute Abdomen in Adults." Speaker, Dr. D. L. Garrett.

Surgical Lecture, Surgical Technique and Postoperative Care, Hillcrest Medical Center, 12:30 P.M. Speaker, Dr. Martin Leibovitz.

FRIDAY, November 12th:

St. John's Tumor Clinic, Clinical Conference, 8:30 A.M.

MONDAY, November 15th:

St. John's Hospital, Clinical Pathological Conference, 7:15 P.M.

St. John's Hospital Staff Meeting, 8:00 P.M.

TUESDAY, November 16th:

Surgical Section Meeting, Hillcrest Medical Center.

Board of Directors Meeting, Tulsa County Public Health Association, 808 South Peoria, 7:45 P.M.

Medical Assistants Society Meeting, Michaelis Cafeteria, 6:30 P.M.

Postgraduate Study Course, Hillcrest Medical Center, 5:30 P.M. Subject:

"Congenital Heart Disease." Speaker, Dr. C. S. Lewis, Jr.

St. John's Tumor Clinic, 8:00 A.M.

NOVEMBER MEDICAL CALENDAR

WEDNESDAY, November 17th:

St. John's Isotope Clinic, St. John's Hospital, 8:30 A.M.
Copy deadline for the December issue of The Bulletin.

THURSDAY, November 18th:

Annual Founders Day Clinic, Tulsa County Medical Society, Blue Cross-Blue Shield Building, registration opens 9:30 A.M.

Interns and Residents Lecture, St. John's Hospital, 12:00 Noon. Subject: "Aspiration and Tracheotomy Care." Speaker, Dr. Robert M. Shepard, Jr.
Surgical Lecture, Surgical Technique and Postoperative Care, Hillcrest Medical Center, 12:30 P.M. Speaker, Dr. Martin Leibovitz.

FRIDAY, November 19th:

St. John's Tumor Clinic, Clinical Conference, 8:30 A.M.

MONDAY, November 22nd:

Tulsa Academy of General Practice, Scientific Meeting, Hotel Tulsa, 6:30 P.M.
Subject: "Diagnosis and Treatment of Thyroid Disease." Speaker, Dr. E. H. Hashinger, Kansas City, Kansas.

TUESDAY, November 23rd:

St. John's Tumor Clinic, 8:00 A.M.
Postgraduate Study Course, Hillcrest Medical Center, 5:30 P.M. Subject: "Hypersensitive Cardiovascular Diseases." Speaker, Dr. Robert G. Tompkins.

WEDNESDAY, November 24th:

St. John's Isotope Clinic, St. John's Hospital, 8:30 A.M.
Section on Medicine Meeting, Hillcrest Medical Center, Dinner 5:45 P.M., followed by Grand Rounds.

THURSDAY, November 25th:

The Executive Offices and Library of the Tulsa County Medical Society will be closed in observance of Thanksgiving Day.
Interns and Residents Lecture, St. John's Hospital, 12:00 Noon. Subject: "Diagnosis of the Acute Abdomen in Children and Infants." Speaker, Dr. Mark H. Donovan.

FRIDAY, November 26th:

St. John's Tumor Clinic, Clinical Conference, 8:30 A.M.

SUNDAY, November 28th:

