On September 23, 1935, the people of El Reno approved a proposed bond issue to provide funds for the construction of a Junior High School Building. Application was made for assistance through the Federal Emergency Administration of Public Works. Federal funds were allotted to the project on August 20, 1936, plans and specifications were completed on August 25 following, and the construction contract was awarded a month later. Actual construction was begun September 30, 1936 and completed May 1, 1937.

Oklahoma's Schools At War Program

Pertinent Points Pertaining To

By PAUL R. TAYLOR, Superintendent of Schools, El Reno
Chairman Educational Division, War Savings Staff

1. The Schools At War program is sponsored jointly by the U. S. Office of Education and its wartime commission, and the War Savings Staff of the Treasury Department.

2. It is an over-all program and includes public, private, and religious schools up to colleges. Its purpose is threefold:

(a) To coordinate and correlate all wartime activities now being conducted in the schools. (It in no sense interferes or restricts, or duplicates, any of these activities. Instead, it stimulates them and offers opportunity to report their progress and results by means of scrapbooks and a series of exhibitions.)

(b) To stimulate increased sale of stamps and bonds through continuing War Savings Programs, and to encourage establishment of these plans in schools where they do not now exist.

(c) To serve as the medium through which to "Report to the Nation" on all scholastic wartime activities, including salvage, Junior Red Cross, USO, Model Airplane Construction, War Savings, etc.

3. The Schools at War program does not require new work in the form of added programs. It merely provides a means of reporting on activities already established.

4. It is not a competitive program. No awards are issued excepting the Certificate of Service presented by Secretary Morgenthau to each school which includes its War Savings plan in its scrapbook, along with other activities. The program proposes, however, to stimulate continuing War Savings plans in all schools.

5. Only one scrapbook is required from each school. All classrooms should include their activities in this book.

completely these activities are reported in the scrapbooks, and also in the exhibitions, the more effective the Schools at War program becomes.

8. Each school conducts the program in accordance with instructions contained in the kit supplied each school administrator, whether a teacher of a one-room rural school, or a principal of a multiple-room city or town school.

9. Scrap books and other Schools a

War material are to be exhibited at each local school as a part of its patriotic celebration on February 12. All scrapbooks thus exhibited will then be delivered to county or city superintendents immediately thereafter. (February 13) A committee working under the chairmanship of the county superintendent in each county will select twelve (12) or more scrapbooks from each county and ship them immediately to the chairman

Highlights of El Reno

El Reno is considered one of the most flourishing cities of Oklahoma. It is located in the middle section of our state, about twenty-seven miles west of Oklahoma City, the capital, and is called the Cross-Roads of America. It is on the highways U. S. 66 and 81 and is surrounded by rich farm lands. The main products are wheat, alfalfa, and cotton. El Reno is also the county seat of Canadian County.

El Reno has a fine, up-to-date school system. There are four grade schools; namely, Lincoln, Central, Irving, and Webster; Etta Dale Junior High School, and El Reno High School. Also there are a Booker T. Washington Grade and High School, which is a school for the negroes, and one parochial school, Sacred Heart Academy.

El Reno may well be proud of its beautiful church buildings, which represent nearly every denomination. It also rates a first class post office building and one of the famous Carnegie Libraries.

The transportation of El Reno is very good. It is the center of the Rock Island Railroad, the main office building, the yard office, and round house being here. There are several different bus lines running in and out of the city. They have an interurban running to and from Oklahoma City.

El Reno, as stated before, is in good wheat country, so naturally it is an ideal location for milling purposes. They have two of the most up-to-date flour mills in the southwest.

El Reno can also boast of a good water supply, for it is very dependable. The water supply comes from good deep wells on the Canadian River. It is pumped into the city.

El Reno is doing her part in defense work. At the present time, there are two flying schools, Cimarron and Mustang. Also there is to be an internment camp which is under construction. In carrying out their patriotic duty, the citizens of El Reno have established a Red Cross Canteen at the Rock Island passenger station.

About six miles west of El Reno is Fort Reno, which is a place for training horses. They are trained for special officers' mounts. Also about two miles west of El Reno is the U. S. Federal Reformatory. The main point of this institution is to try to fit these first offenders to make good citizens.

One of the many historical attractions of El Reno is the Quail Hatchery located at Darlington, which is the site of the old Indian Trading Post and Mission. Also another attraction is the Cheyenne and Arapaho Indian Agency and schools located at Concho, which is about seven miles north of El Reno.

There are many other places of interest in El Reno which make it a pleasant city in which to live.

STAMP BOOTH

Under the direction and supervision of our art teacher, Mr. John B. Waldrip, the Junior High School, Victory Council constructed a War Bond and Stamp booth.

