Warning to Data Users

[Broncho Analytics](#) provides data users with the most current institutional data available from the Office of Institutional Research. These data reflect our efforts to correct for a number of data quality issues in the student information system & provide comparable time-series data. As we have transitioned to reporting from a data warehouse, our methods have evolved. Unfortunately, this might mean a report from many years ago is no longer comparable with data reported currently on Broncho Analytics. For example, past reports on student majors were based on the student's "primary major" whereas current major reports are not limited in this way.

Data users are encouraged to consult the Office of Institutional Research when comparing data from past editions of the Factbook and Demobook to current reports on [Broncho Analytics](#).

INTRODUCTION

The University of Central Oklahoma Factbook will be published differently this year. A draft version of the book will be available online at www.ucok.edu/institutional_research. As the various reports that compose the Factbook are completed, they will be added to the website. This approach will allow access to the data months before the final document is published. As this is a growing document, page numbers will be used for the individual reports until page numbers can be properly assigned for the document.

The University of Central Oklahoma Factbook is designed to serve multiple functions. It is intended to provide "most everything" you want to know about UCO at the institutional level, and to provide detailed information useful for academic program review at the academic departmental level. It is anticipated that the information provided will help decision-makers, grant writers, and those needing general institutional information for accreditation purposes. Given that breadth of intent, it is obvious that there will be gaps in the information. Hopefully, factbook users will provide feedback and identify areas for inclusion in the future (though all questions will not be answerable within the parameters of this factbook). Institutional Research may be reached at 974-3342.

The information used is drawn, in most instances, from standard internal reports or from standard reports provided to State and Federal offices. Rather than cite each item, a reference list is included at the back to provide an idea of the sources used. The entire publication is available electronically from the Institutional Research website (http://www.ucok.edu/institutional_research).

The College of Arts, Media, and Design was created in January 2001 and enrolled its first students in Fall 2001. Enrollment and other data at the college level will be affected by this new college. The College of Education and the College of Liberal Arts are the two colleges primarily impacted.

Also this year, the student and financial aid modules were converted to the SCT Banner system. With data in two different systems, the task of completing this Factbook has proved to be a challenge. Please send any comments or questions to Institutional Research, Box 138, or call us at 974-3342.

UCO exists to provide excellent undergraduate, graduate, and continuing education to enable students to achieve their intellectual, professional, personal and creative potential. UCO must also contribute to the intellectual, cultural, economic and social advancement of the communities and individuals it serves.

Beliefs and Values

- UCO's fundamental responsibility is excellent teaching, which involves instilling and fostering in students the joy of learning, the ability to think critically and a desire to achieve their creative potential.
- Our other major responsibilities include scholarly activities, research and service to students, to other individuals and to the larger community.
- A college degree should represent an education which enables its recipients to become good citizens and responsible, independent adults who embrace learning as a lifelong endeavor.
- Great universities must require and encourage a free flow of information, ideas and opinions in a community which fosters social justice, values diversity and demands the highest standards of ethical conduct, mutual respect and civility.
- UCO as an institution, and all its constituents, must be committed to continuous processes of self-examination and self-improvement which encourage innovation, receptiveness and adaptation to change.
- UCO must seek and maintain open and mutually beneficial relationships with its surrounding communities, and must also view itself and its graduates as part of an increasingly interdependent global society.

The UCO Mission Statement was revised in the Spring of 1999 as a result of a long-range strategic planning effort. It was approved by the Board of Regents of Oklahoma Colleges on 5/24/99.

ENROLLMENT HISTORY

UNIVERSITY OF CENTRAL OKLAHOMA

It was easy in 1891 to describe the Territorial Normal School's students. Enrollment was "about 25", though a picture of the first class shows only 20, 13 women and 7 men. They were all commuters as there were no dorms. Out-of-state and international students were unheard of in an era of horse and wagon. Yet the vision of a community and its leaders gave birth to the Normal School which has developed into a university where diversity of the student population is one of its greatest strengths.

The history of the University's student population provides a clear snapshot of the institution's growth and the world in which it grew. A glance at the graph of student headcount shows the rapid growth of the institution after 1950. The greatest percentage increase, however, was actually during the first decade. There were anticipated growth spurts at the end of World Wars I and II. When Oklahoma needed to educate and retrain for a rapidly changing world, Central was there.

“CENTRAL” BY ANY OTHER NAME

UNIVERSITY OF CENTRAL OKLAHOMA

Oklahoma became a State in 1907, and the Oklahoma State Regents for Higher Education came into existence in 1941. In the early years of the Institution student headcount was annualized but since about 1910 it reflects Fall figures. There have been six name changes since UCO was founded, and the following chart represents the status of the institution at the time of those changes, as well as of the current year.

Residence Hall numbers reflect student headcount. Capacity reflects the number of spaces available, not the number of rooms. This number can change from year to year because of damages. Some students have single rooms which will count as two spaces. Adjustments for this have been made in the utilization figures. University Commons opened Fall 1999. University Suites opened Fall 2001. East Hall closed in Fall 2001.

Because non-UCO student spouses and children reside in them, University Housing numbers only reflect a count of apartments. For Fall 2001 there were 104 2-bedroom apartments and 38 1-bedroom apartments available. Apartments will occasionally be unrentable because of damage or special designations, which can cause capacity numbers to vary from year to year. Broncho III (Stu/Fac) and Ayers Apartments were demolished in 2000.

NOTES

Because of human error, some students may have an invalid major code which cannot be assigned to a particular college or program.

Preliminary Enrollment Reports are run as of a census date established by the OSRHE. The preliminary data will vary from end-of-semester final data.

All numbers in the Factbook represent **Fall** figures, unless otherwise noted.

The College of Arts, Media, and Design was created in January 2001 and enrolled its first students in Fall 2001. Enrollment and other data at the college level will be affected by this new college. Historical numbers were kept in their original colleges, primarily the College of Education and the College of Liberal Arts.
