By

Elsie Mistie Sterling (c. 1950)

ACKNOWLEDGEMENTS

This research would not have been possible without the help of many individuals and organizations who were exceptionally generous with their time, advice, information and funding.

Deepest thanks to Nancy Horn Roy of Little Rock, Arkansas, who purchased the Elsie Mistie Sterling Collection in 1985, and donated it to the Arts & Science Center for Southeast Arkansas in Pine Bluff. In 1986, Mrs. Roy donated the cost of framing thirty works from the collection. And in 1989, she provided the funds that made the long-time dream of this research a reality. Thank you, Mrs. Roy, for all of your help and for your profound concern for the state of the arts in Arkansas.

The law offices of Mitchell, Williams, Selig & Tucker, also of Little Rock, enabled the assembly and computerization of the Sterling Collection catalog and lent their legal help to expedite the acquisition of vital records on the Sterling-Mistie family. Special thanks to Diane Johnson for sharing her computer expertise in formatting the catalog and for her gentle patience with me, and to Janice Miller who entered those thousands of bits of data.

Without the botanical expertise of Robert S. Irving and N. Jay Justice, it would have taken me several years to identify all of the

species Elsie painted. Thanks also to Dr. Irving for his editorial help and advice.

A group of exceptionally nice people at the Missouri Botanical Garden, including Jeremy Bruhl, Joseph A. Ewan, Peter Goldblatt, Dale E. Johnson, Bruno Manara, John M. MacDougal, John Myers, Robbin C. Moran, Nancy R. Morin, Martha Riley, James C. Solomon, W. D. Stevens, George A. Yatskievych, and Kay Yatskievych, welcomed me and forty-three of Elsie's paintings to their veritable Eden. Their observations and comments about the paintings and the resources in the Garden's library were critical to my analysis of the collection. And they showed me a good time in St. Louis, too.

Thank you to the good people of Rogers, Arkansas, who shared their memories of the Sterling-Mistie family, and especially to the Rogers Historical Museum for making available their collection of Sterling-Mistie materials. Additional help in Northwest Arkansas came from the Benton County Clerk's Office, Benton Title & Abstract Co., Benton County Memorial Gardens, the Rogers-Hough Library, the Northwest Arkansas Morning News, the Southwest Times-Record, Andrea Cantrell of the University of Arkansas Library's Special Collections Department, and Clementine (Mrs. Dwight M.) Moore.

Thanks also to the Harlingen (TX) Public Library, the Pan American University Library in Edinberg, Texas, the James (MO) Memorial Library, the Library of Congress, the Barker Texas Historical Center of the University of Texas at Austin, the Case Western Reserve Historical Society, art appraisers C. Van Northrup and Elizabeth M. Blagbrough, Giles M. Fowler at the University of Iowa, James J. White

at the Hunt Institute for Botanical Documentation at Carnegie Mellon University, the Joplin (MO) Globe, the Rolla (MO) Daily News, the St. Louis Globe-Democrat, the St. James (MO) Leader-Journal, the St. Louis Post-Dispatch, the Chicago Times-Tribune, the Kansas City (MO) Star, the Sun City (AZ) Daily News-Sun, the San Benito (TX) News, the Arkansas Gazette, the Tulsa World, the School of the Art Institute of Chicago, Johns Hopkins Medical School, the New York Board of Professional Licensing, the New York Board of Medicine, the Conservation Commission of Virginia, the Secretary of State offices in Missouri and Arizona, the University of Oklahoma Press, Karen Potje of the Perry Houston Conservation Center in Ft. Worth, Texas, the Phelps County (MO) Sheriff's Department, and the Departments of Vital Statistics in Arkansas, Missouri, Texas, Arizona, Illinois, and Hawaii.

Additional thanks to Ernie and Dave Wallis and Dorothy Belk, who helped computerize the text material, and to my thesis committee, University of Oklahoma Professors Carol A. Beesley, James R. Estes and Michael Langenbach.

And last, but certainly not least, there are not enough words to thank the Frase household--Stephanie and Chuck, Stacia, John and Leah, my surrogate family--for feeding, encouraging, and nurturing me in a hundred other ways during this difficult year.

PREFACE

In 1985, the Arts & Science Center for Southeast Arkansas in Pine Bluff, was requested by Gary Tucker, then chairman of the Botany Department at Arkansas Tech University in Russellville, to examine a large collection of paintings by Elsie Mistie Sterling which recently had been donated to Arkansas Tech, and to determine if the paintings were significant as works of art. As Curator of Collections at the Arts & Science Center at that time, I was half of the team sent to assess the collection. We found it to be of great interest and learned that it was available for purchase for \$5,000, a sum that would be used to fund a scholarship endowment for botany students there. Nancy Horn Roy of Little Rock, Arkansas, agreed to purchase the collection and donate it to the Arts & Science Center.

Research on the artist and her work had just begun when a fire destroyed the Arts & Science Center's facility. The Sterling Collection was not seriously damaged, but in the aftermath of the fire, the research on Elsie Sterling was abandoned. The collection was placed into storage until the current research was initiated.

A small body of documentary material accompanied the Sterling Collection when it was purchased. This included several newspaper articles about Elsie Sterling, a few pages of text from a book of her

illustrations which she unsuccessfully attempted to have published, a publisher's letter of rejection, a copy of a letter written by her husband after her death offering the collection for sale, a page of recollections about her written by her sister after the artist's death, and evidence of a 1976 appraisal of the collection. These documents, combined with the botanical notes the artist made on her paintings, proved to be a rich source of leads to the rediscovery of Elsie Mistie Sterling.

This research was conducted for the specific purpose of documenting a museum collection. It concentrated on four distinct areas in which museum collections of art traditionally are documented:

- 1) Biographical information about the artist
- 2) The history of the collection
- 3) A catalog of the collection
- 4) A critical analysis of the artist's work.

Due to the scientific subject matter of Elsie Sterling's illustrations and her treatment of them, the paintings could not be cataloged exclusively as an art collection. The research for the collection catalog employed a computer program to organize the data into its final form. The chosen software allowed data to be sorted into a variety of configurations so that the information contained in the catalog will be of use to curators and scholars in both science and art.

When, in the future, the owner museum mounts an exhibition of the Sterling Collection, this thesis will serve as a resource from which an in-depth interpretation of the artist and her work can be made.

SPRING BEAUTY (Claytonia Virginia)

INTRODUCTION

Until now, Elsie Mistie Sterling has been overlooked as an artist and botanical illustrator. This research was conducted to establish a place for her in the history of art and scientific illustration. To achieve this goal, it was necessary: 1) to determine the criteria for "good" botanical illustration; 2) to ascertain how well and to what extent Sterling's paintings meet those criteria; and 3) to substantiate the ways in which her work is unique.

Many of the world's great artists have not been acknowledged as such until long after their deaths. During her lifetime, Elsie Sterling temporarily came to the attention of a few newspaper writers, and she was known and respected in her home community. However, today she is almost unknown outside of Rogers, Arkansas.

After her death, the Sterling Collection passed haphazardly among a series of owners. Fortunately, it finally found a home in a museum with a mission in both science and the arts where plans are underway to organize traveling exhibitions of her paintings. Thus, and through the publication of this research, I hope that Elsie Mistie Sterling will receive the recognition she deserves.

STUDY METHODS

My research was conducted in four phases. I began by traveling to Rogers, Arkansas, where Elsie Sterling lived and worked for the last eighteen years of her life. I searched county records and newspaper archives, interviewed individuals who were acquainted with the Sterling-Mistie family, and examined materials in the Rogers Historical Museum. These included examples of Elsie's commercial art work, a few of her student works, some portrait studies, and a scrapbook of photographs and mementos. These materials, combined with the information I gained from the interviews and newspaper articles from the late 1940's, formed the basis of Elsie Sterling's biography.

I learned from a Sterling-Mistie neighbor that when Elsie's sister left Arkansas in 1974, she joined a religious cult-commune in Missouri and possibly was still alive. Thus began an extensive search to locate her. Before I verified her death, I had traced the history of her cult, the Kingdom of Yahweh, and its leader, Joseph Jeffers. Although I missed finding Elsie's sister, it was through this phase of the research that I reconstructed the history of the Sterling Collection.

Next, I conducted a full inventory of the collection and compiled the collection catalog. In order to update the botanical nomenclature, I worked with botanists from the Little Rock area. Together, we examined every piece in the collection and identified each

species represented. I had this body of information entered in the data retrieval system, dBASE IV.

As the final phase of the research, I spent a week in residence at the Missouri Botanical Garden in St. Louis, where several botanists and botanical illustrators inspected samples of Elsie's work and shared their observations with me. I researched the history of botanical illustration in the Garden's library and reviewed their collection of illustrations. Part of my analysis of the work of Elsie Sterling is based on the insights I gained there.

ELSIDIE MISTIE STERLING (1907 - 1960):
ARKANSAS ARTIST/BOTANICAL ILLUSTRATOR

CHAPTER I

ELSIDIE MISTIE STERLING BIOGRAPHY

In 1929, twenty-three-year-old Elsie Mistie Sterling and her new husband found themselves penniless at the beginning of the Great Depression. They hefted knapsacks--a fifty-pound one for him and a twelve-pound one for her--and embarked on an odyssey that led them fourteen years and 7,800 miles later to settle in the hills of Northwest Arkansas.¹

The eldest of four daughters born to Matthew and Perina Mistie and the granddaughter of a Yugoslavian herbalist, Elsie Josphine Mistie was born on December 18, 1907, in Chicago, Illinois.² After graduating from high school, she attended the School of the Art Institute of Chicago where, Elsie reminisced, she "practically lived." Later, still in Chicago, she enrolled for classes at the Vogue School of Commercial Art, which is no longer in existence, and she took instruction in oil and watercolour painting at the art school of the Hull House Association in Chicago.³ The few extant examples of her student work⁴ demonstrate her mastery of line and her acute sense of proportion of the figure. Possibly her first commission was a cover

illustration she painted for an October, 1928, issue of The Bystander of Cleveland.⁵ No other evidence exists of commercial success during this period.

In 1928, Elsie Mistie met and married Richard Arthur Sterling, a man thirty-one years her senior who reputedly had accumulated a considerable fortune as a vaudeville performer, motion picture color process inventor, movie producer,⁶ and Johns Hopkins-trained physician with offices in New York's "Times Square, with many of the leading actors and actresses as patients."⁷ However, neither Johns Hopkins School of Medicine nor the state medical board in New York has any record of him.

With all their worldly possessions on their backs, the couple headed south. Elsie supported them with her portrait and local history paintings, by tinting photographs, and by restoring old paintings.⁸ After a time, Richard developed a plan for collecting data and publishing city directories. This work took them to Georgia and the Carolinas. Meanwhile, Elsie began to notice the wildflowers that lined the roads they traveled, and she started sketching and painting them. Before long, she was producing so many flower paintings that the finished pieces became a cumbersome burden to carry. When a portfolio was full it was shipped ahead to their next stop as a "will call."⁹

By the mid-1930's, Richard's city directory business was flourishing. The couple bought an automobile and sent for Elsie's two maiden sisters, Pauline and Lottie Mistie. The sisters assisted Richard, thus freeing Elsie to devote more energy to her art.¹⁰

During this time, Elsie was hired by the State Conservation Commission of Virginia to do a series of historical drawings; a National Recovery Act project hired her to design brochures and savings stamps; and she sold illustrations to the philatelist magazine Stamps and Cover Collecting.¹¹

The foursome worked their way across the south until 1942, when they found themselves stranded in Rogers, Arkansas, with no rations for gasoline or tires. They liked the area, and Elsie was especially intrigued by the abundant wildflowers of the region. They decided to give up their transient life, so they rented an apartment for a while before buying a house at Third and Willow streets in Rogers.¹² Pauline took a job in the office of a local attorney; Lottie did tax and accounting work at home and kept house; Elsie continued with her art work; and, according to more than a few people who remember the family, Richard sat on the porch and rocked, telling extravagant tales to anyone who would listen.

Neighbors and acquaintances of the Sterling-Mistie family recalled that they were strange people who mostly kept to themselves. They dressed plainly and lived frugally. Elsie was described as a gentle and soft-spoken woman who was short and dumpy and prim and precise. No one knew her well. Lottie was quiet, tall, thin and angular, a seemingly fragile woman who stayed in the background. However, Pauline was a handsome and gregarious woman who was active in the community. Richard was variously referred to as a pediatrician, a veterinarian, a quack, and a Doctor of Idleness.¹³

He was quite a talker, you know. They'd come into the store where I worked. He was white-headed and very distinguished

looking. They were different, stood out quite a bit. They weren't from here, you know. ...He was really proud of his wife's work. Elsie used to talk of sitting in the meadows where she found her flowers. She seemed to enjoy that part as much as the painting. ...I believe they were Methodists.¹⁴

I worked with Pauline. She told me about what a character he was. They made a living for him. I think he had it made--three women working for him. I think he strictly belonged to Elsie, though. They used to make soup in a great pot and heated it over and over again. Lots of people thought that was part of their troubles. But they were very likable people. Lots of people used to turn up their noses at him and all of his stories, but I¹⁵ loved to hear them. He must have lived a very interesting life.

In February, 1960, Pauline died of cervical cancer. Elsie's death from stomach cancer followed a month later. "Dr. Sterling wouldn't let them go to a doctor. He tried to prescribe for them himself. Pauline bled a lot, and Elsie's stomach kept swelling up. It was pitiful. I don't think he was much of a doctor." Before her death, Elsie made Lottie promise to stay and take care of Richard, which she did until his death in 1966, at the age of ninety-one.¹⁶

From all accounts, Elsie Sterling cared little about what people thought of her. She went about her work quietly and contributed to the family income by taking whatever commissions she could get. These included restoration work, photo retouching and tinting, outdoor sign and commercial art work such as store window signs, truck doors, display advertisements, and mail order catalog and book illustration. She was commissioned to do portraits of children and pets, to paint church murals, and to draw illustrations for the local historical society publication. She did decorative work on furniture, designed and painted costume jewelry, buttons and dishes, and executed oil landscapes for local patrons.¹⁷ All this time,

however, she never stopped scouring the area for new plant specimens and painting in watercolours what she referred to on her stationery as her "Portraits of the Wild Flowers of the Union" and on later stationery, "...of the Nation."

In 1946, Elsie met Dwight M. Moore, then Professor of Botany and head of the department at the University of Arkansas at Fayetteville. In her first communication with him she wrote, "There are quite a few of my studies that I have not been able to properly classify as to name and family. Have never had a botanist see my collection, have no doubt made some errors and need assistance in my classifications."¹⁸ Moore visited her in her home on several occasions, advising her on nomenclature and providing resource materials for her to study.

In another letter to Moore, Elsie referred to her family as her "staff."¹⁹ By then, it seems that the preservation and promotion of Elsie's flower paintings had become a major focus of their lives. Richard designed and built storage racks and portfolios for the paintings and devised a system for mounting them in protective cellophane window mattes. Pauline and Lottie cut the mattes, mounted each piece and kept the collection organized.²⁰ Every Sunday the family drove out into the countryside in search of specimens, gathering examples from the various stages of the plants so that most of the paintings, when completed, would include finely detailed, life-size illustrations of different phases of the species' life cycle. One of the sisters photographed the specimens for Elsie so that she could continue working after the season was over.²¹ Very often,

partially completed paintings had to be stored for several seasons until the time when a specific phase of the species could be found and collected. The family seems to have had great confidence in the importance of Elsie's work and probably expected the collection eventually to bring them some measure of financial security.

By 1948, Elsie was actively seeking recognition and public interest in her work. She refused to allow the sale of any individual botanical painting and hoped to find a way to preserve the collection intact. At about this time, she came to the attention of newspapers in Arkansas, Missouri, and her native Chicago. Several articles about her work appeared between 1947 and 1952, including full-page color spreads in two Sunday editions of the St. Louis Post-Dispatch. Stepping up her effort to be published and to find a suitable buyer for the collection, she asked Dwight Moore to write a letter in her behalf. His letter, dated March 3, 1949, follows:

TO WHOM IT MAY CONCERN

For several years I have been hearing of the wonderful paintings of wild flowers made by Mrs. Elsie Sterling. My attempts to visit her and see these were thwarted in endless ways for some time. When I finally succeeded in getting together with her to look at some of her paintings I was indeed very agreeably surprised to find such excellent work done by one whose main interest has not been particularly along the lines of Botany. Too often an artist paints objects of nature as he or she thinks they look best. Contrary to this common picture, Mrs. Sterling has made every effort to draw and paint the wild flowers and the cultivated ones she has included in just as nearly the precise manner of growth as possible. This has included not only the details of flower, stem, leaf, and fruit, but other peculiarities of root and seed whenever it was possible to include them.

