## WE REPORT TO THE NATION

We herewith submit a bird's-eye view report of our SCHOOLS AT WAR Program. It includes factual and pictorial accounts of our War Savings Program and other outstanding war activities. It is tangible proof of the resourcefulness, skills, activities and the will to win of every student, teacher and parent enlisted in our SCHOOLS AT WAR Program.

#### OUR SCHOOL

Ours is a small rural school in the oil field and cattle grazing country of Osage County. We are located fifteen miles southwest of our countyseat town of Pawhuska. Oklahoma.

Every one of the twenty (20) pupils who have been enrolled in our school this year is the child of an employed oil field worker. We feel, therefore, that the fathers here are all helping in the War Effort by helping to produce the very vital petroleum. These working parents are buying bonds and stamps with as much of their wages as possible, many of them in excess of the ten per cent. The school has had a favorable influence in this direction through the children.

Our school now transfers out its seventh and eighth grade pupils, using but one teacher in 1942-43 term for the first time, thus helping by saving the services of the additional teacher. The pupils remaining range in age from six to twelve years and represent the first six grades.

Two of our oil field families have been transferred thus taking three (3) of our pupils thus leaving us seventeen (17) little boys and girls, who with their teacher. Mrs. W. H. Lunday, are all eager to do their part in helping to win this War.

#### THE SCRAP DRIVE

We joined with all of the other schools of the nation in the concentrated scrap drive from September 28th to October 17th, 1942. Pryor to this, however; we had collected and sold hundreds of pounds of rubber and metals individually. Our school had also collected scrap and had sold rubber scrap.

During the regular scrap drive our fathers, neighbors, big brothers and even some of our mothers got out and helped us. They brought their trailors and worked days and days. Many of the oil field workers spent their "days off" from their oil field work helping us hunt and haul scrap. One of our little fourth grade boy's big brothers who had been sworn into the army spent his last two weeks helping us nearly full time with our scrap drive.

reseasessancessancessances 41" v 41" passancessancessances

During this period we collected and sold ninety-nine dollars (\$99.00) worth of scrap, every penny of which we bought in defense stamps, which were divided equally between the eighteen pupils at that time enrolled in the school, making five dollars and fifty cents (\$5.50) each.

Besides what we were able to have hauled to sell, we still have three huge piles of scrap to haul to a junk dealer and to sell. We are eager to get it hauled in and into the channels of use.

We hunted old tires to help the rubber shortage.

"Tires, tubs, old beds, and jugs; All to whip the thugs."

All of us helped, Big, little, old, and young. 

It was fun to help.
Our teacher is with us here.

## Biggest Organized Drive Ever Seen In County Gets Tons And Tons Of Scrap

#### Police Warn People About Scrap Thefts

Police were guarding the great scrap piles at Pawhuska schools Satscrap piles at Pawhuska schools Sat-urday after reports that boys were trying to "sneak things out of the piles," and Chief of Police L. O. Maze said that any youngster caught prowling around the scrap piles at schools or down town would be ar-rested and held for investigation.

At the same time, the police of-ficer warned parents to keep their children away from the scrap piles without supervision of school or scrap drive authorities, and said that they would investigate reported attempts by suspicious young-

sters to sell scrap to junk dealers.
"That scrap is for our nation's w "That scrap is for our nation's war effort, and was donated by civilians for that purpose. If youngsters steal it, they are actually stealing from the soldiers and sailors of the United States," Maze said.

—Don't Be A Scrap Slacker—

Osage county went to the country Friday and then came back to town with tons of scrap, in one of the biggest organized drives ever seen in these parts.

Men, women and children all over the county brought in more scrap than all the junk dealers in county can handle during the next week, it was reported, and great mountains of scrap were heaped on school grounds, downtown collection depots and elsewhere throughout the county.

At the same time, junk dealers were loading out cars of scrap collected and sold to them in the past few days in the concerted drive.

