### CHEMISTRY ASSEMBLY

On February 5 the Chemistry Class sponsored a "Save-Serve-Conserve" Assembly.

One of the outcomes was the pledge against waste signed by all the students and by many of their parents and friends.

Another interesting phase was the demonstration of incendiaries and their control.

Following is the program:

- 1. "Fight On to Victory" (Song) --- Assembly 2. "Consumer, Here We Come (Skit) Chemistry
- 3. "Know Your Money" (Talk)-Nira Willoughby 4. Presentation of Contest Awards (Defense
- Stamps used)
  5. "Plastics and the War" (Talk) Mike Koesler
  6. Science and the War (demonstration skit)
- Chemistry Class
- 7. "Star Spangled Banner" ----- Audience

### SCHOOL BOYS "TAKE OVER" for WORKMEN

To get workmen for the repair jobs necessary the school plant has proved an impossibility. However, the repairs have been satisfactorily made.

Boys signed up for the various kinds of work needed around the school. Jobs were assigned and done with a happy-to-be-helpful spirit.

Radiator attachments were made; gas stoves set up, pipes soldered and fitted where needed.

Another group has done the carpentry work; repairs, screening, setting up shelving, installing venetion blinds, tightening up and mending school furniture.

Painting jobs were also satisfactorily carried out by the boys. Some jobs requiring electrical skill too, were completed by the boys and judged "professional."

Younger boys have worked right along with the older group so that there may always be those on hand to keep the school plant "in shape." We have found that there is hardly any job which cannot be done by one of our boys.

### STAMP SALES

Thursdays have been set aside as Stamp

Day here at school, though stamps can be bought on any day.

Two high school students each week wear the "Victory Cap" which designates them as sales managers for the week.

From an enrollment of 125 pupils, there is always a ninety-five per cent and more often a hundred per cent, sales count.

Stamp sales so far have totaled \$1050.75 since September.

FORMS SUGGESTED FOR USE IN APPLYING FOR CERTIFICATE AND AUTHORI-ZATION TO PURCHASE TREASURY FLAGS

Schools at War Report of 90% Student Participation.

I, Sister Mary Lydia, Principal of the Sacred Heart Academy

School, in the City of Vinita, Oklahoma hereby certify that the student enrollment of said school is comprised of 125 students, 90% or more (indicate specific percentage 95%) of whom have purchased War Savings Stamps or Bonds directly from this school in the school month ending January, 1943, and are engaged in other SCHOOLS AT WAR activities in keeping with the theme, "Save, Serve, and Conserve."

I understand that the Treasury Schools at War Flag may be flown during the school month following this 90% or more participation, and that it may fly only as long as 90% student participation is maintained; otherwise it cannot be flown or displayed until the month following that in which this minimum percentage is again achieved.

### PRAYER-FRONT

Arms for our soldiers, all the materials for warfare, and for our soldiers' welfare, we do our best to give. It's an all-out for total war.

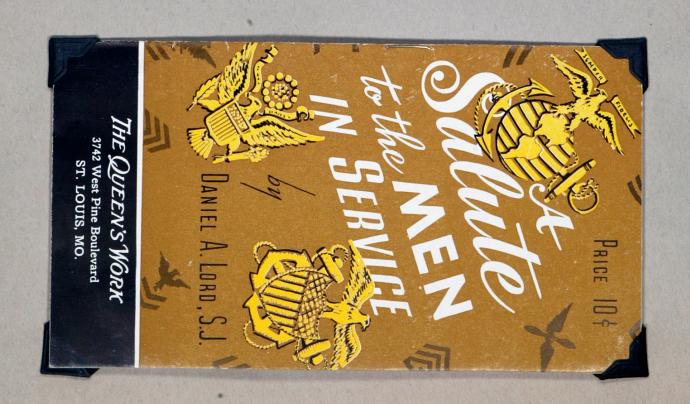

But what will it all avail, without God's help? Therefore we have organized a "prayer-front". Everyday our high school group spends a few minutes in chapel in prayer for our armed forces and for a final peace in justice and charity. This is done individually.

ensemble of the second second

Mass is offered once a week for the men in the service, and the intention for victory and a just peace is ever in the prayers of the children.