Actually Mrs. Sterling has made a wonderful collection of paintings of wild flowers, and it is especially valuable because they are all of full size and not crowded onto small bits of paper. The accuracy of these is really to be commended. Her efforts to take small details from the flower, fruit, seed or leaf at

different seasons of the year are especially commendable. As these are added to other paintings for which they have not been included to start with, she is going to have a collection the like of which, I believe, has never been attempted in the United States. It should be taken up and put into a museum where it could be available for all who cared to look at and study it. It would be very desirable if these could be published in just the colors and sizes as made even though this would be a very costly project. That is the best way this could be made available to the largest possible number of people. However, there are other ways of doing it, and it is to be sincerely hoped that this collection as it rounds out into a more nearly ²² completed work can be perpetuated for the greatest number of people.

In 1950, Moore collaborated with Elsie to compile a book of her illustrations accompanied by his commentaries. They submitted samples to Doubleday & Company, but the book was rejected on the grounds that "it would be too specialized a volume to fit into the series of nature books which we are building." Doubleday's representative added a postscript to the letter suggesting "that the Oklahoma University Press might be interested in publishing your volume."²³ No record exists of any further attempt to secure a publisher.

Elsie's last known letter to Moore, dated January 5, 1951, indicated that she was still seeking a buyer for the collection, that the work was continuing, and that she still wanted Moore's help and advice.²⁴ It seems she intended to continue painting into the 1950's; however, no work has been found to be dated past one piece to which she added only a final touch in 1952, and a set of hand-colored mimeographed drawings of a violet presumably produced to sell at a local arts and crafts fair. In an earlier letter to Moore, Elsie mentioned that Pauline had been "very ill for two months" with a "bad attack of sciatica rheumatism" that left her unable to "sit or ride

even for a few miles." Elsie expressed the hope that dryer weather would be of help to her sister.²⁵ Every interview with people who knew the Sterling-Mistie family included questions that sought to discover why there are so few paintings in the collection dated in the 1950's. Only one person offered a possible explanation. She thought they spent a lot of time in the 1950's "chasing rainbows--going to health spas and looking for magic cures [for Pauline] in Canada and Mexico."²⁶ This is the only clue to account for the sudden halt of Elsie's work. There is no correspondence after 1951, or any indication that she continued working past 1952. This is a curious problem because prior to that time she was incredibly prolific, completing over 500 botanical paintings between 1936 and 1951. According to her death certificate, the cancer that claimed her life in 1960 onset only two years before, so it cannot be assumed that poor health caused her to stop painting. Perhaps Richard or Lottie sold any later works, or one or more of the several owners of the collection between 1974 and 1985 kept or sold some of them. An appraisal in 1974 by Elizabeth M. Blagbrough of St. Louis, Missouri, listed 519 works.²⁷ The current total is 489, leaving a mystery shrouding the whereabouts of thirty paintings.

Elsie Mistie Sterling died on March 25, 1960. The final paragraph of her obituary in The Benton County Pioneer states that she "...was interred in the Benton County Memorial Gardens.... May the wild flowers ever bloom."²⁸

CHAPTER II

A HISTORY OF THE ELSIE MISTIE STERLING COLLECTION

FOLLOWING THE ARTIST'S DEATH

A year after Elsie Sterling's death, Richard Sterling attempted to sell her collection to Harvard University. In a letter to Reed C. Rollins, director of Harvard's Gray Herbarium at the time, Richard wrote:

I and my sister-in-law who lives with me now, are very anxious to get these paintings placed where they will be used for what they were originally intended....

We would consider only a reasonable price for the whole collection and terms, etc. could be arranged to suit.

A number of book publishers have wanted to publish in color the paintings mentioned, but the terms were such that they (the publishers) would be getting the bulk of the deal.

...I am truly seeking a good home for these paintings.¹

Apparently, Harvard was not interested.

In 1964, Richard organized a one-month exhibition of 135 of the paintings which was held at the Rogers-Hough Library in Rogers, Arkansas.² A month before Richard's death in 1966, Elsie's sister, Lottie Mistie, arranged a showing of some of the collection at a regional arts and crafts fair.³ Although there exists no specific reference to an intent to sell the works during these two events, either individually or as a collection, securing a buyer probably was the primary motivation for exhibiting the collection at those times

and in those ways. There is no record of any further attempt to dispose of the collection during this period.

After the artist's husband's death in 1966, the Elsie Mistie Sterling Collection passed haphazardly through several owners. Considering the magnitude of the collection and its unwieldy bulk in homemade portfolios, it is amazing how remarkably well preserved and nearly complete it remains today.

When Richard died, the collection passed to Lottie. She remained at the house on Third and Willow streets in Rogers until 1974, when she moved to Missouri and joined a religious cult-commune located near the town of St. James.⁴ The cult was established and is controlled by Joseph Jeffers, a flamboyant evangelist who claims to be the son of Yahweh and therefore the true messiah, as well as the reincarnation of numerous biblical figures. He is known primarily as the promoter of the power of pyramids to sustain everlasting life (and eternally sharp razor blades). Members of the group were required to turn over all of their assets to the commune.⁵ Thus, Elsie's collection fell into the possession of the Kingdom of Yahweh, as the commune came to be known, and Jeffers' Kingdom Voice Publications, Inc.

A list of suggested uses for the paintings was among the documents that accompanied the collection when it was donated to the Arts & Science Center for Southeast Arkansas in 1985. This list was generated by a woman named Ann Busby, on whom no information has been found. Most likely, she was a fellow member or friend of the Kingdom of Yahweh. She pronounced the works in the collection to be "of an

educational and commercial value perhaps greater than their artistic value" and recommended that "instead of outright sale, ask for some amount near appraisal plus royalty on uses." She recommended an appraiser in Pittsburgh, Pennsylvania, a few potential publishers, and suggested that the images might be used on matchbook covers, wall paper, lamp shades, T-shirts, note paper and the like.⁶ Apparently, none of Ann Busby's suggestions were used. Instead, Kingdom Voice Publications, Inc. had the collection appraised in November of 1974, by Elizabeth M. Blagbrough, an appraiser in St. Louis, Missouri. She valued the then 519 works at \$58,725.⁷ There is no evidence that any attempt was made at that time either to exploit the collection or to dispose of it. However, in March of 1977, an exhibition titled "Yahweh's Flowers" was held at the James Memorial Library in St. James, Missouri. A local newspaper article described the exhibit as "part of over 600 watercolors by the late Elsie Mistie Sterling...made available to the library through Dr. Joseph Jeffers and the artist's sister, Lottie Mistie...."⁸

Early in 1979, under a cloud of scandalous publicity involving Jeffers' alleged conspiracy to murder his wife because she "attempted to have the assets of the cult's corporation, Kingdom Voice Publications, Inc. [estimated at \$3.5 million], placed in trust, primarily to keep Jeffers from using the funds to run for the Presidency,"⁹ the Kingdom of Yahweh pulled up stakes and moved to San Benito, Texas.¹⁰ Less than three months after arriving in Texas, the collection was abandoned at the public library in Harlingen, Texas, and the Kingdom of Yahweh headed for Hawaii.¹¹ The librarian in

Harlingen recalled only that a dark-haired young man (probably Jeffers' public relations man, Donald Rist) had to make two trips to deliver the entire collection. No papers or documentation of the donation were exchanged. The library recognized that it was not a suitable repository for such holdings and gave the collection to the library of Pan American University in Edinburg, Texas.¹² The special collections librarian in Edinburg decided that the collection should be returned to Arkansas and randomly chose Arkansas Tech University in Russellville for the donation.¹³ Arkansas Tech accepted the gift, and the collection was placed in a storage room in the Botany Department there until 1985, when Arkansas Tech secured a buyer. Nancy Horn Roy of Little Rock, Arkansas, purchased the collection for \$5,000, and donated it to the Arts & Science Center for Southeast Arkansas in Pine Bluff. Thus, Elsie Sterling's dream finally was realized, and her collection of botanical paintings found a safe, permanent home in a museum where it will "be available for all who care to look at and study it."¹⁴

CHAPTER III

THE ELSIE MISTIE STERLING COLLECTION CATALOG

Among the primary responsibilities of museums is the maintenance and management of the objects entrusted to them. Museums are ethically and legally obligated to implement "activities necessary to preserve objects in perpetuity, to gain intellectual control over them (by acquiring and recording information about them), and to make them accessible to scholars." A museum's effectiveness, both internally and externally, depends heavily on the extent to which its collections are documented, for "without proper documentation, a museum has a limited story to tell." The data about the objects in a collection aid museums in the "development of rational policies about growth" as well as providing a "key to quantifying the care and maintenance needs of collections."¹

The main vehicle for establishing a record of museum objects is the collections catalog. The catalog of a museum collection is a complete record of the scholarly information about the objects it contains, including methodical classifications of the objects and descriptive details about them. Some of this data is permanent and unchanging, such as an object's accession number; provenance; artist, maker or cultural group, origin or species; medium or material; date

or period; title or description; size; location and description of signature; identifying marks or characteristics; donor, etc. Other information, such as condition, location and appraised value, is subject to change. Regular, periodic inventories should be conducted to verify and, when necessary, update the catalog.²

The maintenance of a current collections catalog poses challenges for many museums, both large and small. Most museums have not surveyed the needs of their collections, and many do not have up-to-date inventories. This is due in part to the sheer volume of information to be cataloged as well as to limited staff training or expertise and to financial constraints. It is essential that the assembly of information about museum collections be maintained in accordance with accepted professional standards. The development of information processing and communications technologies can provide many new ways to approach these problems of collections cataloging.³

However, the use of computers and other automated systems to aid in cataloging museum collections poses a further problem; that is, the establishment of standards with which to apply the new technology. Establishing such standards is limited by the lack of knowledge about "the information needs of museums and their users or of their collections management needs. There are no detailed analyses of the various types of users of museum collections.... There are no detailed studies of the contents of museum documentation." Theoretically, computers seem to offer a way of more easily applying standards to museum collections documentation; but in reality, computerization "raises some important issues as to whether or not the

kinds of standards that have been developed for manual systems are appropriate for automated systems."⁴

The Elsie Mistie Sterling Collection, a gift of Nancy Horn Roy of Little Rock, Arkansas, contains 489 works of art held in trust for the people of Southeast Arkansas by the Arts & Science Center for Southeast Arkansas in Pine Bluff. It is one of the largest known collections of botanical paintings in watercolour by one artist, and it provides a unique resource for the study of Southern flora. Most of the works are life-size representations and include full life-cycle illustrations of seeds, pods, roots, stems, foliage and flowers. Beyond its intrinsic, aesthetic and monetary values, the Sterling Collection is an important reference for the study of both science and art; and it provides a significant reinforcement for the dual nature of the Arts & Science Center's mission.

Documentation of the Sterling Collection began before the Arts & Science Center obtained legal title to it. As an integral part of the donation process, in 1985, Nancy Horn Roy contracted with C. Van Northrup of Geolat & Associates, P.C., in Dallas, Texas, to appraise the collection in order to determine its fair market value in accordance with the requirements of Section 170 (a)(1) of the Internal Revenue Code for charitable contributions. Northrup based his appraisal on:

...the fair market value defined as the price at which these works of art would change hands between a willing buyer and a willing seller...[in consideration of]...artistic merit, supply and demand, relationship to other media, subject matter, style, signature, complexity of technique used, time of execution, standing of the artist, size, fashion and vogue in the marketplace

for the artist's work...authenticity...condition...and the fact that the pieces...constitute a collection and have value as such over and above the individual values of each respective image.

In his final report, Northrup compiled a body of information about each work he examined, including the title, the artist's classification of the species represented, medium, location and date of signature, size, location of specimen observation or collection, condition and value (Fig. 1). He determined the total value of the collection to be \$63,675.

At the beginning of the current research effort, a full inventory of the collection was undertaken. Each painting was checked against Northrup's document regarding accession number, title, size and condition. When necessary, an updated condition report was recorded. In Sterling's notes across the bottom of each work, she attempted to identify the represented species and related when and where she collected or observed the live specimens. These artist's notes were dictated verbatim and added to the core of descriptive catalog data.

A major concern for the catalog was documentation of the scientific name of each represented species. As a result of changes in nomenclature of the species, it was necessary to make corresponding changes of the scientific names of most of them. Although Sterling often incorrectly identified the species represented, she rarely missed identification to family or genus. However, the morphological details of her paintings are sufficient to identify to species most of the plants she painted. This phase of the documentation was completed in consultation with Robert S. Irving and N. Jay Justice.⁶

Because of its twin focus on science and art, the Sterling Collection was cataloged in a different manner than a museum typically would use to document an art collection. Information recorded for this collection, which is beyond that normally associated with a collection of art objects, includes the scientific name and author of each species represented, designation of plant type and plant form, and whether or not the species is indigenous, cultivated, or an escaped cultivar.

It was determined that this complex body of catalog information should be stored in an electronic data storage/retrieval system. In the absence of an accepted or recommended computer program for museum collections catalog documentation, dBASE IV was chosen as the most efficient and versatile program for the needs of this catalog. dBASE IV is able to accommodate numerous fields of data entered in any order and perform a variety of sophisticated sortings of the fields.

Twenty-four fields of data were entered for each painting (Fig. 2). Access to these fields of information will allow diverse applications of the data by a variety of potential users. As an example, the state in which specimens were collected or observed might be extracted in preparation for an exhibition traveling to a particular region. A further sorting would relate which of those works are in adequate condition to travel.

I searched the data base for the dates of each painting to determine Sterling's rate of production (Fig. 3). I also compared the location of species collection or observation related in Sterling's artist's notes to develop a chronology of her movements between 1936 and 1951 to corroborate the story of her life as related in Chapter I.

84. "Butterfly Weed" (*Asclepias Decumbens*); pen, ink and watercolour; signed in the lower left hand corner near the image with the date 1946; 34.5 c, x 25.3 cm; Rogers, AR; slight discoloration to image, dent along upper edge, tape left edge and right edge, glue stains along left edge on verso, otherwise image is in good condition. (106)

Value: \$185

CHAPTER IV

A CRITICAL ANALYSIS OF THE ELSIE MISTIE STERLING COLLECTION

...plant illustration ranges from the purely botanical to the purely artistic, from a drawing of a magnified root section to a water-colour of a vase of roses. Between these two extremes lies a vast body of drawings and paintings with a combined scientific and aesthetic appeal--botanical records which are at the same time works of art.¹

Wilfrid Blunt examined this issue and observed:

...the botanical artist finds himself at once and always in a dilemma: is he the servant of Science, or of Art? There can...be no doubt that he must learn to serve both masters. The greatest flower painters have been those who have found beauty in truth; who have understood plants scientifically, but who have yet² seen and described them with the eye and the hand of the artist.

In his further attempt to define the art of botanical illustration, Blunt pinpointed an essential ingredient that contributes to the success of its practitioners:

A great botanical artist must have a passion for flowers. You can set a good architectural draughtsman to draw a flower, and he will give you--if he thinks the subject worthy of real effort--a careful and precise study of the plant before him. But unless he loves what he is drawing, unless he knows the flower in all its moods, in all stages³ of its development, there will be something lacking in his work.

Combined with her remarkable accuracy and attention to detail, this essential ingredient, this passion, is the hallmark of Elsie Sterling's work. What other motivation could have driven her to

produce more than 500 botanical paintings in less than fifteen years, in addition to her demanding career as a commercial artist? She could not have been influenced by the prospect of monetary gain because she never wanted to sell an individual piece, even though she was working at a time (primarily in the 1940's) when, according to Blunt, "flower paintings [had] become the rage."⁴ Elsie Sterling's ambition was to build a complete collection representing the wildflowers of the Ozark Mountain region. She said she:

...intended to acquaint...[the viewer]...with the flowers in much the same manner as he might become acquainted with individuals whose portraits had been painted on canvas. The tilt of the nose, the color of the eyes, the general form of the features, all tend to distinguish one individual from another. Likewise it has been attempted to capture the resemblance of our flowers. These portrayals are 'studies' more than they are 'flower paintings,' for they represent⁵ an attempt to analyze a plant by means of pen and ink and brush.

She commented, "I don't know if I'll ever make any money out of my work, but I know that it has brought me many happy hours. ...It's a wonderful, satisfying work."⁶

Elsie Sterling painstakingly depicted most species she painted in several, if not all, stages of their development. This was accomplished only after she observed or collected specimens across seasons, often over a period of years, in order to represent the plant's complete life cycle. The composition of each painting clearly shows her plan of adding parts as specimens became available.