#### BUT THE DRIVE IS NOT OVER

Our school.

was a

It will extend through October 17—next Saturday—and scrap was still being piled high on the collections which were brought in during the past ten days.

Truck load after truck load came off ranches in the Pawhuska area, while ranches in other parts of the county moved junk to towns in their areas.

Towns in their areas.

Oil companies instructed employees to start moving scrap which has been piled up on working leases, and still more hundreds of tons were expected to be put on junk yards here and elsewhere in the country before Monday morning.

ty before Monday morning.

Estimates arrived at from reports and surveys of the county ports and surveys of the county brought Osage county's approxi-mate poundage at near the 2,-000,000-pound mark—almost 50 pounds per person in the county, and state scrap headquarters said that this county had moved toward the top in the statewide

drive.

The half day of work on The half day of work on the drive Friday afternoon all over the county brought in more scrap than many persons had believed possible to find, and still all scrap located was not moved in during the afternoon, as trucks went out again Saturday for heavy loads.

Other trucks will go out Sunday to collect still more heavy scrap from adjacent areas to Pawhuska, and at a number of other towns in the county school children and other citizens were still hard at work to complete the work they started in the half-day venture.

venture.
Reports from Hominy showed more than 400,000 pounds had been collected there since the drive began. Much more had not yet been weighed in, and estimates could not be made on the amount of the unweighed

Barnsdall collected and sold 167,-100 pounds of scrap in its half-day rive, but the number of pounds col-ected and sold since the drive started on September 28 could not be learned immediately, since Barnsdall junk dealers were still covered up with scrap purchases this morning.

Fairfax reported a total sold of more than 106,000 pounds, with still other tons in scrap piles at the school

and other places in that area.

Wynona had sold 21,000 pounds from its scrap pile, but still had several more tons to sell and the collection was still under way.

cion was still under way.

At Grainola, school authorities reported that their scrap sales had reached 136,000 pounds, and that they expected to go above 140,000 pounds

efore stopping.
The Foraker community had col The Foraker community had col-lected and sold around 140,000 pounds of scrap, some of which they had col-lected in an earlier drive but had not sold until after September 28. The county will receive credit for that scrap in the statewide drive. Shidler had amassed 200,000 pounds

## Pawhuska Boy Gets Nazi Plane WithScrap

One local boy is already throwing scrap at the Germans in an effective way.

P. L. Clements, Atlantic Field youth in the army air corps in the European theater, has done it again.

In on the first raid made by Americans over the continent early in the summer, Clements was gunner on one of the big American Flying Fortresses which took part in raids Friday and Saturday over France.

Clements was one of the very few who were actually credited with bagging a "Jerry".

The following story, released Saturday night by United Press, tells of the

U. S. ARMY FORCE HEAD-QUARTERS Europe (UP)— American dreadnaughts of the air—Boeing B-17 F's and Con-solidated B-24's—shot down a record breaking total of 48 nazi planes in their first mass attack

on the European continent it was announced Saturday night.

"An impressive number of enemy planes probably were destroyed or damaged" it was announced officially.

American homber command

American bomber command headquarters revealed that 115 bombers participated in the big attack. Only four American planes were lost and the crew of one was saved. No fatalities occurred among the crews of planes which returned.

A Fortress piloted by Lt. Lames Sammons of Louisa, Kv.

James Sammons of Louisa, Ky., apparently had the roughest trip. It claimed six nazis shot

#### Adams School News

The Adams school PTA will meet Wednesday night October 14th for the first meeting of the year. It will be necessary to elect all officers. Officers were elected at the final meeting last spring but unfortunately every officer elected has moved from the community. R. A. Clayton who was elected president has been transferred to Chase, Kansas; T. L. Qualls, vice president, was transferred to Yale, Okla.; and Mrs. "Bill" Dahme, secretary-treasurer, has moved to Oilton to await joining Mr. Dahme who is working in defense work in California.

