# connect to Succeed

**It's in a nod, a smile,  
an acknowledgment  
that you matter...**

Connection happens every day at Central. From the moment you arrive on campus for a tour, through enrollment, your classes with professors to involvement in campus activities and internships, you become a part of a community invested in your success. For more than 125 years, the spirit of connection has led thousands of students to Central. It's through these connections that your years at Central mean something. The personal experience, strong connections and innovative spirit you find here ensure you're confident and ready for whatever comes next.

## Connection is the beginning of belonging

It's been said we must take adventures to find where we belong. Your Central adventure can take you many places, and where you go depends on how you choose to connect to the Central community. You can go big with involvement in the Student Government Association or a fraternity or sorority. You can connect with Esports at UCO which is a form of competition using video games. Perhaps you choose to live in the middle of all the action in one of the five buzzing residence halls on campus.

Maybe you want to play for one of our NCAA Division II teams, join an intramural team, or cheer the Bronchos on as a part of our national champion cheer squad or the Hooves Up spirit organization. Perhaps you broaden your horizons by connecting with our diverse student body or volunteering with classmates. No matter your path, you'll soon find you're right where you belong.

# Big City Benefits, Small Town Security

Central is Oklahoma's largest metropolitan university. For our students, that means direct access to internships, jobs, and the cultural and entertainment offerings of the Oklahoma City metro just minutes from the comfort of one of the nation's safest suburbs, Edmond. Central continues to expand its reach throughout the metro with facilities like UCO Downtown, the CHK | Central Boathouse, and the Academy of Contemporary Music at UCO. This creates strong connections with businesses and organizations that develop into unmatched opportunities for our students to learn and our community to thrive.

## Your Degree Means You're Ready

Most students go to college with the same goal: to get a degree that prepares them for a career. At Central, college isn't only about what you want to do – it's also about who you want to be. When you become a Broncho you gain a team of mentors and advocates dedicated to transforming lives each day. The Central experience is a personal experience that goes far beyond classroom. To our faculty and staff, students come first. Just ask our alumni who are achieving success throughout the state, nation, and world. And when you cross that stage to grab your diploma, you'll be just like them – confident and ready for your future.

## Online Degrees

UCO is now offering select degrees online through its Connected Campus, including Human Resource Management, Marketing, General Business and Organizational Leadership. Online programs offer convenience and flexibility to busy students. Visit [online.uco.edu](http://online.uco.edu) to learn more about our online offerings.

## Track Your Transformation

We know learning doesn't stop when you leave the classroom. UCO's Student Transformative Learning Record (STLR) helps you track those unique learning experiences from internships, volunteer service, involvement in student organizations and cultural activities and more. These activities are tied to our Central 6 tenets of transformative learning – see the colorful icons below. Your STLR shows potential employers you've developed sought-after skills beyond what you've learned in your selected major. That means you can stand out from other college graduates. The U.S. Department of Education was so impressed with this innovative program that they awarded UCO a \$7.7 million five-year grant to get it started.