The precepts of botanical illustration seem to demand the inclusion of a plant's structural components; depictions of important developmental stages are also desirable. Commonly, in classic

botanical illustrations, the various parts, dissections and cross-sections are carefully presented on an isolated base line or otherwise distinctly set apart from the main illustration of the plant, lending a slightly detached, technical quality (Fig. 4). Elsie Sterling's treatment of this component, designed to bring scientific credibility to the work, differs markedly from that of the usual, traditional method. Her paintings incorporate each piece of botanical information as an integral part of the illustrations. She sets up her compositions in a way that moves the viewer's eye around and through the work so that the plant is seen as a dynamic entity, a cyclical process, rather than as an inert object subject to pragmatic scrutiny. Thus, Elsie Sterling employed an appropriate metaphor when she referred to her paintings as "portraits" of wildflowers, for her work provides the viewer with subtle hints about the habits and ecology of each species rather than limiting itself to mere visual descriptions of natural phenomena.

Elsie Sterling established her unique style of botanical illustration early in her career. The earlier, less developed images, like the fully developed later ones, were outlined first with a fine-lined pen and ink and then painted with watercolours. Next she added details in ink over the watercolour and finally overlaid highlights in white paint. Occasionally she added touches of pastel or colored pencil to achieve a more natural looking petal or leaf texture. The works might be termed "colored drawings" rather than "paintings" except for the softened painterly quality she achieved. As she developed this style, the work grew bolder and more precise, both

technically and artistically. Morphological details increased and became more accurate, and as she matured technically, so did the composition of her work.

Sterling had no formal training in botany, and apparently she was self-taught until 1946, when she met University of Arkansas Professor of Botany Dwight M. Moore. Shortly after she first became interested in painting wildflowers, she began work on a journal in which she recorded information about the structural variations of plants. She illustrated these notes with detailed ink drawings of the corresponding plant parts (Fig. 5). This journal probably served as her reference, for there is no evidence that she owned any other text books. However, after 1946, she occasionally referenced her sources of identification in the notes she made at the bottom of most of her paintings (for example, see Appendix II, accession number 86.1.106).

Considering the size and scope of the Sterling Collection, very few problems of consequence are contained within it, of which only two concern the technical expertise of Elsie Sterling. The other two are the result of the age of the collection and the quality of materials Sterling used.

One problem that can be found occasionally in Sterling's work is her use of hatching techniques to create the illusion of shading, thus slightly lowering her level of precision from a technical standpoint. To a botanist using her illustrations as a source for identification, in some works these hatching marks could appear to indicate the presence of hairs on an otherwise glabrous (smooth) species or some other morphological detail.⁷ However, her intent was

to create a three-dimensional effect, not to provide illustrations for a field guide.

The second technical problem is one that would be considered problematic only if the work were to be published in book form. The works are painted life-size and, as such, the images often are larger than can be accommodated in full in any standard published format, thus necessitating reductions of the images for a book. The problem does not lie in the images themselves, for they should reduce handsomely, but rather in her tiny ink lettering used to label the various parts of the plants she illustrated. Only a slight reduction of the labels can be tolerated if they are to remain readable. Because this is one of the concerns of a botanical illustrator seeking publication, and it is a reason why published illustrators must work closely with their publishers,⁸ it might be concluded that publication was not one of the primary motivational factors that influenced Elsie Sterling.⁹ However, she may have been naive about publication technicalities.

As a result of age, the paper on which many of Sterling's works were painted has yellowed. This darkened paper causes a reduction in the contrast and brightness of the paint on the page. In most cases, Sterling's extensive use of white paint overlaid to create the illusion of depth effectively lends a pleasing and successful translucent and three-dimensional quality to the work. The technique stands up well for those pieces painted on good quality white paper. Unfortunately, the white highlights of the paintings on lesser quality, yellowed papers are distracting and do not translate the artist's intent as effectively.

The second of these age problems is color fading. Sterling's work exhibits her excellent sense of color and her ability to reproduce faithfully the true colors of the flowers she observed. However, the greens of her foliage are more blue than the actual colors found in nature. This flaw can be attributed to an organic yellow pigment used in older watercolour paintings.¹⁰ Fortunately, the greens are not seriously discolored and do not detract significantly from the overall effectiveness of the work.

Possibly an earlier unknown factor and her untimely death at the age of fifty-two halted the work of Elsie Sterling just as she had begun to diversify from illustrating only flowering plants. The thirty-two specimens of fungi that she painted between 1947 and 1951 might have led her to paint the ferns, mosses, liverworts, and lichens that are so abundant in her Ozark region.

Many questions about Elsie Sterling remain unanswered, but the immense body of her work reveals her relentless pursuit of an ideal and the intense pleasure she must have found there. In describing the characteristics of a great botanical artist, Wilfrid Blunt wrote of the need to have a love and a passion for plants, of simultaneously serving the two masters of science and art, and of finding beauty in truth. These qualities dominate the work of Elsie Mistie Sterling.

¹⁰Fig. 1. Pictorial Hand Pigments, "Sample Flower"
(ca. 1819-20). From Joseph King, *Botanical Illustration*
(New York: Charles W. Poston, 1927, p. 28).

Fig. 4. Pierre Jean Francois, "Passion Flower" (c. 1819-1820), from Ronald King, Botanical Illustration (New York: Clarkson N. Potter, Inc., 1978), 28.

Among the simpler groups of flowering plants the Perianth or Corolla is wanting, as in the Cat-tail and willow. In the Sweet Flag, Oak and others, the perianth consists of a few scales, but in the higher plants, the perianth appears as a conspicuous portion of the flower, as in the Lily. Finally, as in the Rose family, there appears a clearly differentiated calyx and Corolla.

APPENDIX II

CATALOG OF THE ELSIE MISTIE STERLING COLLECTION

Accession Number "Title"

Plate Type, medium, size, signed, date of No; signature; location of signature; date of signature; initials of artist; name of artist.

Condition; approximate value.

Reproduced from author (Yes/No); Artist's (Yes/No); signed (Yes/No); No. of No; cultivated specimens; Yes or No; Plate No.

Artist's notes: Verbatim notations written by the artist along the bottom edge of each work.

In the absence of a data sheet, the computer printed only the original position. This information was left unprinted to indicate that no data exists for these fields.

CATALOG LEGEND

Information is recorded in the catalog in the following format:

Accession Number "Title"

Plant Type, medium, size, signed: Yes or No; signature; location of signature; date of signature; city/state of specimen observation.

Condition; appraised value.

Botanical name author (Family); Arkansas (if native); escaped cultivar: Yes or No; cultivated species: Yes or No; PLANT FORM.

Artist's notes: Verbatim notations written by the artist along the bottom edge of each work.

In the absence of a data entry, the computer printed only the programmed punctuation. This punctuation has been left as printed to indicate that no data exists for those fields.

Dioscorea brevifolia Pursh. (Dioscoreaceae); Arkansas; escaped cultivar: N; cultivated species: N. HERE.

Artist's Notes: Dioscorea rotundifolia (pencil) Malvern, Arkansas. Apr. 25-42 [ink]

ELSIE MISTIE STERLING COLLECTION

C A T A L O G

86.1.001 "Roundleaf Sundew"

Fl. Pl., ink and watercolour on paper, 18.6 x 14.6 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1950; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$100.

Drosera brevifolia Pursh (Droseraceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Drosera Rotundifolia . . . Sundew F.; Round-leaved Sundew; Rogers, Ark. 13th Street April to June 1950 [pencil].

86.1.002 "Hairy Speedwell"

Fl. Pl., ink and watercolour on paper, 13.1 x 08.7 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1943; Rogers, AR.

Slight discolouration to image, glue stains along left edge on verso, very good condition; appraised value, \$55.

Veronica agrestis L. (Scrophulariaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Figwort Family Hairy Speedwell (Veronica Tournefortii)
Mar. 23-43. Rogers, Ark. [ink].

86.1.003 "Roundleaf Sundew"

Fl. Pl., ink and watercolour on paper, 13.7 x 08.7 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; Malvern, AR.

Slight discolouration to image, glue stains along upper edge on verso, tape along left edge, good condition; appraised value, \$55.

Drosera brevifolia Pursh. (Droseraceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Drossa Rotundifolia [pencil] Malvern, Arkansas. Apr.
25-42 [ink].

86.1.004 "Bluets Innocents"

Fl. Pl., ink and watercolour on paper, 13.1 x 10.3 cm.; signed:N;
; ; ; , .

Negligible discolouration to image, slight matte burns, stamp tape lower right corner, very good condition; appraised value, \$45.

Hedyotis crassifolia Raf. (Rubiaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Bluets--Innocents-Houstonia Coerulea [pencil, no other bottom notes].

86.1.005 "Calamintha Glabbala"

Fl. Pl., ink and watercolour on paper, 13.7 x 08.6 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, glue stains on verso, tape along left edge and right edge, very good condition; appraised value, \$55.

Satureja arkansana (Nutt.) Briq. (Labiatae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Calaminth (Calamintha Glabbala) Arkadelphia, Ark.-6-9-42 [ink].

86.1.006 "Toothwort"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:Y;
E. Mistie; low.ctr.; 1943; Rogers, AR.

Slight discolouration to image, slight matte burns, slight foxing, tape along left and right edges, fair condition; appraised value, \$75.

Cardamine concatenata (Michx.) Schwartz (Cruciferae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Dentaria Laciniata (Lacinate Toothwort) Mustard Family. Rogers, Ark. 4-4-43 [ink].

86.1.007 "Common Wild Cinquefoil"

Fl. Pl., ink and watercolour on paper, 22.7 x 15.1 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1943; Rogers, AR.

Slight discolouration to image, slight matte burns, slight foxing, tape
lower right corner, fair condition; appraised value, \$75.

Potentilla recta L. (Rosaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Common Wild Cinquefoil-Fife Finger-(*Potentilla*
Canadensis) (Rose F.) Rogers, Ark.-Apr.-17-43 [ink].

86.1.008 "Dicentra Canadensis"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:Y;
E. Mistie; low.ctr.; 1944; Rogers, AR.

Slight discolouration to image, moderate matte burns, good condition;
appraised value, \$120.

Dicentra cucullaria (L.) Ernh. (Fumariaceae); Arkansas; escaped
cultivar: N; cultivated species: N; HERB.

Artist's Notes: Dutchman's Breeches (*Dicentra Canadensis*) [Squirrel
Corn] (Fumitory Family) Rogers, Ark. Apr.-2-44 [ink].

86.1.009 "Rue Anemone"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:Y;
E. Mistie; low.ctr.; 1943; Rogers, AR.

Moderate discolouration to image, fair condition; appraised value, \$75.

Thalictrum thalictroides (L.) Eames & Boivin (Ranunculaceae); Arkansas;
escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Rue Anemone-(see) Book 6. p.3; Rogers, Ark. April
20-43. [ink].

86.1.010 "Spindle Tree"

Fl. Pl., ink and watercolour on paper, 21.8 x 14.7 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, foxing along left edge, piece has been
glued down to backing paper, good condition; appraised value, \$120.

Euonymus obovatus Nutt. (Celastraceae); Arkansas; escaped cultivar: N;
cultivated species: N; SHRUB.

Artist's Notes: Euonymus Obovatus, Spindle-Tree. Jan.-21-42;
Arkadelphia, Ark. [ink].

86.1.011 "One of the Crane Bills"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:Y;
E. Mistie; low.ctr.; 1944; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along left and
right edges, good condition; appraised value, \$80.

Geranium maculatum L. (Geraniaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Herb Robert (Geranium Robertianum-Geranium F.) [All
this crossed out in pencil.] Rogers, Ark. May 10-44 [ink].

86.1.012 "Wild Mint"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1944; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along left and
right edges, good condition; appraised value, \$80.

Mentha spicata L. (Labiatae); Arkansas; escaped cultivar: N; cultivated
species: N; HERB.

Artist's Notes: Wild Mint-(Mentha Canadensis) (Mint F.); Rogers, Ark.
Aug.-3-44 [ink].

86.1.013 "Button Weed"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:Y;
E. Mistie; low.ctr.; 1944; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$80.

Diodia teres Walt. (Rubiaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Dioda-Teres; Button-Weed-Madder Family. Rogers, Ark.
Aug.-15-44. [ink].

86.1.014 "Yellow Melilot"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:Y;
E. Mistie; low.lt.cor.; 1943; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$120.

Melilotus officinalis (L.) Pall. (Leguminosae); Arkansas; escaped
cultivar: N; cultivated species: N; HERB.

Artist's Notes: Yellow Melilot (Melilotus Officinalis) (Pulse Family)
Rogers, Ark. June 1-43 [ink].

86.1.015 "Phlox Divaricata"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Rogers, AR.

Slight discolouration to image, slight matte burns, slight foxing, tape
along left and right edges, fair condition; appraised value, \$110.

Phlox pilosa L. (Polemoniaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Phlox-Amoena (Polemonia Family). Rogers. Ark. Mar.
22-43 [ink].

86.1.016 "Shepherd's Purse"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1942; Rogers, AR.

Slight discolouration to image, slight matte burns, stain upper left corner, tape along lower edge, good condition; appraised value, \$80.

Capsella bursa-pastoris (L.) Medic. (Cruciferae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Shepherd's Purse Mar. 16-43. Rogers Ark. [ink].

86.1.017 "Dog Tooth"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1946; , .

Moderate discolouration to image, slight matte burns, slight foxing, tape along left and right edges, fair condition; appraised value, \$110.

Erythronium albidum Nutt. (Liliaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Dog Tooth Violet. Dense Canis-Erythronium; Mar. 24-46. [ink].

86.1.018 "Plantain Leaved Everlasting"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1943; Rogers, AR.

Slight discolouration to image, slight matte burns, slight foxing, tape along left and right edges, fair condition; appraised value, \$75.

Antennaria plantaginifolia (L.) Richards (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Plantain Leaved Everlasting (Antennaria Plantaginifolie) April 16-43. Rogers, Ark. [ink].

86.1.019 "Common Dandelion"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1943; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$80.

Taraxacum officinale Wiggers (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Common Dandelion (*Taraxicum Officinale*) Composite Family. Mar.-20-43 Rogers, Ark. [ink].

86.1.020 "Waterleaf"

Fl. Pl., ink and watercolour on paper, 22.1 x 15.1 cm.; signed:Y;
E. Mistie; low.ctr.; 1944; Rogers, AR.

Slight discolouration to image, slight matte burns, slight foxing, tape along left and right edges, fair condition; appraised value, \$75.

Ellisia nyctelea L. (Hydrophylliaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Nyctelea-Nyctelea (Waterleaf Family) [pencil] Rogers, Ark. May 23-44 [ink].

86.1.021 "St. Johns Wort"

Fl. Pl., ink and watercolour on paper, 17.7 x 12.7 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$70.

Hypericum prolificum L. (Hypericaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: St. John's Wort Arkadelphia, Ark.-June-25-42 [ink].

86.1.022 "Pencil Flower"

Fl. Pl., ink and watercolour on paper, 24.4 x 15.5 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1948; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$80.

Stylosanthes biflora (L.) B.S.P. (Leguminosae); Arkansas; escaped
cultivar: N; cultivated species: N; HERB.

Artist's Notes: Pencil Flower . . . Stylosanthes Biflora . . . (Pea
F.) Rogers, Ark. June & July-48 [pencil].

86.1.023 "Yellow Low or Hop Clover"

Fl. Pl., ink and watercolour on paper, 17.9 x 11.4 cm.; signed:N;
; ; ; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stains on verso, tape along left and right edges, good condition; appraised value, \$45.

Trifolium carolinianum Michx. (Leguminosae); Arkansas; escaped
cultivar: N; cultivated species: N; HERB.

Artist's Notes: Yellow Low Hop Clover-(Trifolium Procumbens)
Arkadelphia-Ark. May 3-42 [ink].

86.1.024 "Creeping Spearwort"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1943; Rogers, AR.

Slight discolouration to image, slight matte burns, slight foxing, tape along left and right edges, fair condition; appraised value, \$75.

Ranunculus harveyi (Gray) Britt. (Ranunculaceae); Arkansas; escaped
cultivar: N; cultivated species: N; HERB.

Artist's Notes: Creeping Spearwort (Ranunculus Reptans) [pencil]
Apr.-19-43. Rogers, Ark. [ink].

86.1.025 "Rue Anemone"

Fl. Pl., ink and watercolour on paper, 17.9 x 11.3 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1942; , .

Slight discolouration to image, slight matte burns, glue stains upper left corner, tape along left and right edges, good condition; appraised value, \$70.

Thalictrum thalictroides (L.) Eames & Boivin (Ranunculaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Rue Anemone (*Anemonella thalictroides*) [ink, no other bottom notes].

86.1.026 "Red or Scarlet Pimpernel"

Fl. Pl., ink and watercolour on paper, 21.8 x 15.1 cm.; signed:Y;
E. Mistie; low.ctr.; 1947; , .

