WE REPORT TO THE NATION

We herewith submit a bird's-eye view report of our
SCHOOLS AT WAR Program. It includes factual and pictorial
accounts of our War Savings Program and other outstanding
war activities. It is tangible proof of the resourcefulness, skills,
activities and the will to win of every student, teacher and
parent enlisted in our SCHOOLS AT WAR Program.

SAVE

We save money to buy war stamps and bonds.

Thursday is our victory day
we buy stamps and bonds at
school that day

We are going to keep Thursday
as our victory day all the school
year.

POEMS

"Get Your Share"

Buy war bonds and stamps. Each pay day
If its only a ten cent stamp
The Japs are coming from every way
So be head and make a champ
Even though we know the men ain't very fond
Of this war with Japan
Buy war bonds and stamps to help every
man.

"Lets Do Our Part"

V... — stands for victory, lets
do our part.
I'm getting a share of war bonds
and stamps, right on the start.
Every one knows we're in war
with the Japs,
So bring all your old junk in
So our boys can whip those
Saps.

"American Way"

When Uncle Sam rolls up his sleeves throughs out
his chest,
Then the hundred and thirty million Americans
will do their best.
We'll get her scrap and pay all the taxes,
That's the way we whip the Axes.
We'll save on the gas and buy bonds too.
That's the way we Americans do.

"HELP ALL YOU CAN."

SAVE your money to buy war stamps and
Bonds,
that will help to keep the Japs away
INSTEAD OF buying PEACONS
You sure will be able to get your pay.
Wipe the Japs off the map
BE sure to help ALL YOU CAN
slap them back in Hitler's lap
AND help save this FREE land.

VICTORY FOR U.S.A

WE KNOW IT ALTHOUGH HITLER THE PRESIDENT

ROOSEVELT IS TRYING TO LEAD US THROUGH.

WE KNOW MR. AUTHORITY IS DOING HIS BEST,

BUT WE CAN'T HELP IF WE GO ON THE REST

AND DON'T BUY.

U.S. BONDS AND STAMPS.

IT'S A HOPE FOR ME A HOPE FOR YOU,

THAT WE WILL WIN THE VICTORY.

THOUGH IT'S HARD TO GIVE UP OUR BROTHERS

AND LOVED ONES SO TRUE.

BUT STILL WE KNOW THEY'LL SAIL THE OCEAN

BLUE, AND FOREVER BE TRUE.

THEY'LL FLY THE SKY AND GET THE JAPS, AND

SHOW THEM THAT THEY ARE S.A.P.S.

SO IT'S OUR HOPE TO WIN THE VICTORY.

SERVE

We serve our school, community and nation by training in first aid home and farm accident prevention through our Junior Red cross.

We keep our lessons in Junior Redcross and are going to bind into booklets for future reference.

Lesson 1

Definition: First Aid is the immediate, temporary treatment given in case of accident or sudden illness before the service of a physician can be secured.

Purpose of First Aid training:

1. To prevent accidents.
2. To equip the individual with sufficient knowledge to determine the nature and extent of an injury.
3. To train the first aider to do the proper thing at the proper time. Likewise, knowing what not to do is equally important.

"Good tooth Powder"

- 1 part of borax acid.
- 2 parts of salt.
- 3 parts of soda.

"Fav Burn."

make a paste of baking soda and apply to burn.

"Throat Infection"

Tepid salt water, sip and gargle 10 mi.
Repeat in 30 mi.

"Caution"

Do not open a fever blister.

CONSERVE

We conserve all kinds of materials and money by collecting scrap rubber, copper tin and other waste materials needed for war production.

We repair and buy wisely.

We had a special day to collect scrap iron.

Turn in your JUNK

Your country needs it now

National Scrap Harvest

Join the other farmers in your locality by getting all the Junk off your farm and into the hands of war production factories. If you are not sure just what to do about it, get in touch with your County War Board or your farm implement dealer.

Farmers have already responded generously to America's call for scrap iron and other Junk.

But that is not enough. There still remain on the nation's farms—in fence corners and gullies—in weed-grown piles—millions of tons of Junk which is not doing its part to help win the war.

Just think — one old plow will help make 100 armor-piercing projectiles

— an old pail will make 3 bayonets

— an old hand cornsheller will make three 1-inch shells

Scrap iron and steel—other metals and anything rubber—Manila rope—burlap bags—rags—they are all needed at once.

The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices.

The steel that goes into farm machinery is just about the finest quality of steel there is. It may be broken and rusty but it is just what the war factories need for guns, tanks, aircraft carriers, submarines and other implements of war. Half of the steel for these things is made from ore out of our great iron mines, which are already working to full capacity. The other half must come from scrap.

If you have been keeping old machinery for the parts (gears, nuts, bolts) it may provide, strip it now of those parts and turn in the useless remainder for war production.

Throw YOUR scrap into the fight!
