**MINUTES OF A REGULAR MEETING
THE UNIVERSITY OF OKLAHOMA BOARD OF REGENTS
December 6, 2004**

A regular meeting of the Board of Regents governing The University of Oklahoma, Cameron University, and Rogers State University was called to order in the Scholars Room of Oklahoma Memorial Union on the campus of The University of Oklahoma, on Monday, December 6, 2004 at 2:13 p.m.

The following Regents were present: Regent Stephen F. Bentley, Chairman of the Board, presiding; Regents Christy Everest, Paul D. Austin, Tom Clark, Jon R. Stuart, A. Max Weitzenhoffer and Larry R. Wade.

Others attending all or a part of the meeting included Mr. David L. Boren, President of The University of Oklahoma; Provosts Joseph J. Ferretti and Nancy L. Mergler; Ken Levit, President, OU-Tulsa; Vice Presidents Catherine Bishop, Nicholas Hathaway, Dave Maloney, Dennis Aebersold, Lee Williams and Clarke Stroud; Brad Avery, Director of Internal Auditing; Joseph Harroz, Jr., General Counsel, Joe Castiglione, Director of Athletics, and Dr. Chris A. Purcell, Executive Secretary of the Board of Regents.

Those attending the meeting from Cameron University were Dr. Cindy Ross, President of the University; and Vice Presidents Gary Buckley and Glen Pinkston.

Attending the meeting from Rogers State University were Dr. Joe A. Wiley, President of the University, and Vice Presidents Richard Boyd and Tom Volturo.

Notice of the time, date and place of this meeting were submitted to the Secretary of State, and the agenda was posted in the Office of the Board of Regents on or before 2:00 p.m. on December 3, both as required by 25 O.S. 1981, Section 301-314.

CAMERON UNIVERSITY

REPORT OF THE PRESIDENT OF THE UNIVERSITY

President Ross began her report by presenting the Regents with a memento from the Cameron University—Duncan dedication. They were also given copies of flyers used to invite students to open lunches/open door sessions that the President has for students if they want to visit with her about an issue. Dr. Ross then took the opportunity to brag on Cameron's Students in Free Enterprise (SIFE) team. The SIFE team took top honors in Colorado State University's *Duel in the Rockies* personal financial case study competition, defeating five other teams in the regional event and advancing to the national competition in March. Each competing team was given a financial dilemma, given 36 hours to study and prepare, and then presented a solution to a panel of expert judges. When not bragging about Cameron's students, President Ross loves to brag about the faculty. The President announced that Dr. Ann Nalley, professor of Chemistry and Cameron faculty member for 35 years, was recently elected president of the American Chemical Society. The ACS is the largest scientific organization in the world, with over 160,000 members and some 800 student chapters. Dr. Nalley is the first Oklahoman, the first person from a regional, four-year university, and only the fifth woman to be elected to the position. Dr. Ross introduced Professor Nalley and asked her to address the Board. Dr. Nalley talked about her excitement at winning the

election, but also about her realization of the awesome responsibility she has. The ACS is the largest publishing society in the world, with 1,900 employees and the Society is chartered by Congress to investigate anything that has to do with chemistry in regards to the national defense. President Ross ended her report by congratulating President Wiley and Rogers State University on the recent results of their accreditation visit. She stated that, in her 27 years in higher education, she didn't remember a time when a regional university had received an unqualified 10-year accreditation, and that it is even more remarkable to move the institution from a two-year to a four-year program and to receive an unqualified 10-year accreditation in a five year period. Dr. Ross extended her congratulations to President Wiley, his faculty and staff, and to each of the Regents for providing the leadership and support that made this possible.

REQUEST FOR NEW COMPUTER INFORMATION SYSTEMS PROGRAM

The Oklahoma State Regents for Higher Education require that all new academic programs be presented to the institution's governing board for approval before being forwarded to the State Regents for consideration. The new academic program shown below has been approved by the President, upon recommendation of the Vice President for Academic Affairs, respective departments and the dean, and approved by the Curriculum Committee.

The State Regents officially recognize one Level III baccalaureate program in the Department of Technology -- the Bachelor of Science in Technology. The program began to separate into three tracks in the late 1980's. Computer Information Systems is one of the tracks. The official designation as a Level III program will aid in program identity and clarify the area of study for students and employers.

SUBSTANTIVE PROGRAM CHANGE - COMPUTER AIDED DESIGN DRAFTING

The Oklahoma State Regents for Higher Education require that all substantive changes in degree programs be presented to the institution's governing board for approval before being forwarded to the State Regents for consideration. The change in the academic program shown below has been approved by the President, upon recommendation of the Vice President for Academic Affairs, respective departments and the dean, and approved by the Curriculum Committee.

The AAS in Computer Aided Design Drafting is the associate program which can lead to the Engineering Design Technology baccalaureate program being proposed. President Ross recommended the Board of Regents approve the name change and the following course additions, modifications and deletions in the Associate in Applied Science in Telecommunications Electronics.

Regent Everest moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

ADDITIONAL EXPENDITURE AUTHORIZATION FOR CAMPUS MASTER PLAN SERVICES

At the January 2004 meeting, the Board of Regents authorized the selection of LWPB Architects and Planners, P.C., Oklahoma City, for campus master planning services, as well as authorizing the negotiation and execution of an agreement for these services. At that time, the Board of Regents approved an amount for the requested services not to exceed \$45,000, to be paid from existing New College funds.

In the process of negotiating this agreement, it has become apparent that the University will not be able to obtain the full range of campus master planning services required within the currently authorized amount of \$45,000. The University requests authorization to increase the "not to exceed" amount to \$60,000 to obtain the necessary services and Campus Master Plan products. This additional \$15,000 will be paid from existing New College funds.

President Ross recommended the Board of Regents increase the amount authorized for campus master planning services from \$45,000 to \$60,000.

Regent Stuart moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

DIGITAL RADIO TRANSMISSION EQUIPMENT

KCCU FM is the National Public Radio voice of Cameron University. The station serves the following communities:

- KCCU Lawton on 89.3 FM 102.9 FM
- KLCU Ardmore on 90.3 FM
- KOCU Altus on 90.1 FM
- KMCU Wichita Falls, Texas on 88.7 FM
- KYCU in Western Oklahoma on 89.1 FM
- KCCU Chickasha on 100.1 FM

These stations provide public radio service to a large section of southwest and south central Oklahoma and north Texas. The station broadcasts NPR news, local news, classical music, jazz and other special programming. KCCU is operated by a professional staff with the assistance of students enrolled in communication courses and other majors across Campus. Students may work at the station by enrolling in various communication courses or by volunteering.

With a grant from the Corporation for Public Broadcasting (CPB), Cameron University plans to convert KCCU Lawton and KMCU Wichita Falls from analog to digital radio transmissions. It is anticipated that additional grant money will be available in future years to convert Cameron's other radio stations to digital radio. The benefits of a digital, sometimes referred to as high definition (HD Radio), radio signal are:

- Listeners with digital receivers will receive static-free, crystal-clear reception.
- Audio will be of compact disc quality.
- Digital receivers can display data, including song titles and artists, breaking news and weather information, stock quotes, and local weather and traffic.
- Digital radio can broadcast both digital and analog signals plus data simultaneously.
- Current dial positions will be maintained.
- Unlike satellite radio, programming is local and has no recurring monthly charges.

- Digital radio will offer “tomorrow radio.” All digital stations will have the ability to offer a second audio channel. For example, KCCU can offer its classical music format on one channel and NPR news/talk formats on the second channel. Once converted to digital radio, KCCU and KCMU will each have two radio signals in Lawton and Wichita Falls.

Funding for equipment is provided by grants from CPB in the amounts of \$62,370 for KCCU Lawton and \$37,958 for KCMU Wichita Falls; a total of \$100,328. The remaining \$63,147 of the purchase price will be paid from KCCU reserve funds. KCCU has adequate reserve funds remaining after paying its share of the equipment.

Only two companies are currently authorized by the FCC and Ibiquity (the FCC approved company that received the U.S. patent for HD Radio) for the purchase of equipment. The CPB grant awarded to KCCU has listed these two companies as sources for HD Radio equipment.

KCCU currently has Harris Corporation broadcast equipment at all stations' sites. Compatibility with existing equipment and best value are factors in this bid evaluation. The two vendor's HD Radio systems are incompatible, requiring all equipment to be purchased from a single vendor to ensure the equipment will function properly.

In response to a competitive solicitation, the following firms responded:

Harris Corporation - Broadcast Communications Division	Quincy, IL
Broadcast Electronics	Quincy, IL

An evaluation committee comprising the following individuals rated the responses:

Mark Norman, Director, KCCU
Charles Thurston, KCCU Broadcast Engineer
Richard McComas, Purchasing Agent, Business Office
Glen P. Pinkston, Vice President for Business and Finance

The results of the evaluation were as follows:

Harris Corporation	\$163,475
Broadcast Electronics	\$172,415

The evaluation team determined that award to Harris Corporation, the low bidder, in the amount of \$163,475, meets the University's needs and represents the best value.

President Ross recommended the Board of Regents authorize the President or her designee to award a contract in the amount of \$163,475 to Harris Corporation for the purchase of digital radio equipment.

