"COUNTY SUPERINTENDENT'S NOTES"

The school teachers and children are to be commended for their excellent work in the Scrap Drive. We are very proud of the showing made by the schools in Payne County and want you to know that we appreciate your efforts. Seceral schools in Payne County won merit awards for ranking high in the state contest. They were; West Long Branch # 82 - Spring Valley # 18 - Hillside # C-8 - Elm Grove # 38 - Vidaway # 102 - Cushing FFA Chapter. We would suggest that the schools continue collectiong and seeling scrap and turn the money to some useful school project or some war cause.

If you have scrap at school that has not been delivered, please drop us a card and tell approximately the amount and we will attempt to have it hauled in.

FRIDAY, OCTOBER 2, 1942

County Over Scrap Average

Scrap metal continued to come into dealers yards in Payne county Monday as drive leaders attempted to compile contest figures for the United Newspapers drive which ended Saturday.

Payne county, with more than 3,000,000 pounds already counted, has a per capita average of about 72 pounds, which is far above the state average of 59.96 pounds, but much lower than the minimum 100 pound quota allotted.

Cimarron county, with tons of rails from 15 miles of abandoned railroad furnishing the impetus, soared into first place in the newspaper-sponsored scrap metal drive Monday with a total of 3,538,617 pounds and a per-capita mark of 968.42.

Since Cimarron is the smallest county in the state from the population angle, having but 3,654 people, the 15 miles of rails, removed and sold between Oct. 1 and 12, gave it a tremendous boost. All but 437,000 pounds of the county's total came from the rails.

J. I. Meyerson, executive assistant of the campaign which officially closed Saturday, said he was certain the state would go over the 100-pounds-per-person goal.

Large industrial counties of the state have been asked to make a close check of "direct shipments" made by plants. These shipments may bring the state average up to 100 pounds per capita for the contest period.

For instance, Meyerson said, one Tulsa refinery made direct shipments of several cars a week during the contest period. The cars average 25 to 40 tons each.

Auditing of reports is going on, state headquarters said, and totals and winners of the various contests, prizes for which are \$4,000 in war bonds, will probably be announced near the end of the week.

Vassar School Scrap Drive

We children in Vassar School have been trying to help win the war by gathering up scrap metal and rubber.

A committee was appointed to estimate the amount of scrap each child brought to school, because each child wanted to buy war stamps with the money from the sale of his scrap.

Before we started our drive most of the scrap had been sold from our District.

We had to dig some of our scrap out of the ditches some we found in old cellars and some we found around the barns.

The amount of scraps we collected was five thousand eight hundred pounds.

It did not bring top price because it was too light. We received Eight Dollars and Sixty Five cents for our effort.

The teacher Miss. Emma Fingenfeter
gave prizes to the children who
brought the most pounds. First place
was earned by the Cowgers children,

THE MARINE'S HYMN

From the halls of Montezuma,
To the shores of Tripoli,
We fight our country's battles,
On the land and on the sea,
First to fight for right and freedom,
And to keep our honor clean,
We are proud to claim the title
Of United States Marine.

CAISSONS GO ROLLING ALONG

Over hill, over dale,
We will hit the dusty trail,
As those caissons go rolling along.
In and out, hear them shout,
"Counter-march, and right about!"
As the caissons go rolling along.
So its ki-yi-yee, for the field artillery.
Shout out your number loud and strong.
So where--e'er you go, you will always know
That the caissons go rolling along.

REMEMBER PEARL HARBOR

Remember Pearl Harbor,
As we go to meet the foe.
Just remember Pearl Harbor,
As we did the Alamo.
We will always remember
How they died for liberty.
So remember Pearl Harbor,
And go on to victory.

THE ARMY AIR CORPS

Off we go, into the wild blue yon-der,
Off we go into the sun.
Here they come, zooming to meet our thunder.
At 'em boys--give 'em the gun.
Down we dive, spotting our flame from under.
Off with one, Helluva War!
We live in fame, or go down in flame,
Nothing'll stop the Army Air Corps.

ANCHORS AWEIGH

Anchors aweigh, my boys, anchors aweigh!
Farewell to college joys, We sail at break of day, day, day, day,
To our last night on shore, drink to the foam.
Until we meet once more,
Here's wishing you a happy voyage home.
