Dr. C. E. Brighton, Tulsa, Orthopedic Surgeon and former Medical Director of the Institute.

Harlan George, Director of the Spastic Institute

State Senator Perry Howell, Blackwell

Representative J. D. McCarty, Oklahoma City

All members of the Board of Regents of the University

Dr. G. L. Cross, President of the University

Others interested in the matter

The meeting was called at 10:00 a.m.

Governor Turner opened the meeting by stating he desired to express appreciation to all those present for taking time to discuss the matter of the spastic paralysis program. The purpose of the conference is what is the right program, and that his only interest is in trying to determine in the discussion what is the best program and let that determine what should be done.

July 12, 1950

The Governor stated that during the discussions with reference to the appropriation for the institute in the Special Session of the Legislature at his suggestion the bill was amended to read that the location of the institute be determined by the Spastic Commission and the Regents of the University. He stated the program was started as a "40 et 8" project but it is now a state project.

Mr. Moss, Chairman of the Spastic Paralysis Commission stated that various towns wanted the hospital. After carefully considering the matter the Commission decided it should be located in Norman. The University offered the land and other facilities and the Commission accepted the proposition the Board of Regents offered.

Governor Turner stated that only two locations have any basis for consideration at this time - Norman and Oklahoma City. "All we have to consider is what is the proper program and then where it can best be done."

Mr. Moss stated in his opinion it can best be done in Norman. Judge Herndon and Mr. Kuwitsky, members of the Commission concurred in this.

In the discussions the following indicated the Institute should be located on the campus of the Medical School in connection with the Medical Center: Dr. C. E. Brighton, Dr. H. Gray Carter, Dr. Robert C. Lowe, Dr. Don H. O'Donoghue, Joe Hamilton.

State Senator Perry Howell and Representative J. D. McCarty agreed with the Spastic Paralysis Commission that the Institute be located in Norman.

Governor Turner inquired of President Cross concerning the Speech and Hearing Clinics conducted by the University.

President Cross stated the University has Speech and Hearing Clinics on both campuses, and from that standpoint it would make no difference in the services either at Norman or Oklahoma City. Dr. Cross stated further it should be determined whether the service is to be primarily medical or educational. If the children receive required medical care before coming to the institute then it would be better to have it in Norman; otherwise, if constant supervision by doctors and orthopedists is required then it would be better in Oklahoma City.

Governor Turner stated: "The Legislature intended that the program be developed. It was the intention of the Legislature that it be a special type of program and that it not lose its identity."

Mr. McBride, President of the Board of Regents stated: "We will reopen the question in our meeting this afternoon. We shall review the provisions of the law. We shall bring our recommendations to the Palsy Commission and do the best we can."

Governor Turner expressed the hope some agreement can be reached. The conference ended at this point - 12:30 p.m.

Regents Meeting, Lounge Nurses' Home  
University Hospital, Oklahoma City  
1:30 p.m.

Members present: Joe McBride, President, presiding; Ned Shepler, T. R. Benedum, Dr. Oscar White, Don Emery, Dave Morgan. Absent: Kent Shartel.

The minutes of the meeting held on June 14, 1950 were approved.

President Cross called attention to the copy of the opinion of the Attorney General on the question of "segregation" in housing which is included in the agenda material. No action on this is required.

President Cross requested that the Regents first consider item No. 21 - Proposed Bond Resolution for Dormitory Refunding Bonds of 1950, and item No. 22 - Request for Authorization to Negotiate a new Trust Agreement with the Liberty National Bank on Dormitory Refunding Bonds of 1950. Copies of these documents were included in the agenda. President Cross stated this matter has been discussed by the Regents at previous meetings, and a financial summary at the June 14 meeting.

Following a discussion Regent Benedum moved, seconded by Regent Shepler, that the Bond Resolution be approved, and that the President and Secretary of the Board be authorized to execute the document on behalf of the Regents. The motion was unanimously adopted. The resolution was thereupon signed by the President, attested by the Secretary, and declared to be in effect. The resolution is as follows:

Section 7. That for the purposes of the remainder of this resolution the Dormitories, Residential Halls, Dormitory Systems and facilities for housing, dining, recreation and other student activities as defined in Section 1 hereof, constructed, improved, added to, equipped and furnished with the proceeds of the \$2,400,000 Dormitory Bonds of 1948, together with all improvements, repairs and additions thereto which may be made while any of the bonds herein authorized remain outstanding, and all related facilities are hereinafter referred to as the "System." The bonds herein authorized are hereinafter sometimes referred to as the "bonds."

