

MINUTES OF A REGULAR MEETING  
BOARD OF REGENTS OF THE UNIVERSITY OF OKLAHOMA  
SATURDAY, SEPTEMBER 17, 1966 - 10:30 A.M.

A regular meeting of the Board of Regents of the University of Oklahoma was held on Saturday, September 17, 1966, beginning at 10:30 a.m. in the office of the President of the University, Norman.

The following were present: Regent Mark R. Johnson, President, presiding; Regents Davidson, Little, Houchin, Sparks, Calvert, and Davies.

The following were also present: Dr. G. L. Cross, President of the University; Vice Presidents Pete Kyle McCarter, Horace B. Brown, Carl D. Riggs, Verne C. Kennedy; Mr. David A. Burr, Assistant to the President for University Relations; Mr. David Swank, Associate Professor of Law; Mr. James E. Swain, Director of University Relations; and Mrs. Barbara H. James, Assistant Secretary of the Board of Regents.

The minutes of the meeting held on July 14, 1966, were approved.

A report of the various achievements and accomplishments by the students, faculty, alumni and the University as a whole was included in the agenda for this meeting. The Regents unanimously agreed that letters of commendation from the President of the Board on behalf of the Regents should be sent to those individuals named in the report. Dr. Johnson stated individual members of the Board should feel free to write if they so desired.

President Cross reported that in June 1966 the State Regents for Higher Education adopted a policy, based upon the recommendation of the Presidents' Council, with regard to students who withdraw from institutions in the State System and enter military service. The policy provides that if a student enters military service during the term in which he is enrolled and he has not completed sufficient work for receiving his grades, but is in good standing academically, the institution is authorized to waive enrollment fees for the student during the term in which he re-enrolls after his military service has been completed to the extent of the amount that he paid previously for enrollment in the term during which he entered military service (the institution could issue a certificate to the student for this purpose). The policy provides further that if a student enters military service during the term and is not in good academic standing at the time, the regular fee refund policy of the institution would apply.

Dr. Cross stated this policy will require each institution to keep records indefinitely on students who withdraw to enter military service

and when he returns the institution will, in effect, be subsidizing his first semester of enrollment. Each of the institutions in the State System will be required to assume an undetermined amount of expense for administrative overhead and when the students begin to return as veterans of military service it is possible the institution will become involved in much confusion in administering this new policy and at the same time administering the benefits of the current GI Bill. He said there seems to be a good chance that this policy could become quite expensive for the institution, both in increased administrative costs and in loss of fee income, without providing any net financial benefit to the students involved.

Dr. Cross said after giving the matter further thought he had conveyed these problems of administering the policy to the State Regents and had protested the policy twice by letter with no results. He said he wished the University Regents to be aware of the fact that he had protested the adoption of this policy.

Dr. Johnson reported the faculty committee appointed to assist the Regents in the selection of the new President is working very diligently and very effectively. They have received over 100 names of individuals to be considered. Dr. Johnson reminded the Regents that the planned date for the cut-off of nominations is October 1 and that nominations after that date can be received only by petition of the faculty committee to this Board.

There was a brief discussion of a date for the Annual Regents' Luncheon. It was agreed the Secretary would contact each Regent by mail and request a statement of availability and preference on the date for this luncheon.

Regent Davidson reported the Regents' Committee on the Selection of Architects had met and considered the request of Dean Dennis for an architect to design a building to house the proposed food vending service at the Medical Center. Since this building will be rather small, estimated to cost approximately \$30,000, it was the opinion of the Regents' Committee that it should be compatible with the proposed expansion of the Medical Center and should not dictate the location of larger buildings. Therefore it was the recommendation of the committee that Coston-Frankfurt-Short, Oklahoma City, be appointed architects for this project with Gorsline and Associates as consultants in connection with the location of the building. The architectural fee for the design of this structure will be paid for by the successful vendor, but the committee recommended that the fee be the same as that provided in the University's contract with Coston-Frankfurt-Short for the preparation of plans for the first phase of the Medical Center expansion.

On motion by Regent Davidson the above recommendations of the committee were approved.

