The Fairview Schools At War Program includes a continuous scrap drive, a weekly sale of Defense Stamps and Bonds, a Junior Red Cross drive, adult Red Cross work, 4-H Club Victory Gardens, and a "Know Your Money" course.

The program started during the summer term, July and August 1942, with a scrap drive. A total of 8600 pounds of metal and rubber scrap was collected. The drive was continued and we have collected 1710 pounds since. We expect to continue the drive "for the duration."

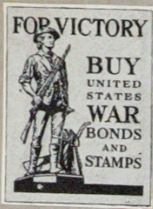

On November 25, 1942, Fairview had the first of its regular weekly sales of Defense Stamps. A picture of "Our Flag" was purchased to be awarded each week to the room or class that bought the most stamps. The room or class that has bought the most stamps at the end of the school year will get to keep the picture. It was decided that the purchases of the teachers should not be counted in the contest, but only those of the pupils. On February 5, 1943, the last sale before this book was made, there had been a total of \$268.70 worth of stamps bought by the pupils of the Fairview School.

Fairview had 100% membership in the Junior Red Cross drive. There are eight members of the community doing Red Cross work.

The 4-H Club of 52 members is co-operating in the war effort by growing a Victory Garden.

Thirteen members of the junior and senior classes completed the "Know Your Money" course. The textbooks were placed in the school library for use of the other students of the school.

100% of the pupils, teachers, and patrons of the Fairview School and community are co-operating in the war effort.

SCHOOLS AT WAR

The sale of War Saving Stamps each Friday and the gathering of metal and rubber scraps are two phases of our Schools at War program.

On December 11, our school sold \$28.65 worth of stamps. Dec. 18, the sale amounted to \$21.30. This makes a total of \$99.80 spent for stamps since the sale started on November 25.

Mrs. Pettygrew's room has won the picture the last two weeks for selling the most stamps.

The fifth sale will be held next Friday, January 1. Let's all start the new year out with a resolution to buy more War Saving Stamps and Bonds.

In the scrap drive we have listed 529 lbs. of scrap iron and 48 lbs. of rubber.

Several boys and girls have reported scrap collected, but have no way of getting it delivered to the school.

Parents, help give the drive a boost by bringing the scrap your boys and girls have collected.

Now would be a fine time to do this as most farm work has stopped due to bad weather.

ASSEMBLY

The regular semi-monthly assembly was held December 21 in the auditorium. We sang several Christmas songs with Mr. Abel leading them. Each room presented one number. Benetta Simmons, Mildred McDowell, Helen Hall, and Joan Vanhoosier each gave talks on the four freedoms for which the United States are now fighting--Freedom of Speech--Freedom of the press--Freedom from fear and Freedom from want. Mr. Abel made a short talk and the program was brought to a close with a prayer.

PIE SUPPER

A pie supper was held in the auditorium December 17. The funds were to be used for the Christmas Tree. The proceeds were \$48.41. Caswell Grisson got the prize for the most hen-pecked husband. Patty Smith got the prize for the prettiest girl. Mr. Abel thought he would be the most hen-pecked husband.

Before it was decided to have the pie supper, donations for the Christmas tree were requested and a sum of \$45. was collected. This made the total of \$93.41.

SCRAP DRIVE

During the summer term, July and August 1942 a scrap drive was held and 8600 pounds of metal and rubber scrap were collected. The drive has continued and 1710 pounds have been collected since. We expect to keep on collecting "junk" "for the duration".

The accompanying picture is only a small amount of the scrap collected by Fairview School.

OUR SCRAP

The Fairview School is sponsoring a scrap drive on all metals and rubber.

We weigh and list each pound of scrap received and when it is sold the money is paid in stamps or bonds to the person who brought it.

Orvel Lee Baxter brought in 300 pounds of iron and Bobby McCowan brought in the next highest amount of scrap. Harold Bottoms listed 48 pounds of scrap rubber.

Let us not drag our scrap drive as our country needs it now. It will take all of our scrap to win our scrap.

Scrap iron keeps 'em fighting!

4-H CLUB NEWS

The Fairview 4-H Club met Tuesday, Dec. 29, 1942, to elect officers for the coming year. Officers elected were: President, Mildred Hulsey; Vice-President, A. J. Chandler; Secretary, Mildred McDowell; Song Leader, Mildred Hulsey; and Game Leader, Willis Knight Jr.

There were 17 new members enrolled with 22 old members present.

This group of boys and girls have joined the 4-H Club in order to do more in the war effort. Some of the projects of the 4-H Club for the coming year will include Scrap drives, Stamps and Bonds, Victory gardens, canning more fruits and vegetables, producing and preserving more meat.

Food For Freedom

The Food For Freedom program received a boost Friday when Mr. Warner talked to the boys on pig production. Practical ways of feeding were discussed and it was pointed out that money can still be made even if a boy must buy all his feed.

Mr. Warner says when feeding a pig we help in several ways. First, in producing more meat for ourselves and allies; second, producing fats to be used in explosives; and third, making some money as well as learning good feeding practices.

About 40 boys plan to feed out pigs in the near future.

Farmers who have pigs to sell, give the boys a chance to buy them; and dad, let the boy feed out on his way.

4H Club

The Fairview 4H Club met Tuesday, January 26, 1943. The house was called to order by the president, Mildred Hulsey. Mr. Abel gave a short talk, encouraging club members to have a Victory garden. He suggested each member to help raise enough garden products for family use. By doing this, it would help yourself, your family, each soldier and everyone else.

At the next club meeting the president, Mildred Hulsey, will have a report on how many have Victory Gardens. A few minutes