Regent Everest moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

ACADEMIC PERSONNEL ACTIONS

CHANGES:

Fuson, Leighetta Sue, Ed.D., Professor, Department of Education, title of Chair, Department of Education deleted. Salary changed from annualized rate of \$50,308 for 9 months (\$5,589.78 per month) to annualized rate of \$49,308 for 9 months (\$5,478.67 per month), effective January 1, 2005.

Blackburn, Marcy, Ph.D., Associate Professor, Department of Education, title of Chair, Department of Education added. Salary changed from annualized rate of \$44,520 for 9 months (\$4,946.67 per month) to annualized rate of \$45,520 for 9 months (\$5,057.78 per month) effective January 1, 2005.

President Ross recommended the Board of Regents approve the faculty personnel actions listed above.

Regent Austin moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

LITIGATION

QUARTERLY REPORT OF PURCHASES**

The listed items were identified, by the administration, in each agenda item as "For Information Only." Although no action was required, the opportunity to discuss or consider any of them individually was provided.

ACADEMIC CALENDAR

The Oklahoma State Regents for Higher Education authorize the President to approve the institution's academic calendar each year. The calendar is then submitted to the State Regents by January 1 prior to the summer semester to which the proposed calendar applies. The academic calendar, attached hereto as Exhibit A, is for information only and will be submitted to the State Regents.

CURRICULUM CHANGES

The Oklahoma State Regents for Higher Education confer upon each institution the authority to add, modify and delete courses, but require that the changes be communicated to them for information only. The course additions, modifications, and deletions listed below have been approved by the President, upon recommendation of the Vice President for Academic Affairs, respective departments, and deans, and approved by the Curriculum Committee.

QUARTERLY FINANCIAL ANALYSIS

By request of the Board of Regents, the Quarterly Financial Analysis for the three months ended September 30, 2004 is presented. The detailed information upon which the Executive Summary is based was distributed separately to the Regents prior to the December meeting and is attached hereto as Exhibit B.

ALL FUNDS: CAMERON UNIVERSITY

SCHEDULE 1 CU: STATEMENT OF REVENUES AND EXPENDITURES

1. At September 30, 2004, revenues for all funds were at \$13.3 million. These collections represent 31.6% of the budget.

2. Expenditures were at \$9.7 million, representing 22.3% of the budget. Revenues and expenditures for this fiscal year are in line with amounts budgeted.

SCHEDULE 2 CU: STATEMENT OF REVENUES AND EXPENDITURES – EDUCATION AND GENERAL PART I – UNRESTRICTED

1. Revenues – Revenues of \$8.6 million comprising 28.6% of the budget are reported. At the same quarter last fiscal year, there were revenues of \$8.3 million, comprising 29.1% of the budget.

2. Expenditures – Expenditures of \$5.2 million comprising 16.5% of the budget are reported. Comparable figures for the prior year show expenditures of \$4.9 million, representing 16.4% of the budget.

SCHEDULE 3 CU: STATEMENT OF REVENUES AND EXPENDITURES – EDUCATION AND GENERAL PART II – RESTRICTED

1. Revenues – Revenues of \$3.5 million representing 43.9% of the budget are reported. Prior year revenues for the same period were \$3.2 million, representing 33.3% of the budget.

2. Expenditures – Expenditures of \$3.6 million comprising 44.4% of the budget. This is comparable to the prior year's expenditures of \$3.2 million at 33.3% of the budget.

SCHEDULE 4 CU: STATEMENT OF REVENUE AND EXPENDITURES – AUXILIARY ENTERPRISES

1. Revenues – Revenues for Auxiliary Enterprises are at anticipated levels.

2. Expenditures – Expenditures for Auxiliary Enterprises are at anticipated levels.

SCHEDULE 5 CU: DISCRETIONARY RESERVES

Discretionary reserves represent that portion of the university's resources that are not currently budgeted for expenditure or are otherwise held for specific future uses. As such, resources of this nature are available to fund future capital projects, operating needs and/or unforeseen contingencies for any lawful purpose of the university.

E & G PART I

The E&G Part I reserves were \$3,053,201 on September 30, 2004.

E & G PART II

The E&G Part II discretionary reserves were \$712,615 on September 30, 2004.

AUXILIARY ENTERPRISES

Student Activities reserves were \$316,732 at September 30, 2004. Student Activities working capital requirements are \$207,918 leaving discretionary reserves of \$108,814.

Miscellaneous Auxiliary reserves were \$873,507 at September 30, 2004. Miscellaneous Auxiliary working capital requirements are \$511,724 leaving Miscellaneous Auxiliary discretionary reserves of \$361,783.

Student Facility reserves were \$3,051,078 at September 30, 2004. Student Facility working capital and other commitment requirements are \$2,679,757 leaving Student Facility discretionary reserves of \$371,321.

ROGERS STATE UNIVERSITY

REPORT OF THE CHAIRMAN OF THE BOARD OF REGENTS

Chairman Bentley yielded this report to Regent Stuart, chair of the RSU Committee. Regent Stuart congratulated President Wiley, the faculty and the staff of RSU on the unqualified 10-year accreditation the University recently received from the Higher Learning Commission of the North Central Association. He reiterated President Ross' comments that this is an unprecedented achievement for a regional university in such a short period of time.

REPORT OF THE PRESIDENT OF THE UNIVERSITY

President Wiley directed the Regents' attention to copies of *RSU Today* and *Guidon Today* that were provided at each of their stations. *Guidon Today* is a newsletter for alumni of the Oklahoma Military Academy. Dr. Wiley thanked President Ross and Regent Stuart for their kind comments regarding the recent

accreditation visit by the NCA. The President also announced that RSU has been invited to participate in the Oklahoma Scholar-Leader Enrichment Program and two RSU students have been accepted to the spring class of OSLEP as well.

AUTHORITY TO INITIATE ARCHITECT SELECTION FOR EQUESTRIAN CENTER

Recent University construction of on-campus student apartments, a three-story library, physical plant and maintenance facility, a ceramics lab, and additional parking lots has placed the existing equestrian facilities in the heart of the Campus. The Campus Master Plan has identified the current location of equestrian facilities as an important area for future expansion of Rogers State University's academic programs and student services.

It was determined the existing facilities had to be relocated from the existing site and funds had to be identified for the project.

A capital campaign was announced in January 2004. A donation of a tract of land encompassing approximately 20.5 acres was accepted by the Board of Regents in June 2004. As the capital campaign progresses, President Wiley believes it would be helpful to start the process of selection of an architect to design a new equestrian center.

After the selection process is complete, the President will bring the recommendation of an architect selection to the Board for approval.

President Wiley recommended the Board of Regents authorize the President to initiate the process of selection of an architect for the Equestrian Center.

Regent Stuart moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

AUTHORITY TO INITIATE ARCHITECT SELECTION FOR FOUR PROJECTS ON THE CLAREMORE CAMPUS

The Oklahoma State Regents for Higher Education will be proposing a \$500 million bond issue next legislative session for all public institutions in Oklahoma.

The bond issue is particularly important for Rogers State University. The average age of the buildings on the Claremore campus is 55 years -- the oldest of any public college or university in Oklahoma. Rogers State University would receive approximately \$14 million toward six projects. The institution has selected an architect for the Bartlesville and Pryor projects. The remaining four projects consist of construction of a classroom building, approximately \$4 million, construction and renovation of Thunderbird and Post Hall, approximately \$4.5 million, infrastructure improvements \$1.7 million, and renovations and repairs, approximately \$1.7 million. These projects have been approved and are included in the Campus Master Plan.

President Wiley believes the selection of one architect for the four projects would be beneficial in the planning, design and coordination of these projects.

After the selection process is complete, the President will bring the recommendation of the architect selection to the Board for approval.

President Wiley recommended the Board of Regents authorize the President to initiate the process of selection of an architect for construction of a new classroom building, renovation of Thunderbird and Post Hall, infrastructure improvements; and renovations and repairs on the Claremore campus.

Regent Everest moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

PURCHASE OF REDA BUILDING IN BARTLESVILLE

The Bartlesville campus of Rogers State University was established in 1984 to provide an affordable quality public education to the residents of Bartlesville and the surrounding region.

The Campus currently operates from a small leased facility on the east side of Bartlesville. These facilities are overcrowded and inadequate to meet student needs. Consequently, enrollment has remained static -- to the neglect of countless residents whose education needs are underserved.

RSU has proposed to establish a traditional, full-service university campus in downtown Bartlesville, offering a variety of bachelor and associate degrees and a full complement of student services and activities.

The University has identified an existing nine-story building in the downtown area, the REDA Building, to fulfill the mission of providing public higher education in this important part of the State.

The REDA Building, located at 401 S. Dewey in downtown Bartlesville, was built in 1918 and has approximately 170,000 sq. ft. From a preliminary study by the architect, the building appears to be structurally sound, and could be renovated to meet the needs of the University.

The new RSU Bartlesville campus will animate the downtown area and serve as a foundation for economic development, providing a well-educated workforce for the expansion of existing companies and the recruitment of new industry. Moreover, the presence of a public university campus will significantly enhance the quality of life in Bartlesville.

According to the Board of Regents' Policy Manual, Section 4.13.1, Acquisition of Property, the Board of Regents will approve the acquisition of all real property as required to satisfy the mission of the University.