Section 8. That subject only to the payment of the cost of operating and maintaining the System as hereinafter provided, and except that until the bonds which are now outstanding of an issue of \$1,500,000 Dormitory Bonds dated July 1, 1946, and payable from the revenues of the aforesaid Wilson Center and Sooner City Dormitory System shall have been retired, no part of the revenues of said Wilson Center and Sooner City Dormitory System shall be considered to be pledged or applicable to the payment of the bonds herein authorized, the gross revenues to be derived from the operation of the System are hereby irrevocably pledged to the payment of principal of and interest on the bonds herein authorized. It is hereby agreed that as long as any bonds of the aforesaid issue of \$1,500,000 Dormitory Bonds dated July 1, 1946 are outstanding, all surplus revenues derived from the operation of said Wilson Center and Sooner City Dormitory System will be used solely for the retirement of said outstanding bonds. Said outstanding Dormitory Bonds dated July 1, 1946 shall be considered to have been retired for the purposes of this section either when they have been paid or when after the final maturity thereof there shall be on deposit in the sinking fund for the bonds money fully sufficient to pay all principal and interest due thereon, whichever may be earlier, and thereafter the revenues derived from the operation of Wilson Center and Sooner City Dormitory System shall be considered pledged to the payment of the bonds herein authorized in like manner and with like effect as are the revenues to be derived from the operation of other portions of the System. Nothing contained in this resolution shall be construed as to

July 12, 1950

impair any of the contract rights vested in the holders of said outstanding bonds and if any provision or provisions of this resolution shall ever be so construed by a court of competent jurisdiction such provision or provisions shall become ineffective to the extent of such conflict and until such outstanding bonds shall have been retired. None of the bonds shall be entitled to priority one over the other in the application of the revenues of the System, regardless of the fact that some of the bonds may be delivered prior to the delivery of other bonds of the issue. So long as any of the bonds herein authorized remain outstanding the Board of Regents of the University of Oklahoma agrees that it will not issue any additional bonds or obligations payable from the revenues of the System without having obtained the written consent of the holders of at least 80% of the bonds of this issue then outstanding, and that in no event while any of the bonds remain outstanding will the Board of Regents of the University of Oklahoma mortgage or encumber the System or any part thereof or otherwise encumber or dispose of the System or any part thereof, except that the furnishings and equipment thereof may be disposed of if they are replaced with furnishings and equipment of not less than equal value and except that units of the Sooner City portion of the System may be disposed of as hereinafter provided.

Section 9. That from and after the issuance of any of the bonds the gross revenues derived from the operation of the System shall be utilized as follows:

(a) There shall be paid from the gross revenues the reasonably necessary cost of supplies used in the current operation of the System (other than supplies used in the carrying out of the obligation assumed in the last sentence of this paragraph), insurance, laundry and cleaning, telephone service, and salaries paid for supervisory, dining hall, and janitorial services. Until such time as the revenues of the Wilson Center and Sooner City Dormitory System become available for the payment of the bonds herein authorized, there shall next be paid from the revenues of the System to the Comptroller of the University the sum of \$925 each month for the payment of the cost of maintaining the System except the part thereof which is comprised of the Wilson Center and Sooner City Dormitory System, the maintenance of which is presently to continue to be paid from the revenues derived from the operation of that part of the System. When the revenues of said Wilson Center and Sooner City Dormitory System shall have become available for the payment of the bonds herein authorized, such monthly payment so to be made to the Comptroller shall be increased to \$4500. In consideration of such monthly payments of \$925 the Board of Regents agrees to maintain all of the System except the Wilson Center and Sooner City Dormitory System and in consideration of such monthly payment of \$4500 (except that if any part of the Sooner City portion of the System is disposed of as provided in Section 8 hereinabove, the said monthly payment to the Comptroller shall be proportionately lower), the Board of Regents agrees to maintain the entire System in good repair and to supply without additional charge water, electricity, heat, and, to the extent that gas is available for other buildings of the University, gas for the

July 12, 1950

domestic purposes of the occupants of the System. The obligation of the Board of Regents so to maintain the System for said monthly payments shall include the obligation to make all necessary repairs, do such interior and exterior painting and decorating as would normally be done by the private owner of similar living facilities, and generally to keep the System, including furniture and equipment, in first class condition and repair.

(b) All gross revenues of the System applicable to the payment of the bonds and not required to be used for maintenance and operation of the System, as above provided, shall be paid into the Bond Fund.

(c) There is hereby created for the purpose of paying principal of and interest on the bonds a fund to be known as "Dormitory Refunding Bonds of 1950 Principal and Interest Fund," which fund is hereinafter sometimes referred to as the "Bond Fund." There shall be paid into the Bond Fund from the revenues of the System available therefore under the foregoing provisions of this Section in each twelve months' period ending on December 31 of each year while any of the bonds remain outstanding commencing July 1, 1950 all gross revenues of the System remaining after making of the above prescribed payments for maintenance and operation.

There is also hereby created for the purpose of establishing a reserve for payment of principal of and interest on the bonds a fund to be known as the "Dormitory Refunding Bonds of 1950 Reserve Fund," which Fund is hereinafter sometimes referred to as the "Reserve Fund." Until the amount in such Reserve Fund shall be equal to \$300,000, and thereafter whenever such payments shall be necessary to restore money paid out of the Reserve Fund for the purpose for which it is created, there shall be paid from the next remaining money in the Bond Fund in such twelve months' period into the Reserve Fund the sum of \$60,000 in the fiscal year ending December 31, 1950 and \$60,000 in each succeeding fiscal year period. The money in the Reserve Fund shall be used solely for the payment of principal and interest on the bonds as to which there would be a default if the money were not so used.