Slight discolouration to image, slight matte burns, light stain along right side, good condition; appraised value, \$80.

Anagallis arvensis L. (Primulaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Red or Scarlet Pimpernell-Poor Man's or Shepherd's Weather Glass (*Primrose F.*) [pencil, no other bottom notes].

86.1.027 "Common Sainfoin"

Fl. Pl., ink and watercolour on paper, 18.0 x 11.4 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1942; Arkadelphia, AR.

Negligible discolouration to image, slight matte burns, glue stains along left edge on verso, tape along left and right edges, good condition; appraised value, \$70.

Onobrychis viciaefolia Scop. (Leguminosae); ; escaped cultivar: N; cultivated species: Y; HERB.

Artist's Notes: Common Sainfoin-(*Onobrychis Sativa*) Arkadelphia, Ark. Apr.-22-42. [ink].

86.1.028 "Dwarf Wild Rose"

Fl. Pl., ink and watercolour on paper, 17.7 x 12.5 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, ink stains on verso, tape along left and right edges, good condition; appraised value, \$70.

Rosa carolina L. (Rosaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Rosa Lucida, Dwarf Wild Rose; Arkadelphia, Ark.
May-7-42 [ink].

86.1.029 "Henbit"

Fl. Pl., ink and watercolour on paper, 18.0 x 11.4 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; , .

Slight discolouration to image, slight matte burns, glue stains on verso, tape along left and right edges, good condition; appraised value, \$100.

Lamium amplexicaule L. (Labiatae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Henbit (Lamium Ampulexicaule) [ink, no other bottom notes].

86.1.030 "Water Cress"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:Y;
E. Mistie; low.ctr.; 1943; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along left edge and right edge, good condition; appraised value, \$80.

Nasturtium officinale R. Br. (Cruciferae); Arkansas; escaped cultivar: Y; cultivated species: N; HERB.

Artist's Notes: Water Cress; Nasturtium Officinale (Mustard F.)
Rogers, Ark. June-7-43 [ink].

86.1.031 "Croton"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:N;
; ; 1945; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along left edge and right edge, good condition; appraised value, \$55.

Croton glandulosus L. (Euphorbiaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Croton Glandulosus (Spurge Family) [pencil] Rogers, Arkansas [ink].

86.1.032 "Mayweed"

Fl. Pl., ink and watercolour on paper, 17.7 x 12.7 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stains along upper edge on verso, tape along left and right edges, good condition; appraised value, \$70.

Anthemis cotula L. (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Mayweed: Maruta Cotula or Anthemis Cotula-May-18-42 Arkadelphia, Ark. [ink].

86.1.033 "Corn Salad"

Fl. Pl., ink and watercolour on paper, 17.7 x 12.7 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stain upper left corner, tape along left and right edges, good condition; appraised value, \$70.

Valerianella ozarkana Dyal. (Valerianaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Arkadelphia, Ark. - Apr-25-42 [ink]. Valerionella loungiflora; long-flowered corn salad [on verso].

86.1.034 "Noble Liverwort"

Fl. Pl., ink and watercolour with pencil sketch on verso on paper, 18.7 x 12.7 cm.; signed:Y; E. Mistie; low.rt.cor.; 1944; , .

Slight discolouration to image, slight matte burns, good condition; appraised value, \$70.

Hepatica nobilis Schreb. (Ranunculaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Hepatica-Hepatica-Noble Liverwort (Crowfoot) [pencil, no other bottom notes, preliminary sketch on verso].

86.1.035 "Fine Leaved Sneezeweed"

Fl. Pl., ink and watercolour on paper, 17.2 x 12.5 cm.; signed:Y; E. Mistie; low.rt.cor.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stains along upper edge on verso, tape along left edge and right edge, good condition; appraised value, \$70.

Helenium amarum (Raf.) Rock (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Helenium tenuifolium Fine-leaved Sneezeweed [pencil] Arkadelphia, Ark. May 15-42 [ink].

86.1.036 "Smooth Yellow Violet"

Fl. Pl., ink and watercolour on paper, 14.5 x 11.5 cm.; signed:Y;
E. Mistie; low.ctr.; 1943; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stains along upper edge on verso, tape along left and right edges, good condition; appraised value, \$60.

Viola pubescens Ait. (Violaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Smooth Yellow Violet (*Viola Scabriuscula*) Violet Family-Rogers Ark April-4-43. [ink]. April-43 [pencil].

86.1.037 "Small Vetch"

Fl. Pl., ink and watercolour on paper, 17.9 x 11.3 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stains along left edge on verso, tape along left and right edges, good condition; appraised value, \$70.

Astragalus sp. (Leguminosae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Cow Vetch (*Vicia Cracca*) March-42 [ink].

86.1.038 "Lily of the Valley"

Fl. Pl., ink and watercolour on paper, 22.3 x 15.1 cm.; signed:Y;
E. Mistie; low.ctr.; 1946; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$110.

Convallaria masalis L. (Liliaceae); ; escaped cultivar: N; cultivated species: Y; HERB.

Artist's Notes: Lily of the Valley (*Convallaria Majalis*) (Lily Family) Apr.-8-46 Rogers, Ark. [ink].

86.1.039 "Flea Bane"

Fl. Pl., ink and watercolour on paper, 17.8 x 11.3 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; , . Collection date: .

Negligible discolouration to image, slight matte burns, stain along left edge, glue stains on verso, good condition; appraised value, \$70.

Erigeron philadelphicus L. (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Flea Bane; Apr.-15-42 [ink, no other bottom notes].

86.1.040 "Asparagus"

Fl. Pl., ink and watercolour on paper, 22.2 x 15.1 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1944; Rogers, AR. Collection date: .

Slight discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$110.

Asparagus officinalis L. (Liliaceae); Arkansas; escaped cultivar: Y; cultivated species: N; HERB.

Artist's Notes: Asparagus Officinalis. Rogers, Ark. May 25-44 [ink].

86.1.041 "Wood Violet"

Fl. Pl., ink and watercolour on paper, 18.0 x 11.4 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1942; Arkadelphia, AR. Collection date: .

Negligible discolouration to image, slight matte burns, glue stains on verso, tape along left and right edges, good condition; appraised value, \$70.

Anemone caroliniana Walt. (Ranunculaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Anemone or Wood Violet, (Decapetela.)
March-42-Arkadelphia Ark [ink]

cultivated species:

Artist's Notes: Ornithogalum Umbellatum Link. no other bottom notes.

86.1.042 "Bird Foot Violet"

Fl. Pl., ink and watercolour on paper, 18.0 x 11.3 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; Arkadelphia, AR.

Negligible discolouration to image, slight matte burns, glue stains on verso, tape along left and right edges, good condition; appraised value, \$100.

Viola pedata L. (Violaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Bird Foot Violet (Viola Pedata) March-42. Arka.-Ark. [ink].

86.1.043 "Grape Hyacinth"

Fl. Pl., ink and watercolour on paper, 17.9 x 11.4 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; , .

Negligible discolouration to image, slight matte burns, glue stains along left edge on verso, tape along left edge and right edge, good condition; appraised value, \$100.

Muscari botryoides (L.) P. Mill. (Liliaceae); Arkansas; escaped cultivar: Y; cultivated species: N; HERB.

Artist's Notes: Grape Hyacinth. Muscari botryoides. [ink, no other bottom notes].

86.1.044 "Star of Bethlehem"

Fl. Pl., ink and watercolour on paper, 18.0 x 11.4 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; , .

Negligible discolouration to image, slight matte burns, glue stains on verso, tape along left and right edges, good condition; appraised value, \$70.

Ornithogalum umbellatum L. (Liliaceae); ; escaped cultivar: N; cultivated species: Y; .

Artist's Notes: Star of Bethlehem. Ornithogalum-Umbellatum [ink, no other bottom notes].

86.1.045 "White Clover"

Fl. Pl., ink and watercolour on paper, 18.0 x 11.4 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; , .

Negligible discolouration to image, slight matte burns, glue stains along upper edge on verso, tape along left and lower edges, good condition; appraised value, \$70.

Trifolium repans L. (Leguminosae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: White Clover [ink, no other bottom notes].

86.1.046 "White Daisy"

Fl. Pl., ink and watercolour on paper, 21.5 x 15.0 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Rogers, AR.

Marked discolouration to image, moderate foxing, tape along left and right edges, poor condition; appraised value, \$60.

Aster sp. (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: White Daisy-Rogers, Ark. Oct.-10-42 [ink].

86.1.047 "Violet Wood Sorrel"

Fl. Pl., ink and watercolour on paper, 18.0 x 11.4 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; , .

Negligible discolouration to image, slight matte burns, glue stains upper left corner on verso, tape along left and right edges, good condition; appraised value, \$70.

Oxalis violacea L. (Oxalidaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Violet Wood-Sorrel (*Oxalis violacea*) Mar. 22-42 [ink].

86.1.048 "Branching *Tragia*"

Fl. Pl., ink and watercolour on paper, 22.0 x 15.0 cm.; signed:Y;
E. Mistie; low.ctr.; 1947; Rogers, AR.

Moderate discolouration to image, slight matte burns, tape along left and right edges, fair condition; appraised value, \$70.

Tragia urticifolia Michx. (Euphorbiaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: *Tragia Ramosa*-(Torr.); Branching *Tragia* (Spurge Family) Rogers, Ark. June-22-47 [ink].

86.1.049 "*Saxifraga Texana*"

Fl. Pl., ink and watercolour on paper, 27.4 x 15.8 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1951; Rogers, AR.

Slight discolouration to image, slight matte burns, dent along left edge, slight cockling along left edge, tape along left and right edges, good condition; appraised value, \$85.

Saxifraga virginensis Michx. (Saxifragaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: *Saxifraga Texana*-Saxifrag Family. With Dr. Moore Apr.-22-51. Sandstone outcrop White River. Rogers, Ark. [pencil].

86.1.050 "Seed Pod of Large Orange Poppy"

Fl. Pl., ink and watercolour on paper, 17.6 x 12.5 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1948; , .

Negligible discolouration to image, slight matte burns, stamp tape along left and right edges, good condition; appraised value, \$65.

Papaver sp. (Papaveraceae); ; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Seed Pod of Large Orange Poppy; July 12-48 [pencil].

86.1.051 "Dead Nettle"

Fl. Pl., ink and watercolour on paper, 18.0 x 11.4 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Arkadelphia, AR.

Negligible discolouration to image, slight matte burns, glue along upper edge on verso, tape along left and right edges, good condition; appraised value, \$70.

Lamium purpureum L. (Labiatae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Dead Nettle (Lamium Amplexicaule) [Amplexicaule crossed out and above: (Maculatum)] Arkadelphia, Ark. Apr.-22-42 [ink].

86.1.052 "Peanut Man"

Illus., ink and watercolour on paper, 17.6 x 12.5 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1948; , .

Slight discolouration to image, stamp tape along right edge, good condition; appraised value, \$55.

_ ; ; escaped cultivar: N; cultivated species: N; .

Artist's Notes: Little Man in Peanut, July 19-48 [pencil, no other bottom notes].

86.1.053 "Smooth Yellow Violet"

Fl. Pl., ink and watercolour on paper, 22.8 x 15.1 cm.; signed:Y;
E. Mistie; low.ctr.; 1943; Rogers, AR.

Moderate discolouration to image, slight matte burns, fair condition; appraised value, \$70.

Viola pubescens Ait. (Violaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Smooth Yellow Violet; Rogers, Ark. - Apr. 21-43.
[ink].

86.1.054 "Golden Ragweed"

Fl. Pl., ink and watercolour on paper, 17.9 x 11.3 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; , .

Slight discolouration to image, slight matte burns, glue stains on verso, tape along left edge and right edge, good condition; appraised value, \$70.

Senecio aureus L. (Compositae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Golden Ragwort-Squaw Weed [ink, no other bottom notes].

86.1.055 "Bluets"

Fl. Pl., ink and watercolour on paper, 18.0 x 11.4 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stains on verso, tape along left and right edges, good condition; appraised value, \$70.

Hedyotis nigricans (Lam.) Fosberg (Rubiaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Bluets; Houstonia; Arkadelphia, Ark. [ink].

86.1.056 "Meadow Beauty or Deer Grass"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.7 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight foxing, glue stain lower left corner, tape mark upper right corner, good condition; appraised value, \$175.

Rhexia mariana L. (Melostomataceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Rhexia (Mariana) Meadow Beauty-Deer Grass [ink]
Meadow Beauty Family [pencil] June 5-42-Arkadelphia, Ark. [ink].

86.1.057 "Stellaris Gentian"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.7 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; Arkadelphia, AR.

Negligible discolouration to image, glue marks along left edge on
verso, very good condition; appraised value, \$185.

Sabatia angularis (L.) Pursh (Gentianaceae); Arkansas; escaped
cultivar: N; cultivated species: N; HERB.

Artist's Notes: Sabbatia Stellaris Gentian Family [pencil]
Arkadelphia-Ark. July 4-42. [ink].

86.1.058 "Sabbatia Brachiata"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.7 cm.; signed:Y;
E. Mistie; low.lt.cor.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stains along
left edge on verso, good condition; appraised value, \$135.

Sabatia brachiata Ell. (Gentianaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Sabbatia Brachiata (Gentian Family)
Arkadelphia-Ark.-June 25-42. [ink].

86.1.059 "Warminster Broom"

Fl. Pl., ink and watercolour on paper, 10.3 x 17.2 cm.; signed:Y;
E. M. Sterling; low.rt.cor.; 1942; Arkadelphia, AR.

Negligible discolouration to image, piece has been glued down to
backing board, good condition; appraised value, \$55.

Cytisus praecox (Leguminosae); ; escaped cultivar: N; cultivated
species: Y; SHRUB.

Artist's Notes: Arkadelphia, Arkansas Feb.-1942. [ink].

86.1.060 "Anoda Hastada"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.7 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1947; Rogers, AR.

Negligible discolouration to image, glue stains on verso, very good condition; appraised value, \$200.

Callirhoë digitata Nutt. (Malvaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Anoda Hastata (Mallow Family) [pencil] June 15-47
Rogers, Ark. [ink].

86.1.061 "Dogwood"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.7 cm.; signed:N;
; ; ; Arkadelphia, AR.

Slight discolouration to image, tape marks along edges, light stain upper left corner, glue stains along left edge on verso, good condition; appraised value, \$115.

Cornus florida L. (Cornaceae); Arkansas; escaped cultivar: N;
cultivated species: N; TREE.

Artist's Notes: Dogwood Apr.-9-42 Arka. Ark. [ink].

86.1.062 "Venus Looking Glass"

Fl. Pl., ink and watercolour on paper, 29.7 x 22.5 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1942; Arkadelphia, AR.

Negligible discolouration to image, tape along left and right edges, very good condition; appraised value, \$185.

Triodonis perfoliata (L.) Nieuwl. (Campanueaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Venus Looking Glass (Specularia Perfoliata) Campanula Family (Arkadelphia, Ark.) May 3-42. [ink].

86.1.063 "Bristly Crowfoot"

Fl. Pl., ink and watercolour on paper, 30.1 x 22.5 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1943; Rogers, AR.

Moderate discolouration to image, slight matte burns, stain along top, glue stains along upper edge on verso, tape along left and right edges, fair condition; appraised value, \$150.

Ranunculus recurvatus Poir. (Ranunculaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Bristly Crowfoot-Ranunculus Pennsylvanicus [pencil] Rogers, Ark.-Apr.-17-43. [ink].

86.1.064 "Corn Salad or Lamb Lettuce"

Fl. Pl., ink and watercolour on paper, 30.0 x 22.5 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stains along left edge on verso, tape along left and right edges, good condition; appraised value, \$175.

Valerianella radiata (L.) Dufr. (Valerianaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Corn Salad or Lamblettuce Fedia Valerianella stenocarpa [pencil] Arka. Ark. Apr.-13-42 [ink].

86.1.065 "Huckleberry"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.0 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stains along left edge on verso, good condition; appraised value, \$175.

Gaylussacia baccata (Wang.) K. Koch (Ericaceae); Arkansas; escaped cultivar: N; cultivated species: N; SHRUB.

Artist's Notes: Huckleberry (Whortleberry) Gaylussacia Mar.-42 Arkadelphia, Ark.-42 [ink].

86.1.066 "Purple Cone Flower"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.7 cm.; signed:Y;
E. Mistie; low.lt.cor.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stain upper left corner, tape along left edge, good condition; appraised value, \$175.

Echinacea purpurea (L.) Moench. (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Echinacea Purpurea (Purple Cone Flower) (Hedge Hog)-June 4-42 Arkadelphia, Ark. [ink].