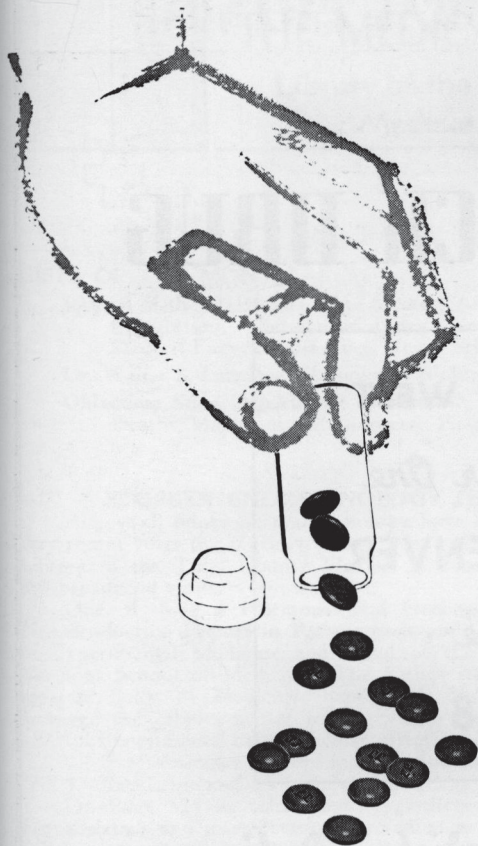

Public Relations Conference, American Medical Association, Miami, Florida, 1:00 P.M.

MONDAY, November 29th:

Special Call Meeting, Tulsa County Medical Society, Blue Cross-Blue Shield Plan Building, 1215 S. Boulder, 8:00 P.M. Subject: "Medical Aspects of Civil Defense." Speaker, Dr. C. P. Hungate, Olathe, Kansas.
Interim Session, American Medical Association, Miami, Florida. Continues through December 3, 1954.

TUESDAY, November 30th:

St. John's Tumor Clinic, 8:00 A.M.
Postgraduate Study Course, Hillcrest Medical Center, 5:30 P.M. Subject: "The Office Use of Antibiotics." Speaker, Dr. William J. Osher.
Section Meeting of Obstetrics and Gynecology, Hillcrest Medical Center.

ACHROMYCIN TABLETS

**A widely prescribed form of the
outstanding broad-spectrum antibiotic**

Sugar-coated, easy-to-swallow ACHROMYCIN Tablets are available in three potencies: 50, 100, and 250 mg.

In each of its many forms, ACHROMYCIN exhibits notable characteristics: it diffuses rapidly in body tissues and fluids; it maintains its potency for 24 hours in solution; gastrointestinal irritation is rare and mild in nature.

ACHROMYCIN has shown a broad range of effectiveness against pneumococci, staphylococci, beta hemolytic streptococci, gonococci, meningococci, *E. coli* infections, acute bronchitis and bronchiolitis, pertussis and the atypical pneumonias, as well as virus-like and mixed infections.

DOSAGE FORMS: Tablets, Capsules, Pediatric Drops, Oral Suspension, SPERSOIDS* Dispersible Powder, Intramuscular, Intravenous, Soluble Tablets, Topical Ointment, Ophthalmic Ointment, Ear Solution.

SCOPE OF ENDOCRINOLOGY TEXTBOOKS BEING BROADENED

Almost all books on endocrinology have been written with the internist in mind, but in very recent years the objectives have been enlarged to include specialists in other fields. The Library of the Tulsa County Medical Society has on its shelves two titles which illustrate this broadened scope.

One of these is **Hormonal and Neurogenic Cardiovascular Disorders; Endocrine and Neuroendocrine Factors in Pathogenesis and Treatment**, by Wilhelm Raab, M.D., Professor of Experimental Medicine and Head of the Cardiovascular Research Unit, University of Vermont School of Medicine. The author states at the beginning that the purpose of two separate fields of Medicine, namely of Endocrinology and Cardio-Angiology." He has arranged the subject matter in three main sections:

1. Experimental cardiovascular effects of hormones and neurophormones.
2. Cardiovascular features in endocrine and neuroendocrine syndromes.
3. Endocrine and neuroendocrine factors in cardiovascular syndromes.

On Page 524 he states that "regardless of the problematic character of many of the factual details and interpretations presented in this book, there emerge a few basic principles which can be assumed to constitute the essence of neuroendocrine and endocrine participation in the origin of cardiovascular pathology of various types." And on Page 525: "Some time-honored but out-dated factors are no longer tenable—teleological auxiliary hypotheses are becoming increasingly superfluous and should be discarded."

There are many cross references and an unusually lengthy bibliography. The volume contains 722 pages with 88 illustrations and is published by the Williams and Wilkins Company, Baltimore, Maryland, 1953.