Regent Davidson reported that the construction of a Physical Education--Student Recreation Building has been requested by the students. The Regents' Committee on the Selection of Architects feels such a building is essential on the campus and, even though no funds are available at the present time, has recommended that Reid and Associates and R. Paul Heap be appointed architects on a contingency basis for the preparation of plans for such a structure. This building would include all of those classroom and teaching facilities which are normally associated with Physical Education. In addition, it would include basketball courts, a swimming pool, facilities for handball, badminton, volley ball, squash, weight lifting and gymnastics equipment and facilities, extensive locker rooms for both students and faculty, possibly a dance studio, and so forth. It is not anticipated that any state funds would be used for the construction.

Regent Davidson moved that Reid and Associates and R. Paul Heap, as associates, be appointed to prepare the architectural plans for the Physical Education--Recreation Building and that the fee arrangement be on a contingent basis, subject to the availability of funds, similar to other recent architectural appointments. Approved.

Vice President Brown called the Regents' attention to action at the July 14 meeting authorizing the sale of \$2,000 Federal Home Loan bonds in the Will Rogers portfolio as recommended by J. & W. Seligman & Co. When an attempt was made to sell the bonds it was learned they may be sold in multiples of \$5,000 only. J. & W. Seligman was contacted and they recommended that none of the Federal Home Loan bonds held by the Will Rogers Fund be sold and that the purchase of IBM stock be reduced accordingly. Dr. Brown reported that this recommendation was followed by the University.

Dr. Brown reported the following amounts available for investment and since all will be needed for matching purposes for the National Defense Student Loan Program at the beginning of the second semester, he recommended they be invested in Certificates of Deposit or U. S. Treasury Bills, whichever bear the higher rate of interest, to mature on or about January 1, 1967:

Murray Case Sells Foundation - \$8,400 5% Certificate of Deposit due September 14, 1966, a \$14,000 5½% Certificate of Deposit due September 19, 1966, and \$7,000 cash.

Sallie B. Clark Loan Fund - \$5,700 cash.

On motion by Regent Johnson the recommendation for investment of these funds was approved as outlined by Dr. Brown.

Dr. Brown reported the following available for investment in the Murray Case Sells Building Fund:

\$4,600 5% Certificate of Deposit due September 14, 1966; \$1,434 5½% Certificate of Deposit due September 19, 1966; and \$3,000 cash available as a result of an estate distribution of funds. He said our investment advisors, J. & W. Seligman & Co. recommend the purchase of \$9,000 Federal Land Bank 6.05% bonds due July 20, 1967. Dr. Brown concurred in this recommendation.

On motion by Regent Johnson the recommendation was approved.

On May 12, 1966, the Regents approved a recommendation from J. & W. Seligman & Co. that 100 shares of National Dairy Products Corporation stock held by the Will Rogers Fund be sold. The stock was sold on May 16. During the time the stock was being sold the company declared a two-for-one stock split. Because of the time necessary to attach the legal documents pertaining to the sale and deliver them to the Transfer Agent, the split was paid on our original holding of National Dairy Products and a new certificate for 242 shares (the original holding) was issued to the Regents. We have been notified by the Transfer Agent that it will be necessary for the Regents to authorize the sale of the 242 shares issued in error before that stock certificate can be disposed of. A new certificate for 142 shares will then be prepared which will represent the actual amount due the Regents as a result of the two-for-one stock split. The following resolution authorizing sale of the stock was unanimously approved:

#### RESOLUTION

RESOLVED THAT, we, the Regents of the University of Oklahoma do hereby authorize the sale of the following stock of the National Dairy Products Corporation:

242 shares - Certificate No. VU13472

and by these presents we do hereby ratify and confirm the sale of the said shares; and

BE IT FURTHER RESOLVED THAT, Emil R. Krsettl, Secretary of the Regents of the University of Oklahoma, be and he is hereby authorized and empowered to endorse by, and on behalf of the said Regents of the University of Oklahoma, the stock certificate mentioned above or the Assignment Separate from Certificate held by the said Regents of the University of Oklahoma, and by these presents we do hereby ratify and confirm the said endorsement of the said shares; and

BE IT FURTHER RESOLVED THAT, the President and the Secretary of the Regents of the University of Oklahoma be and they are hereby empowered to certify the action taken.

Dr. James L. Dennis, Director and Dean of the Medical Center, was invited to the meeting during discussion of the items on the agenda pertaining to the Medical Center.

A report of the various achievements and accomplishments by the students, faculty, and the Medical Center as a whole was included in the agenda for this meeting. The Regents voted unanimously to send letters of commendation and congratulations to those mentioned in this report.

Henry Duffield Steele, Assistant Director of Public Information for Continuing Education, August 22, 1966.

