# WE REPORT TO THE NATION

We herewith submit a bird's-eye view report of our  
SCHOOLS AT WAR Program. It includes factual and pictorial  
accounts of our War Savings Program and other outstanding  
war activities. It is tangible proof of the resourcefulness, skills,  
activities and the will to win of every student, teacher and  
parent enlisted in our SCHOOLS AT WAR Program.

## Gathering Scrap for Uncle Sam

As soon as the schools were asked to co-operate in gathering scrap, we were all very eager to do our part. All of us gathered everything around the house that could be used in some way.

We had lots of fun gathering the scrap at school. For several days every recess and the noon period were spent in gathering it. We found old parts of stoves, lamps and rods. Each piece we decided how many Germans or Japs would fall.

Several large contributions throughout the community were made, even if we didn't win an award.

## The Main Event of the Year

The main event for us this year to increase the sale of bonds and stamps, was our Halloween Program. Following the program, we planned a money-making scheme. Everyone in the community knew the proceeds would go for stamps or maybe a bond.

We did very well, making a total of \$16.22.

All the people were very eager to give and now our school almost has a bond.

We are planning to have another money-making occasion to finish this bond, and buy another.

All year we have tried to save in every way possible, and we will continue to do so.