A second volume that shows this trend is a short monograph, **Surgery and the Endocrine System**, by James D. Hardy, M.D., Assistant Professor of Surgery, University of Tennessee Medical College, and which carries the sub title "Physiologic Response to Surgical Trauma—Operative Management of Endocrine Dysfunction."

This little volume extends the study of endocrinology into the field of surgery as well as into the field of internal medicine. It was published by W. B. Saunders Company, Philadelphia, in 1952.

An excellent review of this book was written by Dr. Richard E. McDowell and was published in the *Journal of the Oklahoma State Medical Association*, 45:335 (September) 1952. In closing he says that "The practical nature and the importance to the patient of the material presented in the text, plus the clarity with which it is presented, make Dr. Hardy's book required reading for every surgeon and every internist—in fact, for every physician."

MEDICAL LIBRARY RESUMES EVENING HOURS

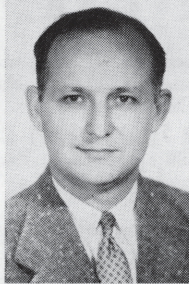

The Library of the Tulsa County Medical Society has resumed evening hours for the Fall, Winter, and Spring months, and will be open every Tuesday evening from 6:00 P.M. to 9:00 P.M.

USE YOUR LIBRARY

NEW APPLICANTS

The following physicians are applicants for membership in the Tulsa County Medical Society:

William A. Waters, M.D. 6622 East King Street, Tulsa. Medical Degree, University of Oklahoma School of Medicine, Class of 1947. Interned Wesley Hospital, Oklahoma City, Okla., 1947-48. In private practice, Cushing, Oklahoma, 1948-49; Odessa, Texas, 1949-51. In military service, United States Army Medical Corps, 1951-53, discharged with the rank of First Lieutenant. In private practice, Lubbock, Texas, 1953-54. General Practice. Recommended by Dr. Houston F. Mount and Dr. Donald L. Crawner. By transfer from Lubbock-Crosby County Medical Society.

Paul A. Bischoff, M.D. Springer Clinic, 604 South Cincinnati, Tulsa. Medical Degree, Western Reserve University School of Medicine, 1942. Interned City Hospital, Akron, Ohio, 1942-43. In active military service, United States Army Medical Corps, 1943-54, discharged with the rank of Lieutenant - Colonel.

Resident in Obstetrics and Gynecology, Brooke Army Hospital, San Antonio, Texas, 1948-50. Resident in Obstetrics and Gynecology, Tripler Army Hospital, Honolulu, Hawaii, 1952-53. Formerly Chief of Obstetrics and Gynecology Service, U. S. Army Hospital, Fort Campbell, Kentucky, 1953-54. Specialty, Obstetrics and Gynecology. Recommended by Dr. Carl J. Hotz and Dr. Vincel Sundgren.

Frank A. Wappler, Jr., M.D. 1701 East 19th Street, Tulsa. Medical Degree,

University of Texas Medical Branch, Class of 1951. Interned St. Joseph's Mercy Hospital, Ann Arbor, Michigan, 1951-52. Resident in Anesthesiology, Ohio State University Hospital, Columbus, Ohio, 1952-54. In military service, 1941-45.

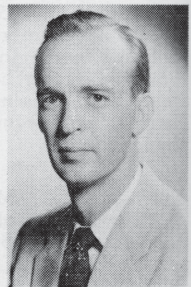

Specialty, Anesthesiology. Recommended by Dr. H. B. Stewart and Dr. Eugene G. Wolff.

The following physicians were elected to membership in the Tulsa County Medical Society at the regular meeting of Monday, October 11, 1954.

Myra Ann Peters, M.D. 1006 Medical Arts Building, Tulsa. Medical Degree, University of Alabama School of Medicine, Class of 1949. Interned Wesley Hospital, Oklahoma City, Oklahoma, 1949-50. Resident in General Surgery, Wesley Hospital, Oklahoma City, Oklahoma, 1950-51. Resident in Orthopedic Surgery, The Mayo Foundation, Rochester, Minnesota, 1951-54. Specialty, Orthopedic Surgery. Recommended by Dr. Robert G. Tompkins and William C. Alston, Jr. By transfer from Olmstead-Houston-Fillmore-Dodge County Medical Society (Minnesota).