It is urged that every one in the community attend this first PTA meeting, help elect interested officials and help make the monthly PTA meeting a beneficial and recreational event within the "constitutional event within the "const tional event, within the "gasoline and tire rationing distance of all. The scrap drive is in full swing!

While none has yet been sold since the drive began in earnest Monday morning October 5th, men who are helping haul it to the school yard estimate that several tons are already collected with a week yet to work before the final day, October

The eighteen pupils of the school have dragged in everything from nails to car bodies, (or pieces of such)

Very keen interest and cooperation have been shown on the part of adults of the community. Practically every citizen has helped in numerous ways. The oil companies with production in Atlantic Field have been liberal and helpful. Men and grown boys, and even some of the mothers have worked with trailors, untiringly hauling in load after load of the precious metal, so vital in our winning this war.

One of Uncle Sam's soldiers, Guy Carver, who passed his final physical examinations Monday October 5th is spending much of his 14 day furlough helping the school collect

Lawrence Aldridge, who had the misfortune to fall off one of the slides and break his arm has nearly recovered. He has been in school and using his one good arm to collect scrap.

## Wolco Student To Get Trip To Ship Launching

#### Adams School | o Carry On Drive For Scrap After Contest Is Ended

"Sincere enthusiasm arked the scrap drive which officially closed Saturday night in the Adams school area," said officials of the school. Weight of scrap from the school totalled 36,621 pounds, with 18 students enrolled in the school, amounting to a ton of scrap per pupil, "with 621 pounds 1 ft over."

"And we're not throuf S, either, just because the deadline is here," said pupils, teachers and parents.

said pupils, teachers and parents. It is planned to continue the drive in the Adams district (Atlantic Field) "and to again make the piles high to replace that which has been sent on its way to the big furnaces."

In a discussion at the Parent-Teachers meeting Wednesday, it was reported, the scrap drive was endorsed and it was suggested that every citizen of the community—
"big, little, old and young"—gather
and contribute his weight in scrap
after that date.

"The government suggested that the money from the sale of scrap

#### BUYING BONDS AND DEFENSE STAMPS

From the sale of junk and scrap during our scrap drive we had nenety-nine dollars (\$99.00). Our teacher, Mrs. W. H. Lunday, spent all of it for defense stamps, which were divided equally among us. There were eighteen of us pupils at that time. That made us five dollars and fifty cents (\$5.50) worth each to add to what we already had. We already had begun buying them. Last year we gave Defense Stamps instead of valentines. Too, we had a Defense Stamp Honor Roll last year; so we were already in the habit. Our fathers and mothers have the same habit along with us. Several of our fathers now own quite a number of bonds.

Altogether we school children now own Defense Stamps and Bonds as shown below:

#### COLLECTING TIN BOXES TO GO INTO KITS

We learned that some Girl Scouts in Pawhuska were trying to get tin aspirin boxes and other little tin boxes
that size with which to make water proof match boxes to
put in kits to be sent to men in service. Without being
asked to do it, we collected all we could find in all of
our homes and then went to our neighbors and asked them
for all of their tin boxes. In all we collected more than
fifty. The Girl Scouts were surprised and happy when we took
them to them. Their leader wrote us a kind letter thanking
us.

## Girl Scouts Hunt Boxes

Pawhuska Girl Scouts are huntir for small metal boxes to be fixed u for match boxes for men in the arr ed forces, it was announced he Thursday, and are asking the c operation of all Pawhuskans in the search.