86.1.067 "Wild Black Cherry"

Fl. Pl., ink and watercolour on paper, 30.0 x 22.3 cm.; signed:Y;
E. Mistie; low.ctr.; 1948; Rogers, AR.

Negligible discolouration to image, moderate matte burns, stamp tape along left edge and right edge, good condition; appraised value, \$175.

Prunus serotina Ehrh. (Rosaceae); Arkansas; escaped cultivar: N; cultivated species: N; TREE.

Artist's Notes: Wild Black Cherry (Prunus Serotina) Flowers, Apr.-20-48, Fruit, Jul.-3-48; Rogers, Ark. [pencil].

86.1.068 "Alfalfa"

Fl. Pl., ink and watercolour on paper, 35.0 x 25.2 cm.; signed:Y;
E. Mistie; low.ctr.; 1943; Rogers, AR.

Slight discolouration to image, slight matte burns, stain upper left corner, tape along left and right edges, good condition; appraised value, \$185.

Medicago sativa L. (Leguminosae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Alfalfa (Pulse Family) Medicago Sativa)(Lucerne or Spanish Trifol) Rogers, Ark.-Apr.-30-43. [ink].

86.1.069 "Crested Yellow Orchis"

Fl. Pl., ink and watercolour on paper, 30.0 x 22.3 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1948; Rogers, AR.

Negligible discolouration, slight matte burns, stamp tape along left and right edges, good condition; appraised value, \$175.

Platanthera lacera (Michx.) Don. (Orchidaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Crested Yellow Orchis (*Blephariglottis Cristata*) June 1-48. Gentry, Ark. (Rogers, Ark.) [pencil]

86.1.070 "Slender White and Purple Prairie Clover"

Fl. Pl., ink and watercolour on paper, 30.4 x 22.7 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1946; Rogers, AR.

Slight discolouration to image, stains in upper right corner, tape along left edge, good condition; appraised value, \$175.

Dalea purpurea Vent. (Leguminosae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Pea Family; *Petalostemum-Oligophyllum-Purpurgum* [pencil] Rogers, Ark. June 25-46. [ink].

86.1.071 "Fourleaved Milkweed"

Fl. Pl., ink and watercolour on paper, 35.0 x 25.2 cm.; signed:Y;
E. Mistie; low.ctr.; 1946; , .

Moderate discolouration to image, slight matte burns, glue stains along left edge on verso, tape along left and right edges, fair condition; appraised value, \$165.

Asclepias quadifolia Jacq. (Asclepidaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Fourleaved Milkweed (*Asclepias*) *Quadrofolia* (Milkweed Family) [pencil] May 2-46 Rogers, Ark. [ink].

Artist's Notes: *Tournefortia Dentata* (dentata Euphorbia 1803) (Spurge Family) Rogers, Ark. Sept. 11-1949 [pencil].

86.1.072 "Violet or Narrow Leaved Collinsia"

Fl. Pl., ink, watercolour and coloured pencil on paper, 30.5 x 21.2 cm.; signed:Y;

E. Mistie; low.ctr.; 1948; Rogers, AR.

Negligible discolouration to image, slight matte burns, stains along upper edge, tape along left and right edges, good condition; appraised value, \$135.

Collinsia violacea Nutt. (Scrophulariaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Violet or Narrow-leaved Collinsia-(Figwort Family)--First blooms Apr.-21-52-later flowers-May-9-48; Rogers, Ark. [pencil].

86.1.073 "Butterfly Weed or Pleurisy Root"

Fl. Pl., ink and watercolour on paper, 38.0 x 28.0 cm.; signed:Y;

E. Mistie; low.ctr.; 1942; Arkadelphia, AR.

Negligible discolouration to image, slight matte burns, stains lower rt.cor., dents rt.edge, glue stains lt.edge on verso, tape lt. & rt. edges, good condition; appraised value, \$200.

Asclepias tuberosa L. (Asclepidaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Butterfly-Weed or Pleurisy Root (Asclepias-tuberosa) (Milkweed) May 24-42; Arkadelphia, Ark. [ink].

86.1.074 "Toothed Spruce or Poinsettia"

Fl. Pl., ink and watercolour on paper, 45.7 x 27.0 cm.; signed:Y;

E. Mistie; low.rt.ctr.; 1949; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along right edge, good condition; appraised value, \$225.

Euphorbia dentata Michx. (Euphorbiaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Toothed Spurge; Poinsettia Dentata--(dentata Euphorbia 1803) (Spurge Family) Rogers, Ark. Sept. 11-1949 [pencil].

86.1.075 "Golden Corydalis"

Fl. Pl., ink and watercolour on paper, 13.7 x 08.6 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; , .

Negligible discolouration to image, glue stains on verso, tape along left edge, good condition; appraised value, \$60.

Corydalis flavula (Raf.) DC. (Fumariceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Golden Corydalis (Capnodes Aureum) Apr.-5-42. [ink].

86.1.076 "Moss"

Bryophyte, ink and watercolour on paper, 13.7 x 08.7 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; , .

Slight discolouration to image, stain upper left corner, glue stains along left edge on verso, tape along left and right edges, very good condition; appraised value, \$55.

Dicranum scoparium ; Arkansas; escaped cultivar: N; cultivated species: N; MOSS.

Artist's Notes: No bottom notes.

86.1.077 "Yellow Wood Sorrel"

Fl. Pl., ink and watercolour on paper, 13.7 x 08.6 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; , .

Negligible discolouration to image, stain along upper edge, slight matte burns, glue stains to verso, very good condition; appraised value, \$55.

Oxalis stricta L. (Oxalidaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: No bottom notes.

86.1.078 "Serinia Oppositifolia"

Fl. Pl., ink and watercolour on paper, 13.7 x 08.6 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; Arkadelphia, AR.

Negligible discolouration to image, slight matte burns, glue stains on verso, tape along left and right edges, very good condition; appraised value, \$55.

Krigia cespitosa (Raf.) K. L. Chambers ; Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Cynthia [ink] Serinia Oppositifolia (Raf.) [pencil]
Arka. Ark. April-1942 [ink].

86.1.079 "Prostate Eryngo"

Fl. Pl., ink and watercolour on paper, 17.2 x 11.2 cm.; signed:Y;
E. Mistie; low.lt.cor.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stains along upper edge on verso, tape along left and right edges, good condition; appraised value, \$60.

Eryngium prostratum Nutt. (Umbelliferae); Arkansas; escaped cultivar: N
; cultivated species: N; HERB.

Artist's Notes: Prostrate Ivy Enyngo (Carrott Family) B.B. [pencil]
Arka. Ark. June 23-42 [ink].

86.1.080 "Bladderwort"

Fl. Pl., ink and watercolour on paper, 11.5 x 09.7 cm.; signed:N;
; ; ; Rogers, AR.

Negligible discolouration to image, tape along left and right edges, very good condition; appraised value, \$25.

Utricularia gibba L. (Lentibulariaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Utricularia, Cleistogama Bladderwort F.; Rogers, Ark.;
June-50 [pencil].

86.1.081 "Common Lilac"

Fl. Pl., ink and watercolour on paper, 44.7 x 29.4 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1949; Rogers, AR.

Negligible discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$235.

Syringa vulgaris L. (Oleaceae); ; escaped cultivar: N; cultivated species: Y; SHRUB.

Artist's Notes: Common Lilac-(Syringe Vulgaris)---seed pods-June 49 buds-April-8-49. Rogers, Ark.

86.1.082 "Ovate Leaved Nama"

Fl. Pl., ink and watercolour on paper, 35.0 x 25.3 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Arkadelphia, AR.

Negligible discolouration to image, slight matte burns, slight foxing, glue along left edge on verso, tape along left and right edges, fair condition; appraised value, \$135.

Hydrolea ovata Nutt. (Hydrophyllaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Hydrolea Ovata-Waterleaf Family [ink] (Nama Ovata Nutt.) [pencil] July 4-42-Arkadelphia, Arkansas [ink].

86.1.083 "Pink Detford"

Fl. Pl., ink and watercolour on paper, 30.4 x 22.9 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1946; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$175.

Dianthus armeria L. (Caryophyllaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Deptford Pink (Dianthus Arameria) (Pink Family) May 13-46; Rogers, Ark. [ink]

86.1.084 "Jacob's Ladder"

Fl. Pl., ink and watercolour on paper, 30.5 x 21.8 cm.; signed:Y;
E. Mistie; low.ctr.; 1943; Rogers, AR.

Slight discolouration to image, slight matte burns, slight foxing, glue stains along left edge on verso, tape along left & right edges, fair condition; appraised value, \$165.

Polemonium reptans L. (Polemoniaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Polemonium Reptans (Greek Vallerian or Jacobs Ladder) Rogers, Ark. April-10-43 Seed Pods April-14-46 [ink].

86.1.085 "Scarlet Painted Cup"

Fl. Pl., ink and watercolour on paper, 34.5 x 25.2 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1947; Rogers, AR.

Slight discolouration to image, slight matte burns, tape lower left corner and lower right corner, good condition; appraised value, \$185.

Castilleja coccinea (L.) Spreng. (Scrophulariaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Scarlet Painted Cup-Indian Paint Brush (Castilleja Coccinea) Figwort Family [pencil] Rogers, Ark. April 30-47 [ink].

86.1.086 "Modesty"

Fl. Pl., ink and watercolour on paper, 41.0 x 28.8 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1949; Rogers, AR.

Negligible discolouration to image, tape along left and right edges, very good condition; appraised value, \$250.

Papaver rhoeas L. (Papaveraceae); Arkansas; escaped cultivar: Y; cultivated species: N; HERB.

Artist's Notes: Bladder Ketmia-Hibiscus
Trionum-Flower-of-an-Hour...Venice Mallow-Modesty (Mallow F.)
June-July-1949 Rogers Ark.

86.1.087 "Rhynchosia Tomentosa"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.6 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, stains lower right corner, tape upper left and upper right corners, good condition; appraised value, \$185.

Rhynchosia latifolia (Nutt.) T. & G. (Leguminosae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Rhynchosia Tomentosa (Pulse Family) [pencil] June 7-42-Arkadelphia, Ark. [ink].

86.1.088 "Forgetmenot"

Fl. Pl., ink and watercolour on paper, 35.4 x 25.2 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1947; Rogers, AR.

Negligible discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$135.

Cynoglossum virginianum L. (Boraginaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Forgetmenot (Myosotis Micrantha) Blue Scorpion Grass (BB) Voyage Fa. [pencil] June 18-47; Rogers, Ark. [ink].

86.1.089 "Indian Cup"

Fl. Pl., ink and watercolour on paper, 35.1 x 25.2 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Rogers, AR.

Slight discolouration to image, slight matte burn, slight foxing, cockling along right edge, tape along left and right edges, fair condition; appraised value, \$115.

Silphium perfoliatum L. (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Silphium Perfoliatum; Composite Family. [pencil] Rogers, Ark. Sept.-6-42. [ink].

86.1.090 "Curled Flowered Clematis"

Fl. Pl., ink and watercolour on paper, 30.7 x 24.0 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1942; Arkadelphia, AR.

Negligible discolouration to image, slight matte burns, cockling along edges, glue stains along left edge on verso, tape upper left and upper right corners, good condition; appraised value, \$175.

Clematis crispa L. (Ranunculaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Curl-Flowered Clamantis (Vironia Crispa) Crowfoot
family Arkadelphia, Ark. April-28-42 [ink].

86.1.091 "June Berry"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.7 cm.; signed:N;
; ; ; Rogers, AR.

Slight discolouration to image, glue stains along left edge on verso,
good condition; appraised value, \$125.

Amelanchier arborea (Mich.) (Rosaceae); Arkansas; escaped cultivar: N;
cultivated species: N; TREE.

Artist's Notes: June Berry-Service Berry-Shad Bush Amelanchier
Canadensis (Rose Family) Rogers, Ark. Apr.-4-43 [ink].

86.1.092 "Dogbane"

Fl. Pl., ink and watercolour on paper, 30.2 x 22.6 cm.; signed:Y;
E. Mistie; low.lt.cor.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, tape along left and
right edges, good condition; appraised value, \$175.

Trachelospermum difforme (Walt.) Gray (Apocynaceae); Arkansas; escaped
cultivar: N; cultivated species: N; HERB.

Artist's Notes: Trachelospermum Difforma (Asa Gray) 1876 (Dogbane
Family) [pencil] June 28-42 Arkadelphia, Ark. [ink].

86.1.093 "Composite"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.7 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1942; Arkadelphia, AR.

Negligible discolouration to image, creases across center, glue stains along left edge on verso, tape along left and right edges, good condition; appraised value, \$175.

Hymenopappus scabiosaeus L'Her. (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Corymbed or Smooth White Hymenopappus Composite Family [pencil] Arkadelphia May 17-42. [ink].

86.1.094 "The Great Blue Lobelia"

Fl. Pl., ink and watercolour on paper, 30.2 x 22.6 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Rogers, AR.

Moderate discolouration to image, slight matte burns, glue stains along left edge on verso, tape upper right corner, fair condition; appraised value, \$150.

Lobelia siphilitica L. (Campanulaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Lobelia Syphilitica (The Great Blue Lobelia) Rogers, Ark. Sept.-2-42 [ink].

86.1.095 "Small Bindweed"

Fl. Pl., ink and watercolour on paper, 30.4 x 22.9 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1947; Rogers, AR.

Negligible discolouration to image, tape lower right corner, very good condition; appraised value, \$200.

Convolvulus arvensis L. (Convolvulaceae); Arkansas; escaped cultivar: N; cultivated species: N; VINE.

Artist's Notes: Small Bindweed-Morning Glory Family-(Convolvulus Arvensis) Rogers, Ark. June 18-47 [pencil].

86.1.096 "Vervain Mullein"

Fl. Pl., ink and watercolour on paper, 30.4 x 22.9 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1947; Rogers, AR.

Negligible discolouration to image, very good condition; appraised value, \$200.

Verbena stricta Vent. (Verbenaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Hoary or Mullein-leaved Vervain (Vervain Family).
[pencil] Rogers, Ark. June 26/47 [ink].

86.1.097 "Sampson Snake Root"

Fl. Pl., ink and watercolour on paper, 30.4 x 22.8 cm.; signed:Y;
E. Mistie; low.ctr.; 1948; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$175.

Psoralea psoraliodes (Walt.) Cory Var. Eglandulos (Leguminosae);
Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Psoralea Pedunculata [Pedunculata crossed out] (Pea Family) May 3-48; Rogers, Ark. [pencil].

86.1.098 "Cynthia"

Fl. Pl., ink and watercolour on paper, 30.0 x 22.6 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; Arkadelphia, AR.

Negligible discolouration to image, slight matte burns, glue stains along left edge on verso, tape along right edge and bottom edge, good condition; appraised value, \$175.

Krigia biflora (Walt.) Blake (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Cynthia or (Krigia Amplexicaulis) [pencil]
Arkadelphia, Ark. Apr.-25-42 [ink].

86.1.099 "Pale Violet"

Fl. Pl., ink and watercolour on paper, 34.9 x 25.2 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1948; Rogers, AR.

Slight discolouration to image, slight matte burns, tape upper right corner, good condition; appraised value, \$185.

Viola striata Ait. (Violaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Pale Violet (Viola Striata) Violet Family May-10-48;
Rogers, Ark. [pencil].

86.1.100 "Common Star of Bethlehem"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.7 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, glue stains along left edge on verso,
tape along left and right edges, good condition; appraised value, \$175.

Ornithogalum umbellatum L. (Liliaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Common Star of Bethlehem-or Ten O'Clock-(Ornithogalum
Umbellatum) Arka. Ark. Apr.-10-42 [ink].

86.1.101 "Field or Crow Garlic"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.8 cm.; signed:Y;
E. Mistie; low.ctr.; 1947; Rogers, AR.

Negligible discolouration to image, tape along left and right edges,
very good condition; appraised value, \$200.

Allium sativum L. (Liliaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Field or Crow Garlic-Allium Vineale-Lily Family
[pencil] June 14-47; Rogers, Ark. [ink].

86.1.102 "Common Lentil"

Fl. Pl., ink and watercolour on paper, 30.0 x 22.3 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1948; Rogers, AR.

Negligible discolouration, slight matte burns, stamp tape along left and right edges, good condition; appraised value, \$185.

Lens esculenta (Leguminosae); ; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Common Lentil (Esculenta) Pulse Family Rogers, Ark. June 2-48 (Seed pod June 15) [pencil].

86.1.103 "Fall Dandelion"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.7 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, glue stains along left edge on verso, tape along left and right edges, good condition; appraised value, \$150.

Krigia dandelion (L.) Nutt. (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Fall Dandelion *Leontodon autumnalis* [pencil] Arka. Ark. Apr.-14-42 [ink].