### SALUTE TO THE MEN IN SERVICE

During November the high school Sodality members sent every service man from
this parish a pamphlet entitled A SALUTE
TO THE MEN IN SERVICE. These pamphlets
were procured from THE QUEEN'S WORK in
St. Louis, Missouri, and are specially written for service men.

### Sacred Heart Holds Contest For Queen

To aid in the sale of war bonds and stamps, the student body of Sacred Heart Academy is conducting a spirited

Victory Queen contest.

Votes will be determined by the amount of stamps and bonds sold, each penny counting a vote.

Candidates nominated for the election have been announced as Norma Jean Mach, senior; Georgia Mae Mul-care, junior; Betty Lou Brooks, sophomore; and Emagene Schwartz, freshman.

The contest will end next Tuesday with the crowning ceremony to be held on the night of January 20 at the victory ball, in the SHA gymnasium.

Each candidate will choose an escort, including the chosen queen, and

the group will form the court for the crowning.

Meanwhile, Sacred Heart academy students were conducting a spirited campaign to sell stamps as a part of their Victory queen contest.

### Georgia Mae Mulcare Named Victory Queen

Miss Georgia Mae Mulcare was chosen Victory queen of the Sacred Heart Academy as students of the school named the queen through the sale of war bonds and stamps—with \$7,264.79 worth of war bonds sold in the ten-day period.

Miss Mulcare chose Donald Willy as Victory king to participate in the crowning ceremony to be held Wednesday night at the Sacred Heart gymnasium, as a party of the Victory ball sponsored by the school.

Queen candidates were chosen from the four high school grades. They were: Norma Jean Mach, Betty Lou Brooks and Imagene Schwartz.

The queen will be introduced at the Craig county Victory rally next Friday

# Victory Queen To Be Crowned By Sacred Heart At Ceremony

Coronation Slated In Connection With Ball

Climaxing the Victory Drive for selling war bonds and stamps sponsored by students of Sacred Heart academy, is the coronation ceremony for victory queen to be held as a feature of a victory ball, staged by the school tonight, Wednesday, at 8 o'clock in the school auditorium. The total for sales reached in a period of ten days was \$7,264.80.

The Victory Court is made up of the candidates in the victory contest named in ascending order, Miss Betty Lou Brooks, attended by Gene Rohmiller; Miss Emogene Schwartz, attended by Arthur Schwartz; Miss Norma Jean Mach, attended by Herman Weidower; and the queen, Miss Georgia Mae Mulcare and her escort, Donald Willy.

Court pages are Master Sammy Lewis and Master Sylvester Rief; flower girls, little Miss Annett Buss and Miss Rosemary Byrd. Crown bearer and train bearer respectively are Ar-dyth Ann Fryer and Master Dooley Crouch. Dewey Ross, chairman of the victory ball, will introduce the royal

court and announce the program.

Miss Norma Jean Mach, runner-up, in the contest, will crown the queen. Rev. T. F. Kramer will be speaker for the occasion.

A grand march led by the "royal couple" and participated in by S. H. A. students who took part in the drive will culminate the coronation festivities. A dance for the public is to follow the grand march.

Sacred Heart academy students again came to the front in Craig county on war effort activities when they turned in the biggest total for a 10-day contest held here in January. The report revealed sales of \$7,265 in bonds and stamps.

The contest held by the school was brought about by a queen election with candidates chosen from the four grades of the high-

Interest in the contest grew as students worked for their favorite candidate. Those entered were: Norma Jean Mach, senior; Georgia Mae Mulcare, junior; Betty Lou Brooks, sophomore; and Imagene Schwartz, freshmen

Georgia Mae Mulcare was named queen at the Victory ball held by the students climaxing the spirited race. Officials of the American Legion Auxiliary were present.

The candidates with their chosen escorts, which formed the court at the coronation, were introduced and Sacred Heart students were commended on their interest in patriotic activities.

### SCHOOL TOTAL IS GOING ON HIGHER

With \$38.75 more turned in from Vinita high school sales, the Vinita school bond and stamp sale received another impetus Monday, according to Mrs Jess Ballard, chairman of this part of the sale.