President Wiley recommended the Board of Regents:

- I. Approve the acquisition of the REDA Building with an address of 401 S. Dewey, Bartlesville, Oklahoma for a purchase price of \$250,000.
- II. Authorize the President to negotiate and sign a contract, subject to Legal Counsel review, to purchase the REDA Building located at 401 S. Dewey, Bartlesville, Oklahoma.

Regent Wade moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

LITIGATION

This item was included in the agenda for the purpose of meeting with General Counsel in executive session for a report on pending and possible litigation. No executive session was held, and there was no report.

**ACADEMIC CALENDAR 2005-2006
QUARTERLY FINANCIAL ANALYSIS
QUARTERLY REPORT OF PURCHASES**

The listed items were identified, by the administration, in each agenda item as "For Information Only." Although no action was required, the opportunity to discuss or consider any of them individually was provided.

ACADEMIC CALENDAR 2005-2006

The Oklahoma State Regents for Higher Education authorize the President to approve the institution's academic calendar each year. The calendar is then submitted to the State Regents by January 1 prior to the summer semester to which the proposed calendar applies. The academic calendar, attached hereto as Exhibit C, was for information only and will be submitted to the State Regents.

This was reported for information only. No action was required.

QUARTERLY FINANCIAL ANALYSIS

The detailed information upon which the attached Executive Summary is based was distributed separately to the Regents prior to the December meeting and is attached hereto as Exhibit D.

**ROGERS STATE UNIVERSITY
FINANCIAL ANALYSIS
FOR THE PERIOD FROM JULY 1, 2004 TO SEPTEMBER 30, 2004**

Schedule 1: Statement of Revenues and Expenditures – Education and General, Part I - Unrestricted

Total revenues collected year-to-date of \$5,992,027 represents 31.3% of the current year budget. Year-to-date expenditures totaled \$3,777,666 or 17.8% of the current year budget.

Schedule 2: Statement of Revenues and Expenditures – Education and General, Part II - Restricted

Total revenues collected year-to-date of \$620,737 represents 20.6% of the current year budget. Year-to-date expenditures totaled \$745,944 or 16.8% of the current year budget. Expenditures may exceed revenues since RSU must expend restricted funds before it can be reimbursed.

Schedule 3: Statement of Revenues and Expenditures Auxiliary Enterprises
Schedule 3a: Auxiliary Revenues by Source
Schedule 3b: Auxiliary Expenditures by Type

Total revenues collected year-to-date of \$1,219,747 represents 29.7% of the revised current year budget. Year-to-date expenditures totaled \$629,190 or 14.5% of the revised current year budget.

Schedule 4: Schedule of Reserves

Reserves for Education and General, Part I at year-end continue to remain at a stable level and adhere to recommendations of the State Regents for Higher Education.

Reserves for Education and General, Part II include federal, state, and private funds that are expended and later reimbursed by the granting agencies, therefore, no reserves are maintained.

Reserves for Auxiliary Enterprises and Plant Funds are considered discretionary and available for expenditures in accordance with applicable guidelines and limitations.

This report was presented for information and discussion. No action was required.

QUARTERLY REPORT OF PURCHASES

The Board of Regents' policy governing the buying and selling of goods and services states that:

- I. Purchases and/or acquisition of goods and services over \$125,000 must be submitted to the Board for prior approval; and
- II. Purchase obligations between \$50,000 and \$125,000 must be reported quarterly to the Board as an information item. Sole source procurements in this category must also be reported and identified as such.

There were no purchases to report for this quarter.

This report was for information only. No action was required.

THE UNIVERSITY OF OKLAHOMA

NAMING OF AREA

In November 2004, as part of the tenth anniversary of President and Mrs. Boren's leadership at The University of Oklahoma, it was announced that the University has raised \$1 Billion over the course of the past ten years, a historic achievement that places OU among the top fund-raising public schools in the country. During these ten years, all of OU's Development activities, from annual fund campaigns to major gift activities on all three OU campuses, have been directed by Vice President for University Development, David L. Maloney.

Vice President Maloney, who began his Development career at Carnegie Mellon University in Pittsburgh, Pa., came to OU in March 1993 as Executive Director of Development for the University's Health Sciences Center.

In December 1994, he was named Vice President for University Development and charged with elevating fund raising to the level needed to support the Boren era initiatives. Vice President Maloney also was asked to bring together OU's central development and college development operations to work in close cooperation with The University of Oklahoma Foundation Inc.

Vice President Maloney has been extremely successful on both counts, as evidenced by both the fund-raising success of the past decade and the national recognition of OU's fund-raising efforts. In 2002, OU joined Harvard, Stanford, Notre Dame, Ohio State, The University of Virginia, and The University of Wisconsin at Madison, in being named one of the seven public and private research/doctoral institutions to receive the nationally prestigious Circle of Excellence in Educational Fund Raising Award from the Council for Advancement and Support of Education.

Along the way, Vice President Maloney has earned the deep respect and affection of the 81 Development and Alumni staff members who are fortunate enough to work for him. Because of this, his staff members have advocated the naming of this Conference Room, which is the setting for all major University Development meetings and activities. It is exceedingly appropriate that the OU Regents name this room in honor of Vice President Maloney's leadership and achievements.

President Boren recommended the Board of Regents approve the naming of the University Development Conference Room in Whitehand Hall on the Norman Campus as the David L. Maloney Conference Room in recognition of his extraordinary contribution in directing the University's fund-raising efforts, which have brought more than \$1 Billion in gifts and pledges to OU during the past ten years.

Regent Everest moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

Mr. Maloney and his wife, Roberta, along with many members of the Development office staff were present for the surprise (to Mr. Maloney) announcement of this item. Mr. Maloney stated that he is very gratified by this action. He said that, after a number of years, you wonder if you are making any kind of mark where you are and he is honored to have something like this at just a wonderful university. He referred to President Boren as the Michael Jackson of fund raising, said that he has coached where he could, and to have his name connected with anything at The University of Oklahoma makes him very proud.

REPORT OF THE PRESIDENT OF THE UNIVERSITY

President Boren began his report by announcing a gift from a former Seminole public school teacher, Mrs. Louise Welch. Mrs. Welch was an extraordinary person who devoted 45 of her 93 years to teaching history, English, Spanish and government—32 years in the Seminole public schools and at Seminole Junior College and 13 years as a member of the history faculty at OU. She set a high standard and required excellence from her students. She was especially interested in Oklahoma history and Native American history. After she passed away it was learned that she had left a bequest of \$1 million to the University's department of history. A chair will be established in the teaching of Oklahoma history and the history of the American West; it was also her desire that graduate students be encouraged to come into the field and that the money have a broader impact on the teaching of Oklahoma history across the state. After discussions with friends of Mrs. Welch and her executors, it was decided that in addition to the chair, there will be graduate fellowships and an institute where public school teachers of Oklahoma history will come and work with, learn with, the chair holder. President Boren also announced a \$1 million pledge from the Founders of Doctor's Hospital Foundation for the Schusterman Center in Tulsa. He thanked Tulsa President Ken Levit, along with Tulsa employees Leeland Alexander and Kayla Acebo for their work at

the Tulsa campus. Finally, the President introduced R. C. Davis Undiano, stating that the Regents would be asked to approve his appointment as interim dean of the Honors College later on this agenda. Professor Davis Undiano has been at the University for 24 years and has won virtually every teaching award and earlier this year won the Otis Sullivan award for perceptivity. He has also changed the face of *World Literature Today*, instituting a student publication and student internships so students can learn to become editors. The announcement that he has agreed to become the interim dean has been enthusiastically received by the student and faculty of the Honors College.

MINUTES

Regent Wade moved approval of the minutes of the regular meeting held on October 26, 2004, as printed and distributed prior to the meeting. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

MODIFICATION OF SPEECH LANGUAGE PATHOLOGY DEGREE TO DEVELOP A MASTER OF ARTS PROFESSIONAL DEGREE

The graduate Master of Science in Speech Language Pathology and PhD in Speech Language Pathology programs were transferred from the Norman campus to the Health Sciences Center campus in 1961. These degrees have resided in the Graduate College since that time. The program is administratively aligned in the College of Allied Health.

In 1965, the Speech Language Pathology Master's degree became recognized nationally as a clinical, professional-entry degree by the Council on Accreditation of the American Speech-Language Hearing Association [the "Council"]. Since that time the clinical, professional-entry curriculum has been separately accredited by the Council and has resided alongside the graduate research-based curriculum within the Master of Science degree.

The College of Allied Health desires to modify the program to delineate between the professional/clinical degree and the research-based degree by developing the Master of Arts degree in Speech Language Pathology. The Master of Arts in Speech Language Pathology, a professional/clinical degree, will reside in the College of Allied Health. The current Master of Science in Speech Language Pathology, as well as the PhD in Speech Language Pathology, are research-based degrees and will continue to reside in the Graduate College.

Both degree programs will share a common speech language pathology core curriculum. The Master of Science degree program has been modified by reducing the number of clinical practicum and seminar hours and will change from 54 to 42 credit hours. The Master of Arts degree program will require 57 credit hours. Admission and academic standards will remain as defined by the Graduate College and the College of Allied Health. There will be no new costs incurred to modify the curricula or develop the Master of Arts degree.