RETIREMENT:

Edith L. Flood, Associate Editor, Oklahoma Geological Survey, July 21, 1966.

Approved on motion by Regent Houchin.

President Cross reported Dr. Carl C. Branson has asked to be relieved of administrative responsibility for the Oklahoma Geological Survey. He recommended that Dr. Branson's resignation as Director of the Survey be accepted, to become effective as of the date of appointment of a new Director, with the understanding that he will continue as a member of the Survey staff on a twelve-month basis and that his tenured rank as Professor of Geology will not be affected.

Approved on motion by Regent Davidson.

President Cross recommended approval of salary increases for administrative and professional staff as shown on the following pages, to be effective July 1, 1966.

Approved on motion by Regent Little.

President Cross reported that for a number of years the University has waived the non-resident fee for a non-resident graduate student employed (usually with the title of Graduate Assistant) in academic work for one-half time (six semester hours or the equivalent) or more. It has come to our attention that most universities now set the minimum requirement for waiver of the non-resident fee at one-quarter time (three hours), and that this has an adverse effect upon our ability to recruit Graduate Assistants of high ability. Very few Graduate Assistants are assigned as little as one-quarter time teaching. This is likely to happen only now and then in the career of a Graduate Assistant, and, when it does happen, such an assignment is almost always for the convenience of the University. To reduce the minimum load allowing a waiver of the non-resident fee would not, therefore, have a serious effect upon the University's total fee income.

In view of these circumstances President Cross recommended that the basic regulation that "a graduate student who is employed by the University for academic work for one-half time or more is not required to pay the non-resident fee" be revised to read: "a graduate student who is employed by the University for academic work for one-quarter time or more is not required to pay the non-resident fee," and that this change become effective for the fall semester of the 1966-67 session.

Approved on motion by Regent Davidson.

On July 25 the Regents were advised by mail that it was necessary to change the date of the hearing on the new student regulations. Unanimous approval was received. The hearing was held on August 22 and no objections as to the rules were made.

President Cross recommended that the action of the Board by mail vote be confirmed and the rules and regulations as published be adopted by the Regents.

Approved on motion by Regent Calvert.

President Cross recommended that the Regents give to the University Research Park the name "Swearingen Research Park," in recognition of the long and dedicated service of Dr. Lloyd E. Swearingen to the University. He recommended further that the new name be effective as of July 1, 1966, the first day after Dr. Swearingen's retirement.

Approved on motion by Regent Davies.

On October 12, 1960, the Regents adopted a resolution authorizing Vice Presidents of the University of Oklahoma to sign payrolls and other official documents on behalf of the President of the University during his absence. This resolution included authorization for Dr. Lloyd E. Swearingen, who is now retired, to sign such documents.

President Cross recommended that the Regents adopt the following resolution which includes Dr. Carl D. Riggs, Vice President for Graduate Studies, in place of the previous resolution:

#### RESOLUTION

WHEREAS, on occasion the President of the University of Oklahoma, G. L. Cross, on account of official business, vacations, illness, or other unavoidable cause is absent from the campus of the University of Oklahoma, Norman, Oklahoma; and

WHEREAS, during such absence by the President of the University of Oklahoma it is essential that provision be made so that payrolls, and other official documents be signed or executed in the same manner as if the President of the University, G. L. Cross, were present;

NOW THEREFORE, BE IT RESOLVED: (1) That in the absence of President G. L. Cross, Dr. Pete Kyle McCarter, Vice President of the University of Oklahoma, is hereby authorized to sign payrolls and other official documents that normally would be signed by President G. L. Cross if he were present; and

(2) That in the absence of both President G. L. Cross and Dr. Pete Kyle McCarter, Dr. Horace B. Brown, Vice President for Business and Finance, is hereby authorized to sign such payrolls and official documents; and

(3) In the absence of President G. L. Cross, Dr. Pete Kyle McCarter and Dr. Horace B. Brown, Dr. Carl D. Riggs, Vice President for Graduate Studies, is hereby authorized to sign such payrolls and official documents.

Approved on motion by Regent Calvert.

On August 23 a mail vote was taken of the Regents requesting approval to borrow \$20,000 from the State Regents' Revolving Loan Fund to be used to match funds provided by the National Science Foundation for the construction of housing facilities at the Biological Station. It is anticipated the loan will be repaid with funds in the same amount which we expect the Legislature to reappropriate early in the 1967 session. In the possible event the Legislature fails to reappropriate the funds needed, the loan will be repaid from funds allocated to us under Section 13 and New College Funds.