Thomas W. Taylor, M.D. Tulsa Clinic, 915 South Cincinnati, Tulsa. Medical Degree, University of Oklahoma School of Medicine, Class of 1953. Interned Hillcrest Medical Center, 1953-54. General Practice. Military Service, United States Navy, 1945-46. Recommended by Dr. H. P. Kemmerly and Dr. Allen C. Kramer.

STOKES, McGRAW TAKE TOP HONORS IN GOLFING MEET

Dr. E. Malcolm Stokes took top golfing honors in the Annual Doctors and Dentists Golf Tournament at Indian Hills Country Club last October 21, 1954. His two under par of 74 won the Dr. W. Albert Cook Trophy. Dr. Willard L. McGraw was runner-up with 78 to win the Dr. H. D. Murdock Trophy. Low man for the dentists was Dr. Fuller Warden, Jr.

Members of the Tulsa County Medi-

cal and Dental societies enjoyed a complimentary social hour hosted by the Medical Service Society, and following the dinner over fifty attractive prizes were presented. The Society wishes to thank the following donors of golf prizes:

Getman Drug Store, Al Musick Drug Stores, Martin's Prescriptions, Reeves Dental Supply, Scott Robison's Drug Stores, Edwards Pen Shop, Hillcrest Medical Center, Menkemeller's, Morse Dental Supply, Catron Pharmacy, Hettinger Brothers, Prather's Medical Arts Prescription Shop, King's-Opticians, Leland Brunson-Optician, Tulsa Funeral Home, Greb X-Ray Company, R. P. Kincheloe X-Ray Company, Ball Drug Store, Ostertag-Opticians, Grant G. Forsythe, Medical Credit Bureau, Hicks Brunson-Opticians, Curtain's, Fitzgerald Funeral Home, T. Roy Barnes Drugry, General Electric X-Ray Company, Courtright-Opticians, Joe Haile's Utica Square Pharmacy, Mayo Hotel, Renberg's, Villa Venice, The Louisiana, Megee's Sporting Goods, Davis Brothers, Zale's Jewelry Store, Mayo Furniture Store, Palace Clothiers, Clarke's, Street's, Brenner The Tailor, Merkel X-Ray, Mid-Continent Surgical Supply Company, Professional Drug Shop, Purdy's Ranch Acres Pharmacy, Raley-Shaddock Pharmacy, Melton-Myers Surgical Supply, Frank J. Fiorella, Master-son Dental Supply, and Shaw-Medlin Dental Supply.

Dr. Paul N. Atkins, Jr., was Chairman of the Tournament Committee, and was assisted by Dr. Simon Pollack, Dr. Fuller Warden, Jr., Dr. E. Malcolm Stokes, Dr. Roger Q. Atchley, and Dr. Worth M. Gross.

RHINOPTO COMPANY • Dallas, Texas

KANSAS CITY INTERNIST TO SPEAK TO G. P. ACADEMY

Dr. E. H. Hashinger, Professor of Medicine at the University of Kansas School of Medicine, Kansas City, Kansas, will be guest speaker for the Tulsa Academy of General Practice on Monday, November 22, 1954, at 8:00 P.M. at Hotel Tulsa. His subject will be "Diagnosis and Treatment of Thyroid Diseases."

The meeting will be preceded by a buffet dinner in the After Five Room at 6:30 P.M. All physicians are invited to attend both the dinner and the meeting. Dinner reservations should be made by calling 2-5904.

Dr. Hashinger is a graduate of Washington University School of Medicine, Class of 1919. He has been an active practitioner in Kansas City for many years and has served on the faculty of the University of Kansas School of Medicine in several capacities, including a term as Acting Dean. His special interest is in the field of Gerontology. Dr.

