COMMENCEMENT
SPRING 2020

LETTER FROM THE PRESIDENT

Dear Graduates,

Today you join an elite group of individuals consisting of less than seven percent of the world's population. You, like they, have earned a college degree. This is a significant moment for you, your family, the university and society.

Your walk across the "virtual" stage today is symbolic of your journey to this moment, although it is not your final destination. Hard work, sacrifice and discipline have facilitated your achievement along with the support and encouragement of people close to you. We take this moment to recognize the time and effort that culminate in this accomplishment.

My hope for you is that your mind and perspective have been positively transformed during your time at UCO. I encourage you to carry our values of

character, community and civility with you as you go forward and become leaders and engaged citizens in this world.

On behalf of the entire University of Central Oklahoma community, I wish you the best as you complete your time as a student and now welcome you as a treasured alum. As an alum, you are essential to helping the university reach others who would benefit from the life changing experience of education. The mantle has been passed to you. I invite you to light the path for others.

Patti Neuhold-Ravikumar
President

THE HISTORY OF THE UNIVERSITY OF CENTRAL OKLAHOMA

For 130 years, the University of Central Oklahoma's bedrock mission has been developing leaders for Oklahoma and the nation.

The university began in 1890 when the Oklahoma Territorial Legislature created the Territorial Normal School.

Five name changes later, UCO is a beautifully landscaped campus that welcomes nearly 15,000 students each semester. The university strives to meet the needs of those seeking a traditional campus atmosphere as well as the nontraditional student.

and its CHK|Central Boathouse on the Oklahoma River. The university also works to develop meaningful relationships with a variety of community groups to meet both their needs and those of our students.

Others notice. U.S. News & World Report again has ranked Central as one of the top colleges and universities in the nation. Central also was the state's only public higher education institution to be named to the "2019 Great Colleges to Work For" by The Chronicle of Higher Education. Underscoring its commitment to offer value to students, Central recently was ranked No. 75 on the College Consensus list of the "100 Most Affordable Colleges and Universities" in the nation.

As Oklahoma's third-largest state university, Central has evolved into six colleges, including the Jackson College of Graduate Studies, all with nationally recognized programs, including Nursing, Forensic Science, Accounting, Physics, Graphic Design and more. The university offers 121 majors for bachelor's degrees and 76 for master's. It's accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools.

Central remains an institution where learning comes first and where students enjoy personal relationships with faculty and staff who are committed to transforming lives.

Its mission was to educate teachers for the one-room schoolhouses being built across the growing territory.

Central's first students — a class of 23 — met in the basement of Edmond's Methodist Episcopal Church. In 1893, they moved into the school's first building, Old North, reopened in 2017 after being closed since 2001 for extensive repairs.

Central also welcomes the role of being Oklahoma's major metropolitan university, purposefully combining the needs of students with those of the larger area. No longer just an Edmond campus, Central enjoys a presence in several areas of the metro, including its Academy of Contemporary Music at UCO (ACM@UCO) in Bricktown, its downtown Oklahoma City facilities with classrooms in the Carnegie Centre

CLASS MARSHALS - SPRING 2020

Each of the University of Central Oklahoma's five undergraduate colleges awards a graduating senior the title of "Class Marshal." These five students have the highest grade point averages and number of Central credit hours in their respective colleges.

The honorees each receive a Class Marshal stole, signifying the highest degree of academic excellence. First presented in 1994, the stoles have become a UCO tradition, later enhanced by the bronze Class Marshal gown.

The following are the Class Marshals for the Spring 2020 Commencement:

Kathleen Brown is a management information systems and forensic science major, with a 3.98 GPA, in the College of Business. Brown is a member of the UCO student chapter of Delta Delta Epsilon forensic science honor society, the Student Academy of Forensic Science, Delta Mu Delta business honor society and the Association of Information Systems. In addition to earning numerous scholarships, she also earned placement on the President's Honor Roll. Following graduation, Brown aims to join a law enforcement agency as a digital evidence examiner.

Brennah Kostelecky is a criminal justice and forensic science major, with a 4.0 GPA, in the College of Liberal Arts. Originally from Oklahoma City, she is a member of President's Leadership Council, the Student Academy of Forensic Science and the Criminal Justice Club. In addition to making the President's Honor Roll, she earned the Transfer Broncho Scholarship and W. Roger Webb Endowed Scholarship in Criminal Justice Award. Post-graduation, Kostelecky hopes to begin a career as an analyst at the Oklahoma State Bureau of Investigation's Forensic Science Center and eventually wants to pursue a master's degree in forensic science.

Katayla Mongold is a violin performance major, with a 4.0 GPA, in the College of Fine Arts and Design. A Lahoma, Oklahoma, native, Mongold is a member of Pi Kappa Lambda music honor society and a recipient of the Frank Nelson Scholarship for Collaborative Piano, the Dr. Ted Honea Academic Excellence Award, Presser Award and University Scholar Award. After graduation, Mongold plans to continue her education, earning a master's in collaborative piano and a doctorate in musicology, hoping to eventually work as a collaborative pianist and music history professor.

Kayley Pate is a biomedical science major, with a 4.0 GPA, in the College of Mathematics and Science. A graduate of Cleveland High School in Cleveland, Oklahoma, Pate is a member of the UCO Tri-Beta Biological Honors Society and Central's Pre-Medical/Health Professions Club. She received the College of Mathematics and Science Dean's, UCO Foundation Continuing Education, UCO Institutional Nominee, Marvin Mays Endowed and Carl Edward Northam Endowed Scholarships. She also earned an Academic Achievement Award for the Department of Biology and a Research, Creative and Scholarly Activities grant. After graduation, Pate will attend medical school at Tufts University School of Medicine and hopes to one day become a cardiothoracic surgeon.

Beronica Rico is a psychology major, with a 4.0 GPA, in the College of Education and Professional Studies. A graduate of Dove Science Academy in Oklahoma City, Rico plans to open her own insurance agency and get involved in real estate.

STUDENT TRANSFORMATIVE LEARNING RECORD (STLR)

Some of today's graduates have earned color-coded cords for achieving the highest level of transformation in one or more of five UCO tenets. These five tenets are represented as the following: Global and Cultural Competencies (orange), Health and Wellness (green), Leadership (blue), Research, Creative and Scholarly Activities (magenta), and Service Learning and Civic Engagement (purple).

STLR is an award-winning concept, developed at UCO and recognized by the U.S. Department of Education with a \$7.8 million grant. The program has gained national and international recognition for its ability to document student success with transformative learning that parallels an academic transcript, showing mastery in employability and citizenship skills.

Students build and enhance their record through submitting STLR-

tagged assignments, attending campus events, serving in STLR-tagged student groups and/or participating in outside-of-class projects. Their levels of achievements are assessed and validated by a UCO faculty or staff member.

Through STLR, students graduate with more than an academic degree. Students can show they've taken their education to a transformative level, gaining skills that can be applied in areas identified as being needed in today's workforce and in our metropolitan communities.

STLR Transformation graduates are recognized by tenet on the next pages and with STLR next to their names in the main list of graduates.

Note: UCO's sixth tenet, Discipline Knowledge, is recognized by students completing their academic degrees.