This action will result in the alignment of all non-thesis, clinical professional programs in the College of Allied Health, while the research-based graduate programs will continue to be aligned with the Graduate College.

President Boren recommended the Board of Regents approve a request to the Oklahoma State Regents for Higher Education to modify the current Master of Science in Speech Language Pathology Degree Program, to develop a Master of Arts in Speech Language Pathology Professional Degree.

Regent Stuart moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

MODIFICATION OF NUTRITIONAL SCIENCES DEGREE TO DEVELOP A MASTER OF ARTS PROFESSIONAL DEGREE

The graduate Nutritional Sciences program was transferred from the Norman campus to the College of Allied Health at the Health Sciences Center in 1990. Authority for the M.S. degree has resided in the Graduate College since that time.

The current Master's program has evolved to include a didactic component for professional entry dietitians, and an advanced education and research component for registered dietitians. The Didactic Program in Dietetics is based upon a professional-entry curriculum and is separately accredited by the Council on Accreditation for Dietetics Education. Students enrolling in the graduate professional-entry program are those who have completed a bachelor's degree in a field other than nutrition and have a career goal to become a Registered Dietitian. The Master of Science program is for advanced education and research in the profession of Nutrition and Dietetics and is designed for registered dietitians who want to advance their education. The Master of Science program also contains a Health Promotion option.

The College of Allied Health desires to modify the program to delineate between the professional-entry degree program and the advanced education program by developing the Master of Arts in Dietetics. The Master of Arts in Dietetics, a professional-entry program, will reside in the College of Allied Health. The current Master of Science in Nutritional Sciences, an advanced education and research degree, will continue to reside in the Graduate College. The Master of Science degree program will be modified to delete the current Health Promotion option.

The Master of Science degree program has been modified such that the thesis option will change from 30 to 34 credit hours and the non-thesis option from 38 to 34 credit hours. The Master of Arts degree program will require 34 credit hours. Admission and academic standards will remain as defined in the Graduate College and the College of Allied Health. There will be no new costs incurred to modify the curricula or develop the Master of Arts degree.

This action will result in the alignment of all non-thesis, clinical professional programs in the College of Allied Health, while the research-based graduate programs will continue to be aligned with the Graduate College.

President Boren recommended the Board of Regents approve a request to the Oklahoma State Regents for Higher Education to modify the current Master of Science in Nutritional Sciences Degree to develop a Master of Arts in Dietetics Professional Degree.

Regent Everest moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

PROFESSIONAL SERVICE AGREEMENT - HSC

Renewal - HCA Health Services of Oklahoma, Inc. dba OU Medical Center \$262,080
 College of Medicine/Department of Medicine
 Term of Agreement 07/01/04 to 06/30/05
 Professional Service Agreement

The University of Oklahoma Health Sciences Center (OUHSC) receives revenue from a variety of sources. One such source is third-party vendors who pay the University in return for providing professional services. The following is a list of contracts with outside vendors for professional services performed by OUHSC faculty.

Renewal - HCA Health Services of Oklahoma, Inc. dba OU Medical Center

OUHSC will continue to provide secondary on-call services for Internal Medicine Residents. The FY 2005 contract represents an amount equal to FY 2004. Agreement was received on September 8, 2004 and was fully executed on September 23, 2004.

President Boren recommended the Board of Regents approve the professional service agreement for The University of Oklahoma Health Sciences Center as listed.

Regent Clark moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

EASEMENTS FOR CITY OF TULSA - HSC TULSA

The City of Tulsa has requested general roadway and utility easements on University property at the Schusterman Center to allow for street reconstruction and widening and other improvements. The requested new easements generally will overlay currently existing easements for various utilities that are already in place.

Street improvements and a new entry are needed to support the research and medical clinic facility soon to be under construction at the Schusterman Center. A right turn lane and installation of a revised traffic signal will provide for a new entry off of Yale Avenue into the east side of the Campus. Additional turning and acceleration lanes will help to alleviate traffic congestion on Yale Avenue and 41st Street adjacent to the Campus. A new Campus drive will be constructed to connect the new entry to existing Campus streets.

The sketch, attached hereto as Exhibit E, indicates the locations of the proposed permanent roadway and utility easements and the new drive.

I. APPROVE EASEMENTS

The Board is requested to approve the granting of the above-mentioned permanent easements to the City of Tulsa, described as follows.

Easement along West Side of Yale Avenue:

A tract of land located in the NE/4 of Section 28, Township 19N, Range 13E, Indian Base & Meridian, Tulsa County, Oklahoma, more particularly described as follows:

Commencing at the northeast corner of Section 28; thence S-1°31'28"-E along the East Line of Section 28 a distance of 1,978.41 feet; thence S-88°42'04"-W a distance of 35.50 feet to the West Line of an existing Perpetual Public Road Easement (filed at Tulsa County Courthouse B-1991 P-638) and the Point of Beginning; thence S-88°42'04"-W a distance of 9.50 feet; thence N-1°31'28"-W and parallel with the East Line of Section 28 a distance of 720.00 feet; thence S88°42'04"-W a distance of 45.00 feet; thence N-1°31'28"-W and parallel with the East Line of Section 28 a distance of 90.00 feet; thence N-88°42'04"-E a distance of 45.00 feet; thence N-1°31'28"-W and parallel with the east line of Section 28 a distance of 145.00 feet; thence N-88°42'04"-E a distance of 9.50 feet to the West Line of an existing Perpetual Public Road Easement; thence S-1°31'28"-E and parallel with East Line of Section 28 and along the West Line of an existing Perpetual Public Road Easement a distance of 955.00 feet to the Point of Beginning. This described general and utility easement contains 0.301 acres more or less.

Easement along South Side of 41st Street:

A tract of land located in the NE/4 of Section 28, Township 19N, Range 13E, Indian Base & Meridian, Tulsa County, Oklahoma, more particularly described as follows:

Commencing at the northeast corner of Section 28; thence S88°39'46"-W along the North Line of Section 28 a distance of 175.00 feet; thence S-1°31'28"-E and parallel with the East Line of Section 28 a distance of 24.75 feet to the Point of Beginning; thence S-1°31'28"-E and parallel with the East Line of Section 28 a distance of 20.00 feet; thence S-88°39'46"-W and parallel with the North Line of Section 28 a distance of 239.40 feet; thence N-1°31'28"-W and parallel with the East Line of Section 28 a distance of 20.00 feet; thence N-88°39'46"-E and parallel with the North Line of Section 28 a distance of 239.40 feet to the Point of Beginning. This described general and utility easement contains 0.110 acres more or less.

II. AUTHORIZE THE PRESIDENT OR HIS DESIGNEE TO EXECUTE THE EASEMENT DOCUMENTS

President Boren recommended the Board of Regents:

- I. Approve the granting of general roadway and utility easements to the City of Tulsa along the west side of Yale Avenue between 41st Street and 46th Street, and along the south side of 41st Street near the intersection of Yale Avenue and 41st Street; and
- II. Authorize the President or his designee to execute the easement documents.

Regent Stuart moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

NONSUBSTANTIVE PROGRAM CHANGES - NC

The Oklahoma State Regents for Higher Education confer upon each institution the authority to approve modifications that are nonsubstantive but require the changes to be communicated to them for information only. The program modifications itemized in the attached list have been approved by the appropriate faculty, academic units and deans, the Academic Programs Council, and the Senior Vice President and Provost. They are being forwarded to the Board of Regents for information only.

Non-Substantive Program Changes
Approved by Academic Programs Council, November 3, 2004

Changes in Program Requirements:

College of Architecture

Regional and City Planning, M.R.C.P.L. (RPC 199, MC 0206M): Increase core requirements by four hours; add a research methods course to the core curriculum and increase the professional practice course to three credit hours. There is no change in the total hours required for the degree.

Reason for requested action: National accrediting organization, when reviewing the curriculum, recommended adding a research methods course in the core curriculum. Increasing professional practice course to three credit hours is needed to accommodate additional content.

College of Arts and Sciences

Economics, M.A. (RPC 048, MC 2204M): For the Applied track, replace B AD 6243 with ECON 6313 and no longer require ECON 5243, ECON 5373, ECON 5853 and ECON 5233 or ECON 5313. In the Managerial Economics track, allow ECON 5733 as an alternative for ECON 5073 and ECON 5853 in place of ECON 5313 as an alternative for ECON 5043.

Reason for requested action: Replacement of B AD 6243 with ECON 6313 is necessitated by the fact that this class is no longer taught. The other changes to the Applied Economics curriculum would allow students in this curriculum to take elective courses in their second year in the program, courses which will complement their specific post-graduation plans. In the Managerial Economics track, enrollment is too small to allow ECON 5073 and ECON 5043 to be offered regularly on campus. The additional alternatives will ensure students have suitable approved required courses available to them each year.

Price College of Business

Accounting, B.B.A. (RPC 003, MC 0502A): Change number of Accounting Major Requirement hours from 18-24 hours to 18 hours. Major requirements will now consist of ACCT 3113, 3123, 3313, 3603, 3363 and 4543. Reduce Free Electives requirement from 7 hours to 6 hours and increase Upper-Division Electives from 14 hours to 15 hours. There is no change to total number of hours required for degree.

Reason for requested action: These changes reflect the BBA/Accounting as an 18 hour major.