Hashinger is a diplomate of the American Board of Internal Medicine, member of the Society for Clinical Surgery, and a fellow of the American College of Physicians. During World War II he served in the Army Medical Corps with the rank of Colonel.

DR. JOHN F. BLANKENSHIP is now associated with DR. ROGER Q. ATCHLEY at 507 Medical Arts Building. Dr. Blankenship also has evening hours at his new offices located at 6423 East Archer, Tulsa.

In attendance at the County Medical Societies Civil Defense Conference at Chicago, Illinois, October 30-31, were DR. WILKIE D. HOOVER, DR. GIFFORD H. HENRY, and DR. JOHN E. McDONALD.

DR. LUCIEN M. PASCUCCI attended a reunion of his medical school class at Yale University last September 21st. During his trip he also attended the annual meeting of the American Roentgen Ray Society.

Dr. Wilkie D. Hoover, President of the Tulsa County Medical Society (left), is pictured above as he presented certificates of Life Membership in the Oklahoma State Medical Association to Dr. Paul Grossbart (center) and Dr. James W. Rogers (right), Tulsa physicians who retired last year. Certificates were presented in absentia to Dr. Clarence C. Hoke, Tulsa; Dr. Bunn Harris, Jenks; Dr. Charles E. Calboun, Sand Springs; and Dr. W. J. Trainor, former Tulsan now residing in Wilmington, Ohio.

CHILDREN'S MEDICAL CENTER SETS QUARTERLY CONFERENCE

Dr. Henry B. Strenge, Associate Professor of Medicine at the University of Oklahoma School of Medicine, Oklahoma City, will be guest speaker at the quarterly conference of the Children's Medical Center of Tulsa on Friday, December 3, 1954, at 8:00 A.M. His subject will be "Prophylaxis in Rheumatic Fever and Serological Tests for Diagnosis of Rheumatic Fever."

All Tulsa physicians are urged to attend. Following the lecture, Grand Rounds will be made.

BLUE CROSS PREMIUMS NOW PAID ON ANNUAL BASIS

Effective November 1, 1954, all members of the Tulsa County Medical Society's Physicians and Surgeons Group will pay Blue Cross hospital insurance premiums on an annual, bill-direct basis. The system replaces the former semi-annual payments made directly to the Tulsa County Medical Society offices.

Policyholders will now pay their pre-

mium directly to the Blue Cross Plan, 1215 South Boulder, Tulsa, each November 1st. A statement will be mailed. A charge of \$1.00 is made for late payment, and premiums delinquent after fifteen days subject the policy to cancellation.

A bill-direct basis is also in effect for the Medical Assistants Group although payments continue on a quarterly basis.

The Oklahoma Eagle, negro newspaper of Tulsa, has recently featured a series of articles about Moton Memorial Hospital with special attention to the work of several white physicians in improving the facilities and services of the Hospital. The initial stories featured the work of DR. F. L. FLACK, DR. MARCELLA R. STEEL, DR. JAMES W. KELLEY, DR. LEO LOWBEER, DR. SIMON POLLACK, and DR. E. N. LUBIN.

DR. MARSHALL O. HART attended the Annual Meeting of the Texas Academy of General Practice at Galveston, Texas, last month.

R_x **Serpasil** T. M.
(reserpine CIBA)

A pure crystalline alkaloid of rauwolfia root
first identified, purified and introduced by CIBA

In anxiety, tension, nervousness and mild to severe neuroses—as well as
in hypertension—SERPASIL provides a nonsoporific tranquilizing effect
and a sense of well-being. Tablets, 0.25 mg. (scored) and 0.1 mg.

C I B A SUMMIT, N. J.

DR. WILLIAM A. WALKER has been added to the Medical Department of Douglas Aircraft Corporation's Tulsa installations.

Doctors on the sick list recently have included DR. JAMES W. WHITE, DR. J. E. WALLACE, and DR. WALTER H. CALHOUN.

DR. HUGH B. NICHOLAS has been commissioned a Captain in the Army Medical Corps and has reported for a tour of duty at Fort Sam Houston, Texas.