The money in the Bond Fund shall be used first in each such twelve months' period for the payment of principal of and interest on the bonds falling due in such period. The money remaining in the Bond Fund in each twelve months' period after current principal and interest requirements have been so met and after required payments into the Reserve Fund shall have been made, sometimes herein referred to as "Surplus Revenues," shall be used to retire bonds prior to maturity either through the purchase thereof on the open market at not more than the price at which bonds are currently redeemable, or, as to such bonds as may then be redeemable under the option hereinabove reserved, through the calling of bonds for redemption, except that if the Board of Regents shall at any time consider it advisable, it may use part or all of such surplus revenues then existing to construct additions or improvements to any part of the System, or to defray any additional costs of maintaining the System and supplying utility services to the System which costs may be in excess of the monthly payment referred to in sub-section (a) of Section 9, rather than to retirement of bonds in advance of maturity, and

July 12, 1950

the Trustee designated below is hereby authorized to make transfers to the Board of Regents for such purpose or purposes, it being understood, however, that the Trustee shall be under no obligation to see to the application of such surplus funds so requested. It is the intention hereof that the Bond Fund shall be so handled that on January 2nd of each year there shall remain in the Bond Fund such amount not greater than \$2,000 as it shall have been impossible to use in the purchase or redemption of bonds as herein provided.

So far as it is practicable the payments to be made into the Bond Fund in each twelve months' period shall be made in approximately equal monthly installments on the fifteenth day of each month commencing July 1, 1950 except that when the fifteenth day of the month shall be a Sunday or a holiday, then payments shall be made on the next preceding secular day. If in any month the revenues of the System applicable thereto are insufficient to make the payment required to be made into the Bond Fund, such deficiency shall be made up and paid into the Bond Fund from the first gross revenues thereafter received and available for such purpose.

The Board of Regents expressly covenants and agrees that it will impose and collect rentals, fees and charges for the use of all facilities afforded by the System which shall be fully adequate and sufficient to make possible the prompt payment of all payments hereinabove required to be made.

The money in the Reserve Fund may be by direction of the Board of Regents of the University of Oklahoma invested in obligations of the United States of America. If need for the money so invested shall arise for the payment of principal or interest, the obligations so purchased shall be sold to the extent necessary to make such payments and the proceeds of sale applied to such payments.

The Bond Fund and the Reserve Fund shall be kept in separate accounts in The Liberty National Bank and Trust Company of Oklahoma City, as Trustee, and shall be held as special trust accounts for the benefit of the holders of the bonds. The Liberty National Bank and Trust Company of Oklahoma City, as Trustee, shall in due season prior to the dates on which principal and interest fall due, make proper arrangements with the bank which is serving as the additional paying agent for the bonds, pursuant to which all bonds and coupons will be paid promptly upon presentation at either place of payment.

Section 10. That The Liberty National Bank and Trust Company of Oklahoma City, Oklahoma, is hereby designated as Trustee to retain in special accounts, secured by an equivalent amount of United States Government bonds, the Bond Fund and the Reserve Fund, to retain in its custody satisfactory evidences of the insurance hereinafter provided for, and to perform such duties as are further herein recited, including the transfer of funds specified in Section 11 hereof.

July 12, 1950

8 A certified copy of this resolution shall be filed with said Trustee who shall designate its acceptance of the Trust herein mentioned in such manner as may be satisfactory to the Board.

Section 11. That the delivery of the bonds to the Mutual Benefit Life Insurance Company of Newark, New Jersey, in exchange for a like amount of Dormitory Bonds of 1948 which are all the outstanding bonds of said issue is hereby authorized and approved. At the time these Dormitory Refunding Bonds of 1950 are exchanged for said Dormitory Bonds of 1948, said Dormitory Bonds of 1948 shall be simultaneously cancelled and retired and all moneys remaining in the Dormitory Bonds of 1948 Principal and Interest Fund shall be transferred to the Dormitory Refunding Bonds of 1950 Principal and Interest Fund, all moneys remaining in the Dormitory Bonds of 1948 Reserve Fund shall be transferred to the Dormitory Refunding Bonds of 1950 Reserve Fund. All other moneys accruing to the Dormitory Bonds of 1948 shall in like manner accrue to the Dormitory Refunding Bonds of 1950.

Section 12. That it is hereby covenanted and agreed by the Board of Regents that the Board will require a sufficient number of students to occupy and use the System notwithstanding any other similar facilities which may at any future time be available for the housing of students in attendance at the University of Oklahoma, so that said System shall at all times during the regular and summer scholastic terms be occupied and used as nearly as possible to 100% of its capacity. So far as may be done without violating any contract rights vested in the holders of the outstanding Dormitory Bonds of 1946, it is further covenanted and agreed that, until such time as the revenues of the Wilson Center and Sooner City Dormitory System become available for the payment of the bonds herein authorized, the Board of Regents will, to the extent necessary, require occupancy and use of the remainder of the System in preference to said Wilson Center and Sooner City Dormitory System. It is further covenanted and agreed that the rates and charges imposed for the occupancy and use of similar facilities available for the students at the University and owned or controlled by the Board of Regents will be not less, or more favorable than the rates and charges imposed for the occupancy and use of the facilities which comprise the System.

