Second, the communication from Dr. F. K. Camp proposing to discontinue the Post Graduate Hospital and take charge of the University Hospital under conditions indicated in the following letter:

Dr. Stratton D. Brooks, President  
 University of Oklahoma, Norman.

Dear Sir:

As per our conversation of recent date, beg to state that I would be willing to take over the University Hospital, acting as its Superintendent, for the unexpired term of the lease with Ida Rolater, ending October 1, 1921, under the following terms and conditions:

Subject to the consent of City Commissioners, and the Board of Directors of the Southwest Post Graduate Medical College, we would close the present Post Graduate Hospital, and transfer all of its patients to the University Hospital. I would still continue to pay the rent of the City General Hospital, now known as the Post Graduate Hospital, \$250. per month to the City. for the unexpired term of our contract, which ends June 20, 1915.

Until this contract with the City had expired, name June 20, 1915 I should expect that I should be free from rent and heat bills during this same period while operating the University Hospital, formerly known as the Rolater Hospital, located at Fourth and Stiles Streets.

I would expect to meet every other expense incident to the running of a first class up-to-date, scientific hospital, assuming all obligations made by me incidental thereto. If there were any profits during the period that the present City contract is in full force and effect, from management of the University Hospital, I should expect them.

I would be willing that the present Dean of the University Medical School, and a member of the Faculty whom I might select, and a third member whom they might select, should act as a Hospital Committee, to advise with me at any time with regard to the management of the Hospital, advising of improvements they might desire, and censuring me for any sins of omission.

After the termination of the City contract, June 20, 1915, I would be willing to devote \$250.00 per month from the receipts, provided the State Board of Affairs relieves me of the rent and heat, to the establishment of a charity fund, to receive patients at \$10. per week in the open wards. I would also be willing, should the profits of the institution at any time during the remainder of our contract relative to the University Hospital, exceed \$3,000.00 per year, to place all the excess receipts of moneys into the same charity fund, to build up a large and useful clinic for the medical school.

Subject to the consent of the parties above mentioned, (City Commissioners and Southwest Post Graduate Medical College) it is to be understood that all of the Clinic patients now coming, and which will continue to come to the Post Graduate Hospital, is to become the clinical material for the University Hospital, being apportioned to the doctors on the service at the time of patients entrance into the hospital, after having first been examined by the house physician to determine under what department of medicine the case belongs.

I would be willing to have the Wesley Hospital affiliated with the University Medical School, and to register our eighteen nurses with the University, and affiliating the training schools in a manner which will not lose the identity of Wesley.

Respectfully yours,  
F. K. Camp