College of Engineering

Computer Engineering, B.S. in Computer Engineering (RPC 332, MC 0909C): replace CS 2613, Computer Organization, with ECE 4613, Computer Architecture. Replace CS 3113, Intro to Operating Systems, with MATH 3333, Linear Algebra I.

Reason for requested actions: ECE 4613 will add depth to the Computer Engineering curriculum, which will enrich the program for accreditation purposes. MATH 3333 will provide a better preparation for upper division courses in signals and systems.

Computer Science, M.S. (RPC 132, MC 0701M): Add CS 5193 and CS 5823 to Theory category of courses; add CS 5023, CS 5143 and CS 6143 to Systems category of courses; and replace CS 5143 with CS 5753 in the Applications category of courses.

Reason for requested action: The current program requires that the students take at least two courses from each of three categories: Theory, Systems, and Applications. The current lists of courses for these categories do not include recently introduced courses and certain courses left out in the previous revision. These changes will update these course lists.

ON-CALL ARCHITECTS AND ENGINEERS QUARTERLY REPORT

In June 1999, the Board authorized a group of architectural and engineering firms to provide professional services required for small projects; and in July 2001, twelve additional architectural firms and seven additional civil engineering and surveying firms were added to this pool of on-call consultants. The terms of service for all of these on-call consultants expired at June 30, 2004; however some professional services authorized prior to the expiration date were completed during the first quarter of fiscal year 2005, and some are underway.

In May 2004, the Board authorized a new group of architectural and engineering firms to provide professional services for small projects.

The work completed during the first quarter of fiscal year 2005 by on-call architectural and engineering firms in both groups described above is summarized below.

ON-CALL CONSTRUCTION-RELATED SERVICES QUARTERLY REPORT

In December 2000, the Board of Regents authorized the administration to award a contract to Warden Construction of Stillwater for on-call construction-related services for the Norman, Health Sciences Center and Schusterman Center campuses. It was indicated the administration would provide a quarterly report to the Board for all work completed, as well as seek prior Board approval for any project with an estimated cost of \$125,000 or greater.

In September 2003, the Board added BOX Master Builders, L.L.C., of Tulsa for work on the Schusterman Campus, which allowed for greater flexibility and responsiveness to customer needs on that campus.

Work completed during the first quarter of fiscal year 2004/05 is summarized below.

<u>Building/Location</u>	<u>Project Description</u>	<u>Cost of Work</u>
For the Norman Campus:		
Couch Center	Install new carpet in the eleventh floor hallway and rooms 434W, 812E, 711E and 717E.	\$ 7,730
3200 Marshall Avenue	Install new carpet in various areas of the second floor.	9,896
Coats Hall	Modify the HVAC system in the Crowe and Dunlevy room.	6,449
Viersen Gymnastics Center	Replace two fifteen-ton rooftop air conditioning units.	30,689
Fred Jones Art Museum	Install 2024 linear feet of wood base.	5,805
Adams Center	Replace carpet in ten dorm rooms.	8,178
Yorkshire Apartments	Replace carpet in seven apartments.	5,935
Couch Center	Install HVAC system for the first floor computer room.	28,002
Lloyd Noble Center	Remove and reinstall rest room dividers.	\$ 1,875
Cate Center Dorm 3	Remove a wall in the Lawson House RA's office.	1,514
Press Distribution Building #2	Replace a section of concrete sidewalk.	1,731
Press Distribution Building #2	Renovate an area of the warehouse.	73,012
Walker Center	Install new carpet in the first floor Housing and Food Services offices.	14,154
Physical Sciences Center	Repair the walls, paint and install new carpet in rooms 712, 713 and 719.	1,729

December 6, 2004		29413
Engineering Lab Building	Remodel suite 144.	8,498
Walker Center	Remodel rooms 131 and 133.	8,525
Monnet Hall	Paint rooms 555 and 556.	1,360
Oklahoma Memorial Union	Repairs/renovations of Wendy's dining room.	2,870
Gaylord Family-Oklahoma Memorial Stadium	Install HVAC system in the Gomer Jones Cardiac Care Center	23,738
Gaylord Family-Oklahoma Memorial Stadium	Replace three doors in visiting team's locker room.	1,212
Oklahoma Memorial Union	Repair the brick wall and loading dock area.	23,419
Lindsey Street	Install 720 feet of new sixteen-inch water pipe.	124,969
For the Health Sciences Center:		
State of Oklahoma Mental Health Building	Run new electrical supply to building.	46,431
Biomedical Sciences Building	Remodel of room 305A.	14,556
College of Nursing	Install ceramic tile.	36,917
Student Pavilion	Installation of flume with curbs and hand rails.	17,708

QUARTERLY FINANCIAL ANALYSIS

By request of the Board of Regents, the Quarterly Financial Analysis for the three months ended September 30, 2004 is presented. The detailed information upon which the attached Executive Summary is based was distributed separately to the Regents prior to the December meeting. Detailed schedules are attached hereto as Exhibit F. The following comments were submitted for consideration.

QUARTERLY FINANCIAL ANALYSIS
for the three months ended September 30, 2004

EXECUTIVE SUMMARY

Highlights from the Quarterly Financial Analysis (QFA) for the three months ended September 30, 2004 are presented below for information only. For more detailed information, see the QFA report which was provided separately to the Regents prior to the December meeting.

ALL FUNDS, COMBINED

- Available resources of \$325.7 million exceeded expenditures of \$283.0 million, resulting in a net increase of \$42.7 million.

NORMAN CAMPUS

- Total available resources of \$196.7 million exceeded expenditures of \$158.6 million, resulting in a net increase of \$38.1 million.
- Education and General resources of \$116.2 million exceeded expenditures of \$80.3 million, resulting in a net increase of \$35.9 million.
- Of the fifteen major auxiliary enterprises and services units (those generating year-to-date revenues of \$500,000 or more), thirteen are reporting net increases to the bottom line. The two reporting decreases have accumulated sufficient reserves to fund their respective losses.

HEALTH SCIENCES CENTER

- Total available resources of \$129.0 million exceeded expenditures of \$124.4 million, resulting in a net increase of \$4.6 million.
- Education and General resources of \$38.7 million exceeded expenditures of \$30.4 million, resulting in a net increase of \$8.3 million.
- Of the three major auxiliary enterprises and service units (those generating year-to-date revenues of \$500,000 or more) two are reporting net increases to the bottom line. The unit reporting a decrease, Computing Services, has accumulated sufficient reserves to fund their loss.
- Professional Practice Plan (PPP) resources of \$47.3 million trailed expenditures of \$49.8 million, resulting in a net decrease of \$2.5 million.

This item was presented for information only. No action was required.

QUARTERLY REPORT OF PURCHASES

The Board of Regents' policy governing the buying and selling of goods and services states that:

- I. Purchases and/or acquisition of goods and services over \$125,000 must be submitted to the Board for prior approval; and

- II. Purchase obligations between \$50,000 and \$125,000 must be reported quarterly to the Board as an information item. Sole source procurements in this category must also be reported and identified as such.

The quarterly report for II above is attached hereto as Exhibit G.

This report was for information only. No action was required.

REGENTS' FUND QUARTERLY FINANCIAL REPORT

This summary report is provided in accordance with The University of Oklahoma Board of Regents' policy. The summary highlights all of the financial activity within the Regents' Fund during the three months ended September 30, 2004. Detailed schedules are attached hereto as Exhibit H.

REGENTS' FUND QUARTERLY FINANCIAL REPORT September 30, 2004

EXECUTIVE SUMMARY

Highlights from the Regents' Fund Quarterly Financial Report for the three months ended September 30, 2004 are presented below for information only.

ALL FUNDS

- As of September 30, 2004, the Regents' Fund consisted of 170 individual funds with a combined net market value of approximately \$71.5 million.

CONSOLIDATED INVESTMENT FUND (CIF)

- Cash and investments held by the CIF at September 30, 2004, had a net market value of \$50.1 million, which is up \$1.1 million (2.2%) from June 30, 2004.
- During the quarter ended September 30, 2004, the CIF realized a total return of -0.1%, trailing the benchmark return of 0.1% by 20 basis points.
- During the year ended September 30, 2004, the CIF realized a total return of 13.4%, which exceeded the benchmark return of 11.0% by 230 basis points.

SHORT-TERM INVESTMENT FUND (STIF)

- Cash and investments held by the STIF at September 30, 2004, had a net market value of \$19.2 million, which was up \$1.5 million (8.8%) from June 30, 2004.
- During the quarter ended September 30, 2004, the STIF realized a total return of 0.8%, which exceeded the benchmark return of 0.4% by 40 basis points.
- During the year ended September 30, 2004, the STIF realized a total return of 2.0%, which exceeded the benchmark return of 1.2% by 80 basis points.

This item was presented for information only. No action was required.

FURNITURE FOR THE ROBERT M. BIRD HEALTH SCIENCES LIBRARY - HSC

The Robert M. Bird Health Sciences Library is a focal point of student academic life for all the colleges at the Health Sciences Center. As a central part of the student academic experience, it is important that this space is complemented with new furniture and accessories appropriate for the space and supporting its intended use. Steve Callahan Designs has provided excellent work at Boyd House, the Oklahoma Memorial Union, Cate Center Honors College addition, the Student Union at the Health Sciences Center, and Coats Hall. Because of the unique nature of this company's services, it is recommended this company be engaged to assist with the interior design and to locate and purchase furniture and accessories for the Library. Current plans include new furnishings and accessories on the Third and Fourth Floors as well as in the Lobby area on the Second Floor. New carpet and flooring will be installed, and electrical changes will be made for new light fixtures and computer outlets.