DR. DAVE B. LHEVINE has been ill at Hillcrest Hospital.

DR. W. DEAN HIDY was guest speaker for the Medical Assistants Society of Tulsa at its meeting of October 19, 1954.

DR. HUGH J. EVANS attended the annual meeting of Frisco surgeons at Pensacola, Florida, October 13-17, 1954.

DR. S. C. SHEPARD and DR. DEAN C. WALKER appeared on the program of the Regional Meeting of the American College of Physicians held at Oklahoma City, October 8-9, 1954.

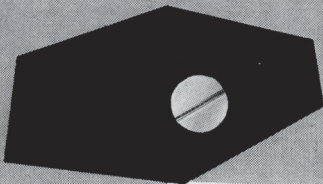

Hillcrest Medical Center has resumed

publication of its Staff Proceedings with DR. MARTIN LEIBOVITZ as Editor. Members of the Editorial Board include DR. HENRY A. BROCKSMITH, DR. HAROLD J. BLACK, DR. DAVE B. LHEVINE, DR. LEO LOWBEER, DR. WILLIAM R. TURNBOW, DR. R. M. WADSWORTH, and DR. A. RAY WILEY.

DR. RUSSELL C. PIGFORD was awarded a certificate of outstanding achievement by the Tulsa County Public Health Association last month for his services in organizing local and state heart associations and counseling on a 1953-54 medical television series.

DR. WILLIAM C. ALSTON, JR., was elected to Board of Directors of the Tulsa County Public Health Association last month. Other new members of the Board include Miss Corinne Childs, Tulsa certified public accountant, and Jack Spears, Executive Secretary of the Tulsa County Medical Society.

DR. JOHN F. GORRELL has returned from a vacation cruise to Bermuda.

A **NEW** tranquilizer-antihypertensive combination, especially for moderate and severe essential hypertension...

Serpasil-Apresoline[®]
hydrochloride

(RESERPINE AND HYDRALAZINE HYDROCHLORIDE CIBA)

COMBINING IN A SINGLE TABLET: The tranquilizing, bradycrotic and mild antihypertensive effects of Serpasil, a pure crystalline alkaloid of rauwolfia root. The more marked antihypertensive effect of Apresoline and its capacity to increase renal plasma flow.

Each tablet (scored) contains 0.2 mg. of Serpasil and 50 mg. of Apresoline hydrochloride.

ST. JOHN'S HOSPITAL PLANS NEW PARKING STRUCTURE

Plans for the construction of a huge two deck parking facility to accommodate 225 cars were announced last month by St. John's Hospital of Tulsa. The structure will be located east and south of the Hospital in the area now utilized for a garden and recreational yard.

With construction scheduled to begin about November 1st, the parking unit will provide approximately 72,000 square feet of parking space. The ground floor will accommodate 100 automobiles and the top floor 125. The entrance and exit will be on 21st street directly across from Utica Square. The new unit is designed for the use of visitors to the Hospital and will relieve a critical parking situation which now exists at virtually all times.

The bottom floor will contain a small office, restrooms, and quarters for the guard. The second floor will be equipped with floodlights and a steel railing. Leon Senter is the architect for the new facility.

The cost of the project was not an-

nounced, but it is part of a new \$3,500,000 expansion program at the Hospital, which will include a new wing and special laundry and kitchen construction. The laundry expansion will add 1,770 square feet to the present building. Three more large tubs, an extractor, and a new mangle will be installed to augment the present equipment.

FOR LEASE: Attractive suite of offices at Ranch Acres Medical Center, 600 square feet, built-in solid walnut bookcases, waiting room rug. Rent \$225.00 monthly. Available at once. Telephone Dr. Lester I. Nienhuis, 7-8004.

DR. T. PAUL HANEY has been elected Secretary of the American College of Preventive Medicine.

