# WE REPORT TO THE NATION

We herewith submit a bird's-eye view report of our  
SCHOOLS AT WAR Program. It includes factual and pictorial  
accounts of our War Savings Program and other outstanding  
war activities. It is tangible proof of the resourcefulness, skills,  
activities and the will to win of every student, teacher and  
parent enlisted in our SCHOOLS AT WAR Program.

*A Prayer  
For Peace and Victory*

*O Prince of Peace, in this hour of great sorrow and trial, we humbly petition Thee to protect all our service men everywhere, and to give unto them unflinching courage to defend our country with honor, dignity and devotion to Thy Holy Will. Guard our churches, our homes, our schools, our hospitals, our factories, our buildings and all therein from harm and peril. Protect our land from enemies within and without. Grant unto us an early Peace and Victory founded upon justice, and instill into the hearts and minds of men everywhere a firm purpose to live forever in peace and good will toward all. Amen.*

### WHY WE SHOULD COLLECT SCRAP

Our country needs scrap because she is at war, and I believe everyone of you realize what that means. There are many uses for scrap. It makes submarines, cannons, tanks, tank destroyers, helmets, rifles, bayonets, hand grenades, and bullets. Did you know that one-third of every submarine is made out of scrap metal, one third of pig iron, and one third of iron ore? Scrap is vital to the war effort. Without scrap we would be in a pretty fix. I'm sure everyone knows that.

Sometimes after the first World War the United States shipped her scrap iron to Japan. Immediately Japan began to make her war materials or strengthen her power. I believe they committed one of the capital sins--its name is Gluttony. The Japs took too big a piece or too big a bite. We are collecting scrap to preserve Freedom and Liberty.

### HOW WE CAN HELP UNCLE SAM

We can help Uncle Sam by saving our clothes in war time, and by not going to shows. We can save out money and buy war bonds and stamps. Instead of buyings clothes that we don't need, buy stamps and bonds. A toy that is broken should be in the scrap pile.

# RELIGIOUS

We say the prayer  
for peace each day.

Each member of our  
club has the name  
of a particular man  
or woman in the service,  
and we sponsor him  
spiritually.

"God Protect You —

Mary Keep You Safe"

Every time we hear  
a plane overhead we  
say a prayer for the  
pilot.

We offer our prayers  
for the men in the  
service.

# ACTIVITIES

We are encouraged  
to make visits for  
victory.

The last Thursday  
of each month we  
offer our Holy Hour for  
the men and women  
in the service.

Each day we make  
a seven minute visit  
for the soldiers.

We offer our Mass  
and Holy Communion  
for the men and women  
in the service.

#### WHY WE SHOULD BUY WAR STAMPS

We should buy War Stamps to help our country. Our boys on the front need supplies. When we buy War Stamps we are buying supplies and sending it to them. We are not buying just a piece of paper but a piece of freedom. In ten years we will be repaid the money we have spent for war stamps and also interest on it. That is why no effort we put forth can be too great for our country. Think of the children of today--they are being reared in a world of war and destruction. No onw wants their children reared like that. So let's give it all we have.

Patrica Kenney  
Grade 7

#### WHY WE MUST BUY WAR BONDS

Our government has asked us to take an active part in buying War Bonds. Our government has asked every working man and woman to take ten-per cent of his money to buy War Bonds. The money taken in from the sale of bonds is used for war supplies. When the war is over, every person who has bought a bond will collect interest. It is very wise and patriotic to buy War Bonds.

Dolores Scholtes  
Grade 8

### OUR STAMP BOOTH

In the beginning of the fall, the boys of the eighth grade erected a War Stamp Booth in the library. To save material, we used old lumber and made all kinds of substitutions. Each morning a boy from the eighth grade acts as cashier. He is well supplied with Stamp Books, Bond applications, and Victory Stamps. He must please, for the customers always come back for more.

### SCRAP DRIVE

In the National Scrap Drive our school took an active part. We had an enrollment of one hundred seventy-five and we've collected thirty-five thousand pounds of scrap. We ranked third among Oklahoma City Parochial Schools.

### WHAT I CAN DO TO HELP UNCLE SAM

I am writing about what I can do to help Uncle Sam. To help Uncle Sam, first I can buy war bonds and stamps. Next, I can give scrap to a scrap pile so it can be made into things for war. Then I can save rubber and bring it to school.

Richard Brandt

### BUY WAR BONDS AND STAMPS

Ask your teacher if you may go up stairs and buy stamps and maybe a bond.

That is the way to help Uncle Sam, but there is another way to help win this war. Get all the rubber and put it in a pile until you can put no more on it. Then turn it in to your school. That is the way to help Uncle Sam. You may also save papers and cans.

Edward Swanda  
Grade III

### HOW CHILDREN CAN HELP UNCLE SAM

Save your candy money to buy defense stamps.

Help your father and mother plant a Victory Garden, so they won't have to buy as much food. They can buy bonds and stamps with the money they save.

Save your food for the boys and girls in the service.

Save your clothes, wear your clothes from last year. Uncle Sam needs the material for the boys over seas.

Betty Caroline Brink  
Grade III

### WHAT WE CAN DO TO HELP UNCLE SAM

You can help him in many ways. You can earn money and buy stamps to build guns, tanks, airplanes, ships and other things. You can get rubber too. He needs rubber to make airplanes, parts of ships, tanks and other things. Help keep 'em rolling. We can buy defense stamps and bonds.