The following process is proposed: The company will provide design services, including recommendations on which furnishings and accessories are best suited for the student commons space. Upon acceptance by the University of these recommendations, the firm will locate suitable furniture and accessories and submit a cost proposal for approval. Upon verification of the competitiveness of the proposal, the University will issue purchase orders for the items, thereby authorizing Steve Callahan Designs to initiate delivery of the items.

Funding is identified, set aside, and is available in the Provost Office, to be reimbursed by the OU Foundation.

President Boren recommended the Board of Regents authorize the President or his designee to award purchase orders in a total amount not to exceed \$400,000, to Steve Callahan Designs of Oklahoma City, for interior design assistance and acquisition of furnishings and accessories to be used for the Robert M. Bird Health Sciences Library.

Regent Everest moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

PROPOSALS, CONTRACTS AND GRANTS

In accord with Regents' policy, a list of awards and/or modifications in excess of \$100,000 or that establish or make policy for the University, or that otherwise involve a substantial or significant service to be performed by the University are shown on the following pages. Comparative data for fiscal years 1999 through 2004, and current month and year-to-date, are shown on the graphs and tables attached hereto as Exhibit I.

The Provisions of Goods and Services policy provides that new contracts and grants in excess of \$100,000 must be referred to the Board of Regents for ratification. In addition, in the event a contract, grant, document or arrangement involved would establish or make policy for the University, or would otherwise involve a substantial or significant service to be performed by the University, that contract, document or arrangement shall be referred to the Board of Regents for approval.

	FY04 Total Expenditures		FY04 Year-to-Date Expenditures	FY05 Year-to-Date Expenditures
UNIVERSITY OF OKLAHOMA	\$210,659,977		\$52,362,764	\$57,818,192
NORMAN CAMPUS	\$120,890,324		\$32,455,634	\$31,657,483
HEALTH SCIENCES CENTER	\$89,769,653		\$19,907,130	\$26,160,709

President Boren recommended the Board of Regents ratify the awards and/or modifications for August and September 2004 submitted with this Agenda Item.

Regent Everest moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

POST-SEASON ATHLETIC CONTEST - NC

Arrangements necessary for the University's participation in a bowl game must be made prior to the next Regents' meeting; therefore, it is necessary to seek authorization for the President, the Athletic Director or their designee to award purchase orders and sign contracts associated with the University's participation in a bowl game. Provisions outlined in Regents' policies regarding post-season athletic contests will be followed. Additionally, an agreement with The University of Oklahoma Foundation to advance bowl-related expenses is required to facilitate the contracts, purchase orders and arrangements necessary for the University's participation in a post-season bowl game.

President Boren recommended the Board of Regents:

- I. Authorize the President, the Athletic Director, or their designee to award purchase orders and sign contracts associated with The University of Oklahoma's participation in a post-season bowl game; and
- II. Authorize the President, the Athletic Director, or their designee to negotiate an agreement with The University of Oklahoma Foundation to advance bowl-related expenses as required.

Regent Everest moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

INFORMATION TECHNOLOGY INFRASTRUCTURE CABLE FOR THE NATIONAL WEATHER CENTER - NC

At the June 2003 meeting, the Board of Regents awarded the contract for construction of the National Weather Center (NWC). The NWC is the flagship building of the new Research Campus, supporting the mission of education, research and technology transfer. Occupants include the National Severe Storms Laboratory, National Oceanic Atmospheric Administration, National Weather Service and its subsidiaries, and the University's College of Geosciences, comprising a total of approximately 800 people. This state-of-the-art facility will house existing programs and foster the establishment of new ones.

This action is the first of several IT projects required to support the NWC. The IT infrastructure requested includes fiber and Ethernet cable to be used for the NWC's interior cable plant, and will accommodate the massive amounts of data the aforementioned organizations collect, analyze and disseminate.

In response to a competitive solicitation, the following firms responded:

Anixter, Inc.	Tulsa
Dane and Associates Electric	Oklahoma City

The evaluation committee comprised the following individuals:

Don Carter, Administrator, Physical Plant
 Craig Cochell, Analyst, Information Technology
 Florian Giza, Technology Team Manager, Purchasing

The evaluation criteria were: meeting specifications and price.

The results of the evaluation were as follows:

	Meets Specifications?	Total Price
Anixter	yes	\$315,000
Dane	yes	\$346,500

The evaluation team determined that award to Anixter of Tulsa, the low bidder, represents best value to the University.

Funding has been identified, is available and set aside, within the National Weather Center construction project budget.

President Boren recommended the Board of Regents authorize the President or his designee to award a contract in the amount of \$315,000 to Anixter, Inc. of Tulsa, the low bidder, for Information Technology (IT) infrastructure cable for the National Weather Center (NWC).

Regent Stuart moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

NEWSROOM MEDIA SHARED STORAGE AND EDITING NETWORK FOR THE GAYLORD COLLEGE OF JOURNALISM AND MASS COMMUNICATION - NC

At the March 2004 meeting, the Board of Regents authorized the acquisition of an integrated audio-visual system for the Gaylord College of Journalism and Mass Communication. This system consists of classroom instructional/presentation technologies that interface with the basic print and broadcast production infrastructure of the building creating a unique professional teaching and learning environment. Faculty and students are able to display and critique professionally produced media and student media products in any classroom in the building. To complement these systems, the college is in need of a newsroom media shared storage and editing network.

The Avid Unity System is a scalable, shared storage network that allows the exchange and management of digital video files. The Avid system allows file storage, automated incorporation of news wires and stories, and seamless integration with the college's existing Avid editing systems. This technology enables information to be brought into the system from external news sources, then modified, and provided rapidly to the on-camera reporter.

A competitive solicitation was not indicated for this proposed acquisition because the Avid Unity System is the only one that has been demonstrated to integrate cleanly and without technical problems with the systems currently in use in Gaylord Hall and Copeland Hall. Other systems are known to create problems with Avid internal drives and drivers, whereas the Avid Unity System integrates seamlessly with the proprietary software in the new and existing Avid editors. Because of this compatibility, operational training for faculty, students and staff and routine maintenance and IT support can be accomplished more efficiently. The Avid Unity system is marketed through Avid Technology, Inc. only, and not through outside vendors.

Funding has been identified, is available and set aside within the Gaylord College of Journalism and Mass Communication.

President Boren recommended the Board of Regents authorize the President or his designee to award a contract in the amount of \$253,131 to Avid Technology, Inc. of Tewksbury, Massachusetts, sole source bidder, for a newsroom media shared storage and editing network.

Regent Austin moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

ONLINE ENROLLMENT SOFTWARE DEVELOPMENT - NC

Information Technology is in need of external technical resources to develop software in support of online enrollment for students. The University's online enrollment system is rapidly approaching end of life, placing at risk the ability to successfully register students. It is imperative that action is taken to replace the unsupportable system with a state-of-the-art enrollment system that is sustainable for a long term.

The Purchasing Department, through a competitive process with action approved at the September 2004 meeting of the Board of Regents, has identified companies that may be used for this project.

From that approved group of companies, Information Technology has identified Exeter Group, Inc. as having the best-matched expertise and personnel available to support the software development for the online enrollment project. Negotiation with Exeter has resulted in appropriate specifications and pricing for this project, representing best value to the University.

Funding has been identified, is available and set aside within the Information Technology budget.

President Boren recommended the Board of Regents authorize the President or his designee to award a contract in an amount not to exceed \$306,000 to Exeter Group, Inc. of Cambridge, Massachusetts for online enrollment software development.

Regent Wade moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

GENETIC ANALYZER - NC

The Zoology Department is in need of the proposed genetic analyzer to perform DNA sequencing and genotyping. The proprietary chemistry available only from Applied Biosystems and used for DNA analysis is world-recognized as the most advanced in the industry, and is used almost exclusively in labs throughout the University. The genetic analyzer requested herein is compatible with DNA sequencers currently used, thus ensuring efficient testing results for which comparability is not in question. Projects being conducted by faculty and graduate students have been optimized to use the chemistry and software available from Applied Biosystems.

After ten years of extensive use, Applied Biosystems' products have been determined to provide best value to the University due to the advanced chemistry, operating speed and common use in DNA research. No other providers meet the specifications. Accordingly, a solicitation seeking other brands of analyzers was not deemed appropriate. Although products from Applied Biosystems are higher in price than other brands of genetic analyzers, University faculty and researchers regard them as most beneficial and valuable to the integrity of their work.

Funding has been identified, is available and set aside within the Zoology Department budget.

President Boren recommended the Board of Regents authorize the President or his designee to award a contract in the amount of \$182,375 to Applied Biosystems of Foster City, California, on a sole-source basis, for a genetic analyzer.

Regent Everest moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

ROOF REPLACEMENT FOR BURTON HALL - NC

The roof of Burton Hall on the Norman campus is in critical need of replacement. The existing roof leaks in several places, and damage to furniture and equipment has been experienced. This crucial requirement must be satisfied immediately to assure the mission accomplishment of the various academic departments housed within the building.