It is further covenanted that if at any time it shall appear that there are not sufficient married couples in attendance at the University to occupy to one hundred per cent capacity the prefabricated housing portion of the System designed for such use, the Board will either encourage the occupancy thereof by a sufficient number of members of the faculty to bring the occupancy up to substantially one hundred per cent, or will convert such unoccupied facilities of the System into rooms suitable for occupancy by unmarried students to occupy the facilities in preference to other living quarters available, to assure as nearly as possible one hundred per cent occupancy of the System.

When, in the opinion of the Board of Regents, concurred in by the Trustee, it appears that the operation of any portion of the Sooner City

July 12, 1950

Dormitory System is no longer economically feasible, then said portion of the Sooner City Dormitory System including furnishings and equipment shall be sold at fair market value and the proceeds derived from such sales shall be deposited with the Trustee and held as surplus revenues to be used exclusively for the redemption of bonds prior to maturity thereof in the same manner as bonds would be redeemed from surplus revenues as hereinabove provided.

Section 13. That the Board of Regents agrees to keep the System, including its furnishings and equipment, continuously insured against fire, windstorm, and other hazards, in an amount at least equal to the face value of all bonds outstanding payable from the revenues of the System, provided, however, that in case the amount of such bonds shall be greater than the insurable value of the System, then the Board shall insure to its insurable value. In case of loss, the proceeds of insurance shall be applied to the repair or restoration of the structure and contents thereof to their former condition, or in such manner as will make the structure again usable for its intended purposes. If the funds received from said insurance policies or otherwise on account of any loss, shall be insufficient to make the structure again usable for its intended purposes, then and in that event, the funds received by reason of such loss shall be deposited with the Trustee for the benefit of the holders of the outstanding bonds payable from the revenues of the System, as their respective interests may appear. The Board agrees also to carry on the System use and occupancy insurance in an aggregate amount equal at all times to the highest annual amount due for principal of and interest on all of the outstanding bonds payable from the revenues thereof in any year covered by the term of such policies. All proceeds derived from such use and occupancy policies shall be treated as revenues derived from the System, and shall be applied as other revenues of the System are required to be applied under the provisions of this resolution, except that none of such proceeds shall be used in the operation or maintenance of the System.

Section 14. That the Board of Regents further covenants and agrees to keep proper books of record and account (Separate and apart from all other records and accounts) in which complete and correct entries shall be made of all transactions relating to the operation and maintenance of the System and the allocation and application of the revenues thereof, and that such books shall be available for inspection by the holder of any of the bonds at reasonable hours and under reasonable conditions. At the close of each calendar month, the Comptroller of the University of Oklahoma shall furnish the Board of Regents, the Trustee, the Mutual Benefit Life Insurance Company of Newark, New Jersey, Lee Higginson Corporation, R. J. Edwards, Inc., and any person holding not less than forty per cent of the bonds then outstanding an interim statement of all transactions relating to the operation and maintenance of the System and the application and allocation of the revenues thereof. Not more than six months after the close of each fiscal year the Board of Regents agrees to furnish to each holder of any of the bonds who may so request a complete operating

and income statement covering the operation of the System for such fiscal year, certified by reputable independent auditors to be employed by the Board of Regents, or, if so requested in writing by the holders of not less than forty per cent of the bonds then outstanding, certified by other independent auditors of their selection.

Section 15. That all charges made by the Trustee and paying agent banks for services rendered and for payment of principal of and interest on the bonds will be paid from the Bond Fund and will not be required to be paid by the holders of the bonds or coupons.

Section 16. That the officers and agents of the Board and each of them shall be and they are hereby authorized and directed from time to time and at any time to do and perform all such acts and things and to execute and deliver in the name and under the corporate seal and on behalf of the Board all such instruments as may be necessary or desirable to carry out the terms and provisions of these resolutions and of the bonds to be issued hereunder, and without limiting the generality of the foregoing, the officers and agents of the Board are hereby specifically authorized and directed to do all acts and things and to execute and deliver all such instruments in the name and under the corporate seal and on behalf of the Board to comply with the existing agreement of the holders of the outstanding bonds authorized to be refunded by the issue of the bonds herein authorized.

Section 17. That all resolutions or parts thereof in conflict herewith be and the same are hereby repealed and that this resolution shall become effective immediately after its adoption.

Adopted and approved this 12th day of July, 1950.

Regent Emery moved, seconded by Regent Benedum, that the Trust Agreement, be approved, and that the President and Secretary of the Board be authorized to execute the document on behalf of the Regents. The motion was unanimously adopted. The agreement was thereupon signed by the President, attested by the Secretary, and declared to be in effect. The agreement is as follows:

WHEREAS, said Regents of the University of Oklahoma did by said resolution, a copy of which is hereto attached and made a part of this contract, designate The Liberty National Bank and Trust Company of Oklahoma City, Party of the Second Part herein, as trustee of certain funds herein-after more fully described for the benefit and protection of the holders of the Dormitory Refunding Bonds of 1950, and the Second Party has consented to act as such trustee for the purposes aforesaid;

NOW THEREFORE, THIS AGREEMENT WITNESSETH:

A. The said Trust Agreement dated February 14, 1948, between the Regents of the University of Oklahoma and The Liberty National Bank and Trust Company of Oklahoma City is hereby terminated, subject to disposition of funds covered by such trust in the manner hereinafter provided. In consideration of the execution of a new Trust Agreement succeeding the one dated February 14, 1948, Second Party agrees to waive any claim for "Closing and cancellation fee" in connection with termination of the Trust Agreement dated February 14, 1948.