All members of the Board approved requesting a loan from the State Regents and President Cross recommended confirmation of this mail vote.

Approved on motion by Regent Davidson.

President Cross recommended approval of the following allocations for the second quarter of this fiscal year from Section 13 and New College Funds:

Institutional Furniture and Equipment	\$10,000
Matching National Science Foundation Equipment Grants	10,000
Completion of Remodeling in the Nuclear Engineering Building for Employment Services	12,000
Campus Lighting	10,000
Parking Facilities at Noble Fisheries Research Center	3,000
Partial Repayment to University Foundation for Property Purchased at 1005 Jenkins	20,000
Major Alterations and Improvements	<u>10,000</u>
	\$75,000

Approved on motion by Regent Little.

President Cross reported the interim construction loan of \$1,500,000 which the Regents approved on June 9, 1966, for the construction of the new housing facility has now been expended on the project. Because of the unfavorable bond market, the sale of the bonds has been delayed in the hope that the market would improve. In order to avoid interrupting construction on the facility it is necessary to negotiate an additional \$3,000,000 loan to provide funds to pay the contractor until the proceeds of the sale of the bonds are available. The Liberty National Bank of Oklahoma City has worked out the details and has agreed to an additional loan which will require the addition of partners in order to provide a total construction loan of \$4,500,000. The additional loan, however, will require that the loan be repaid within 120 days. Consequently, plans are now being made to sell the bonds at the October 13 meeting of the Board.

President Cross called the Regents' attention to the fact that the interim construction loan does not actually constitute an additional cost to the University. The rate of interest to be paid on the loan is determined to be the average interest rate on the bonds at the time of the sale.

President Cross recommended that the Regents approve the negotiation of an additional \$3,000,000 interim construction loan to provide for a total construction loan of \$4,500,000 and that the Regents authorize the President of the Board to sign the loan agreement and the note to complete the transaction.

Approved on motion by Regent Houchin.

President Cross reported Wilson and Company has finished the photogrammetric mapping of Max Westheimer Field and the payment to Wilson and Company in the amount of \$7,750 is now payable.

President Cross recommended that the Regents accept the photogrammetric mapping of Max Westheimer Field as complete and authorize the payment of \$7,750 to Wilson and Company as the full and final payment for their service.

Approved on motion by Regent Houchin.

The Housing Department has recommended that vestibules be installed in the outside entrances to Adams Center. The entrances are advisable in order to protect the floors of the remainder of the entrance area and lounge area for the Center.

The architectural firm of Black, West, and Wozencraft volunteered to prepare the plans and specifications for the installation of the vestibules as an added service to the University. The firm agreed there would be no charge for the service performed. As a result, the plans and specifications were completed and invitations to bid on the installation were circulated.

The following bids were received:

Associated Glass Co., Oklahoma City	\$6,269
Southwestern Glass and Mirror, Oklahoma City	6,587
Campbell Glass and Mirror, Oklahoma City	9,693

President Cross recommended that the Regents accept the bid from the low bidder, Associated Glass Company, Oklahoma City, in the amount of \$6,269 and authorize the installation of the vestibules.

Approved on motion by Regent Houchin.

President Cross reported the Housing Department and the Physical Plant have suggested that certain changes be made in the plans for the construction of the new Towers. The changes are as follows:

ITEM NO. 1

Description of Change: Change two No. 6 feeders to mechanical items Nos. 303 and 304 to one No. 2 feeder to supply both items in common. Refer to electrical plan No. E-1D.

Reason for Change: Recommended by our Consulting Engineers, Carnahan and Thompson, for proper operation of building, and to provide more flexibility.

Change in Contract Price: No change in contract price for this revision. Item No. 1 - N/C

ITEM NO. 2

Description of Change: On Panelboard BP-1, change two 3P125A breakers for items Nos. 303 and 304 to one 3P150A breaker for items Nos. 303 and 304 and one 3P125A spare breaker. Refer to electrical plan No. E-8D.

Reason for Change: Recommended by our Consulting Engineers, Carnahan and Thompson, for proper operation of building, and to provide more flexibility.