Oklahoma Roofing and Sheet Metal is the only roofing contractor available through the State roofing contract, for the geographical region encompassing the Norman campus. The company was awarded the contract based on a competitive solicitation, which satisfies the Board of Regents' Policies and Procedures with regard to competition relative to the acquisition of products and services. Because of the urgent need of the repairs, University administration has determined that the typical process of (1) engaging a consultant to assess the roof and then developing design documents for a formal competitive bid, and (2) competitively bidding the work based on such documents, will unnecessarily prolong the impaired state of the roof and subject the building's contents and occupants to further risk. Previous University experience with Oklahoma Roofing and Sheet Metal has been excellent, and the company employs qualified architects and engineers who have extensive experience in diagnosing roofing problems and in developing effective and durable solutions. By using Oklahoma Roofing and Sheet Metal via the State contract, significant administrative time and cost will be avoided.

Funding has been identified, is available and set aside within student facility system reserves.

President Boren recommended the Board of Regents authorize the President or his designee to negotiate and award a contract in an amount not to exceed \$350,000, to Oklahoma Roofing and Sheet Metal of Oklahoma City, available through the State roofing contract, for roof replacement on Burton Hall.

Regent Stuart moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

INSTRUCTIONAL/TRAINING AIRCRAFT PURCHASE

I. AWARD OF CONTRACT

The existing fleet of Piper Seneca twin engine aircraft currently utilized by the University's Department of Aviation is in need of replacement. One is owned by the University, the other is leased. Though maintained and in full compliance with Federal Aviation Administration (FAA) standards; the average age is 31 years and does not provide the full avionics that students need. The planes are also used for GPS testing, charter flights and FAA refresher training for pilots. Replacement of these planes with new aircraft will provide students the opportunity to train in aircraft representative of those they will most likely pilot upon completion of training.

The acquisition criteria will be (1) anthropometric accommodation (cabin's ability to accept the size and weight of personnel using the plane), (2) maintenance training costs, (3) instructor training costs, and (4) aircraft cost.

II. AND III. MASTER LEASE-PURCHASE PROGRAM

The Oklahoma State Regents for Higher Education (OSRHE) implemented the Master Lease-Purchase program to facilitate for Oklahoma colleges and universities acquisitions of long-lived assets using the lease-purchase method. OSRHE submits funding requirements periodically through the State of Oklahoma *Council of Bond Oversight* and the *Oklahoma Development Finance Authority*, the conduit financing agency, and assists in developing and executing an appropriate plan of financing. Institutions service the bond debt using current operating funds. Certain dollar limits and useful life requirements must be met for an acquisition to qualify for the program. This service provided by OSRHE greatly reduces the time and effort that otherwise would be required for an institution to finance the acquisition of a major asset. A

Reimbursement Resolution by the Board is required in the event-because of timing-University funds must be used for the original acquisition, and reimbursement is needed from the lease proceeds. This Resolution constitutes a declaration of official intent as is required by the reimbursement regulations set forth in Regulation Section 1.150-2 of the Internal Revenue Code.

Funding has been identified, set aside and is available from a combination of (1) land sale proceeds, (2) proceeds from the sale of the University-owned twin engine aircraft, and (3) Master Lease proceeds.

President Boren recommended the Board of Regents:

- I. Authorize the President or his designee to negotiate and award a contract in an amount not to exceed \$2,500,000 for the acquisition of three twin engine aircraft for the University's Department of Aviation, and to report the results to the Board at the earliest opportunity;
- II. Authorize the President or his designee to submit the above acquisition for inclusion under the Oklahoma State Regents for Higher Education Master Lease-Purchase Program; and,
- III. Recognize and acknowledge that the University may fund certain costs of the above project prior to delivery of purchase proceeds from its own funds and to the extent the University utilizes its own funds for said purposes, it is intended that proceeds of the Master Lease-Purchase Program will be utilized to reimburse the University.

Regent Austin moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

INTERIM DEAN, HONORS COLLEGE

Because the current Interim Dean of the Honors College wishes to return his full attention to serving as Chair of the History Department effective July 1, 2005, we seek a new individual to assume the Deanship of the Honors College. We have identified an extraordinary internal candidate, who has built a reputation for engaging our undergraduates in the life of the mind.

Robert Con Davis Undiano, currently holds the titles of Delores K. and Walter Neustadt, Jr. Professor of Comparative Literature, Executive Director of *World Literature Today*, and Professor of English. He joined The University of Oklahoma in 1981 as an Assistant Professor in the English Department after earning his Ph.D. in American Studies at the University of California at Davis. In his twenty-four years at the University of Oklahoma and more recently, during his four years at World Literature Today, Dr. Davis has established a reputation for his commitment to students, earning him a national recognition in 2003 with the Excellence in Teaching Award by the Association of University Continuing Education Association. At WLT, he has worked to further involve students interested in literature, culture and other subjects relating to the humanities, establishing student fellowships and an annual student writing prize as well as creating a student advisory board. He has been named a Presidential Professor (1999) and received the 2004 Otis Sullivant Award for Perceptivity. Students routinely give glowing testimony to the impact he has had on their education; and he is particularly known for the care and attention he brings to his work with the Latino and Hispanic students on this campus. Colleagues across campus both faculty and staff know him as a bridge builder and collaborator in all University endeavors.

President Boren recommended the Board of Regents approve the appointment of Robert Con Davis Undiano as Interim Dean, Honors College.

Regent Stuart moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

LITIGATION

This item was included in the agenda for the purpose of meeting with General Counsel in executive session for a report on pending and possible litigation. No executive session was held, and there was no report.

REQUEST TO AMEND STUDENT ALCOHOL POLICY

Because of the sudden and apparent increase in student binge-drinking and the resulting death or injuries, particularly those students involved in the Greek system, the University organized a community task force to assist it in composing the Policy designed to combat and discourage alcohol abuse and misuse by students. These deaths and injuries have become so prominent that the President has deemed it an emergency to implement the attached Policy immediately.

The University administration, in conjunction with the Advisory Committee on Underage Drinking and Alcohol Abuse and with the input of concerned citizens, students, student groups and Student Congress, has composed the Policy in an effort to curtail alcohol misuse and abuse. The University hopes to encourage the national groups of student organizations and the Greek system to implement similar policies with respect to their members to buttress the effects of the Policy.

The rationale behind the above Policy is based on studies conducted by the National Institutes of Health and the Harvard School of Public Health which indicate that there is a strong relationship between binge drinking and the availability of alcohol in housing including Greek system housing. (*Citation: Task Force on College Drinking supported by the National Institute on Alcohol Abuse and Alcoholism. Binge Drinking on America's College Campuses, Harvard School of Public Health*). Binge drinking is defined as a male who consumed five or more drinks in a row or a female who consumed four or more drinks in a row at least once in a two-week period. Studies show those binge drinkers are far more likely to be involved in alcohol poisoning deaths, car accidents and other accidental deaths as well as declining grades and academic achievement. Further, the University will enhance the University's statement on prohibited hazing activities by any campus organization patterned on a model used at The University of North Carolina. An anonymous, confidential hotline will be established where violations of the anti-hazing and dry fraternities and residence hall policies may be reported. The University will expand alcohol education programs and require all entering students to complete these programs to remain in good standing. This year these programs already reached the large majority of new students, but it will be required of all new students. Attendance at these programs shall be mandatory before any student will be eligible to participate in sorority or fraternity recruitment. The cooperation of student leaders will be sought, including the Interfraternity Council, Panhellenic Council, National Pan-Hellenic and Latino Greek Council as well as national/international leadership of Greek organizations with OU chapters. The University will

seek to work with these organizations in collaborative fashion. The University will enhance the SafeRide program by seeking to establish a voucher system with a local taxi or public transportation company to provide safe rides to discourage drinking and driving.

POLICY

- (1) All fraternities and residence halls will be dry. Sororities are already dry. Alcoholic beverages will not be allowed inside Greek houses and OU dormitories or on the grounds surrounding them. Fraternity officers and members will sign an agreement to abide by this policy which will be strongly enforced. Enforcement for Campus alcohol violations and punishments will be increased.
- (2) To curtail alcohol abuse on and off Campus, the University will adopt a mandatory, minimum "3 Strikes" policy. Attached hereto. The first alcohol violation, whether off Campus or on Campus, automatically will result in appropriate parent/guardian notification and further alcohol education. A second offense will also automatically carry parent/guardian notification and an appropriate sanction. A third violation will result in automatic suspension from the University for a minimum of one semester. Parents/guardians will be informed of this policy at the time their son or daughter enrolls at OU.
- (3) Parties at which alcohol is served that are sponsored by Campus-affiliated student organizations shall be restricted to only Friday nights and Saturday nights.
- (4) Transportation to and from off-Campus parties sponsored by Campus-affiliated student organizations shall include designated drivers or bus transportation provided by the sponsoring group. Those attending in private vehicles will be required to check car keys at the door and meet an appropriate sobriety standard before being allowed to drive themselves home.
- (5) Further expand alcohol education programs and require all entering students to complete these programs to remain in good standing. Attendance at these programs shall be mandatory before any student will be eligible to participate in sorority or fraternity recruitment.
- (6) An anonymous, confidential hotline will be established where violations of the anti-hazing and dry fraternity and dormitory policies may be reported.
- (7) Unregulated "Summer Rush" conducted by fraternities will be strictly prohibited. A limited number of publicly announced pre-registered dry events may be allowed in the period prior to formal fraternity recruitment. The events shall be attended by members of Interfraternity Council and monitored by alumni members of the organization.
- (8) Campus-affiliated student organizations will be required to present a plan annually for organizationally-sponsored events prior to any activities at which alcohol is served.
- (9) The Greek system will enhance the University's statement on prohibited hazing activities. Fraternity and sorority officers will sign a pledge to abide by this policy and report violations. It also will be provided to pledges/associate members who will sign a statement promising to report violations. This statement on prohibited hazing activities also will be given to the pledge's parents/guardians, who will be urged to report any violations.
- (10) The University will establish a formal relationship with licensed alcohol counselors for immediate student referrals.
- (11) The University will enhance the SafeRide program by seeking to establish a voucher system with a local taxi or public transportation company to provide safe rides to discourage drinking and driving.
- (12) Because of the critical student health and safety issues, any conflicting policy or process will be waived.

