SCRAP DRIVE

OCT. 1942

SCHOOLS

AT

WAR

11" x 14"

Requah School Dist. 12

Mayes County.

This school participated in
the PRESS SCRAP DRIVE.

The scrap was collected
from the various farms, by the
students and teachers. We
used teams and wagons to
bring the scrap to the school.

We did not stop there.
We hired a truck and used a
borrowed Pickup to haul the
scrap to a Pryor dealer.

We completed the hauling and turned our weight tickets in on the last day of the contest.

Our school enrollment was 41 at that time. We collected 529 pounds of scrap per pupil, or nearly $9\frac{1}{2}$ tons.

This scrap was not allowed to lie idly on our school yard. But, we hope, is now on its deadly way to Japan or some other enemy of ours.

SCRAP BOOK PREPARED BY
PRIMARY ROOM OF REGUAH,
MRS. RUTH BLACKWELL IS OUR
PRIMARY TEACHER.