B. The First Party hereto accepts and undertakes the performance of the following duties in the manner more fully prescribed in the said Resolution:

July 12, 1950

(5) To keep separate accounts of all financial transactions affecting the bond issue or the operation of the dormitory system, and furnish operating statements monthly to those entitled to receive them.

(6) To pay all reasonable charges made by the Trustee and Paying Agent banks for services rendered under this agreement. Payments to the Trustee, the Second Party herein, shall be made in accordance with the following scale:

Acceptance Fee -  $1/20$ th of 1% of the authorized and outstanding bonds.

Annual Fee -  $1/20$ th of 1% of the authorized and outstanding bonds with a minimum annual fee of \$100.00.

C. The Second Party hereto accepts and undertakes the performance of the following duties in the manner more fully prescribed in the said Resolution:

(1) To hold in trust the money paid to the Trustee by First Party, to be used solely for the following purposes:

- a) To pay promptly the principal of and interest on the bonds when due, whether the bonds and coupons are presented to the Trustee or to the co-paying agent, the Central Hanover Bank and Trust Company of New York City; and to pay from the Bond Fund the required Paying Agent and Trustee fees.
- b) To pay the principal of bonds prior to maturity when so directed upon proper notice by First Party;
- c) To transfer to the First Party upon request of First Party any surplus funds in accordance with the terms of the resolution pertaining to the use of surplus funds by First Party.

July 12, 1950

(2) To maintain separately a "Dormitory Refunding Bonds of 1950 Principal and Interest Fund" and a "Dormitory Refunding Bonds of 1950 Reserve Fund," in accordance with terms of the Resolution.

(3) To secure the amount of money deposited in the "Dormitory Refunding Bonds of 1950 Principal and Interest Fund," and in the "Dormitory Refunding Bonds of 1950 Reserve Fund," by an equivalent amount of United States Government Bonds in the manner prescribed by Federal law for the securing of trust funds.

(4) To invest the amount in the Reserve Fund in United States Government bonds as directed by First Party; and if need for the money so invested shall arise for payment of principal or interest, to sell such obligations to the extent necessary to make such payments.

(5) In the event of failure by First Party to deposit in the Principal and Interest Fund or the Reserve Fund, at the times stated in the bond resolution, the amounts of money necessary to meet interest and principal payments when due and the amounts of money necessary to create and maintain the Reserve Fund in accordance with provisions of the bond resolution, then and in that event the Second Party shall, upon request of the holders of forty (40) per cent of the bonds, take appropriate action to enforce compliance with the terms of the said bond resolution insofar as they apply to such payments. Second Party shall not be obligated to take action to enforce such compliance unless properly indemnified to its satisfaction in reasonable amounts. The obligation of Second Party to enforce compliance with terms of the bond resolution shall not extend beyond those requirements of the bond resolution that relate to deposits of money by First Party in the Principal and Interest Fund or the Reserve Fund in the custody of the Trustee, the Second Party herein; provided, however, that Second Party agrees to perform other and additional services in connection with enforcing terms of the bond resolution if so requested in writing by holders of 40 per cent of the bonds. Second Party shall be properly indemnified to its satisfaction in reasonable amounts in connection with such other and additional services.

D. It is mutually agreed by the parties hereto that the said Bond Resolution, dated July \_\_\_\_\_, 1950, certified copy of which is attached hereto, is hereby adopted as a part of this Trust Agreement, and all provisions of said Bond Resolution that relate to operation of the trusteeship shall be binding on both parties hereto in the same manner as though set forth fully herein; and the failure to specify in this agreement particular duties expressed or implied in the Resolution shall not be deemed a waiver of such duties by either party to this Agreement; provided, however, enforcement of any of the provisions of said Bond Resolution shall only be in accordance with the terms and provisions of this Trust Agreement.

E. The First Party to this agreement reserves the right to appoint a new trustee under any of the following conditions:

July 12, 1950

(3) Or upon request of 60% of the holders of the bonds authorized by the Bond Resolution herein referred to.

In case the First Party wishes to terminate the trust agreement with the Second Party under Paragraphs 2 or 3 above it shall give the Second Party 30 days notice of such intention and upon the appointment of a new trustee after the above period of notice it shall be the duty of Second Party to transfer to such new trustee all funds and things of value received by said Second Party under the terms of this agreement and to account fully to said First Party for its administration of the trust herein undertaken.

The provisions of this section shall not be construed as applying to any application to a court of record made by either party to enforce the provisions of the trust or to remove a trustee or to appoint a new trustee, but this section shall give remedies in addition to the legal remedies last mentioned.

F. The Second Party to this agreement reserves the right to resign as trustee following reasonable notice of such intention. In no case shall such notice be less than 30 days.

IN WITNESS WHEREOF, the parties hereto have affixed their hands and seals on this the \_\_\_\_\_ day of \_\_\_\_\_, 1950.