In addition, Sacred Heart Academy students are making a personal canvas this week in the sale of stamps to residents throughout the city

### **Schools Continue** To Aid Bond Fund

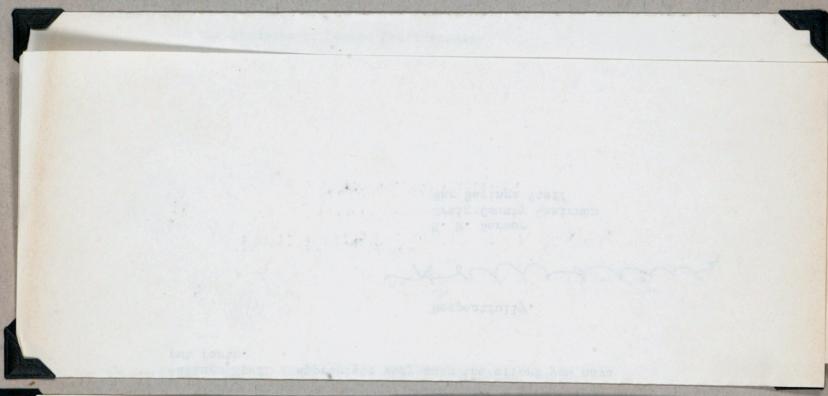

Vinita schools added more funds to the January war bond and stamp total today as institutions reported sale of stamps at all buildings.

Sacred Heart Academy turned in the biggest total for a ten-day period, with a report of \$7,264 since

they started their campaign.
Collections for today only at other schools included: Eugene Field, \$10; High school, \$12.75; Longfellow, \$67.15; Riverside, \$104.

Schools will continue their stamp sales, with members of the Auxiliary selling the war savings bonds and stamps at the noon hour each Friday

To the Students of Sacred Heart Academy Vinita, Oklahoma

I have been very much interested in the contest you have so successfully sponsored in the election of a Victory Queen of Sacred Heart Academy.

I wish to congratulate you for the excellent showing made by the students of Sacred Heart Academy on the sale of War Bonds and Stamps to help make it possible to purchase material and supplies for our boys who are defending this country.

In my opinion this shows an excellent spirit on your part in the effort you have put forth in helping to make the quota of \$44,175.00 in the sale of Bonds and Stamps for the month of January, 1943 for Craig County.

You have made a very fine showing by making deliveries of \$7,264.80 in War Savings Bonds and Stamps.

I want you to know that as Chairman of Craig County War Savings Staff I appreciate very much the effort you have put forth.

Respectfully,

H. R. Warner

### A TOAST

Let's drink a toast to the widening host-Of Americans serving the nation--

To those millions of lads (and their brothers and dads)
Who are saving our civilization.

To the men from the mills and the farms and the hills
And the cities and mountains and plains--

To the workers and miners and airplane designers,
And crews on the ships and the trains

Wherever they are-be it near, be it far,
On the land, in the air, on the sea.
(cont'd on p. 8).

Sodality activities for
January center around Victory
projects—the Victory Ball
and Queen Contest being the
main features. Since these are
written up else—where, we'll
just say that the Ball was a
huge success, and we Sodalists
are quite proud of ourselves.
We know that what we are trying to do is helping our parish service men as well as
countless others. We're "allout" on the prayer front, too.
We've joined the "Aves over
America" crusade, proposed by
Providence Academy Sodalists
in Alexandria, Louisiana.
Every time a glider (we have
an Army Glider school here)
goes over, it is the practice
to say a Hail Mary with an
ojaculation. Our "Visits for
Victory" project has been in
operation since September.

As part of the weekly meetings, the roll call has been taken and has proved to be very interesting. Members answer with whatever is called for; such as, New Years' resolutions or nick-names, pastimes, and such. This adds much fun and interest to the meetings.

Cr Friday proceding Sodality Communion Sunday, our group recites the office of the Immaculate Conception.
Officers hold the Council Vigil Hour on Tusadays preceding the Communion Sunday.

David sang gleefully, "For thou lightest my lamp, 0 Lord" when God's blessings were super Hello gang, abundant. He On the beam again! abundant. He prayed contrite-ly, "O my God,

enlighten my darkness", when allictions scourged. And the words of the Lord, "I have prepared a lamp for my anointed", were always applicable for David ever walked with his eyes

open and his mind attuned to God.

