# WE REPORT TO THE NATION

We herewith submit a bird's-eye view report of our  
SCHOOLS AT WAR Program. It includes factual and pictorial  
accounts of our War Savings Program and other outstanding  
war activities. It is tangible proof of the resourcefulness, skills,  
activities and the will to win of every student, teacher and  
parent enlisted in our SCHOOLS AT WAR Program.

### The Scrap Drive

Our school elected a captain to take care of our scrap. We gathered up all the left over scrap from the other drives such as iron rubbish tin. When we had all we could find we brought it to school. The captain's father took it to town for us. When we had it all gathered up we had 970 pounds. When it was sold it brought about \$3.00. The money was used to help get a rhythm band.

## Defense Stamps<sup>and</sup> Bonds

We are helping Uncle Sam with  
our dimes and dollars:

We use a check sheet prepared by  
the American Legion, that shows what  
our stamps buy.

FOR VICTORY

*Esther Ellers Jamieson*

Our School wanted to win the war so we joined the Red Cross 100%. We studied the life of Clara Barton and the founding of the Red Cross.

*Infantile Paralysis*

*We believe this fund will help other children.  
Our school \$1.25*

## Our Victory Projects

We are trying to help in the war effort as much as we can. We are planning our garden at school. We have scaled it on paper. We discussed in class the kinds of vegetables one should plant. We plan to help all we can.

All of the children have been helping at home with the work of feeding, cow and hogs, driving the tractor, plowing and other work.

We plan to take care of the little chicks such as watering and feeding them.

## Our Motto

"Food will win the war."

### Bulletin Board

The bulletin board is to help us understand what our country is doing and what it needs. It is not only to look at; it is for our study.

On our bulletin board we have such things as planned meals, which will help many families with their food budget. Other items tell about our soldiers at home and abroad.

Each pupil has cut clippings of the war. Some of them are comic.

*"Freedom Of Worship"*

## Our Heritage

Freedom of Speech  
Freedom of Worship  
Freedom from Want  
Freedom from Fear

We are doing our best to keep our freedom and liberty. We have presented plays and projects through out the year to our P. T. A. We have been studying and singing patriotic songs.

In October we made booklets of Columbus. In November we gave a Thanksgiving play which emphasized our Freedom of Worship and Speech. In December we had a Christmas Operetta. We have also studied the Courtship of Miles Standish. We have made defense posters. We are now going to have a play about "What the Flag Stands For." We have studied of Washington and Lincoln and other great Americans.

Rules from our Health Booklet  
(Worked out by the School)

1. Keep good posture at all times
2. Keep good personal appearance
3. Take a full bath at least once a week.
4. Wash teeth twice daily
5. Be polite, cheerful and courteous
6. Sleep 8 to 10 hours in a well ventilated room.
7. Eat some meat or meat substitute, fruit and vegetables each day.
8. Use one quart of milk daily.
9. Drink plenty of water
10. Do not eat sweets between meals.

## Health

We play basketball and soft ball at our school when the weather is favorable. We believe we should exercise in the warm sunshine and fresh air. Some of us have been exercising inside the school room when the weather is not favorable to play outside. We exercise to build strong muscles.

Our motto is "Eat Nutritional Foods". About one hundred percent of us have a fruit or vegetable daily in order to build our bodies correctly. About ninety percent of us drink from four to six glasses of milk daily.

We have some very nutritional posters on our walls. We have the potatoes that is being dried and sent to our Armed Forces all over the world. It has a lot of starch in it that our Armed Forces need. We have the eggs that have a lot of proteins in them. We also have a number of other vegetable posters. The boys and girls of our school have been studying health in home making. We have made a health chart for our class to check daily.