DR. PAUL E. CRAIG was one of sixteen physicians named to fellowship in the American Medical Writers Association at the organization's meeting of September 16, 1954, at Chicago, Illinois. The certificate was presented "in recognition of high qualifications, personal and professional, and of established standing as a medical writer, journalist, or publisher."

DR. JOHN C. PERRY has returned from a Hawaiian vacation.

DR. EARL I. MULMED and DR. HOMER A. RUPRECHT appeared on the program of the American College of Physicians' postgraduate study course, Selected Problems in Internal Medicine, held October 4-9 at Oklahoma City.

DR. CHARLES A. CASHMAN substituted for DR. BETTY CONRAD at the Tulsa County Red Cross Blood Center during the latter's recent vacation. Dr. Conrad attended the American College of Physicians' postgraduate study course in Oklahoma City, October 4-11.

New members of the Board of Directors of the Tulsa County Heart Association elected last month are DR. THEODORE TURNBULL, DR. E. W. REYNOLDS, JR., and DR. ROBERT D. GRUBB.

DR. LESTER I. NIENHUIS, DR. THOMAS J. HARDMAN, and DR. ROBERT L. IMLER, JR., have taken attractive new offices at 107 Utica Square Medical Center.

LONG BEFORE HOT FLUSHES APPEAR . . .

Patients presenting such classic menopausal symptoms as hot flushes cause little diagnostic difficulty. However, throughout the period of declining ovarian function which may begin long before hot flushes appear, many women complain of distressing symptoms which though less clearly defined are actually due to estrogen deficiency. For example, insomnia, headache, easy fatigability, and symptoms affecting the bones, joints, and the skin may not be readily identified as due to estrogen deficiency because they may occur years before, or even years after cessation of menstruation.

Investigators^{1,2} have found that as the body attempts to adjust itself to declining estrogen production, a number of symptoms may appear which call for the prompt institution of estrogen replacement therapy. These symptoms may be nervous, circulatory, arthralgic, or dermatologic in character because the loss of ovarian hormone "withdraws one of the most important regulators of the organism"³ and affects many body functions. If such metabolic imbalance or deficiency is evidenced, the administration of estrogen is clearly indicated.

"PREMARIN" presents the complete equine estrogen-complex as it naturally occurs. "Premarin" not only produces prompt symptomatic relief, but it also imparts a gratifying and distinctive "sense of well-being." It has no odor . . . imparts no odor.

“PREMARIN”[®]

Estrogenic substances (water-soluble), also known as conjugated estrogens (equine). Available in both tablet and liquid form.

STATE JOURNAL SEEKING PAPERS AND BOOK REVIEWS

Members of the Tulsa County Medical Society have again been invited to submit scientific papers, case reports, and book reviews to the Journal of the Oklahoma State Medical Association for consideration for publication.

Dr. John G. Matt, member of the Editorial Board, said last month that the Journal was particularly anxious to secure such material. Case reports, based on unusual cases or series of cases are welcomed for their value in clinical instruction, Dr. Matt said.

Tulsa doctors are also being sought to review new medical books to be furnished by the Journal. These books become the property of the Library of the Tulsa County Medical Society after the reviewer completes his article. Reviews should be of approximately the same length and style as those now appearing in The Journal, and each review must be completed within six weeks after the book has been supplied. Dr. Matt urged doctors interested in this project to contact him at 2-1014 and pointed out it offered a means of reading the latest books and at the same time increasing the facilities of the Tulsa County Medical Society Library.

DR. ADOLPH VAMMEN and DR. VINCEL SUNDGREN conducted the Mobile Cancer Clinic held at Bristow, Oklahoma, on October 14th.

THE BLUE CROSS BUILDING

The Blue Cross-Blue Shield Plans of Oklahoma are to be congratulated on their beautiful new headquarters building at 1215 South Boulder, Tulsa. It is not only a definite asset to the City of Tulsa but serves a more important purpose of tangibly representing the stability and success of the Plans. It will unquestionably give a new measure of public confidence to Blue Cross and Blue Shield and help to assure the permanence of the organization. Mr. N. D. Helland, Executive Director, and his Boards of Directors are to be complimented on such a wise and well-executed move.