Change in Contract Price: No change in contract price for this revision. Item No. 2 - N/C

ITEM NO. 3

Description of Change: Provide additional street lighting; refer to plans Nos. LS-1, LS-2. (a) Add four yard lighting fixtures on the north side of First Street, exactly opposite the four fixtures shown on the south side of First Street. (b) Add five yard lighting fixtures on the south side of Fourth Street exactly opposite the five fixtures shown on the north side of Fourth Street. (c) Add three yard lighting fixtures on the north side of Adams Center Dormitory buildings, approximately 4' north of the curb line opposite the fixtures on the south side of First Street at the parking area covered by base contract. (d) Extend circuits for the additional lights the shortest way with sleeves under the streets.

Reason for Change: Recommended by University.

Change in Contract Price: Per Contractor's quotation of August 9, 1966,

Electrical Subcontractor, add	\$7,456.00
Sales Tax, Workmen's Compensation, SS	15.30
	<u>\$7,471.30</u>
Overhead and Profit, 15%	<u>1,120.70</u>

Item No. 3, Add - \$8,592.00

ITEM NO. 4

Description of Change: Furnish and install a 100A 3P, non-fusible, heavy duty switch on south wall of room No. 34 for elevator machine. Run a No. 6 feeder to this switch from unit substation distribution section. Refer to electrical plan No. E-3C.

ITEM NO. 5

Description of Change: Furnish and install one 3P100A breaker in distribution section space No. 12 for elevator feeder protection. Refer to electrical plan No. E-6C.

Reason for Change: To provide power panel which was inadvertently omitted from electrical contract drawings for the hydraulic elevator machine in cafeteria building.

Change in Contract Price: Per Contractor's quotation of August 9, 1966,

Electrical Subcontractor, add	\$393.00
Overhead and profit, 15% (\$58.95)	<u>59.00</u>

Items Nos. 4 and 5, Add - \$452.00

ITEM NO. 6

Description of Change: Furnish Ashcroft Duragauges with phenol case in lieu of Ashcroft Quality Guages specified in Section 32, Pages 29 and 30, Paragraph 79; also furnish pressure snubbers on all gauges.

Reason for Change: To upgrade the quality of pressure gauges in the mechanical system.

Change in Contract Price: Per Contractor's quotation of August 9, 1966,  
 Mechanical Subcontractor, add \$1,870.00  
 Overhead and Profit, 15% (\$280.50) 280.00  
 Item No. 6, Add - \$2,150.00

ITEM NO. 7

Description of Change: On all ferrous chilled water and chilled-heating water pipe valves and fittings apply one coat of a mixture of ground asbestos fibre and asphalt, or two coats of phenolic read lead before insulation is applied. Where threaded joints occur, all pipe dope shall be cleaned from the threads and the entire thread covered with the above.

Reason for Change: Recommended by our Consulting Engineers, Carnahan and Thompson, to upgrade the mechanical system by increasing pipe life.

Change in Contract Price: Per Contractor's quotation of August 9, 1966,  
 Mechanical Subcontractor, add \$12,760.00  
 Overhead and Profit, 15% 1,914.00  
 Item No. 7, add - \$14,674.00

TOTAL CHANGE IN CONTRACT PRICE

Item No. 1, no change	\$ -0-
Item No. 2, no change	-0-
Item No. 3, add	8,592.00
Item No. 4, add	452.00
Item No. 5, add	2,150.00
Item No. 6, add	14,674.00
Item No. 7, add	<u>14,674.00</u>

Total Increase in Contract Price, Items No. 1 through 7 - \$25,868.00

The changes would facilitate the proper operation of the facility and would reduce the maintenance cost after completion.

President Cross recommended that the Regents approve the change order as outlined and authorize the President of the Board to sign the document.

Approved on motion by Regent Little.

Sometime ago the Regents requested that a study be made to determine the advisability of installing gasoline storage equipment at Max Westheimer Field.

The University now has storage capacity of 8,000 gallons for each 80/87 octane and 100/130 octane gasoline. The minimum order for each type of gasoline is a transport load of 5,000 gallons. Since the storage capacity is considerably above the transport load, the University is now equipped to handle efficiently the two types of gasolines.

It would appear, therefore, that if our difficulty in attracting bidders has been related to the storage capacity, the problem has had to do only with jet fuel. This fuel is purchased entirely for resale and the demand is very erratic. For example, in one year the University sold only one truck load. However, the following year sales picked up considerably. Aero Commander is virtually the sole customer for jet fuel and sales to Aero Commander could either decrease or be eliminated at any time.

