The principal scrap materials needed now are:

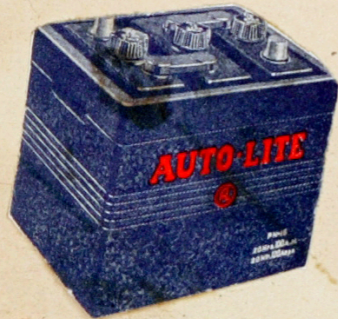

Iron and steel

Rubber

Copper, brass, bronze, aluminum, zinc and lead.

Old rags. We are working to the uttermost degree to

help our armed forces to win this war.

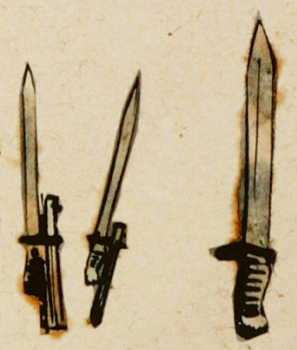

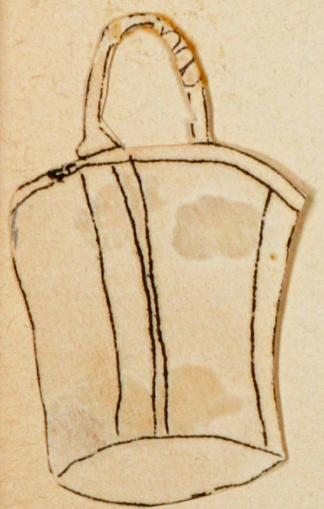

Collect old light bulbs the metal can be used.

One old battery will provide the lead ordinarily required to make
three 3-inch antiaircraft guns.

One wash pail will provide the amount of scrap ordinarily required
to produce the steel needed to make
3 bayonets.

One old copper coffee pot will provide

the copper required to produce 84

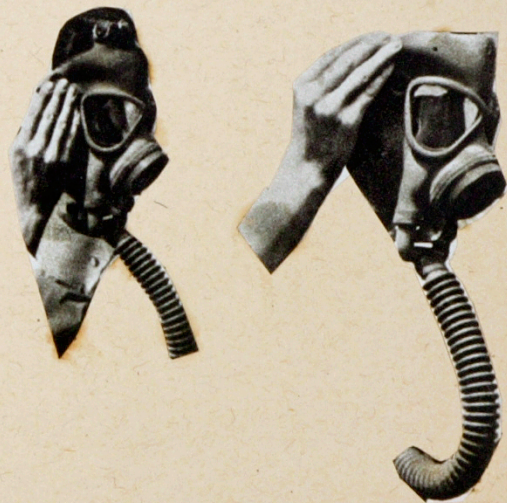

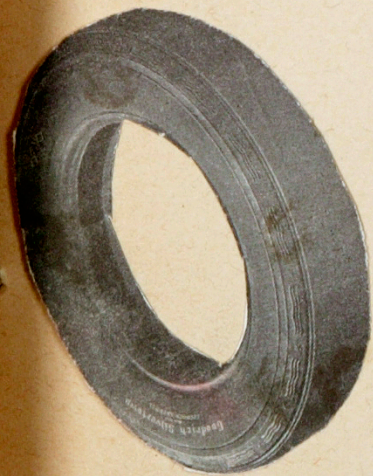

rounds of ammunition for an automatic

rifle.