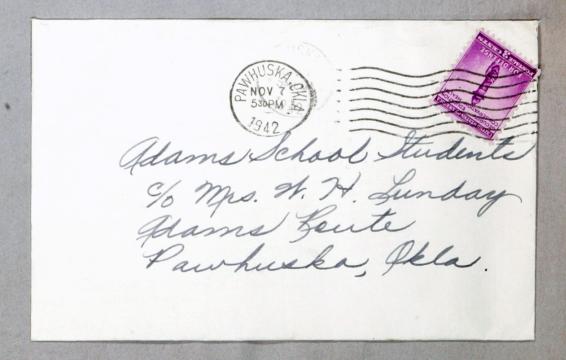

The boxes—ranging from the size of a ten-cent aspirin box to typewriter ribbon boxes—are to be painted and stencilled 'MATCHES and put into soldier kits being turned out here by the American Red Cross.

Boxes must be ready for placing the kits by November 10, it was sai since on that day the Red Cross wi ship out the kits which are in the making now.

Persons who will give the met boxes to Girl Scout units for the program should call one of the fo lowing troop leaders:

Mrs. Fred Rock, Sister Mary C milla (Immaculate Conception school Sister Mary Cristella (St. Louschool), Mrs. Bob Kniseley, Mi Violet Willis and Mrs. D. C. Howar

Each of the intermediate Girl Sco groups has been assigned a quota boxes to prepare, and work on the will be started at regular meeting this week, it was announced.

Pawhuska, Okla. November 7, 1942 To the adams School children: To Mrs. It It. Lunday Dawhuska, Jkla Slear Students and Mrs. Lunday: Then freceived the tin boxes that you had brought in for my Brownie Scout troop it made me very happy to think we have so boys and girls in Isage County. The Brownies (Girl Scouts from Typears old to 10 years old) were so thrilled and they worked very hard, scraping the paint off the boxes! They wished that Gi they could thank each of you, but of esurse that is impossible Next monday at our meeting we are going to paint the Birl Scout emblem on the back of all the for mate The size of again I want to thank you painted for myself and in behalf of and put turned the Brownies and the fled Cross Red Cr A would like to hear from yours truly you, too. Betty M. Clifton groups has been assigned a quota

boxes to prepare, and work on the will be started at regular meeting this week, it was announced.

#### JUNIOR RED CROSS

We, along with most of the school rooms of our Osage County joined the Junior Red Cross. In fact we belonged last year before we became so deeply involved in War.