Recommended Sanctions
The University of Oklahoma's 3 Strikes Policy

The following mandatory, minimum sanctions will be administered for violations of the University of Oklahoma's alcohol policies. Based upon the severity of the infraction, the University reserves the right to impose any additional sanction at any time as set forth in this policy or the Student Code of Responsibilities and Conduct for the Norman Campus.

Individual Sanctions

Any offense by an individual student remains part of the individual's "3 Strikes" record until graduation. If a student is suspended after the "3rd Strike" and is readmitted to the University of Oklahoma, the student is readmitted with "2 Strikes."

1st Offense – Minimum Sanctions

- Parent/guardian notification via return receipt, certified mail
- \$75 fine
- Satisfactorily complete a defined alcohol education program
- A written reprimand for violation of specified regulations, including the possibility of more severe disciplinary sanctions in the event of the finding of a violation of any institution regulation within a stated period of time. This type of action does not restrict the student in any way. Upon fulfillment of all sanctions, the censure shall be removed from the student's individual educational record yet remain a record in the Vice President's office until the student's graduation from the University of Oklahoma.

2nd Offense – Minimum Sanctions

- Parent/guardian notification via return receipt, certified mail with a follow-up telephone call
- \$150 fine
- Satisfactorily complete an approved alcohol counseling program
- Satisfactorily complete 20 hours of approved community service
- A written notice of exclusion from participation in privileged or extracurricular institution activities (including Greek life and campus organized campus activities) set forth in the notice for a specified period of time. Other conditions of the probation may apply to any other activities of the student in the University Community, except those which would affect his or her academic pursuits. Upon fulfillment of all sanctions, the disciplinary probation shall be removed from the student's individual educational record yet remain a record in the Vice President's office until the student's graduation from the University of Oklahoma.

3rd Offense – Minimum Sanctions

- Parent/guardian notification via return receipt, certified mail with a follow-up telephone call
- Automatic Suspension: Exclusion from classes and other privileges or activities as set forth in the notice for a minimum of one full semester, either fall or spring.

Organization Sanctions

Organizational sanctions will be administered based on the possession and use of alcohol in an organization's resident facility or the illegal use of alcohol at an event which was endorsed, organized or sponsored by the organization when in either case the organization itself knew, or should have known, of such use and failed to take appropriate action.

Any offense by the group remains part of the organization's "3 Strikes" record for a period of three calendar years.

1st Offense – Minimum Sanctions

- A minimum fine of \$500 or a per capita rate of \$1 to \$20, based on the organization's membership at the time of the offense
- 100% of membership complete a defined alcohol education program
- An aggregate community service requirement for the organization of 10 to 25 hours per capita, based on the organization's membership at the time of the offense. Under ordinary

circumstances pledges or associate members will not be included in fulfilling the requirements of this sanction.

- Censure: A written reprimand for violation of specified regulations, including the possibility of more severe disciplinary sanctions in the event of the finding of a violation of any institution regulation within a stated period of time. This type of action does not restrict the organization in any way.

2nd Offense – Minimum Sanctions

- A minimum fine of \$1,000 or a per capita rate of \$5 to \$20, based on the organization's membership at the time of the offense
- 100% of membership complete a defined alcohol education program
- An aggregate community service requirement for the organization of 10 to 25 hours per capita, based on the organization's membership at the time of the offense. Under ordinary circumstances pledges or associate members will not be included in fulfilling the requirements of this sanction.
- Disciplinary Probation: Exclusion from participation in privileged or extracurricular institution activities set forth in the notice for a period of time specified. Other conditions of the probation may apply to any other activities of the organization in the University Community, except those which would affect organization's academic pursuits.

3rd Offense – Minimum Sanctions

- A minimum fine of \$1,500 or a per capita rate of \$10 to \$20, based on the organization's membership at the time of the offense
- 100% of membership complete a defined alcohol education program
- An aggregate community service requirement for the organization of 10 to 25 hours per capita, based on the organization's membership at the time of the offense. Under ordinary circumstances pledges or associate members will not be included in fulfilling the requirements of this sanction.
- Organizational suspension for a minimum of one year with University approval before the organization is reinstated.

Recommended Enforcement of The University of Oklahoma's 3 Strikes Policy

Definition of "Strike"

1. A conviction of, or a deferred sentence for, an alcohol-related¹ offense.
2. A University finding of an on-campus alcohol related misconduct, including, but not limited to, sanctions as set forth in Title 17 of the Student Code of Conduct, Student Alcohol Policy, incident reports and citations.

Reporting Mechanisms

The University of Oklahoma will consider any of the following appropriate notification to implement an investigation and possible imposition of the 3 Strikes Policy. The policy may be enforced on individual students and recognized university student organizations (including, but not limited to, fraternities and sororities):

1. A police report from the University of Oklahoma Police Department; or
2. A police report from the Norman Police Department (this will require that NPD notifies the University of Oklahoma of any alcohol violation). NPD may make no assumptions by age or

¹ *Alcohol offenses and misconduct* shall include but not be limited to minor in possession, public intoxication, manufacture, use or possession of false identification, driving under the influence, driving while intoxicated, actual physical control and involvement in a crime while under the influence.

residence as to whether an individual charged with an alcohol offense is an OU student. University of Oklahoma staff will seek to determine OU student status; or

3. Reports from other law enforcement agencies that are received by the University of Oklahoma; or
4. Notification by an OU official that an alcohol violation has occurred; or
5. Any other information that comes to the attention of appropriate university officials.

President Boren recommended the Board of Regents approve the Student Alcohol Policy (the "Policy") listed above, and authorize the President or his designee to modify, as necessary, for relevant considerations where such considerations further the spirit and intent of the Policy, and upon such action, implement the Policy and insert the adopted Policy in the appropriate place in the relevant University policy manuals and handbooks,

Regent Stuart moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

MAX WESTHEIMER AIRPORT GENERAL AVIATION APRON RECONSTRUCTION - NC

The Max Westheimer Airport Improvements project identifies rehabilitation of aircraft aprons as a necessary improvement. At the September 2004 meeting, the Board of Regents ratified acceptance by the University administration of a grant of approximately \$1,940,000 from the Federal Aviation Administration (FAA) for reconstruction of a portion of the general aviation apron. The Board also authorized the administration to award a contract in the amount of \$1,508,070 to TTK Construction Co., Inc. for construction of the Max Westheimer Airport General Aviation Apron Reconstruction project. The contract was awarded and construction commenced on October 18, 2004.

The actual maximum obligation of funds from the FAA for the project was established at \$2,095,000. The amount of the contract awarded to TTK Construction Co., Inc. is significantly lower than the engineer's estimate that was utilized in preparing the Request for Federal Assistance. At this construction amount, significantly less than the full grant amount would be required to fund the project. Subsequently, the FAA has agreed to allow the project scope of work to be expanded to fully utilize the available grant funds. This addition to the scope, which will not exceed \$500,000, will allow the University to rehabilitate approximately 10,600 square yards of additional concrete paving. Accordingly, the construction contract amount will need to be increased to an amount not to exceed \$2,008,070 (\$1,508,070 + \$500,000).

The bids for construction were submitted on the basis of unit prices and quantities needed for the original scope of work. The cost of the additional scope of paving work will be based on the same unit prices as bid. As such, a change order for the additional scope of paving construction will be issued to TTK Construction Co., Inc. The revised construction cost and other eligible project costs are estimated not to exceed \$2,205,263. The FAA grant of \$2,095,000 will provide 95 percent of the project funding, with five percent (\$110,263) provided from Airport auxiliary funds.

President Boren recommended the Board of Regents authorize the University administration to modify the scope of work and increase the amount of the construction contract

awarded to TTK Construction Co., Inc. of Edmond for the Max Westheimer Airport General Aviation Apron Reconstruction project by an amount not to exceed \$500,000, to an overall contract amount not to exceed \$2,008,070.

Regent Everest moved approval of the recommendation. The following voted yes on the motion: Regents Everest, Austin, Clark, Stuart, Weitzenhoffer and Wade. The Chair declared the motion unanimously approved.

There being no further business, the meeting adjourned at 4:09 p.m.
