# Warning to Data Users

[Broncho Analytics](#) provides data users with the most current institutional data available from the Office of Institutional Research. These data reflect our efforts to correct for a number of data quality issues in the student information system & provide comparable time-series data. As we have transitioned to reporting from a data warehouse, our methods have evolved. Unfortunately, this might mean a report from many years ago is no longer comparable with data reported currently on Broncho Analytics. For example, past reports on student majors were based on the student's "primary major" whereas current major reports are not limited in this way.

Data users are encouraged to consult the Office of Institutional Research when comparing data from past editions of the Factbook and Demobook to current reports on [Broncho Analytics](#).

## **INTRODUCTION**

**A draft version of the University of Central Oklahoma Factbook will be available online at [www.uco.edu/academic-affairs/ir](http://www.uco.edu/academic-affairs/ir). As the various reports that compose the Factbook are completed, they will be added to the website. This approach will allow access to the data months before the final document is published. As this is a growing document, page numbers will be assigned only as the actual page number can be determined.**

The University of Central Oklahoma Factbook is designed to serve multiple functions. It is intended to provide "most everything" you want to know about UCO at the institutional level, and to provide detailed information useful for academic program review at the academic departmental level. It is anticipated that the information provided will help decision-makers, grant writers, and those needing general institutional information for accreditation purposes. Given that breadth of intent, it is obvious that there will be gaps in the information. Hopefully, factbook users will provide feedback and identify areas for inclusion in the future (though all questions will not be answerable within the parameters of this factbook). Institutional Research may be reached at 974-3342.

The information used is drawn, in most instances, from standard internal reports or from standard reports provided to State and Federal offices. Rather than cite each item, a reference list is included at the back to provide an idea of the sources used. The entire publication is available electronically from the Institutional Research website (<http://www.uco.edu/ir>).

## **ACKNOWLEDGEMENTS**

A number of individuals and offices have provided assistance and information. Thanks to the Academic Affairs Office, Auxiliary Enterprises, Budget Office, Deans' offices, Information Technology, Library, Facilities Management, and Student Affairs for their assistance.

## **SPECIAL ACKNOWLEDGEMENT**

The Office of Institutional Research would like to recognize the Fall 2014 students involved with InkTank for the cover design.

**MISSION**

The University of Central Oklahoma exists to help students learn by providing transformative educational experiences to students so that they may become productive, creative, ethical and engaged citizens and leaders serving our global community. UCO contributes to the intellectual, cultural, economic and social advancement of the communities and individuals it serves.

**VISION**

UCO will become one of the Top 10 metropolitan universities of our kind in the United States by providing a transformative education as well as development experiences that help learners achieve their highest level of leadership potential.

**CALL TO ACTION**

The University of Central Oklahoma is the Leadership University, delivering education based on our shared values of Community, Character, and Civility. UCO transforms each student by focusing our resources on the Central Six tenets of transformative learning.

All students will be transformed with:

- Discipline Knowledge
- Leadership
- Problem Solving (Research, Scholarly, and Creative Activities)
- Service Learning and Civic Engagement
- Global and Cultural Competencies
- Health and Wellness

Transformative learning is a holistic process that places students at the center of their own active and reflective learning experience.

**BELIEFS AND VALUES**

- UCO's fundamental responsibility is excellent teaching, which involves instilling and fostering in students the joy of learning, the ability to think critically and a desire to achieve their creative potential.
- Our other major responsibilities include scholarly activities, research and service to students, to other individuals and to the larger community.
- A college degree should represent an education which enables its recipients to become good citizens and responsible, independent adults who embrace learning as a lifelong endeavor.
- Great universities must require and encourage a free flow of information, ideas and opinions in a community which fosters social justice, values diversity and demands the highest standards of ethical conduct, mutual respect and civility.
- UCO as an institution, and all its constituents, must be committed to continuous processes of self-examination and self-improvement which encourage innovation, receptiveness and adaptation to change.
- UCO must seek and maintain open and mutually beneficial relationships with its surrounding communities, and must also view itself and its graduates as part of an increasingly interdependent global society.

The UCO Mission Statement was revised in the Spring of 2008 as a result of strategic planning efforts. It was approved by the Regents for the Regional University System of Oklahoma on June 20, 2008.

It was easy in 1891 to describe the Territorial Normal School's students. Enrollment was "about 25", though a picture of the first class shows only 20, 13 women and 7 men. They were all commuters as there were no dorms. Out-of-state and international students were unheard of in an era of horse and wagon. Yet the vision of a community and its leaders gave birth to the Normal School which has developed into a university where diversity of the student population is one of its greatest strengths.

The history of the University's student population provides a clear snapshot of the institution's growth and the world in which it grew. A glance at the graph of student headcount shows the rapid growth of the institution after 1950. The greatest percentage increase, however, was actually during the first decade. There were anticipated growth spurts at the end of World Wars I and II. When Oklahoma needed to educate and retrain for a rapidly changing world, Central was there.

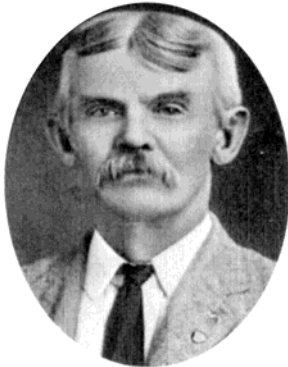

***"CENTRAL" BY ANY OTHER NAME***  
***UNIVERSITY OF CENTRAL OKLAHOMA***

Oklahoma became a State in 1907, and the Oklahoma State Regents for Higher Education came into existence in 1941. In the early years of the Institution student headcount was annualized but since about 1910 it reflects Fall figures. There have been six name changes since UCO was founded, and the following chart represents the status of the institution at the time of those changes, as well as of the current year.

Residence Hall numbers reflect student headcount. Capacity reflects the number of spaces available, not the number of rooms. This number can change from year to year because of damages. Some students have single rooms which will count as two spaces. Adjustments for this have been made in the utilization figures.

<b>Univ Housing Totals</b>	8	8	8	8	10	10	100%

Because non-UCO student spouses and children reside in them, University Housing numbers only reflect a count of apartments. Apartments will occasionally be unrentable because of damage or special designations, which can cause capacity numbers to vary from year to year. The Broncho Apts were closed down prior to Fall 2007.
