WE REPORT TO THE NATION

We herewith submit a bird's-eye view report of our
SCHOOLS AT WAR Program. It includes factual and pictorial
accounts of our War Savings Program and other outstanding
war activities. It is tangible proof of the resourcefulness, skills,
activities and the will to win of every student, teacher and
parent enlisted in our SCHOOLS AT WAR Program.

Money is being used for Red Cross and school - Contributions to local needs and Junior Red Cross supplies.

One hundred per cent of the school is buying saving stamps.

The teacher presented a stamp book and the first stamp to each child to motivate saving by means of stamp buying.

We sell stamps at school.

We are FIGHTING to save

On The home front
Herman W. Weathers Waterloo Oklahoma

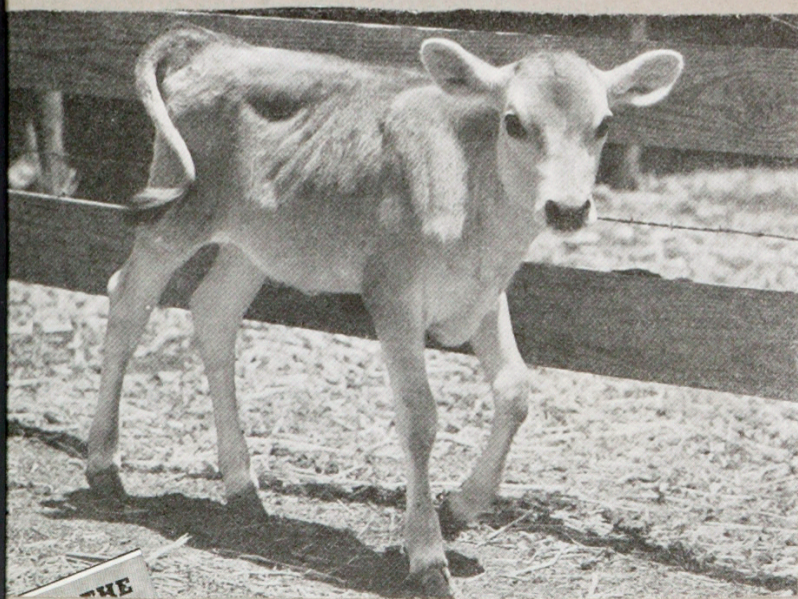

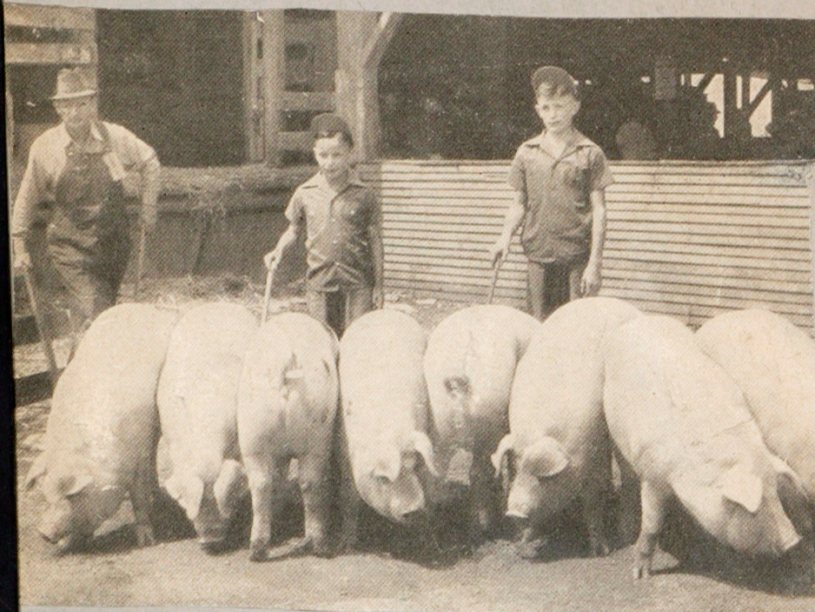

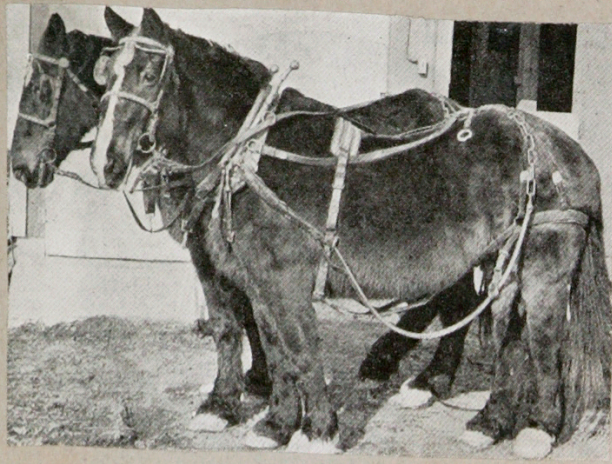

8th. Grade

We are helping to win the war. First
We got scop iron. Then the teacher
gave us a stamp book and our first
stamp to go in it.

We made a scop Book to send to
The sick soldiers. We had a penie praid
for the little boys and girls that have
infantile paralysis. We got \$3.14

Now The boys have a pig a picer to
raise. Now we are making a garden. We
are doing aeverthing that we can the
town in the war.

Boys' Work

There are sixteen boys and girls in our school. The school belongs to the 4-H Club.

Each is doing his and her best to serve by saving. Each is planning a Victory Garden and other productions which are essential to winning this war.

Each feels it his duty to serve by saving - clothes, shoes, food, fuel, money, health and mind in order that he may qualify as an American at war, fighting for freedom of Religion and Speech, Freedom from Hunger, Fear and Want.

Boys and Girls Speak for themselves

Things I did to Help Win the War
Ethel Mae Jordan - Age 13 Grade - 7th.

I buy War Saving Stamps as often as I can.

I help with the work at home every day all that I can.

I try to save my clothes.

This summer I am going to raise a garden of my own. The place where I am going to put my garden is a big place. I am going to raise some peanuts and all that I can. Then I am going to can some and sell some.

I gathered all of the scrap iron that I could get and rubber for the war.

At school we made a scrape book for the people who are sick and can not get outside and play.

We had a penny parade for the children who have infantile-parapypsis who are not able to pay for it. We got \$3.18.

