Final Examinations -- Continued

Senate Action

The foregoing report relative to final examinations was presented by Professor de Stwolinski. She moved that the report be accepted by the Senate. Her motion was seconded and, following a brief discussion, it was passed.

PRE-ENROLLMENT ~~X~~

Dr. Hall raised for discussion, as an item of new business, certain questions relative to the pre-enrollment of students for the second semester, 1961-62. He provided information indicating that a plan of pre-enrollment has been developed and that its use for the next semester has been announced.

Dr. Hall pointed out that the University Senate in past years has devoted considerable time to consideration of pre-enrollment procedures and has on two occasions indicated disapproval of the pre-enrollment idea. (See Journal of the University Senate, January 26, 1953 and January 31, 1955.) He emphasized the view that, since pre-enrollment must be expedited by the Faculty, it should have been a matter discussed by the University Senate.

Dr. Hall moved that a standing committee of the University Senate investigate whether pre-enrollment comes within the pervue of the Senate. His motion was seconded.

Considerable discussion followed the motion by Dr. Hall. Dr. Williams then made a substitute motion as follows:

The University Senate regrets the announcement of a plan for pre-enrollment without prior consultation with its members and requests that President Cross postpone implementation of this plan until full Senate debate can be undertaken.

The motion was seconded and passed by the University Senate.

ADJOURNMENT

The University Senate adjourned at 5:00 p.m. The next regular meeting will be held on Monday, November 27, 1961. Materials for the Agenda should be in the Office of the Secretary by Wednesday, November 15.