86.1.104 "Cinnamon Bush or Tree"

Fl. Pl., ink and watercolour on paper, 30.0 x 22.4 cm.; signed:Y;
E. Mistie; low.ctr.; 1943; Malvern, AR.

Negligible discolouration to image, slight matte burns, tape upper right corner, good condition; appraised value, \$150.

Cinnamomum cassia (Lauraceae); ; escaped cultivar: N; cultivated species: Y; TREE.

Artist's Notes: Cinnamon Bush or Tree Feb. & Mar.-42; Malvern, Ark. [pencil].

Artist's Notes: Convolvulus Family: Wild Potato Vine or "Man of The Earth" - Ipomoea Pandurata; Arkadelphia, Ark. Jun. 23-42 [ink].

86.1.105 "Small Flowered Crowfoot"

Fl. Pl., ink and watercolour on paper, 30.2 x 22.5 cm.; signed:Y;
E. Mistie; low.ctr.; 1943; Rogers, AR.

Moderate discolouration to image, slight foxing, stain in lower right corner, glue stain along left edge on verso, fair condition; appraised value, \$150.

Ranunculus abortivus L. (Ranunculaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Ranunculus Abortivus (small flowered Crowfoot)
Crowfoot family; Rogers, Ark. Apr.-10-43 [ink].

86.1.106 "Butterfly Weed"

Fl. Pl., ink and watercolour on paper, 34.5 x 25.3 cm.; signed:Y;
E. Mistie; low.lt.cor.; 1946; Rogers, AR.

Slight discolouration to image, dent along upper edge, tape left and right edges, glue stains along left edge on verso, good condition; appraised value, \$185.

Asclepias purpurascens L. (Asclepidaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Decumbent Butterfly-Weed. (Asclepias Decumbens) (B&B)
[pencil] July 2-46; Rogers, Ark. [ink].

86.1.107 "Man of the Earth"

Fl. Pl., ink and watercolour on paper, 34.6 x 25.2 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, tape along left and right edges, tear lower left corner, good condition; appraised value, \$185.

Ipomoea pandurata (L.) May. (Convolvulaceae); Arkansas; escaped cultivar: N; cultivated species: N; VINE.

Artist's Notes: Convolvus Family. Wild Potato Vine or "Man of The Earth"-Ipomoea Pandurata; Arkadelphia, Ark.-Jun.-23-42 [ink].

86.1.108 "Aromatic Aster"

Fl. Pl., ink and watercolour on paper, 45.6 x 30.7 cm.; signed:Y;
E. Mistie; low.ctr.; 1950; Rogers, AR.

Slight discolouration to image, creases lower left corner, tape along left edge and right edge, good condition; appraised value, \$165.

Aster oblongifolius Nutt. (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Aromatic Aster (Aster Oblongifolius) Nutt. ???
Rogers, Ark. Sept. 14-50 [pencil].

86.1.109 "Oak Tree"

Fl. Pl., ink and watercolour on paper, 30.6 x 24.1 cm.; signed:Y;
E. Mistie; low.ctr.; 1944; Rogers, AR.

Slight discolouration to image, slight matte burns, glue stains along left edge on verso, tape marks along left edge, good condition; appraised value, \$150.

Quercus macrocarpa Michx. (Fagaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Oak Tree. Rogers, Ark.-Apr.-16-Oct.-14-44 [ink].

86.1.110 "Bouncing Bet"

Fl. Pl., ink and watercolour on paper, 30.1 x 22.5 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Rogers, AR.

Slight discolouration to image, slight matte burns, glue stains along left edge on verso, tape along left and right edges, good condition; appraised value, \$175.

Saponaria officinalis L. (Caryophylliaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Bouncing Bet (Saponaria Officinalis) Pink Family
Rogers, Ark.-Sept.-4-42. Seed pod Aug.-13-44 [ink].

86.1.111 "Early Buttercup"

Fl. Pl., ink and watercolour on paper, 30.1 x 22.1 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1943; Rogers, AR.

Slight discolouration to image, slight matte burns, glue stains along left edge on verso, tape along left and right edges, good condition; appraised value, \$175.

Ranunculus harveyi (Gray) Britt. (Ranunculaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Early Buttercup-Ranunculus Fascicularis Rogers, Ark.-Apr.-6-43. [ink].

86.1.112 "Blue Toadflax"

Fl. Pl., ink and watercolour on paper, 30.2 x 22.4 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stains along left edge on verso, good condition; appraised value, \$175.

Linaria canadensis (L.) Dumort. (Scrophulariaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Blue Toadflax or Wild Toadflax (Linaria Canadensis) Arka. Ark. Apr.-14-42. [ink].

86.1.113 "Vetch or Tare"

Fl. Pl., ink and watercolour on paper, 30.1 x 22.5 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1943; Rogers, AR.

Slight discolouration to image, slight matte burns, glue stains along left edge on verso, tape along left edge and right edge, good condition; appraised value, \$175.

Vicia caroliniana Walt. (Leguminosae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Vicia Caroliniana-Vetch or Tare Pulse Family Rogers, Ark.-Apr.-19-43. [ink] pods in April [pencil].

86.1.114 "Wild Bergamot"

Fl. Pl., ink and watercolour on paper, 30.6 x 24.3 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stains along left edge on verso, tape upper left corner, paper loss upper left corner, good condition; appraised value, \$175.

Monarda fistulosa L. (Labiatae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Wild Bergamot (Monarda Fistulosa) Mint Family
Arkadelphia, Ark. Apr.-30-42. [ink].

86.1.115 "Cottony Mouse or Eared Chickweed"

Fl. Pl., ink and watercolour on paper, 29.4 x 22.3 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1948; Rogers, AR.

Slight discolouration to image, slight matte burns, tape upper right corner, good condition; appraised value, \$175.

Cerastium arvense L. (Caryophyllaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Cottony Mouse Ear-Chickweed (Cerastium tomentosum
(Pink family) flowers Apr.-23-48; Rogers, Ark. [pencil].

86.1.116 "Fame Flower"

Fl. Pl., ink, watercolour and coloured pencil on paper, 29.1 x 16.2
cm.; signed:Y; E. Mistie; low.ctr.; 1948; Beaver, AR.

Slight discolouration, slight matte burns, stamp tape along right edge,
good condition; appraised value, \$135.

Talinum calycinum Engelm. (Portulacaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Fame Flower; Talinum Teretifolium (Purslane Family)
Beaver, Ark. Jun-7-48 [pencil].

86.1.117 "Red Haw Thorn Apple"

Fl. Pl., ink and watercolour on paper, 30.4 x 22.8 cm.; signed:N;
; ; ; , .

Negligible discolouration to image, very good condition; appraised value, \$150.

Crategus crus-galli L. (Rosaceae); Arkansas; escaped cultivar: N; cultivated species: N; SHRUB.

Artist's Notes: Cockspur Thorn-New Castle Thorn-Red Haw-Thorn Apple (Crataegus-Crusgalli) May-9-48-May-21 and June 23 [pencil].

86.1.118 "Common Blazing Star"

Fl. Pl., ink and watercolour on paper, 30.2 x 22.5 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1942; Arkadelphia, AR.

Moderate discolouration to image, slight matte burns, stain along upper edge, glue stains along left edge on verso, tape upper left and upper right corners, fair condition; appraised value, \$115.

Liatris pynostachya Michx. (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Common Blazing Star; Liatris squarrosa; July 4-42; Arkadelphia, Ar. [ink].

86.1.119 "Spring Beauty"

Fl. Pl., ink and watercolour on paper, 13.7 x 08.7 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; , .

Slight discolouration to image, glue stains along upper edge on verso, very good condition; appraised value, \$55.

Claytonia virginica L. (Portulacaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: No bottom notes.

86.1.120 "Field Pansy"

Fl. Pl., ink and watercolour on paper, 20.6 x 12.4 cm.; signed:Y;
E. Mistie; low.lt.cor.; 1950; Rogers, AR.

Slight discolouration to image, piece has been glued down to backing paper, tape along left and right edges, stain lower right corner, good condition; appraised value, \$90.

Viola rafinesquii Greene (Violaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Field Pansy-Violet Family. Rogers, Ark; Apr.-1-50 [pencil].

86.1.121 "Common Chickweed"

Fl. Pl., ink and watercolour on paper, 13.7 x 08.7 cm.; signed:Y;
E. Mistie; low.lt.cor.; 1942; , .

Slight discolouration to image, glue stains on verso, tape along left edge and right edge, very good condition; appraised value, \$55.

Stellaria media L. (Caryophyllaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Common Chickweed-(Stellaria Media) Pink Family.
Mar.-16-43 Rogers [ink].

86.1.122 "White Violet"

Fl. Pl., ink and watercolour on paper, 13.7 x 08.7 cm.; signed:Y;
E. Mistie; low.lt.cor.; 1942; , .

Negligible discolouration to image, glue stains on verso, tape along left edge and right edge, very good condition; appraised value, \$60.

Viola sagittata Ait. (Violaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: White Violet-(Viola Blanda) Willd. [ink].

86.1.123 "Daisy"

Fl. Pl., ink and watercolour on paper, 13.7 x 08.7 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; , .

Negligible discolouration to image, glue stains along upper edge on verso, tape along left and right edges, very good condition; appraised value, \$60.

Aster sp. (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Daisy-Erigeron divergens (T&G) Apr.-17-42. [ink].

86.1.124 "Bluets Innocense"

Fl. Pl., ink and watercolour on paper, 13.7 x 08.7 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1942; , .

Negligible discolouration to image, slight matte burns, glue stains on verso, tape along left and right edges, very good condition; appraised value, \$55.

Hedyotis crassifolia Raf. (Rubiaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Madder F. [pencil] Bluets-Innocence. (small Bluet)
Houstonia Patens [pencil].

86.1.125 "Small Mustard"

Fl. Pl., ink and watercolour on paper, 16.6 x 10.2 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1944; Rogers, AR.

Slight discolouration to image, slight matte burns, creases along bottom edge, glue stains along upper edge on verso, tape along lower edge, good condition; appraised value, \$60.

Unknown (Cruciferae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Small Mustard. Rogers, Ark. Apr.-8-44 [ink].

86.1.126 "Pucoon Root"

Fl. Pl., ink and watercolour on paper, 13.7 x 08.7 cm.; signed:Y;
E. Mistie; low.ctr.; 1943; Rogers, AR.

Negligible discolouration to image, slight matte burns, glue stains along upper edge on verso, tape along left and right edges, very good condition; appraised value, \$55.

Lithospermum canescens (Michx.) Lehm. (Boraginaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: March 29-43-Rogers, Ark. [ink, no other bottom notes].

86.1.127 "Plantainleaved Everlasting"

Fl. Pl., ink and watercolour on paper, 13.7 x 08.7 cm.; signed:Y;
E. Mistie; low.lt.cor.; 1943; Rogers, AR.

Negligible discolouration to image, glue stains along upper edge on verso, tape along left and right edges, very good condition; appraised value, \$60.

Antennaria plantaginifolia (L.) Richards (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Plantain Leaved Everlasting. Mar. 30-43 Rogers, Ark. [ink].

86.1.128 "Long Leaved Houstonia"

Fl. Pl., ink and watercolour on paper, 16.0 x 10.1 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stains on verso, tape along left and right edges, good condition; appraised value, \$60.

Hedyotis longifolia (Gaertn.) Hook. (Rubiaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: (Madder Family) (Kelloggia Galoioides) Arkadelphia, Ark. Apr.-25-42 [ink].

86.1.129 "Gnome-Like Faces of Seed Pods of Snap Dragon"

Illus., ink and watercolour on paper, 17.7 x 12.5 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1948; , .

Slight discolouration to image, slight matte burns, stamp tape along left edge and right edge, good condition; appraised value, \$50.

_ ; ; escaped cultivar: N; cultivated species: N; .

Artist's Notes: Gnomelike Faces of Seedpods of Snapdragon-July 12-48.
[pencil].

86.1.130 "Witch Hazel"

Fl. Pl., ink and watercolour on paper, 45.7 x 30.7 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1948; Shepherd Springs, AR.

Negligible discolouration to image, slight matte burns, stain along left edge, tape along left and right edges, good condition; appraised value, \$225.

Hamamelis vernalis Sarg. (Hamamelidaceae); Arkansas; escaped cultivar: N; cultivated species: N; TREE.

Artist's Notes: Witch Hazel (*Hamamelis Vernalis*)- Seeds, pods & leaf etc. Shepherd Spring, Ark. Sept. 26-48.

86.1.131 "Narrow Leaved Gum Plant"

Fl. Pl., ink and watercolour on paper, 45.7 x 27.5 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1949; Rogers, AR.

Slight discolouration to image, slight matte burns, slight foxing, tape along left and right edges, good condition; appraised value, \$215.

Grindelia lanceolata Nutt. (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Now Leaved Gum Plant (*Grindelia lanceolata*) Composite F; Rogers, Ark.-Sept. 25-49 [pencil].

Artist's Notes: Round-Leaved Mallow (*Malva Rotundifolia*) Mallow Family; May 7-44-Rogers, Ark. [ink]

86.1.132 "Wild Flox"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.8 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue along left edge on verso, tape along left and right edges, good condition; appraised value, \$175.

Phlox pilosa L. (Polemoniaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Wild Phlox Divaricata (Glaberrima)(Polemonium Family) April-17-42 Arkadelphia, Arkansas. [ink].

86.1.133 "Wild Petunia"

Fl. Pl., ink, watercolour and coloured pencil on paper, 29.7 x 22.2 cm.; signed:Y; E. Mistie; low.ctr.; 1942; Arkadelphia, AR.

Negligible discolouration to image, slight matte burns, creases along right edge, glue stain upper left corner on verso, tape upper left corner, good condition; appraised value, \$185.

Ruellia pedunculata Torr. ex Gray (Acanthaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Wild Petunia-Ruellia Occidentalis. Arkadelphia, Ark. May 11-42. [ink].

86.1.134 "Round Leaved Mallow"

Fl. Pl., ink and watercolour on paper, 30.6 x 24.1 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1944; Rogers, AR.

Moderate discolouration to image, slight matte burn, slight foxing, creases lower right corner, glue stains along left edge on verso, tape along left and right edges, fair condition; appraised value, \$165.

Malva rotundifolia L. (Malvaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Round-Leaved Mallow (Malva Rotundifolia) Mallow Family; May 7-44-Rogers, Ark. [ink].

86.1.135 "Common Day Flower"

Fl. Pl., ink and watercolour on paper, 34.8 x 19.8 cm.; signed:Y;
E. Mistie; low.ctr.; 1943; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$135.

Commelina communis L. (Commelinaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Day-Flower; Commelina Communis; June 7-43-Rogers, Ark. [ink].

86.1.136 "Fiddle Neck"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.7 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Benton, AR.

Negligible discolouration to image, creases across center, tape upper left and upper right corners, very good condition; appraised value, \$200.

Amsinckia lycopsoides Lehm. (Boraginaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Borage Family-Fiddle-neck, Amsinckia Intermedia (F&M); May 22-42; Benton, Ark. [ink].

86.1.137 "Bleeding Heart"

Fl. Pl., ink and watercolour on paper, 30.6 x 24.1 cm.; signed:Y;
E. Mistie; low.ctr.; 1944; , .

Marked discolouration to image, slight matte burns, slight foxing, glue stains along left edge on verso, tape along left and right edges, poor condition; appraised value, \$110.

Dicentra spectabilis (L.) DC. (Fumaraceae); Arkansas; escaped cultivar: N; cultivated species: Y; HERB.

Artist's Notes: Dicentra Spectabilis-Showy Dicentra or Bleeding Heart-Fumitory Family; April 22-44 [ink].

86.1.138 "Prairie Dock or Burdock"

Fl. Pl., ink and watercolour on paper, 41.8 x 34.9 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1950; Rogers, AR.

Negligible discolouration to image, slight matte burns, cockling along left and right edges, tape along left and right edges, good condition; appraised value, \$225.

Silphium terebinthaceum Jacq. (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Prairie Dock or Prairie Burdock-or Rosin Plant.
(Comp. F.) (Silphium Terebinthinaceum) Oct-18-50 Rogers Ark..Prairie Creek Rd.

86.1.139 "Many Rayed Aster"

Fl. Pl., ink and watercolour on paper, 42.0 x 35.0 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1950; , .

Negligible discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$235.

Aster anomalus Engelm. (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Many-rayed Aster---? Aster Anomalus (englem)-
MonteNe Rd. Oct.-17-50- [pencil].

86.1.140 "Wild Sage"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.7 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, tape along left and right edges, good condition; appraised value, \$185.

Salvia lyrata L. (Labiatae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Wild Sage Phryma Verbenacea-Vermain Family [name struck through with pencil] Lopseed [struck through with pencil] April-10-42; Arka, Ark. [ink].

