

WASHINGTON DENHAM.

JUNE 14, 1850.

Laid upon the table, and ordered to be printed.

Mr. HAMILTON, from the Committee on Invalid Pensions, made the following

REPORT:

*The Committee on Invalid Pensions, to whom the subject was referred, report:*

That the said committee have had under consideration the petition of Washington Denham, of the State of Tennessee, asking for arrearages of pension. It appears he was injured in the Creek war, and that he did not apply for a pension until the year 1820, when he obtained it. He desires that he may receive it from his disability to that year. The committee, in other cases similar to this, having decided against the allowance of back pension, report adversely on the present application.