We are selling war stamps at school.
The children are buying them as often
as they can.

I am going to get me some chickens
and raise. When they are old enough
to lay I am going to sell eggs.

Boys and Girls Speak for themselves

You can help win the war

I am trying to help win the war in every way I can. I am planting a victory garden. I also buying all the Defense stamps that I am able to. I am careful with my shoes & boots because ~~if~~ you can not get many many shoes. I am saving all the Grease & Kicker fats we have in our home. I am saving all that I can because some things are not available. I have joined the 4 H club. If you guard your health you can help win the war

Jonell Elmore
Grade 3 + 4

Junior J. Wilson, How to Help win the war Grade 7+14th

You and I can help win the war by not talking too much, by buying war stamps and bonds. We can also help by writing letters to soldiers. We can help also by saving our caps, tires and shoes. We can help by producing plenty of farm products. It will also be to be sick that will help because most of the doctors have gone into the armed forces. We can send cakes and cookies ^{to} ~~the~~ soldiers, when you write to soldiers, sailors, or marines overseas write to them on the new V-mail stationery because it takes up less room and goes faster. Just think! V-mail has gone from the United States to Australia in seven days. We can collect scrap iron to make ships, tanks guns and shells. If you have any waste fats, put them in a smooth edged can and take them to the butcher-shop and sell them. They will help in the making of explosives to help win the war!

John Edward Wilson Jr.

OUR WAR PROGRAM

Our School at War Program is not organized as a separate organization, but it is the primary phase of all our group and individual work.

To create an incentive to save, the teacher gave a ten-cent stamp book and the first stamp to each child in school.

We are selling stamp at school.

Last fall we collected more than 3,000 lbs. of scrap iron and rubber.

In our 4-H work, boys and girls are learning to cook, sew, farm and save on war basis. We are trying to serve in our Junior Red work.

We are emphasizing the health issue and its importance of making us better to serve.

our school is also cooperating in the service of rationing.

WE ARE GLAD TO BE AMERICANS
AND GRATEFUL WE CAN SERVE.

(Even though in a small way.)