86.1.141 "Field Thistle"

Fl. Pl., ink and watercolour on paper, 35.4 x 25.3 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$125.

Cirsium arvense (L.) Scop. (Compositae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Milk Thistle-Silybum Marianum [struck through with pencil; and above:] Field Thistle (Cirsium discolor)-Composite Family; July 5-42; Arkadelphia, Ark. [ink].

86.1.142 "Great Common Sunflower"

Fl. Pl., ink and watercolour on paper, 34.9 x 25.3 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stains along right edge on verso, tape along left and right edges, good condition; appraised value, \$185.

Helianthus annuus L. (Compositae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Great Common Sun flower (Helianthus Annuus).
Arkadelphia, Ark. July-17-42 [ink].

86.1.143 "Golden Poppy or California Poppy"

Fl. Pl., ink and watercolour on paper, 35.3 x 24.9 cm.; signed:Y;
E. Mistie; low.ctr.; 1947; Rogers, AR.

Negligible discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$185.

Escherholtzia californica Cham. (Papaveraceae); ; escaped cultivar: N;
cultivated species: Y; HERB.

Artist's Notes: Golden Poppy (California) (Escherholtzia Californica)-Poppy Family [pencil] Rogers, Ark.-May 29-47 [ink].
[Penciled name does not appear to be in the hand-writing of Mrs. Sterling.]

86.1.144 "Short Stalked Bindweed"

Fl. Pl., ink and watercolour on paper, 35.2 x 25.2 cm.; signed:Y;
E. Mistie; low.ctr.; 1947; Rogers, AR.

Negligible discolouration to image, tape along left edge and lower edge, very good condition; appraised value, \$225.

Ipomoea hederacea Jacq. (Convolvulaceae); Arkansas; escaped cultivar: N
; cultivated species: N; VINE.

Artist's Notes: Short Stalk Bindweed (*Convolvulus Fraterniflorus*) B.B.
[pencil] Rogers, Ark. June 28-47 [ink].

86.1.145 "Trifolium Hybridum"

Fl. Pl., ink and watercolour on paper, 34.4 x 23.6 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1942; Arkadelphia, AR.

Negligible discolouration to image, tape along left and right edges, very good condition; appraised value, \$225.

Trifolium reflexum L. (Leguminosae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Crimson Red Clover [ink] Buffalo Clover [pencil]
Arkadelphia, Ark. May-12-42 [ink].

86.1.146 "Grass Leaved Ladies Tresses"

Fl. Pl., ink and watercolour on paper, 30.0 x 22.4 cm.; signed:Y;
E. Mistie; low.lt.cor.; 1947; Rogers, AR.

Negligible discolouration to image, tape upper left corner, very good condition; appraised value, \$150.

Spiranthes cernua (L.) Richard (Orchidaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Grassleaved Ladies' Tresses (*Ibidium Proecox*) (Orchis Family) Rogers Ark July 5-47.

Artist's Notes: Evening Princess (*Oenothera Rubicunda*) Arkadelphia, Ark. 42 April-11-48 [ink]

86.1.147 "Iron Weed"

Fl. Pl., ink and watercolour on paper, 35.0 x 25.3 cm.; signed:Y;
E. Mistie; low.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, slight matte burns, glue stains along left edge on verso, tape along left and right edges, good condition; appraised value, \$125.

Vernonia baldwinii Torr. (Compositae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Iron Weed-Vernonia noveboracensis (Composite)
Arkadelphia, Ark. July 7-42 [ink].

86.1.148 "Red Clover"

Fl. Pl., ink and watercolour on paper, 29.9 x 22.6 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1942; Arkadelphia, AR.

Negligible discolouration to image, slight matte burns, paper loss along left edge on verso, tape along left and right edges, good condition; appraised value, \$175.

Trifolium pratense L. (Leguminosae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Red Clover (Trifolium Pratense) April-23-42.
Arkadelphia, Ark. [ink].

86.1.149 "Evening Primrose"

Fl. Pl., ink, watercolour and coloured pencil on paper, 30.5 x 22.7 cm.; signed:Y; E. Mistie; low.rt.ctr.; 1942; Arkadelphia, AR.

Slight discolouration to image, glue stains along left edge on verso, tape upper right and lower left corners, good condition; appraised value, \$175.

Oenothera speciosa Nutt. (Onagraceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Evening Primrose (Oenothera Rubicunda) Arkadelphia, Ark.-42 April-11-48 [ink].

86.1.150 "Horse Nettle"

Fl. Pl., ink and watercolour on paper, 30.8 x 22.4 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1942; Arkadelphia, AR.

Negligible discolouration to image, slight matte burns, cockling along right edge, glue stains along left edge on verso, tape along left and right edges, good condition; appraised value, \$185.

Solanum carolinense L. (Solanaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: Horse Nettle. *Solanum Carolinense* (Nightshade Family)
Arkadelphia, Ark.-(April)-May-4-42 [ink].

86.1.151 "Scotch Broom"

Fl. Pl., ink and watercolour on paper, 31.9 x 24.3 cm.; signed:Y;
E. Mistie; low.lt.cor.; 1942; , .

Negligible discolouration to image, slight matte burns, slight foxing,
glue stains along left edge on verso, tape lower left corner and lower
right corner, good condition; appraised value, \$175.

Gelsemium sempervirens (L.) Jaume St.-Hill (Loganiaceae); Arkansas;
escaped cultivar: Y; cultivated species: N; VINE.

Artist's Notes: Scotch or Warminster Broom [ink] (Jessamine
Sempervirens) [pencil] Arkadelphia, Arkansas Feb.-42 [ink].

86.1.152 "Cinque Foil"

Fl. Pl., ink and watercolour on paper, 35.7 x 24.2 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1944; Rogers, AR.

Slight discolouration to image, slight matte burns, stain upper right
hand corner, glue stains along left edge on verso, tape along left edge
and right edge, good condition; appraised value, \$185.

Potentilla recta L. (Rosaceae); Arkansas; escaped cultivar: N;
cultivated species: N; HERB.

Artist's Notes: *Potentilla Recta*; Cinquefoil (Rose Family) Rogers,
Ark. May 25-44 [ink].

86.1.153 "Oak Apple or Wood Sower Gall"

Fl. Pl., ink and watercolour on paper, 30.5 x 22.8 cm.; signed:N;
; ; ; Rogers, AR.

Negligible discolouration to image, very good condition; appraised value, \$135.

Quercus alba L. (Fagaceae); Arkansas; escaped cultivar: N; cultivated species: N; TREE.

Artist's Notes: Wool sour gall on White Oak (Oak Apple) May 15-48; Rogers, Ark. [pencil].

86.1.154 "Lactarius Deceptious"

Fungi, ink and watercolour on paper, 30.0 x 22.3 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1949; Rogers, AR.

Negligible discolouration to image, tape along left and right edges, very good condition; appraised value, \$185.

(Russulaceae); Arkansas; escaped cultivar: N; cultivated species: N; AGARIC.

Artist's Notes: Deceptive Lactarius (edible) (Lactarius deceptivus) June-8-49 Rogers Ark - Mo. Roaring River

86.1.155 "Maple Root or Trust Fungi"

Fungi , ink and watercolour on paper, 31.3 x 30.7 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1950; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$185.

Grifola frondosa (Fr.) S.F.Gray (Polyporaceae); Arkansas; escaped cultivar: N; cultivated species: N: POLYPORE.

Artist's Notes: Polyporus Frondosus form of Fistulina? Rogers Ark. Maple Root & Trunk Fungi -June-10-50.

Artist's Notes: Wood of Head Botany-Lousewort (Pedicularis canadensis) Rogers Ark. 4/17/49

86.1.156 "Oyster Mushroom"

Fungi, ink and watercolour on paper, 38.3 x 30.7 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1950; Rogers, AR.

Slight discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$185.

Polyporus sp. (Polyporaceae); Arkansas; escaped cultivar: N; cultivated species: N; POLYPORE.

Artist's Notes: Pleurotus Ostreatus, or, Sapidus -could be Hydnum Septentrionale? Hydnum (") Pulcherrimum Avoca Ark (Rogers) June 7-50.

86.1.157 "Mallow"

Fl. Pl., ink, watercolour and coloured pencil on paper, 30.4 x 22.9 cm.; signed:Y; E. Mistie; low.rt.cor.; 1946; Rogers, AR.

Negligible discolouration to image, very good condition; appraised value, \$135.

Callirhoë involucrata (T.&G.) Gray (Malvaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Mallow Family (Callirrhoe Pedatta) [pencil] May 28-46; Rogers, Ark. [ink].

86.1.158 "Wood Betony"

Fl. Pl., ink and watercolour on paper, 30.0 x 22.4 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1949; Rogers, AR.

Slight discolouration to image, slight matte burns, stain along right edge, tape along left and right edges, good condition; appraised value, \$175.

Pedicularis canadensis L. (Scrophulariaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Wood or Head Betony-Lousewort-(Pedicularis Canadensis) Rogers, Ark. 4/17-49.

86.1.159 "Water Leaf"

Fl. Pl., ink, watercolour and coloured pencil on paper, 30.6 x 22.7 cm.; signed:Y; E. Mistie; low.rt.ctr.; 1942; Arkadelphia, AR.

Negligible discolouration to image, slight matte burns, crease across center, glue stains along left edge on verso, tape along left and right edges, good condition; appraised value, \$135.

Hydrophyllum sp. (Hydrophyllaceae); Arkansas; escaped cultivar: N; cultivated species: N; HERB.

Artist's Notes: Phacelia Patuliflora (Waterleaf) Arkadelphia May 15-42 [ink].

86.1.160 "Running Myrtle - Periwinkle"

Fl. Pl., ink and watercolour on paper, 30.0 x 22.5 cm.; signed:Y; E. Mistie; low.ctr.; 1949; Rogers, AR.

Negligible discolouration to image, creases along left edge, tape along left and right edges, very good condition; appraised value, \$185.

Artist's Notes: Field or Purple Milkwort (Polygala Sanguines) Milkwort F.) Rogers. June 14-48 [ink].

86.1.344 "Inky Caps"

Fungi, ink and watercolour on paper, 26.3 x 19.6 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1948; Rogers, AR.

Negligible discolouration to image, slight matte burns, tape along
right edge, good condition; appraised value, \$150.

Coprinus sp. (Coprinaceae); Arkansas; escaped
cultivar: N; cultivated species: N; AGARIC.

Artist's Notes: Inky Caps, Variety of atarmentarius (None Poisonous)
(Coprinus apramentarius) Rogers Ark-April 20-48.

86.1.345 "Sporophores at Oak Root"

Fungi, ink and watercolour on paper, 21.6 x 19.6 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1948; Monte, AR.

Negligible discolouration to image, stamp tape along left and right
edges, very good condition; appraised value, \$135.

Russula sp. (Russulaceae); Arkansas; escaped
cultivar: N; cultivated species: N; AGARIC.

Artist's Notes: Sporohores at Oak Root Scarlet Hygrophorsus Russulas
June 4-48 Monte Ne Ark.

86.1.346 "Oak Mushroom"

Fungi, ink and watercolour on paper, 16.9 x 12.5 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1949; Rogers, AR.

Negligible discolouration to image, slight matte burns, stamp tape
along left edge and right edge, good condition; appraised value, \$125.

Craterellus fallax A.H. Smith (Cantharellaceae); Arkansas; escaped
cultivar: N; cultivated species: N; CHANTERELLE.

Artist's Notes: Cornucopia Craterellus (Craterellus Cornucopioides)
Oak root Mushroom June-7-49 Kemp Farm Rogers Ark-

86.1.347 "Amanita Mappa"

Fungi, ink and watercolour on paper, 13.1 x 11.6 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1949; Roaring River, MO.

Negligible discolouration to image, small stains upper right corner, slight matte burns, stamp tape along left edge and right edge, good condition; appraised value, \$125.

Amanita rubescens (Pers. ex Fr.) S.F. Gray (Amanitaceae); Arkansas; escaped cultivar: N; cultivated species: N; AGARIC.

Artist's Notes: Young Amanita Mappa (Amanita Mappa) Toadstools under chinquapin Tree June 7-49 Roaring R. Mo.

86.1.348 "Chesnut Boletus"

Fungi, ink and watercolour on paper, 13.3 x 12.5 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1949; Rogers, AR.

Negligible discolouration to image, slight matte burns, stain along right edge, tape along left and right edges, good condition; appraised value, \$115.

Coltricia cinnamomea (Pers.) Murr. (Polyporaceae); Arkansas; escaped cultivar: N; cultivated species: N; POLYPORE.

Artist's Notes: Chestnut Boletus (edible) Boletus castaneus Kemp Farm. June 5-49-Rogers Ark.

86.1.349 "Inky Caps"

Fungi, ink and watercolour on paper, 14.0 x 09.3 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1950; Rogers, AR.

Negligible discolouration to image, stamp tape along left edge and right edge, very good condition; appraised value, \$135.

Coprinus micaceus (Bull. ex. Fr.)Fr. (Coprinaceae); Arkansas; escaped cultivar: N; cultivated species: N; AGARIC.

Artist's Notes: Mica Inky Caps. Coprinus micaceus Inky Caps edible Rogers Ark June 8-50

86.1.350 "Gem Studded Puffball"

Fungi, ink and watercolour on paper, 12.3 x 09.9 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1950; Rogers, AR.

Negligible discolouration to image, stamp tape along left edge and
right edge, very good condition; appraised value, \$135.

Lycoperdon perlatum Pers. (Lycoperdaceae); Arkansas; escaped cultivar: N;
cultivated species: N; PUFFBALL.

Artist's Notes: Gem Studded Puffball--(Edible) Lycoperdon Gemmatum
June-7-50. Rogers Ark.

86.1.351 "Hypholoma Incertum"

Fungi, ink and watercolour on paper, 16.6 x 12.5 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1950; Rogers, AR.

Negligible discolouration to image, slight matte burns, tape along left
and right edges, good condition; appraised value, \$125.

Psathyrella sp. (Coprinceae); Arkansas; cultivated species: N; escaped
cultivar: N; AGARIC.

50. Rogers Ark.

86.1.352 "Vermilion Chantrelle"

Fungi, ink and watercolour on paper, 17.6 x 12.5 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1949; Rogers, AR.

Negligible discolouration to image, slight matte burns, tape marks
along left and right edges, good condition; appraised value, \$125.

Cantharellus cinnabarinus Schw. (Cantharellaceae); Arkansas; escaped
cultivar: N; cultivated species: N; CHANTERELLE.

Artist's Notes: Vermillion Chantrelle (edible) (Cantharellus
cinnabarinus) Kemp Farm Rogers Ark. June 6th 49.

86.1.353 "Coral Fungus"

Fungi, ink and watercolour on paper, 17.3 x 12.5 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1949; , .

Negligible discolouration to image, slight matte burns, tape along left and right edges, good condition; appraised value, \$125.

Tremellodendron pallidum (Schw.) Burt. (Tremellaceae); Arkansas; escaped cultivar: N; cultivated species: N; JELLY FUNGI.

Artist's Notes: Coral Fungus Genus Clavaria Coral Mushroom Roaring R. Mo. June 7-49.

86.1.354 "Oak Loving Collybia"

Fungi, ink and watercolour on paper, 12.5 x 11.9 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1949; Rogers, AR.

Negligible discolouration to image, stamp tape along left edge and right edge, very good condition; appraised value, \$135.

Russula sp. (Russulaceae); Arkansas; escaped cultivar:
N; cultivated species: N; AGARIC.

Artist's Notes: Oak Loving Collybia (*collybia dryophila*) June 9th 49
Rogers-49 Ark.

86.1.355 "Rose and Yellow Collybia"

Fungi, ink and watercolour on paper, 16.3 x 12.5 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1949; Roaring River, MO.

Negligible discolouration to image, slight matte burns, stamp tape along left edge and right edge, good condition; appraised value, \$125.

Russula sp. (Russulaceae); Arkansas; escaped cultivar:
N; cultivated species: N; AGARIC.

Artist's Notes: Rose-Yellow Collybia *Collybia dryophila*. June 8th 49
Roaring R Mo.

Artist's Notes: *Collybia mexicana* H.B. No. Rogers Ark. June 7-50.

86.1.356 "Hypholoma Rigidus"

Fungi, ink and watercolour on paper, 17.2 x 12.5 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1948; Rogers, AR.

Negligible discolouration to image, slight matte burns, pin hole along upper edge, tape along left and right edges, good condition; appraised value, \$125.

Not identified; Arkansas; escaped cultivar: N; cultivated species: N.

Artist's Notes: Hypholoma rigidus Pk. (edible) Hypholoma Rogers
Ark-June 26-48.