The Chair made the following statement: "In the meeting requested by Governor Turner on this date, all members of the Board of Regents were present, as were also the members of the Spastic Paralysis Commission, doctors, and others interested, for a discussion as to the location of the Cerebral Palsy Institute. The President of the Board of Regents told the Governor that the question would be reopened before the Board of Regents for discussion. The Chair will now refer you to page 3392 of the minutes of the Board of Regents (February 8, 1950) which contains a copy of Section 11, Enrolled House Bill No. 1, of the Special Session of the Legislature which is as follows:

" Section 11. There is hereby appropriated to the Oklahoma Cerebral Palsy Institute, from the proceeds of the sale of bonds deposited in the Building Bond Fund in the State Treasury, the sum of Three Hundred Seven Thousand Dollars (\$307,000.00), or so much thereof as may be necessary for the construction of new buildings, auxiliary units, and for the purchase of equipment, in accordance with the following schedule:

<u>Oklahoma Cerebral Palsy Institute</u>	<u>Estimated Capacity</u>	<u>Cost of Construction</u>	<u>Cost of Equipment</u>	<u>Total</u>
Patient Housing	60	\$300,000.00	\$ 7,000.00	\$307,000.00

" 'The Oklahoma Spastic Paralysis Commission and the Regents of the State University shall agree as to the location of said institution.'

"With those commitments I shall open this subject for discussion to determine the pleasure of the Board."

Regent Benedum stated: "Having been a resident of Norman for twenty years my pride might get the best of my judgment. I have considered the advice of doctors and tried to determine what to do in this problem. I am told all patients coming to the institute have had attention, sometimes operations, and come in as good condition as such patients could be. Dr. Amspacher comes once every two weeks for a half hour. The doctors in Cleveland County have, without cost, given the patients all the attention that has been required, just like the doctors here (Oklahoma City) would give.

"It is the hope and plan of this Commission to make this institute much more than a sixty-bed institution. There are 5,000 spastics in the state at this time and with the growth of the institution they will need the ten acres. They will have a full-time medical director and will have money to have a pediatrician.

"I am told also that the main part of the program for the spastics is to teach the children how to walk, talk and hear, and the primary part is to teach parents and mothers how to take care of the children. There is psychology involved, both for patients and parents."

July 12, 1950

The matter was fully discussed following which Regent Emery made the following motion:

"I move, Mr. President, to rescind the action of the Regents taken by the adoption of the following motion (by Benedum, February 8, 1950 - p. 3407):

" 'In view of the benefits to be derived by students of the Department of Psychology, College of Education, and other departments and schools of the University of Oklahoma by having the Institute for spastic children close to the campus of the University of Oklahoma, and in view of the further fact that teaching personnel of the University can be advantageously utilized in the operation and conduct of such Institute, and since it appears from communications received from the Oklahoma Spastic Paralysis Commission that pursuant to Section 11 of Enrolled House Bill No. 1 of the 1949 Special Session of the Oklahoma Legislature it has acted and has determined that the new building and auxiliary unit for the Oklahoma Cerebral Palsy Institute should be constructed at Norman, Oklahoma, that the Regents of the University of Oklahoma join with the Oklahoma Spastic Commission in locating said Institute at Norman, Oklahoma, and that the University of Oklahoma through its Board of Regents contribute without cost, necessary portions of the campus of the University of Oklahoma or the North Campus of the University of Oklahoma to the Oklahoma Cerebral Palsy Institute as the location for the construction of said Institute and also furnish all available utilities including gas, water and electricity for the operation of said Institute and auxiliary units at the same cost as paid by other departments of the University for such services.'

"I feel, at the time I voted, I did not have before me what seems to me a rather important point of view, that is the constant medical attention required in the various fields. I am not sure about this, but if it is then we are doing an outrageous thing in keeping it in Norman."

After discussing the matter further Regent Benedum offered the following as a substitute to the Emery motion:

"I move, as a substitute for Mr. Emery's motion, that the Chair appoint a committee of the Regents to act with the Spastic Commission in the determination of the functions of the Spastic Institute, and reconsider the action of the respective boards in locating the Institute at Norman, and report to the Regents."

Mr. Emery called for the question on the Benedum motion and it carried unanimously.

The Chair appointed the following to serve on the above committee: Regent Shepler, chairman; Benedum, Dr. White.

July 12, 1950

President Cross stated that final plans and specifications for the Out-Patient and Neuro-Psychiatric Addition to the University Hospital were to have been submitted to the Regents at the August meeting with the recommendation, if the plans and specifications are satisfactory, bids be received on September 7, 1950. Since there will be no August meeting of the Regents there will be a serious delay.

President Cross recommended that authority be granted to advertise for bids on this, and any other project made ready during August, the bids to be submitted to the Regents at the September meeting.

Regent White moved, and it was unanimously voted, to approve the recommendation.

