The Journal of the Senate for the last meeting was approved as published.

A progress report was given by Dr. Huntington, acting as Chairman of the Senate Committee on Curriculum and University Standards, on the subject of "Special Examinations." Considerable discussion followed his report and Dr. Huntington said that he hoped to have the final report to present at the next regular meeting of the Senate.

The Secretary of the Senate submitted a report from Mr. Morgan on "Course Changes" that have been made since his last report to the Senate. Duplicated copies of his report will be prepared by the Secretary of the Senate and given to each member of the Senate in the near future.

A motion was made and passed to submit the following question to the Catalog Committee for study and report: "Should there be a period of at least one day between the last day of the final examinations and the first day of enrollment period?"

Senate adjourned at 4:45 p.m.

Respectfully submitted,
E. E. Hatfield, Secretary
University Senate