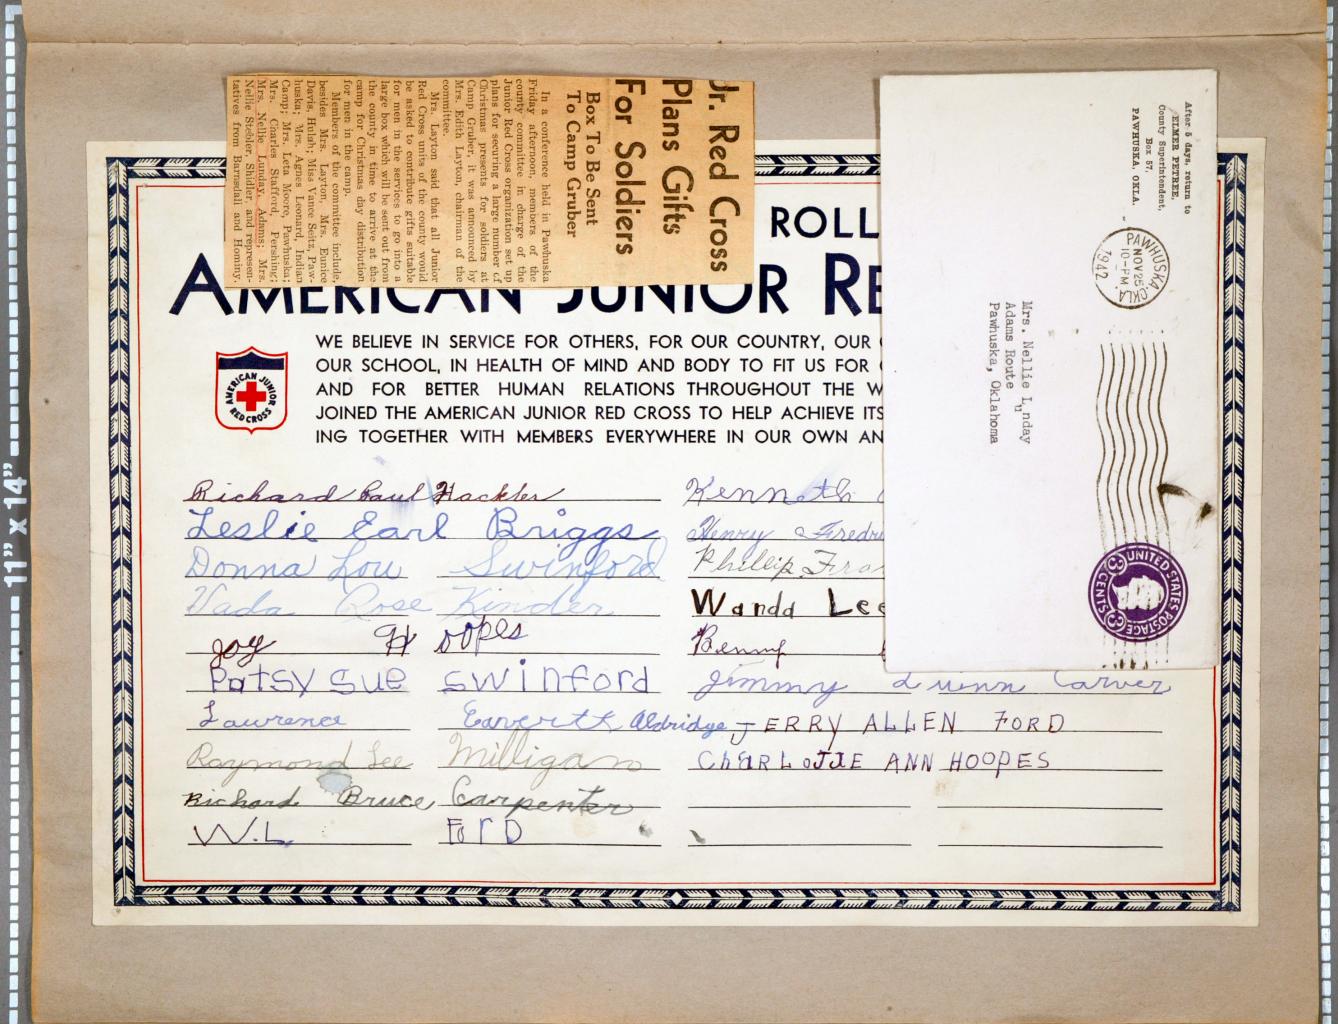

Our teacher, Mrs. W. H. Lunday, along with several other teachers of the county met with Mrs. Edith M. Layton, County Junior Red Cross Chairman, one Saturday to discuss what the Junior Red Cross could do to be helpful during this time of stress for our Country. They decided for school girls, with the help of their teachers, to knit squares for afgans and also to make afgans out of woolen squares. Girls were also to make hospital slippers. Boys were to make games, writing boards, etc.

orsers of the second of the se

In order to make Christmas a little brighter for some orphaned soldiers stationed at Camp Gruber, Muskogee, Oklahoma, the Junior Red Cross planned for each school child and their teachers to give and wrap individually a Christmas gift to be sent to the camp. Our school participitated in this. We put hand painted and hand made Christmas cards with each gift. We included such gifts as: shaving soap, cigarettes, handkerchiefs, razor blades, towels, shoe polish, candy, and nuts.

All of the gifts together from our County Schools made a total of more than a thousand gifts. We were glad to have a part in this giving at Christmas time.

Now that Christmas is over we are going to make useful things for the men in the service of our Country.

After & ELM County

## THE AMERICAN RED CROSS OSAGE COUNTY CHAPTER

Pawhuska, Okla.