President Cross asked that the Regents consider items listed in the agenda as follows:

STADIUM REMODELING:

The architect's estimate of the remodeling in the Stadium is as follows:

Band Quarters	\$ 84,619.00
Hand Ball Courts	4,800.00
Fences and Gates	2,160.00
Gunite, Masonry Piers, Furring, Painting Walls, Foundations, etc.	30,480.00
Quarters for O-Club	33,078.00
Ticket Office	30,000.00
Library	<u>56,203.00</u>
Total	\$241,340.00
Architects' Fees	<u>12,500.00</u>
Grand Total	\$253,840.00

Recommended that the Regents authorize the Physical Plant Division to proceed immediately with construction of all the items above except the remodeling of the band quarters and the hand ball courts, and that the construction of a concrete concourse on the ground level of the west wing be added to the program. The elimination of band quarters at this time is necessary because the total estimate is nearly \$60,000 more than the balance remaining in the Stadium Construction Fund. If something within a reasonable cost could be worked out for the remodeling of band quarters, we could use any unexpended balance in the Stadium Construction Fund for that purpose, and we might be able to supplement it with modernization funds.

We could also use modernization funds to complete some classrooms at a reasonable cost, since much of the basic expense for interior ceiling will be done as part of the Library project.

July 12, 1950

Eliminating the Band Quarters and Hand Ball Courts the total will be \$156,421 for remodeling, \$9,385.26 architect's fees, and a total cost \$165,806.26. It is understood that the figures shown are estimates and may not be exactly these amounts.

Approved.

GRADUATE EDUCATION BUILDING:

Preliminary plans for the Graduate Education Building were submitted and President Cross recommended approval.

Approved.

GEOLOGY-MINERAL INDUSTRIES BUILDING:

Preliminary plans for completion of the Geology-Mineral Industries Building were submitted and President Cross recommended approval.

Approved.

AERONAUTICAL ENGINEERING BUILDING:

President Cross reported that bids for the construction of the Aeronautical Engineering Building were opened on July 6, 1950. Approximately \$94,000 is available for this project and the lowest bid was \$166,650. President Cross recommended that all bids be rejected and that the architects be instructed to prepare revised plans and specifications to bring the job within the funds available.

Regent Benedum moved, and it was voted to approve the President's recommendation.

PURCHASE OVER \$5,000:

Recommended authorization to purchase paper stock (Warren Book Paper) from the Tulsa Paper Company in the total amount of \$8,125.32. Invitations to bid were sent to five companies but only two submitted bids, both identical, the other being from the Western Newspaper Company. In view of the fact that more than \$15,000 in orders were sent to the Western Newspaper Company during the last year, President Cross recommended that the bid of the Tulsa Paper Company be accepted.

Approved.

GOLF COURSE:

President Cross reported when Perry Maxwell designed the South Campus golf course his contract was written to provide that the golf course be located on the Naval Air Technical Training Center premises. However, he felt very strongly that the course would be much better if part of it could be located on a tract of approximately 21.522 acres on the Veterans Administration Hospital site south of the NATTC.

July 12, 1950

After considerable correspondence and some delay, the Veterans Administration has agreed to give the University a three-year lease covering the 21,522 acres needed for the golf course, subject to the provision that the lease shall be terminable by the government upon 30 days notice. We have been informed that there is a possibility that the Veterans Administration will declare the land surplus to its purposes and turn it over to the General Services Administration for disposition. In that event, the University might or might not be able to obtain the tract by purchase from the General Services Administration.

Since the annual rental to be paid by the University for use of the land under the lease contract is only \$1.00 per year, there seems to be no serious risk involved other than the expense of constructing one of the greens for the golf course on land over which the University's control will be of indefinite term.

Recommended that the Regents authorize the President of the University to execute the proposed three-year lease.

Approved.

#### MAINTENANCE OF PHYSICAL FACILITIES, SOUTH CAMPUS:

Reported it is becoming increasingly difficult to find sources of revenue to help pay the cost of maintaining the physical facilities on the South Campus according to the requirements of the Navy in the lease agreement.

Recommended that the Regents authorize the President of the University to execute lease or rental agreements for use of South Campus facilities by tenants acceptable to the University and to the Navy, all such agreements to be subject to the University's present or future agreements with the Navy giving the University operating control of the former NATTC property.

Approved.

#### RETIREMENT OF DISTINGUISHED PROFESSORS:

President Cross recommended that the three professors listed below, who are retiring this year, and who have held distinguished professorships as shown, be designated as "Emeritus Professorships" effective on the dates of their retirement.

Dr. John F. Bender, David Ross Boyd Professor  
 Dr. Roy Temple House, David Ross Boyd Professor  
 Dr. Roy Gittinger, Regents Professor

These three appeared in the agenda. President Cross recommended that the following, who are retiring on the dates indicated, be added for emeritus status:

July 12, 1950

June 1, 1950

Elmer John Ortman, Professor of Principles of Education  
Aute Richards, Professor of Zoology  
Harriet Kritser, Associate Professor of Art  
Laura A. Miller, Associate Professor of Home Economics

July 1, 1950

Benjamin Gilbert Owen, Professor of Physical Education

August 1, 1950

Allen Mead Ruggles, Professor of Educational Psychology  
Lila Merle Welch, Professor of Home Economics

Approved.

LAW AND PHARMACY DESIGNATED AS COLLEGES:

Reported that the faculty of the School of Law has unanimously recommended it be designated as the College of Law; likewise, the faculty of the School of Pharmacy has recommended it be designated as the College of Pharmacy. It is not contemplated that any changes in courses or curriculums will be made. It will provide for consistency in the designations of the various divisions on the Norman campus.

Recommended that the State Regents for Higher Education be asked to approve these changes.

Approved.

