## 1995 Directory of Turfgrass Sod Sources in Oklahoma

Dennis Martin, Ph.D.  
Turf Specialist

James Cole  
Project Assistant

James Baird, Ph.D.  
Turfgrass Research/Teaching

Craig Evans  
Horticulture Agent

This directory was created to assist potential sod buyers in locating sources of turfgrass sod available in Oklahoma as well as in determining availability of services such as site preparation, sod installation, sprigging, hydroseeding and hydromulching.

### How to use this directory:

**Step 1:** In order to locate sod retailers or wholesalers that carry the turfgrass which you are interested in obtaining, refer to Table 1. First look for the name of the turfgrass you are interested in purchasing (left hand column), then reference the variety to a producer number(s) located in the right hand column.

**Step 2:** Reference the producer numbers found in Table 1 to the **List of Producers and Sources of Sod** on pages 2-4 of this publication. The producer number is located immediately prior to the producer company name in the List of Producers and Sources of Sod.

**Step 3:** When you have located a producer which carries the grass you seek, confirm that the services offered by the producer fit your needs. Some producers only serve as wholesalers while others sell wholesale or retail. In this publication, wholesalers are those that would sell to commercial or professional turfgrass operations such as golf courses, landscape architects, contractors, or grounds management professionals. Retail sales are those sales directed to the homeowner or home consumer.

Other services offered by producers could include **site preparation** (properly preparing the site for laying sod or broadcasting sprigs), **installation** (laying sod), **sprigging**, or **hydroseeding/hydromulching**. Hydroseeding/mulching is spreading seed and or mulch through a stream of water that contains a tacifier that seals the seed/mulch to the soil and reduces soil erosion or washing of seed during the turf establishment period.

**Step 4:** Questions concerning current sod availability and price as well as other specific information should be directed to the businesses by using the addresses or phone numbers provided.

**Table 1. Reference table for matching turfgrass varieties and their sources.**

<i>Turfgrass Varieties</i>	<i>Source Number</i>
<b>Bermudagrass</b>	
Common, variety not stated	16,19
Midiron	6,19
Midlawn	19
Sunturf	20
Tifgreen	11,16,19,21,23
Tifton 10	19
Tifton 328	(see Tifgreen)
Tifton 419	(see Tifway)
Tifway	5,11,12,13,16,19,21,24,27
Tifway II	13,19
U-3	1 - 18, 20 - 30
U-3 overseeded with ryegrass	13
Vamont	19
<b>Buffalograss</b>	
609	24,27
Prairie	24,27
<b>Centipedegrass</b>	
	(not available)
<b>Creeping bentgrass</b>	
	(not available)
<b>Kentucky bluegrass</b>	
	(not available)
<b>St. Augustinegrass</b>	
Raleigh	11
<b>Tall Fescue</b>	
Blend, varieties not stated	3,4,5,6,12,13,24,27
Rebel II	8,19,21
<b>Zoysiagrass</b>	
Matrella	24,27
Meyer	8,11,12,13,19,21,24,27

## About This Directory

Although the information presented in this directory was believe to be current at publication time, variety availability as well as services offered by producers can change.

Retail nursery operations not specializing in either sod production or sod sales were intentionally not included in this directory because these businesses typically buy their sod from producers listed in this directory for resale and they may not stock sod throughout the entire year. In addition to locating sod sources in this directory, home consumers may wish to contact their local retail nursery center to determine turfgrass sod varieties available locally.

Information presented in this directory was gathered during November 1994 - February 1995 in a phone and mail survey of producers in Oklahoma. Every effort was made to contact all known producers in the state of Oklahoma. Some producers chose not to participate in the survey and are thus not listed in this directory. Sod producers or other business entities specializing in the production or sale of turfgrass sod who are not listed in this directory and who wish to be included in the next update of this directory should direct their request to: Oklahoma State University, Attention: Directory of Sod Producers in Oklahoma, Dept. of Horticulture & Landscape Architecture, 360 Agricultural Hall, Stillwater, OK 74078.

## Listing of Producers and Sources of Turfgrass Sod in Oklahoma

### 1. ALLEN FARMS INC.

Contact: Joe Allen  
Rt. 1, Box 104M  
Norman, OK 73072