How does that stack up with our thoughtless rushing? The inner ur ings that ought to be, nay must be, controlled, flare impetuously inails and Eugene Rohlike the flame when a burning match is flipped into oily tender. Advanced thinking of results is blissfully abount and the afterthought wrecks itself in uscless and unavailable consequences because the ego is spoffish and smothers both the 1 mp of reason and of God.

You youngsters who come late so much, to whom time means nothin, to whom discipline is a burden, still have a long way to go to find David's illuminating li int.

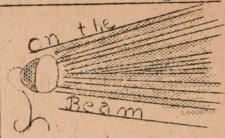

Kings have numerous scrvants. You for whom doors seem not to exist have much to learn before you can fit your carelessness to humble direction. You can't practice what you don't learn.

True friendship is godly gift. But puppy actions at the lower edge of the teen age is decidedly silly. Too early mooning digs sloughs for later heart breaks. On that the school spirit does not thrive.

DEMOCRACY CLASS STUDIES MONEY

The universal need of "knowing your money" may soon be thoroughly realized by Democracy students. Up to a few weeks ago, no attempt had been made by the Class to take the study of money seriously.

Most people use and "take" money rather freely. By means of a small booklet we are now studying, our class has been cautioned frequently about counterfeit money.

The problems that we have been solving that's come to abide in this unit of study, sensitive to counterfeit bills and coins.

Some problems we have solved are: What (cont'd on p.10)

Book Parade is changing its character, somewhat, in this issue and is not going to parade books. Just blame that change on the February's being Catholic Press Month, and you have it.

How better begin a (very inadequate) discussion of C. P. M. than to invoke its patron saint, St. Francis de Sales, the gentle Bishop of Geneva. Often I am thinking that that combination of strength and gentleness is his character makes him the "super" patron for the Catholic press. It must be streng, ferceful for truth and justice, and at the same time, gentle, to win souls to the mock and humble Christ.

To say that February is Catholic Press
Month means that it has been so designated by
the Holy Father, not merely to encourage the
Catholic press, but to promote the Catholic
press through bringing more strikingly before
people the value and necessity of a press
which will give the Catholic viewpoint on conditions in the world today together with all
other advantages found in the secular press.

Again it is not a period of intensive mark for publishers and authors—they are interested; it is intended for you—every Catholic, young and old, If you are indifferent, you are the reason for any failure on the part of the press. Indifferent Catholics are working, by this very indifference, against the Church as truly as if they were actively in or exteriorly destructive campaign.

No one doubts the power of the press--that power is often used to work have with law, order, and morals. Used rightly that same power can be an antidote for the printed evil and filth around us.

Acquaint your colves with Catholic papers, magazines, jour ls; especially must you support your dioce in paper.

Read your secular newscapers but right along with them read your catholic papers.

SACRED HEART "VICTORY QUEEN" HONORED AT WAR BOND RALLY

The Sacred Heart victory queen and her attendants were honored at Craig County Bond Rally held on January 22, at the Vinita High School.

sored by the American Legion and Auxiliary was a great success. Bonds totalling , 19,000 were sold at the rally, sending the county total to \$48,479.75 for the month.

The audience was entertained by bril-liant musical displays of the Vinita Glider School Chorus under the direction of Charles Cunning, and the uniformed Oklahoma Military Academy band. The song-fest led by

by Pete Tuepker, chair which will help in the man of the program, and won enthusiastic applause.

Members of the Army, Navy, and W.A.A.C's were represented on the program.

Lunch was served to the Glider students and to the O. M. A. band.

HIGH SCHOOL GIRLS IN FIRST AID CLASS

With accident fatalties so high in the The bond rally spon-United States and with emphasis on civilian proparedness, the need for first aid instruction has never been greater; therefore during the second semester a first aid class for all high school girls is being taught.

The group meets with Sister Alban for a half hour on Monday and for an hour on Wednesdays. Fifteen hours are the minimum necessary for obtaining the Junior First Aid certificate.