OKLAHOMA MEMORIAL UNION:

Attention was called to a communication from the officers of the Board of Governors of the Oklahoma Memorial Union under date of June 30, 1950, together with copies of the proposed budget for the fiscal year beginning July 1, 1950. A copy of the communication requesting an allocation of \$11,280 from student fees follows:

OKLAHOMA MEMORIAL UNION  
Norman, Oklahoma

June 30, 1950

Board of Regents  
University of Oklahoma  
Norman, Oklahoma

Gentlemen:

In compliance with the Lease Indenture dated November 1, 1949, please find attached copies of the proposed Budget for the fiscal year beginning July 1, 1950, and ending June 30, 1951.

July 12, 1950

You will note in the Budget report, the amount of \$11,280.00 was established as an estimated requirement from student fees for the ensuing year. It was the unanimous opinion of the Board of Governors that a request be made of the Board of Regents to supplement our anticipated income from operations so that the Board of Governors could maintain a revolving fund large enough to take care of any emergency that might arise.

In order for the Union to pay their current accounts, it was necessary for the Board of Governors at their meeting on June 22, to transfer \$20,000.00 from their reserve fund to the current operating fund. After this transfer was made there will be a further reserve of only \$38,000.00 which will be needed as a cash reserve to take care of unforeseen difficulties during this period of construction.

The operating statement for this past year shows a loss of \$14,572.30 for the first 11 months. This necessitated the transfer of the \$20,000.00 from our cash reserve so that the accounts could be paid. The Budget has been studied for possible cuts and it was impossible to carry on the necessary services for the students and reduce the expenses. The only way the Union can fulfill its obligations to the University and student body is for the Board of Regents to supplement its income from student fees.

Your favorable consideration of this request for \$11,280.00 will allow the Board of Governors to continue to operate the Union on a cash basis.

Cordially yours,

BOARD OF GOVERNORS, OKLAHOMA STUDENT UNION

/s/ Hal Muldrow, Jr.  
By: Hal Muldrow, Jr., Treasurer

/s/ W. H. Freeland, Secretary  
By: W. H. Freeland, Secretary

President Cross recommended that the Board of Governors be advised to draw upon its cash reserve of approximately \$38,000 (remaining after a \$20,000 transfer from the reserve fund to the current operating fund in June), rather than anticipating \$11,280 from student fee income.

He explained all of the University's anticipated fee income is committed on the budget for the University which the Regents have approved, and which includes no reserve whatever in unappropriated income, and under that situation he could not recommend the allocation to the Union.

It was voted to approve the recommendation that the allocation not be made.

President Cross presented salary budgets for auxiliary enterprises for the fiscal year beginning July 1, 1950. He called attention to the salary for Dr. James O. Hood, Director of Student Health Service which is shown at the annual rate of \$8,300. He asked that Dr. Hood's

salary be \$8,500 effective July 1. He stated very few salary increases were provided in the auxiliary budgets. In University Housing some increases in salaries are shown but in most cases these are in lieu of meals and/or quarters which have been included as a supplement to compensation in the past.

President Cross recommended approval of the auxiliary budgets as shown with the change in salary for Dr. Hood.

On motion by Regent Benedum the recommendation was approved.

In May, 1948, the Veterans Administration made a direct contract with Miss Ruth Ellen Paul, Administrative Assistant, Office of the Dean of the School of Medicine, for her services in connection with the Dean's committee for the Veterans Administration Hospital, the contract providing for a payment of \$50 a month. The contract at this time provides for payment direct to the School of Medicine instead of to Miss Paul.

Dean Everett recommends, and I concur, that the salary of Miss Paul be fixed, effective July 1, 1950, at an annual rate of \$3,600 of which \$3,000 will be paid from the School of Medicine budget and \$600 from Veterans Administration funds. POLIO WARD:

President Cross read the following communication from Dean Everett:

"Dr. G. L. Cross, President  
The University of Oklahoma  
Norman, Oklahoma

July 8, 1950

Dear President Cross:

"At the meeting of the Executive Committee of the Hospital Board on July 6 the administration of the University Hospitals was advised that it will be necessary to place one of the emergency buildings into operation for the care of poliomyelitis patients by July 15, 1950, at which time 20 patients, or more, will have to be moved into this unit. I asked the Business Administrator to prepare an estimate of the necessary increased operating expenses for a period of 90 days. He informs me that the increased costs for an average of 20 patients per day would be \$20,940. If the epidemic should require placing the maximum of 30 patients in this ward, the cost would be \$31,410. It is therefore my duty to petition for prompt budgetary authorization to operate this facility.

"In view of the tendency for the number of cases to increase during the months of July and August, I respectfully recommend that we request authorization for an increase of \$31,410 in the operating expenses of the University Hospitals for the first quarter of the fiscal year. Please inform me prior to July 15 if for any reason the opening of this ward cannot be approved.

"Sincerely yours,

Mark R. Everett /s/

Mark R. Everett  
Dean"

Recommended that the Regents authorize submitting the request for \$31,410 increase in the operating expenses of the University Hospitals for the first quarter of the fiscal year to the State Regents for Higher Education.

On motion by Regent White the recommendation was unanimously approved.

There being no further business the meeting was adjourned at 3:45 p.m.