86.1.357 "Little Wheel Marasmius"

Fungi, ink and watercolour on paper, 17.6 x 12.5 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1948; Rogers, AR.

Negligible discolouration to image, slight matte burns, pin hole along upper edge, tape along left and right edges, good condition; appraised value, \$125.

Marasmius rotula (Scop. ex Fr.) Fr. (Tricholomataceae); Arkansas; escaped cultivar: N; cultivated species: N; AGARIC.

Artist's Notes: Little Wheel Marasmius (Marasmius Rotula) July
3rd-48-Rogers Ark.

86.1.358 "Lepiota Americana"

Fungi, ink and watercolour on paper, 17.6 x 12.5 cm.; signed:Y;
E. Mistie; low.rt.ctr.; 1950; Rogers, AR.

Negligible discolouration to image, pin holes along upper edge, stamp tape along edge and right edge, very good condition; appraised value, \$135.

Amanita rubescens (Pers. ex Fr.) S.F. Gray (Amanitaceae); Arkansas;
escaped cultivar: N; cultivated species: N; AGARIC.

Artist's Notes: Lepiota americana R.R. Mo. Rogers Ark June 7-50.

86.1.359 "Polyporus Versicolor"

Fungi, ink and watercolour on paper, 26.1 x 21.6 cm.; signed:Y;
E. Mistie; low.lt.ctr.; 1950; Rogers, AR.

Negligible discolouration to image, slight matte burns, stamp tape along left edge and right edge, good condition; appraised value, \$175.

Ganoderma sp. (Polyporaceae); Arkansas; escaped cultivar: N;
cultivated species: N; POLYPORE.

Artist's Notes: Polyporus Versicolor Roaring R. Rogers Ark-
July-22-50.

86.1.360 "Ripe Puffball Mushroom"

Fungi, ink and watercolour on paper, 27.0 x 20.2 cm.; signed:Y;
E. Mistie; low.ctr.; 1949; Rogers, AR.

Negligible discolouration to image, stamp tape along left edge and right edge, very good condition; appraised value, \$185.

Calvatia craniiformis (Schw.) Fr. (Lycoperdaceae); Arkansas; escaped
cultivar: N; cultivated species: N, PUFFBALL.

Artist's Notes: Ripe Puffball Mushroom..(Calvatia craniiformis) Rogers
Ark.---Oct--7-49.

86.1.361 "Peziza Cup Fungi"

Fungi, ink and watercolour on paper, 20.5 x 16.2 cm.; signed:Y;
E. Mistie; low.ctr.; 1950; Rogers, AR.

Negligible discolouration to image, slight matte burns, stamp tape along left edge and right edge, good condition; appraised value, \$150.

(Nidulariaceae); Arkansas; escaped cultivar: N; cultivated species: N;
BIRD'SNEST FUNGI.

E. Mistie; Low.rt.cor.; 1942; , .

Neg. foxing, stain at low. rt. edge, good condition; value, ?.

Ranunculus fascicularis Muhl. (Ranunculaceae); Arkansas; escaped
cultivar: N; cultivated species: N; HERB.

Artist's Notes: No bottom notes.

86.1.485 Untitled landscape

Landscape, ink on paper, 26.2 x 15.2 cm.; signed:N; ; ; ; , .

Neg. foxing, good condition; appraised value, ?

_ ; ; escaped cultivar: N; cultivated species: N; .

Artist's Notes: No bottom notes.

86.1.486 Untitled

Fl. Pl., ink and watercolour on paper, 30.5 x 22.7 cm.; signed:N;
; ; ; , .

Image incomplete; low. rt. corner dogeared; good condition; value,?.

Passiflora incarnata L. (Passifloraceae); Arkansas; escaped cultivar: N
; cultivated species: N; VINE.

Artist's Notes: No bottom notes.

86.1.487 Untitled

Fl. Pl., watercolor on paper, 39.5 x 24.2 cm.; signed:Y;
E. Mistie; low.rt.cor.; 1937; , .

Top left cor. dog-eared, tear at low. rt. corner; moderate
fading; fair condition, appraised value, ?.

Bignonia sp. (Bignoniaceae); ; escaped cultivar: N; cultivated
species: Y; VINE.

Artist's Notes: A begonia or slip [on verso in pencil].

86.1.488 Untitled landscape

Landscape, ink on paper, 22.4 x 15.0 cm.; signed:Y;
E. Mistie; low.rt.cor.; ; , .

Neg. discoloration, very good condition; appraised value, \$20.

_ ; ; escaped cultivar: N; cultivated species: N; .

Artist's Notes: No bottom notes.

86.1.489 Untitled landscape

Landscape, ink on paper, 22.4 x 15.0 cm.; signed:Y;
E. Mistie; low.rt.cor.; ; , .

Neg. discoloration, very good condition; appraised value, \$20.

_ ; ; escaped cultivar: N; cultivated species: N; .

Artist's Notes: No bottom notes

86.1.490 Untitled landscape

Landscape, ink on paper, cm.; signed:Y;
E. Mistie; low.rt.cor.; ; , .

Neg. discoloration, very good condition; appraised value, \$20.

_ ; ; escaped cultivar: N; cultivated species: N; .

Artist's Notes: No bottom notes

86.1.491 Untitled landscape

Landscape, ink on paper, 22.4 x 15.0 cm.; signed:Y;
E. Mistie; low.rt.cor.; ; , .

Neg. discoloration, very good condition; appraised value, \$20.

_ ; ; escaped cultivar: N; cultivated species: N; .

Artist's Notes: No bottom notes.

INDEX OF BOTANICAL FAMILIES

86.1.228
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: Torr. ex Gray

86.1.229
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: (L.) Gray

APPENDIX III

INDEX OF BOTANICAL FAMILIES REPRESENTED IN THE
 ELSIE MISTIE STERLING COLLECTION

86.1.230
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: L.

86.1.231
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: L.

86.1.232
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: sp.

86.1.233
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: L.

86.1.234
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: Hitchc.

86.1.235
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: L.

86.1.236
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: (Pursh ex Torr.) S.F. Gray

86.1.237
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: L.

86.1.238
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: (Pursh ex Torr.) S.F. Gray

86.1.239
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: L.

86.1.240
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: L.

86.1.241
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: L.

86.1.242
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: sp.

86.1.243
 Family: (Asteraceae)
 Gen/Sp: *Senecio perfoliatus*
 Author: (Walt.) Gray

INDEX OF BOTANICAL FAMILIES

- 86.1.133
 Family: (Acanthaceae)
 Gen/Sp: *Ruellia pedunculata*
 Author: Torr. ex Gray
- 86.1.1389
 Family: (Aceraceae)
 Gen/Sp: *Acer saccharinum*
 Author: L.
- 86.1.391
 Family: (Aceraceae)
 Gen/Sp: *Acer*
 Author: sp.
- 86.1.331
 Family: (Alismaceae)
 Gen/Sp: *Sagittaria graminea*
 Author: Michx.
- 86.1.358
 Family: (Amanitaceae)
 Gen/Sp: *Amanita rubescens*
 Author: (Pers. ex Fr.) S.F. Gray
- 86.1.347
 Family: (Amanitaceae)
 Gen/Sp: *Amanita rubescens*
 Author: (Pers. ex Fr.) S.F. Gray
- 86.1.435
 Family: (Amaryllidaceae)
 Gen/Sp: *Agave virginica*
 Author: L.
- 86.1.390
 Family: (Amaryllidaceae)
 Gen/Sp: *Amaryllis*
 Author: sp.
- 86.1.228
 Family: (Amaryllidaceae)
 Gen/Sp: *Habranthus tubispathus*
 Author: (L'Her) Traub.
- 86.1.430
 Family: (Amaryllidaceae)
 Gen/Sp: *Hymenocaulis caroliniana*
 Author: (L.) Herb.
- 86.1.388
 Family: (Amaryllidaceae)
 Gen/Sp: *Zephyranthes atamasco*
 Author: (L.) Herbert
- 86.1.419
 Family: (Anacardiaceae)
 Gen/Sp: *Rhus glabra*
 Author: L.
- 86.1.433
 Family: (Annonaceae)
 Gen/Sp: *Asimina triloba*
 Author: (L.) Duns.
- 86.1.330
 Family: (Apocynaceae)
 Gen/Sp: *Amsonia tabernaemontana*
 Author: Walt.
- 86.1.249
 Family: (Apocynaceae)
 Gen/Sp: *Apocynum androsaefolium*
 Author: L.
- 86.1.092
 Family: (Apocynaceae)
 Gen/Sp: *Trachelospermum difforme*
 Author: (Walt.) Gray
- Family: (Asclepiadaceae)
 Gen/Sp: *Asclepias tuberosa*
 Author: L.
- Family: (Asclepiadaceae)
 Gen/Sp: *Asclepias longiflora*
 Author: Michx.

- 86.1.399
Family: (Apocynaceae)
Gen/Sp: *Vinca*
Author: sp.
- 86.1.160
Family: (Apocynaceae)
Gen/Sp: *Vinca minor*
Author: L.
- 86.1.375
Family: (Apocynaceae)
Gen/Sp: *Vinca rosea*
Author: L.
- 86.1.423
Family: (Aquifoliaceae)
Gen/Sp: *Ilex vomitoria*
Author: Ait.
- 86.1.377
Family: (Aquifoliaceae)
Gen/Sp: *Ilex vomitoria*
Author: Ait.
- 86.1.481
Family: (Aquifoliaceae)
Gen/Sp: *Ilex opaca*
Author: Ait.
- 86.1.438
Family: (Araceae)
Gen/Sp: *Arisaema atrorubens*
Author: (Ait.) Blume
- 86.1.265
Family: (Aristolochiaceae)
Gen/Sp: *Asarum canadense*
Author: L.
- 86.1.342
Family: (Asclepiadaceae)
Gen/Sp: *Asclepias tuberosa*
Author: L.
- 86.1.315
Family: (Asclepiadaceae)
Gen/Sp: *Asclepias incarnata*
Author: L.
- 86.1.191
Family: (Asclepiadaceae)
Gen/Sp: *Asclepias amplexicaulis*
Author: Sm.
- 86.1.321
Family: (Asclepiadaceae)
Gen/Sp: *Asclepias variegata*
Author: L.
- 86.1.334
Family: (Asclepiadaceae)
Gen/Sp: *Asclepias syriaca*
Author: L.
- 86.1.106
Family: (Asclepidaceae)
Gen/Sp: *Asclepias purpurascens*
Author: L.
- 86.1.071
Family: (Asclepidaceae)
Gen/Sp: *Asclepias quadifolia*
Author: Jacq.
- 86.1.073
Family: (Asclepidaceae)
Gen/Sp: *Asclepias tuberosa*
Author: L.
- 86.1.442
Family: (Asclepidaceae)
Gen/Sp: *Asclepias viridis*
Author: Walt.
- 86.1.427
Family: (Asclepidaceae)
Gen/Sp: *Asclepias longiflora*
Author: Michx.

- 86.1.238
Family: (Asclepidaceae)
Gen/Sp: *Stapelia variegata*
Author:
- 86.1.136
Family: (Boraginaceae)
Gen/Sp: *Amsinckia lycopsoides*
Author: Lehm.
- 86.1.205
Family: (Balsaminaceae)
Gen/Sp: *Impatiens pallida*
Author: Nutt.
- 86.1.088
Family: (Boraginaceae)
Gen/Sp: *Cynoglossum virginianum*
Author: L.
- 86.1.476
Family: (Berberidaceae)
Gen/Sp: *Nandina domestica*
Author:
- 86.1.126
Family: (Boraginaceae)
Gen/Sp: *Lithospermum canescens*
Author: (Michx.) Lehm.
- 86.1.471
Family: (Betulaceae)
Gen/Sp: *Alnus serrulata*
Author: (Ait.) Willd.
- 86.1.367
Family: (Bromeliaceae)
Gen/Sp: *Billbergia saundersi*
Author:
- 86.1.302
Family: (Betulaceae)
Gen/Sp: *Corylus americana*
Author: Walt.
- 86.1.447
Family: (Cactaceae)
Gen/Sp: *Epiphyllum oxypetalum*
Author:
- 86.1.284
Family: (Bignoniaceae)
Gen/Sp: *Bignonia capreolata*
Author: L.
- 86.1.385
Family: (Cactaceae)
Gen/Sp: *Opuntia*
Author: sp.
- 86.1.487
Family: (Bignoniaceae)
Gen/Sp: *Bignonia*
Author: sp.
- 86.1.412
Family: (Calycanthaceae)
Gen/Sp: *Calycanthus floridus*
Author: L.
- 86.1.163
Family: (Boletaceae)
Gen/Sp: *Boletus*
Author: sp.
- 86.1.062
Family: (Campanueaceae)
Gen/Sp: *Triodonis perfoliata*
Author: (L.) Nieuwl.
- 86.1.362
Family: (Boletaceae)
Gen/Sp: *Strobilomyces floccopus*
Author: (Fries) Karsten
- 86.1.402
Family: (Campanulaceae)
Gen/Sp: *Campanula americana*
Author: L.

- 86.1.294
Family: (Campanulaceae)
Gen/Sp: *Campanula americana*
Author: L.
- 86.1.094
Family: (Campanulaceae)
Gen/Sp: *Lobelia siphilitica*
Author: L.
- 86.1.436
Family: (Campanulaceae)
Gen/Sp: *Lobelia cardinalis*
Author: L.
- 86.1.346
Family: (Cantharellaceae)
Gen/Sp: *Craterellus fallax*
Author: A.H. Smith
- 86.1.352
Family: (Cantharellaceae)
Gen/Sp: *Cantharellus cinnabarinus*
Author: Schw.
- 86.1.286
Family: (Caparaceae)
Gen/Sp: *Cleome hassleriana*
Author: Chod.
- 86.1.465
Family: (Caparaceae)
Gen/Sp: *Cleome hassleriana*
Author: Chod.
- 86.1.187
Family: (Caprifoliaceae)
Gen/Sp: *Lonicera japonica*
Author: Thumb.
- 86.1.218
Family: (Caprifoliaceae)
Gen/Sp: *Lonicera dioica*
Author: L. [Plant]
- 86.1.218
Family: (Caprifoliaceae)
Gen/Sp: *Lonicera Sempervirens*
Author: Ait. [Flowers]
- 86.1.281
Family: (Caprifoliaceae)
Gen/Sp: *Sambucus canadensis*
Author: L.
- 86.1.248
Family: (Caprifoliaceae)
Gen/Sp: *Weigela florida*
Author:
- 86.1.110
Family: (Caryophylliaceae)
Gen/Sp: *Saponaria officinalis*
Author: L.
- 86.1.233
Family: (Caryophyllaceae)
Gen/Sp: *Agrostemma githago*
Author: L.
- 86.1.115
Family: (Caryophyllaceae)
Gen/Sp: *Cerastium arvense*
Author: L.
- 86.1.083
Family: (Caryophyllaceae)
Gen/Sp: *Dianthus armeria*
Author: L.
- 86.1.171
Family: (Caryophyllaceae)
Gen/Sp: *Lychnis flos-cuculi*
Author:
- 86.1.209
Family: (Caryophyllaceae)
Gen/Sp: *Silene regia*
Author: Sims

- 86.1.300
Family: (Caryophyllaceae)
Gen/Sp: *Silene pratensis*
Author: (Raf.) Godrin & Gran.
- 86.1.121
Family: (Caryophyllaceae)
Gen/Sp: *Stellaria media*
Author: L.
- 86.1.267
Family: (Celastraceae)
Gen/Sp: *Euonymus atropurpureus*
Author: Jacq.
- 86.1.405
Family: (Celastraceae)
Gen/Sp: *Euonymus americanus*
Author: L.
- 86.1.010
Family: (Celastraceae)
Gen/Sp: *Euonymus obovatus*
Author: Nutt.
- 86.1.363
Family: (Clavariaceae)

Interviews

The following individuals from Rogers, Arkansas, who were acquainted with the Sterling-Mistie family, were interviewed by the author in August, 1989:

| | |
|------------------|----------------------|
| Opal Beck | Eleanor Malone |
| Loneta Blevins | Anna Mae Searles |
| Ester Lee Carter | Dorothy Bryant Smith |
| Guy Carter | Kathryn Stair |
| Edith Erickson | Iva Stophlet |
| Edith Heffner | Roy N. Webster |
| Louise Hoag | Oneita Woods |
| Murdell Leflar | |

Other individuals interviewed by the author via telephone include:

Clementine Moore. Alma, AR
 Neil Compton. Bentonville, AR
 Elizabeth M. Blagbrough. St. Louis, MO
 Ola Sandlin. Harlingen, TX
 George B. Gause, Jr. Edinburg, TX
 Karen Potje. Ft. Worth, TX