Mr. Charles Burkhalter, chairman of the local chapter of the The song-fest led by Cunning, also found local chapter of the favor with the audience Red Cross, has gracious as everyone joined in ly offered the use of old songs and new. It is equipment and charts and has supplied the class with material which will help in the study of this interesting and timely subject.

around

You know, music is a wonderful thing. And theme songs are my favorite. I like to hear them sung and then try to guess whose theme songs they are. I know almost every one of them, and whose they are. but I was really fooled the other day. I was going through the school hall and heard someone singing "Smoke Gets in Your Eyes". I eouldn't figure out whose song it was. On coming more closely to the room whence issued the meledy, I saw that it was the Chemistry Class.

That general science class was really alive with the jive last week. They were studying about "The Orchestra" and having science with music, too, or was Betty Lou's accordion just down there for decoration? Incidentally, their theme song is "As Long As You're Not In Class With Anyone Else, WMy Don't You, Go To Science With Me?" So you'll find me in there at the last period, every day.

The Latin Class is really getting good. They can translate so fast. Their theme song is "You Lucky People You".

Algebra II Class used to have "I'm Sitting On Top Of The World" as their song . (continued on page 9)

### THE PEACE WE WANT

After we have won this war, millions of us are going to want a special kind of a peace.

The American's middle name is want, but no amount of pleading, threatening, or promising is going to get the peace you want. There is about three hundred million people on the glob bosides myself or you. What a conincidence if they all want the same terms.

No doubt; when this war is finished and all "said and done" half of the remaining survivors will be glad to take what they can get. But it must not be like that. There will be smoot! tongued orators who will talk --- the people's war-tlo people's peace.

Those Poles, Dutch, Bolfium, Danes, and Norwegians, who refused to be conquered, will unite and rally themselves for one last plunge in which there will be much anihilation for the enony.

Then, there should come Christian Peace--one in which the victor will not del out his rules to the vanquished for there should be no distinction between the two.

The definition of peace is: an agreement to end a war; a state of quiet; cal; especially public quiet and security.

What we really want is a secure feeling--to be safe from invading armies, to be safe from inflation ande all the things that follow wer as well as what war brings.

This sort of peace will by the outcome of peoples and nations' turning back to God in sincerity. It will be found in the practical fulfillment of Christ's command -- "to love thy neighbor as thyself."

While some of the high school students are telling us of their learning of the importance of "Know Your Money", we eighth graders are pursuing a project that we think of vital importance, too. It is "Know Your Home Town." Last week one of our assignments in English was to find out all we could about the origin of Vinita. Many interesting and noteworthy facts about the naming and location were revealed. However, you will hear more about this subject later.

We hope to get bids to the coming Valentine Party, which we hear, will be another "formal" affair. we surely were glad to take part in the Victory Parade and Ball. For many of us it was our first time in formal attire.

Our class took an active part in the Bonds and Stamp Sale; one of "us", Billy Star, sold

### RUMMAGE SALES

The pupils of the sixth, seventh, and eighth grades, looking around for a means of raising "bond" money, settled on rummage sales.

The town was scoured for anything usable or sellable. Sales were carried through by the children quite successfully with the resulting purchase of two War Bonds for the school.

This group worked bery energetically and are deserving of special commendation.

I. W. CLEAVER SPEAKS ON FIRE PREVENTION

Along with autumn and the many other things Octtober brings, we have Fire Prevention Week. Carelessness with fire is, in its own way, a form of sabotage.

For some time now, the students of this school have had practice fire drills. At the appointed time the gong is rung and every one walks out, and then returns in complete silence. If there is any confusion, the drill is gone through again.

Mr. I. W. Cleaver, assistant fire chief, at an assembly on Octable 5. His main pointers were: do not store gasoline in the house, keep grass and leaves away from wooden buildings, inspect the flues, and, if something is burning, calmly give your address when reporting the fire.

To close the week's observance an assembly was held by the Democracy and General Science classes. Talks and demonstrations on prevention of fires, causes of fires,

BOX SUPPER AND DANCE SUCCESSFUL AFFAIR

Tuesday night, October 6, the Blessed Virgin Sodality gave a box supper and dance at S. H. A. gym to sell Defense Stamps and to increase the Sodality fund.