November 25, 1942

Mrs. Nellie Lunday Adams Route Pawhuska, Oklahoma

Dear Mrs. Lunday:

You have been appointed to serve as a member of the Jr. Red Cross Council for Osage County. The Jr. Red Cross work is very important at this time and it is impossible for one person to do the planning without assistance. I hope that you will accept this appointment.

There will be a meeting at 11:00 a.m. Saturday, December 5, 1942 in the county superintendent's office, Pawhuska.

Sincerely yours,

Edith m. Layton

WRITING LETTERS TO SERVICE MEN FROM OUR HOME COMMUNITY

Next to getting to come home to spend Christmas a soldier likes to hear from home. We knew that many of our boys from our community, as well as those from many others, would not get to spend Christmas at home. So we decided to write to every one of our boys in the army, navy, and marines. This we did. We wrote to those on foreign soil very early. Each man serving his country from our community received one "very fat" letter this year. Each one had in it eighteen letters, one from each of the seventeen of us and one from our teacher as well as hand made and hand painted Christmas cards. We did not particularly expect answers, but were most happy to have received four letters in reply before finishing our scrap book. From the contents of these four letters we are confident that our boys were glad to hear from "The old home school."

#### Adams School News

In the hope of "cheering a bit" at Christmas time, our boys who are serving in the armed service the school children and their teacher Mrs. W. H. Lunday have written letters and sent handpainted Christmas cards to the following men:

Pvt. Ewell C. Bass 18162938
405 T.S. Squadron (S.P.
Bks. 200
Sheppard Field, Texas
U. S. A. A. C.
Cand. Royce B. Carver
A. S. N. 18032244
16th Co. 2nd S. T. R., O. C. 169
Harmony Church Area
Ft. Benning, Ga.
Pvt. William G. Carver
1853rd Casual Co.
Camp Bowie, Texas
Sgt. Pruitte L. Clements
A. S. N. 18085549
342 Squadron 97th Bomb Group
A.P.O. 634 c/o Postmaster
New York City, N. Y.

Pfc. Turner D. Brown Unit 910 U. S. M. C. A. P. O. 502, c/o Postmaster San Francisco, Calif. Carl Eugene Haney U. S. Naval Section Base Long Warf Newport, R. I. Corp. Russell L. Heath Co. B 818 T. D. Bn. Camp Bowie Brownwood, Texas Pvt. Jack D. Qualls Plt. 1040 Recruit Depot Marine Corps Base San Diego, Calif. Lt. Floyd C. Schroeder Hg. Btry. 1st Bn. 173rd F. A. Camp Gruber, Oklahoma
Pvt. Ona T. Swinford 6291522
Tr. E. 8th Cav. Ft. Bliss, Texas

All of the above men are the sons of Atlantic Field families and have formerly attended the Adams school. Jack D. Qualls family, the T. L. Qualls, have recently moved to Yale, Oklahoma.

A teacher in the Adams school for fourteen years, with one year previous to that spent teaching the Mc-Vey school in the same district was also included in the Christmas cards and letters. He is in the navy. His

address follows: Ellis M. Stafford S. S. Gr. II Sec. R8-3 Bks. 505 U.S.N.T.S. Great Lakes, Ill.

One or more letters and Christmas cards were also sent to relatives of students of the school.

Glenn Hunter, Alaska; Franklin Long, A New York camp; Herbert W. Morrell. A California camp; Dallas Jenkins, Hawaiian Islands; G. F. Ford, Merchant Marines (at sea).

It is recommended that neighbors and friends of the service men lifted above might make Christmas and the new year a little brighter with a card or letter. The address of the last five mentioned may be secured from the school.

The PTA Christmas tree and program is to be held Christmas eve. The school is preparing the program, the main event of which will be a play, "A Substitute for Santa Claus."