In order to provide storage and truck facilities for jet fuel, it is estimated that the cost would be between \$12,000 and \$15,000. If the University should lose Aero Commander as a jet fuel customer the facilities would be of little or no use to the University.

The Purchasing Office believes that additional companies would be more interested in bidding on the jet fuel contract if the contract period could be extended from a one-year contract to a three or preferably a five-year contract for furnishing jet fuels as needed.

President Cross recommended that the University not install truck and storage facilities to handle jet fuel, but that when the contract is rebid, the University Purchasing Office be authorized to request bids on a five-year basis.

Approved on motion by Regent Houchin.

The following bids received on two power files for the Office of Admissions and Records have been received:

Diebold Incorporated, Oklahoma City	
Net, 60 day delivery	\$8,463.60
Remington Rand Office Systems, Oklahoma City	
Net, 90 day delivery	8,933.50

The purchase will be made from Section 13 and New College Funds. Both proposals meet specifications. Bids were sent to 11 firms in Oklahoma City and Tulsa.

President Cross recommended that the bid be awarded to the low bidder, Diebold Incorporated, at a cost of \$8,463.60.

Approved on motion by Regent Houchin.

President Cross reported the following bids have been received on additional shelving for the University Library:

Fields Downs Randolph Co., Oklahoma City, delivered	\$6,857.88
Less 2%, 10 days	<u>-137.16</u>
	\$6,720.72
City Office Supply, Inc., Oklahoma City, delivered, net	\$6,731.00
Tulsa Stationery Company, Tulsa, delivered, net	\$6,941.67
C. B. McMilland Co., Inc., Oklahoma City, delivered, net	\$6,965.00

President Cross recommended that the bid be awarded to the low bidder, Fields Downs Randolph Company, Oklahoma City, at a net cost of \$6,720.72.

Approved on motion by Regent Sparks.

Two bids have been received on subscriptions to European (German and Slavic) magazines for the University Library for the calendar year 1967. Adjustments were necessary on each to arrive at a truly comparable total. These adjustments were needed because neither company bid complete and, on some irregular publications, the two bidders estimated that a different number of volumes would be published during 1967, thus a difference in bid price. The adjusted bids are as follows:

Walter J. Johnson, Inc., New York, net	\$7,167.70
Otto Horrassowitz, Wiesbaden, Germany, net	\$7,239.95

Both bids are subject to increases in publisher's prices for 1967. Bid forms were sent to all subscription agencies judged by Library personnel to be capable of handling this order.

September 17, 1966

8703

President Cross recommended that the contract be awarded to Walter J. Johnson, Inc., New York, at a net estimated cost of \$7,167.70. This firm furnished the publications during 1966.

Approved on motion by Regent Houchin.

President Cross reported that as in the past, only one bid was received on subscriptions to British and Commonwealth magazines for the University Library for the calendar year 1967. This bid lists three items to be priced later when 1967 publisher's prices are obtained. Bid forms were sent to all subscription agencies judged by Library personnel to be capable of handling this order.

The bid received is:

B. F. Stevens and Brown Ltd., Arden House, Mill Lane, Godalming, Surrey, England, net	\$6,999.31
--	------------

President Cross recommended that the bid be awarded to B. F. Stevens and Brown Ltd., at a net cost of \$6,999.31. This company handled this order in the past in a satisfactory manner.

Approved on motion by Regent Houchin.

President Cross reported that as in the past, only one bid was received on subscriptions to United States and Canadian magazines for the University Library for the calendar year 1967. Bid forms were sent to all subscription agencies judged by Library personnel to be capable of handling this order.

The bid received is:

Moore-Cottrell Subscription Agencies, Inc., New York	\$26,824.73
Less discount by virtue of clubbing and Library rates	<u>-446.88</u>
	\$26,377.85

President Cross recommended that the bid be awarded to the Moore-Cottrell Subscription Agencies, Inc., at an estimated net cost of \$26,377.85. This company has satisfactorily handled this order in the past.

Approved on motion by Regent Houchin.

President Cross recommended that the Regents confirm the mail vote by which they unanimously approved a special fee for Zoology 25, Human Anatomy, in the amount of the cost of materials used, effective with

enrollments in the course for the first semester of the 1966-1967 academic year. The cost for 1966-1967 has been established at \$25.00.

At the same time, President Cross reported that the Oklahoma State Regents for Higher Education have approved this fee at the specific amount of \$25.00.

Approved.

There being no further business the meeting adjourned at 11:50 a.m.