Music for the occasion was furnished by Mack Greene who lent his loud speaker and electric recording machine for the ovening.

After paying all expenses, a net profit of \$41.00 was turned over to Father Kramer by Bob Voglesberg, sodality treasurer.

As auctioneer Mr. Jeff Luginbuel contributed to the success of the venture. He is, as always, "our friend in need".

In charge of arrangements were Norma Jean Mach, Ruth Griener, Anna T. Gallatin, Herman Weidower, L. Shaw, D. Willy, M. Schwartz, and D. Ross. An intensive drive to gather salvage for the war effort sponsored by the newspapers of the nation began Sept. 28 and continued through Oct, 17, was entered by the students of Sacred Heart Academy as well as other schools and organizations of Vinita.

Students of the school first began bringing scrap individually and at the end of the second week of the contest sold their collection to the Southern Salvage, a Vinita scrap doaler, for a total of 1780 lbs.

Ivan DeVine, a student in the eighth grade, brought the largest amount of scrap to the school for an individual.

Students realizing the time short and the returns small racked their brains for an

### THE SCRAP PILE

Boing familiar with the old maxim, "Haste makes waste" we are reminded of the present scrap drive in which there is plenty of waste but little haste.

Our government is waging a war at home for scrap.

Shouldn't wo make hasto to gather waste?

Many people have a large amount of scrop, but there is no one to collect it. Such a situation calls for an immediate remedy--not tomorrow, not next week, but NOW.

Why not have the collecting groups organized for city and country shifts? That would speed up the

work and give more satisfactory service.

There is a great deal that can be done by school children who bring pertable scrap to the school scrap pile. An offer by the high school boys to collect as much scrap as would be placed out for them brought a grand response from the people of Vinita which shows that the people are willing to give, if the means of conveyance is made accessible.

When this war is over and the history is over and the history is written, let's net have it said of our people that we are another example of "too

little and too late".

THERE ARE NO HEROES OR COWARDS. THE HERO IS THE ONE WHO HAS ACCEPTED HIS FEARS BUT GONE ON. THE COWARD HAS ACCEPTED HIS FEARS BUT TURNED BACK.

Je Nary's Mankle

"Join your hands, loyal bands, while we plodge one another..." And so we hear the strains of the welody that indicates that students have taken up Sodality work in earnest.

On Sopt. 11, 1942, the Sodality was organized with such capable leaders as Norma Jean Mach, Herman Weidower, Bob Vegelsberg, Anna T. Gallatin, Denald Willy, Arthur Schwartz, and Mike Koesler.

WANTING VICTORY-SO WHAT?

Yes, we do mean it. So what? It's action that counts not talk--no matter how high powered that talk may be.

How much are you doing for Victory?

Are you one of those who gets . very busy at the mention of "Visits for Victory"? There are many who are faithfully making that daily visit, but there are those who aren't. And you?

Then, where are you these mornings when Mass is being offered for Service men? As a loyal American Catholic you should be at Mass-on your knees offering the Holy Sacrifice for those who are actively engaged in making Victory a reality for us.

Again, where have you been these October Sunday evenings? Was it too much to ask that you be present to recite the Rosary before the Blessed Sacrament to ask God's help for Victory and a lasting peace?

Then too, how did you respond to the Scrap Drive which was and is so earnestly undertaken by the student body? Even though you were assured that it would be picked up for you, was it still too much effort for you merely to get your contribution ready?

Have you cheerfully acquised with our government's plans for securing the money and materials needed in this war, or have you joined the Grumblers' Gang to criticize?

Think it over; how badly do you want Victory-bedly enough to do something about it? Yes? SO WHAT?

Presented in this column are opinions of books read by students during the past six weeks.

These student evaluations are gathered in a volume called Green Leaves; students can find out what books are being read and what other students think of them.

Book Parade will present a few of these opinions each six weeks. For first choice on Book Parade we present:

"I have never read a better portrayal of the life and soul of boys and girls of my own age. It is typical of the things we do; at the same time it offers an a answer to the many questions which form in our minds. It is a treat which no boy or girl will want to miss. Read it!