BLOOD CENTER NEWS

DISTRIBUTION & REPLACEMENT REPORT

September, 1954

Hospital:	Bloods Used:	Replacements:	% Repl.
St. John's	453	272	60.1%
Hillcrest	268	82	30.6%
Byrne	26	8	30.8%
Moton	13	9	69.2%
Tulsa Osteo.	10	9	90.0%
Mercy	11	4	36.3%
Osteopathic	99	54	54.5%
Broken Arrow	11	3	27.3%
Other	0	4%
TOTALS	891	550	61.7%

The Tulsa County Red Cross Blood Center will begin its Second Annual Class of Donor Room Nurses on November 2nd with an anticipated enrollment of twelve. The class is trained in methods of blood taking as a reserve auxiliary donor room staff in times of emergency. Last year's class was composed of thirteen registered nurses.

After two splendid replacement records in July and August, most Tulsa hospitals declined sharply in September. Hillcrest Medical Center, after an amazing 101.7% in August, fell to 30.6% in September. St. John's Hospital, largest user of blood, fell from 76.8% in August to 60.1% in September. Further declines were noticed in October. Dr. Felix R. Park, Chairman of the Red Cross Blood Center Committee, last month urged physicians not to slacken efforts to have blood given to their patients replaced.

A contributor to a public forum column of a Tulsa newspaper last month asserted irresponsibly that blood secured from the Tulsa County Red Cross Blood Center must be paid for if not replaced. Doctors should note that there is no charge for blood, regardless of whether or not it is replaced, and there are no replacement requirements such as two-for-one, etc. Blood should be replaced insofar as possible, but no charge is ever made. A charge of \$10.00 for laboratory procedures is made. The blood itself is free. Any evidence of a charge being made for blood should be called to the attention of the Blood Center.

FOUNDERS DAY CLINIC

(Continued From Page 8)

ritis Clinics at New York Hospital. Dr. Freyberg is a member of the Board of Directors and Executive Committee of the Arthritis and Rheumatism Foundation of America, fellow of the American College of Physicians, diplomate of the American Board of Internal Medicine, and member of numerous medical organizations. His studies in rheumatology have been widely published in leading scientific journals.

Dr. Elmer Hess is a graduate of the University of Pennsylvania School of Medicine, Class of 1911. After a distinguished career in World War I which saw him decorated with the Croix de Guerre and other honors, he did postgraduate study in Urology at Johns Hopkins University, and since 1922 has practiced at Erie, Pennsylvania. He is a past-president of the American Urology Association, member of the American College of Surgeons, diplomate of the American Board of Urology, fellow of the International College of Surgeons, and member of numerous professional organizations. A leader in medical circles in Pennsylvania, he rose through various posts to the Board of Trustees of the American Medical Association, and since 1937 has been a devoted leader in A.M.A. activities. He was elected President-Elect of the American Medical Association last June and will assume office in June, 1955.

As *The Bulletin* went to press, the Annual Founders Day Clinic was expected to be approved for postgraduate study credit by the Oklahoma Academy of General Practice.

The Clinic was arranged by the Postgraduate Study Committee of the Tulsa County Medical Society. Dr. Earl I. Mulmed is Chairman of the Committee, and the following physicians are members: Dr. William S. Jacobs, Dr. C. S. Lewis, Jr., Dr. A. Ray Wiley, Dr. William R. Turnbow, Dr. L. A. Munding, and Dr. Lester I. Nienhuis.

Dr. Burch will be sponsored by Dr. William S. Jacobs, Dr. Freyberg by Dr. Sumner Y. Andelman, Dr. Feitelberg by Dr. Dave B. Lhevine and Dr. Sol Wilner, and Dr. Hess by Dr. Wilkie D. Hoover.

The Emblem Of Approval

Owned and operated by the Tulsa County Medical Society, the Medical Credit Bureau offers an efficient reliable collection service at cost. More than 135 Tulsa doctors and dentists attest to its discreet collection abilities.