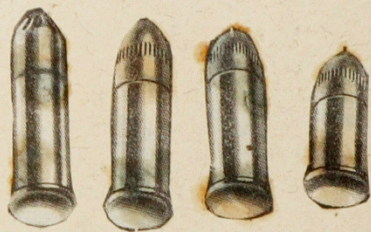

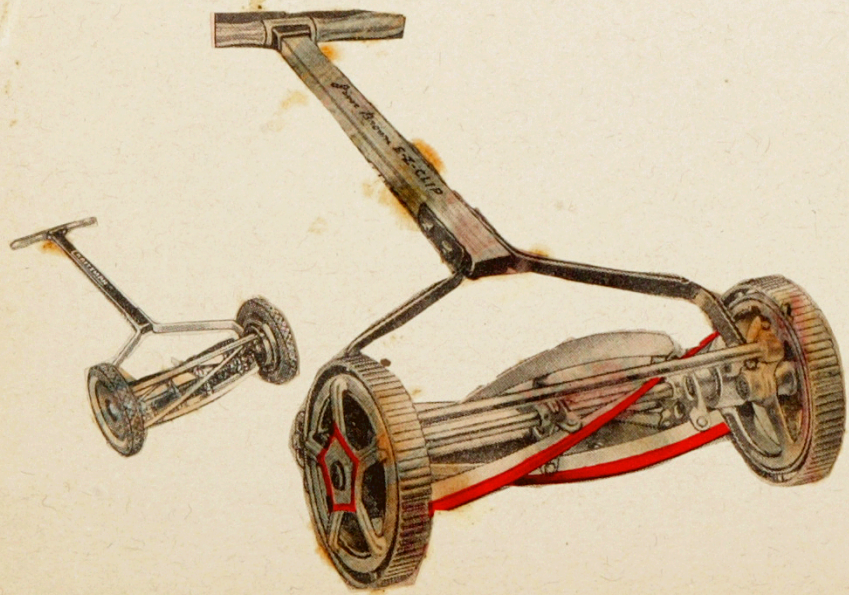

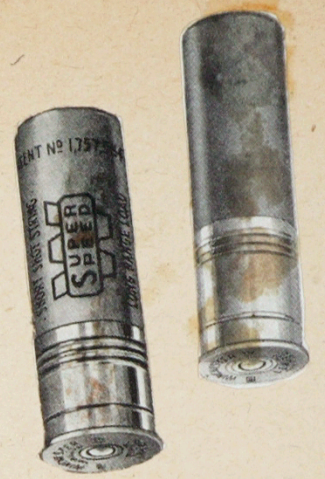

One old tire will provide the amount of reclaimed rubber ordinarily

required to produce twelve gas masks.

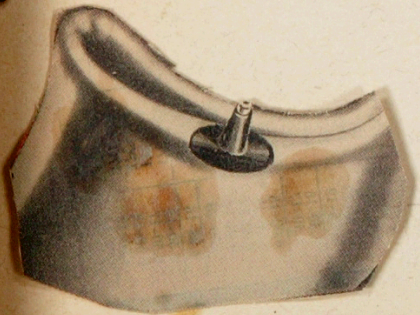

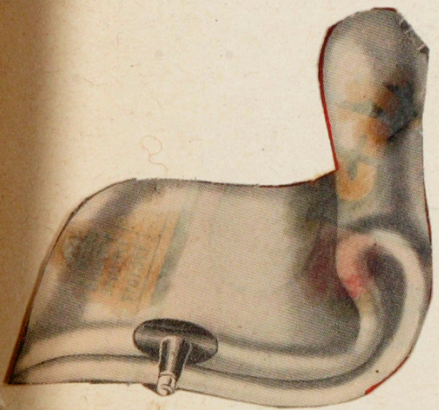

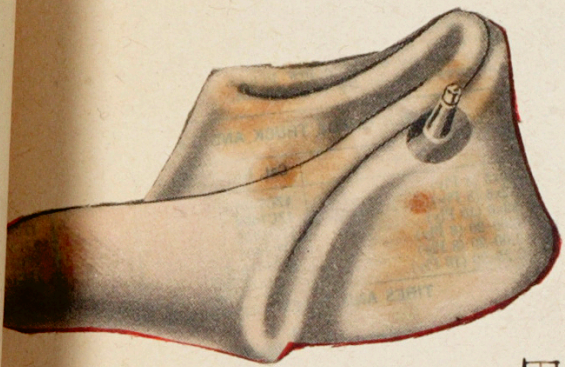

One old lawn mower will provide the amount of scrap ordinarily required
to produce the steel needed to make six 3-inch shells.