Don't be afraid to read this book because you think "St. Francis and God; God and St. Francis are in every other line" They are not and they

Chesterton uses such characters as Dante, Roger Bacon, and Matthew Arnold to weave a story that is fascinating -- the more so as it is true. The "poor man of Asissi" is a real person with strong passions to overcome. All his life, after his choice of Lady Poverty, is a continual song of love for his God. This love he oxpresses in poverty, kindness, and love of his fellow-creatures.

### FRESHMEN PRESENT FIRST ASSEMBLY

On the last Friday of Soptombor, students gathorod in the auditorium for the first of a program of assemblios planned for this school year.

Courtesy was the timely topic of the Freshman assembly. Presenting "Mind Your Manners" the ninth grade students rather thoroughly covered the subject of etiquette at home, church, and school.

After general singing of school songs and patriotic airs, the assembly was brought to a close by Rov. Father Kramer's significant remarks on prayer as our best weapon in the country's present crisis.

idea to bring their total up. Finally they agreed to a suggestion of high school students to ask for the use of one of the Army Glider School's trucks.

The truck was arranged for by and students who contacted Glider School officials, and received permission to use the truck on Tuesday afternion.

Handbills furnished by
the DeVine Print Shop were
distributed by a group of
Academy students early on
Tuesday morning asking the
citizens to have the scrap
ready near the curb for the
afternoon drive. The big
campaign was on

With Cpl. Mattin Kaiser driving the truck pupils were on their way gathering scrap of all descriptions from brass ear rings to an old fashioned hot water heater of 500 pounds given by George Boone, mamager of Hotel Vinita. Possibly the largest collection from a residence was taken from the home of Ewing Hasell of North Smith St. - 750 pounds

The enthusiasm of the students would not let the drive stop here. The total on Tuesday was 6140 pounds.

The drive was extended through the remainder of the week. On Saturday the grand total was 18,320 putting Sacred Heart ahead of other schools in the city.

STUDENTS FIND CHANGES

September 8 saw a group of eager boys and girls file into S.H.A. as usual, but not to the usual S.H.A. - de-finitely not.

The high school
rooms had been converted into a large study
hall and recitation
room. In the rear of
the recitation room had
been placed a radiovictrola, bookcases,
tables and chairs, and
a piano --"looks interesting" was the comment.

The capacity of the science room had been doubled by converting what had been the library into a recitation room off the science laboratory.

Into the library there was the biggest change of all. (The former teachers room makes a levely library Open shelves for all becks, a large desk for checking, tables and chairs for study and reading, flowers, and new drapes make library an attractive place in which to work

Another change, the graduates' pictures are arranged around the auditorium. They seem to like it.

School takes up at 9 a.m. and dismisses at 4 p.m. with an activity period at 3:30. FORWARD, S.H.A. 1942.

These questions and answers were submitted by members of the Demccracy Class. Give your honest opinion of the following:
1. Should girls wear slacks?

Ans. I think it would be best for those who wear short dresses.

I den't think girls should wear slacks. They look awful. So many wear them now that men and boys think if they can dress like men, they should be able to act as men and take care of themselves. That is why the men are losing respect for wemen.

Mary L. Hamilton It is all right for girls to wear slacks on picnics, fishing trips, etc., but they should never wear them to town, to school, otc.

John Burt Girls should not be allowed to wear slacks, no matter what type of play she is doing. Long pants belong to men, and girls are not supposed to look like men.

2. Should pupils who tell dirty jokes be allowed in our high scheel?

Ans, I den't think we should have students in our school who tell dirty jckes.

Maybelle Harvey Pupils who tell dirty jokes should not be telerated in our schools. Other children who are with them for five days of the week will seen de just like them.

Ruby Hamilton I den't think that pupils that take pleasure in telling dirty jokes should be telerated in our high school. Georgia M. Mulcare

3. Should girls of a questionable character be allowed to remein in our school?

Ans. Girls of a questionable character should be allowed to remain until they de semething which would no longer make them questionable.

Girls of a questi nable character should be allowed to remain in our school and be taught how to change their charactor.

4. Should high school boys and girls drink intexicating liquors? Ans. No, high school girls and boys should not drink intexica-(contid on p. 12)