The booth is attractively made of red, white and blue paper and it is so constructed that it can be moved about in the hall.

As the pupils pass through the hall they are reminded that it is time to buy stamps and bonds. Such posters as these met their eyes, "Help The Allies" - Buy Stamps. "Have You Bought Your Stamp Today?" - "We Must Win" - Buy Stamps.

The victory council members of the Etta Dale Junior High School are: Jack Tomlins, Bob Fowler, Helen Sloss, Bonnie Ballenger, Martha Harvey, John Dittmer, Claude Robertson, Buddy Marsh, Ella Lou Bywater.

JUNIOR HIGHSCHOOL LEADS

At the close of the 1941-42 school term the junior high led in the sale of bonds and stamps.

At a check-up by the school authorities it was found that the Etta Dale Junior Highschool pupils had purchased \$8,700.00 worth of bonds and stamps. This is near the \$25.00 mark for each of the 350 students enrolled.

THREE CHEERS FOR THE JUNIOR HIGHSCHOOL

Three cheers for the junior highschool. Mr. Mayfield came in last Sunday with 500 postcards from the victory council of the junior high, and Monday in came eight boys and a girl, each representing a homeroom, with 1,500 pennies. These pupils were Bob Fowler, Jack Culley, Jimmy Tibbetts, Lee Sullens, Jack Ricker, Frank Martin, John H. Wilson, Billy Frosch and Mary Elizabeth Hubbard.

PEARL HARBOR DAY OBSERVED

Pupils of Etta Dale Junior High observed Pearl Harbor day in a fitting manner Monday. Each homeroom had its own program, observing the anniversary following the "Call to Colors."

A bugle call by J. H. Wilson, a pupil of the seventh grade, will sound the call each morning at 8:45 a. m. when every teacher and pupil will stand at attention, and as the last note dies away, the pledge to the flag will be given.

This is, indeed, a fitting ceremony to be inaugurated on Pearl Harbor day.

Votes Sought In Bond Contest

Many Purchasers Fail To Use Ballots

Because several El Reno citizens are purchasing war bonds at sources other than local banks or the postoffice, the American Legion auxiliary committee in charge of the Legion-sponsored king and queen contest announced today that arrangements have been made to provide opportunity for these purchasers to vote.

Mrs. W. A. Biggert announced that the auxiliary will have representatives present in the north end of the postoffice lobby from 1 to 5 p. m., Jan. 28 and 29, and from 10 to 5 p. m., Jan. 30.

Those who have, since Jan. 15, purchased bonds from other localities may bring their bonds there so that they may be registered and votes cast.

Contest Opened Jan. 15

Mrs. Biggert reminded bond purchasers that since the contest did not begin until Jan. 15, bonds dated prior to that date cannot be used for voting purposes.

Legion posts and auxiliary units throughout the state have assumed responsibility for directing the war stamp and bond sales in Oklahoma during January.

As an additional means of stimulating interest in sales of war bonds and stamps during the month, the El Reno Legion post and auxiliary unit are sponsoring the king and queen contest in Canadian county schools, offering a \$5 prize to the girl and boy receiving the largest number of votes in the contest, which ends Jan. 30.

Only Bonds Apply

Only bonds are being used to vote, although completed stamp books which are turned in for bonds can be used to vote in the contest.

Voting is not restricted to school children, but all individuals who purchase a bond at postoffice or banks will receive a ballot slip, designating the amount of the purchased. On the slip will blank to fill in name of and the candidate for whom ballot is to be cast.

King and Queen Contest To Aid War Bond Sales

Candidates Chosen In All Schools To Stimulate Interest

As an additional means of stimulating interest in sales of war stamps and bonds during the month of January, the El Reno American Legion post and auxiliary unit are sponsoring a bond king and queen contest in the schools of Canadian county, with a \$5 prize offered the girl and boy who receive the largest number of votes in the contest which begins Jan. 15 and ends at 6 p. m. Jan. 30.

The Legion posts and auxiliary units throughout the state have assumed responsibility for directing the war stamp and bond sales in Oklahoma during January.

El Reno, Yukon, Union City, Mustang, Calumet and Piedmont schools have entered the bond king and queen contest with candidates from each homeroom. Each town will conduct a separate coronation for the king and queen of the various schools with appropriate programs either Feb. 12 or 14.

Voting Unrestricted

The voting is not restricted to school children, but all individuals who purchase a bond at postoffice or banks will receive a ballot slip, designating the amount of the bond purchased. On the slip will be a blank to fill in name of school and the candidates for whom the ballot is to be cast. Ballots must be marked for the boy and girl of the same class or homeroom. Votes cannot be divided for a girl in one class or school and a boy of another. Ballot boxes will be placed in the banks and postoffices and will remain closed until the contest is concluded.