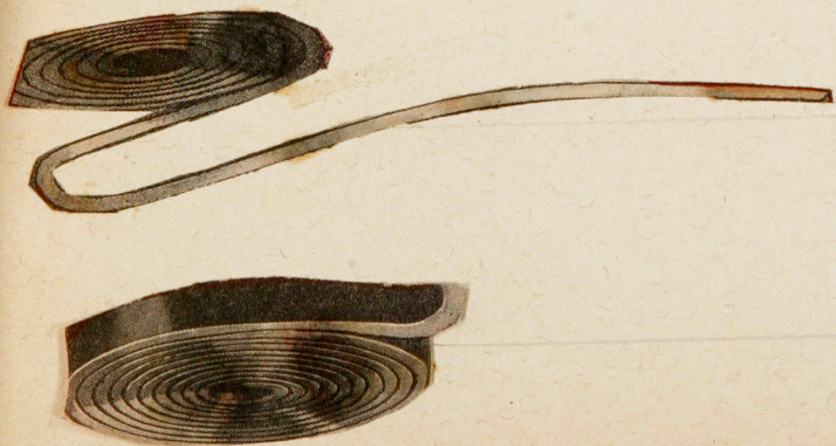

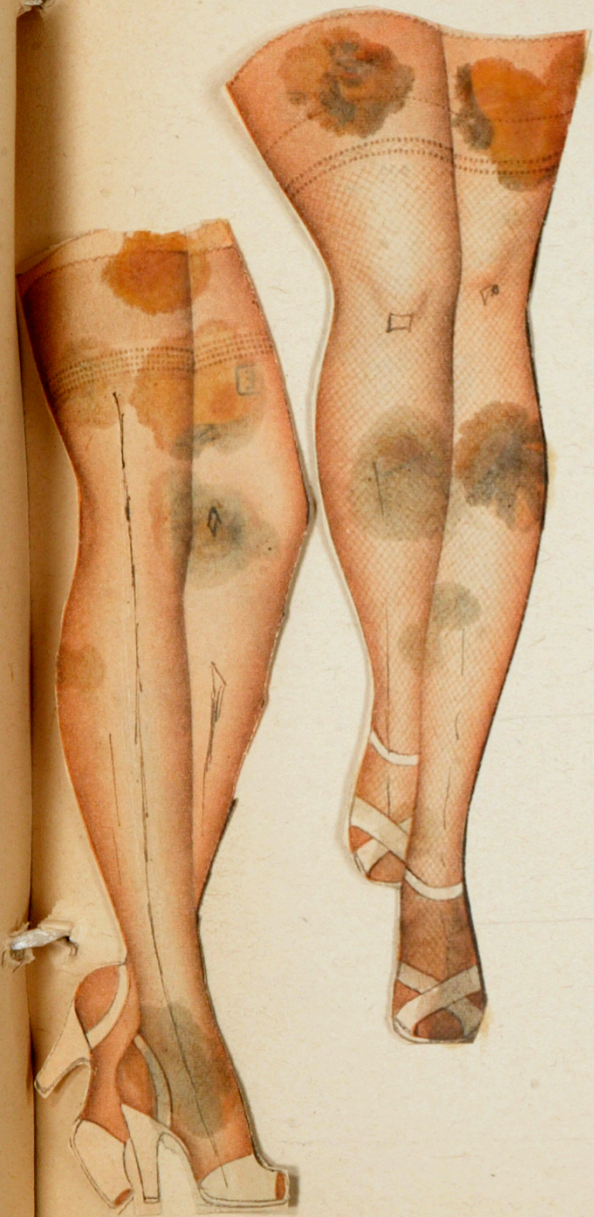

Half the Metal in ever gun is Scrap.

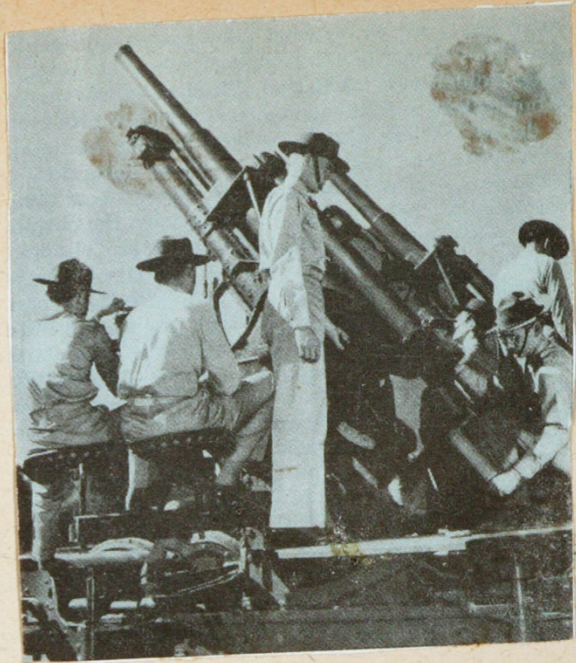

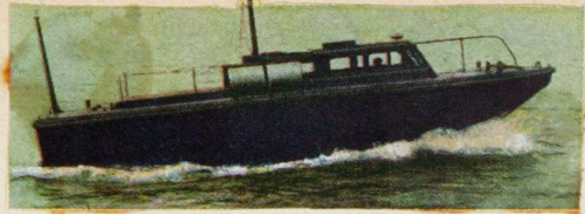

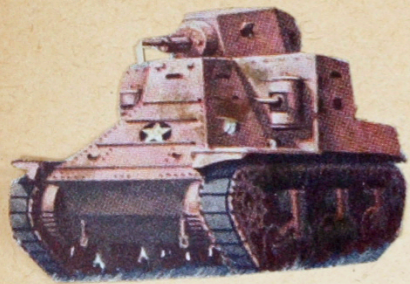

Two old inner tubes will make three heavy gas masks.

Fifty feet of garden hose will make one navy raft.

One hundred pairs of old silk hose will furnish
 enough silk for a parachute.

HALF THE METAL IN EVERY SHIP, TANK AND GUN IS SCRAP.

THROW YOUR SCRAP INTO THE FIGHT.