FORT BLISS, TEXAS

Dear Friends: I received your more than appreciated letters, and in reply to them there is no. Thing much that I can say about what is going on around here as we are not permitted to disclose any facts of our doings. I think that your writing us boys is a Very splendid idea, as there is nothing a soldier appreciales like letters from home. Ih seems you boys and girls are doing a pretty good job yourself, so just keep that waste metal flowing to the fatheries and before you know it there will be no war. I wish very much that I had sufficient time to answer your letters individually luh since I hainh this is one way of showing my appreciations to each and everyone of you at the same time. I will close wish ing each and every one of you a merry tous and a happy new year, with plenty mare to come. always a friend almadge. D.

FORT BLISS, TEXAS

Mrs. Fundy:

I am very sarry that I am such a pour correspondent far your students to have, but this is one way of showing them that I really did appreciate their letters to me. By my answering in this manner you can read the letter to the group at once and maybe they will excuse me far this time. Let them know if they keep writing me that I will answer lack letter with the best of my abilities which are very small.

Your friend

12/22/4/2 Dear friend, mrs. Jundy, students of your room to write me. I think their letters were very mice, you can tell them that I appreciated loly apre of their letters. I sure would like to be at you Christmas program In sine that it will be a very good Program. nice place I think. It is very doubtful that I will spend too many more days here though. My army life so for has been all right, with the exception of the shot I have received Pot & well Udans Toute. ..... X ... ....

4.5. army. 12/26/42 Camp Broil Livas. Dear mrs. Junday and adams School Students I received your letter. I more than appreciated it. It bring back all the ald school days memory. I would give any thing lif I could have been back theree for the Tomas tree and frogram. I was home on a furlough, but I don't have much time. I mould like to spend a meek rep there so I lould Visit every body. It is hard for me to and tell you and the children how I applicate me had a good Emas dinner yes I had to peel fetatees when out at the camp. I was on K. F. but I don't half to go on K. L. anymere as I drive a big Jank. Destroyer. I do half to pull guard about I think that you beys, and girls once sever two months. are doing your share in helping merc this war. I know that the boys at camp Grubes will appreciate the Presents that they got from you hope me have three U.S. O. clubs and girls. here in Brownwood, and me have two Service clubs out at the camp to enter Lain the boys out there. adams Toute.

we also have seven theaters to go to. I have got a ten day Jurlough Comming to me, but I don't know when I will get to take it. The gas ration has stoped me from lomming up there now. I am on a three day pass now. I don't half to go back reheil monday morning at six therty. Please excuse this viriting, as I don't stay in plactice. me are starting to have night problems. We are suspase to have two a meek. You ge out and dime rentil late in the evening then you bivouse move get march older, than you move out lin a black out drive When you get close to the enemy position than you bivouac again and be on the alect, when daylight come, than you move in on the enemy. Shat is an ideal monat me do. I must clase again many many thanks for the letters. Corp Russell & Heath Tawhusica QKla adams Toute.

#### OTHER THINGS OUR SCHOOL IS DOING TO HELP

Besides the things described in this book we are doing many other things toward making more useful citizens while our Country is fighting this War.

paper suitable to our reading level, "My Weekly Reader." This little newspaper carries news of the War including maps, pictures, etc., which we can understand. We study these together at school every week. In this connection we are learning more of world geography and social science than is usual for our ages. In connection with this work we read the big newspaper at home to try to learn more of the news of the day.

Our teacher secured for each of our families a big colored

Map of the World which we have put up by our radios at home where
we can all study locations as we hear the hews. We have one of
these big maps at school for the same use.

We have become collectors!! We are collecting and turning into the proper channels: silk and nylon hose, used furs, metal tubes, tin cans, kitchen fats and grease, and we did save and collect old papers while the demand lasted.

We have had a definite program in nutrition and health, in which we have tried to learn to eat some of all healthful foods in order to build stronger bodies. We know that if we keep ourselves well we shall be helping to win the War.

We are wearing more patches and buying Defense Stamps instead of new clothes. We are taking better care of our clothes.