All \$25 bonds represent 200 votes; \$50 bonds, 400 votes; \$75 bonds, 600 votes; and \$100 bonds, 800 votes. All students may present their stamp books to their teachers on Friday, Jan. 29, at which time the stamps will be counted and one vote for each stamp cast by the teacher for the candidates of the child's choice. Those who fill their books may cash them at the postoffice for a bond, at which time they will receive a ballot slip to vote for the candidates of their choosing.

Other Provisions Announced

The local boy and girl who receive the greatest number of votes will be crowned bond king and queen for the city of El Reno regardless of which school they attend, whether it be Sacred Heart, the highschool, junior high, or one of the elementary schools. However, each school will have its own king and queen in the candi-

Bond King And Queen Chosen

Dick Kelly, Constance Poor Are Winners

Returns from the Legion-sponsored king and queen contest, which closed Jan. 30 after enthusiastic participation in Canadian county, showed today that Dick Kelly and Constance Poor, El Reno highschool juniors, led the balloting with a total of 176,744 votes.

The contest, which was instituted by the El Reno American Legion and auxiliary to stimulate interest in war bond purchases in the county, already has accounted for \$75,625.25 in bonds and stamps purchased for participation in the contest, Mrs. W. Arthur Biggert, auxiliary chairman for the drive, stated.

This figure is not complete as bond purchases from Yukon and Calumet used for ballots in the contest have not been counted.

El Reno led the list of purchasers who voted in the contest with a total of \$56,100 in bonds \$5,743.25 in stamps purchased. Next was Union City with \$10,550 in bonds, and Piedmont with \$3,232 in bonds.

Coronation To Follow

Mrs. Biggert stated that several ballots were discarded because they were split. Contest rules provided that ballots had to be marked for the boy and girl of the same class or homeroom and votes could not be divided between a girl in one class or school and a boy in another.

Date for coronation ceremonies for the county king and queen will be announced later, Mrs. Biggert said. A \$5 prize will be awarded to both the king and queen.

The winners of the contest, both of whom are junior students in the El Reno highschool, were representatives of the junior homeroom of Miss Lois McConnell.

Constance Poor, the queen, is the granddaughter of Mrs. S. A. Dale, 501 North Choctaw, a Gold Star mother and member of the American Legion auxiliary. Constance is secretary of the junior class and a member of the Squaw pep club, the B. M. C. literary society and the girls' trio.

Dick Kelly, the king, is the son of Mr. and Mrs. John P. Kelly, 107 North Hoff avenue. Mrs. Kelly is a member of the Legion auxiliary. Dick is a member of the Senate debating society at the highschool.

Other Totals Announced

Runners-up in the contest were Freddy Wewerka and Dorothy Dittmer, fifth grade, king and queen nominees at the Central elementary school. They received 109,075 votes.

Each school in El Reno and the county will have the privilege of sending as attendants for the coronation ceremonies their high-scoring king and queen candidates, or they may have separate ceremonies at their own school.

Winners of the contests at the schools participating, and their total votes, are as follows:

Junior Everett and Ellen Petree, eight grade candidates at Union City, 66,900 votes.

Jimmy Wheatley and Sarah Ann Pribyl, second grade candidates at Yukon, 55,220 votes.

Tommy Ray Maher and Rosalie Elsenhour, first and second candidates at Sacred Heart academy, 36,840 votes.

Delbert Garrett and Ernestine Ownby, fourth grade candidates at Lincoln elementary school, 27,469 votes.

Harlan Hobgood and Marietta Daniels, seventh grade candidates at Etta Dale junior highschool, 14,640 votes.

Additional Votes Tabulated

Donald Files and Argus Dickerson, sophomore candidates at the Piedmont highschool, 13,558 votes.

Harry Hummel and Wanda Lee Watson, second grade candidates at the Irving elementary school, 8,165 votes.

John Michalicka and Louise Bosler, St. Joseph's school candidates at Union City, 7,600 votes.

David Thompson and Lois Higdon, fifth and sixth grade candidates at the Calumet school, 5,582 votes.

Floyd Bruce Cory and Delores Meredith, second grade candidates at the Webster elementary school, 3,465 votes.

Clifford Miner and Parthenia Burton, candidates at the Booker T. Washington school, 1,291 votes.

Coronation ceremonies for the Booker T. Washington winners will be held at 11:30 a. m. Wednesday at the school, with American Legion and auxiliary members invited as special guests.
