

YANCTON SIOUX INDIANS.

LETTER

FROM

THE SECRETARY OF THE INTERIOR,

RECOMMENDING

*An appropriation for loss of goods in transitu for the Yancton Sioux Indians
of Dakota Territory.*

FEBRUARY 7, 1863.—Referred to the Committee of Ways and Means and ordered to be
printed.

DEPARTMENT OF THE INTERIOR,

February 6, 1863.

SIR: I have the honor to transmit herewith a copy of a communication of the 31st ultimo, from the Commissioner of Indian Affairs, and accompanying papers, showing what amount of goods belonging to the Yancton Sioux Indians of Dakota Territory were lost on the 29th of August, 1862, by the sinking of the steamer J. G. Morrow, on board which vessel they were being conveyed to the Indians.

I have the honor to recommend that an appropriation of \$4,820 38 be made by Congress, to be applied in making good the loss sustained by the Indians by the sinking of the above-named steamer, the goods having been purchased for them and with their funds. but which, by treaty stipulations, the government had agreed to deliver to them on their reservation.

Very respectfully, your obedient servant,

J. P. USHER, *Secretary.*

Hon. GALUSHA A. GROW,

Speaker of the House of Representatives, Washington, D. C.

DEPARTMENT OF THE INTERIOR,

Office of Indian Affairs, January 31, 1863.

SIR: I have the honor to transmit herewith copies of certain papers pertaining to the loss of the steamer J. G. Morrow, on the evening of the 29th August, 1861, showing the amount of goods on board that were lost that had been purchased for the Yancton Sioux Indians with their funds, but which, by treaty stipulations, the government was bound to deliver to them on their reservation.

Inasmuch as the loss of the goods does not impair the claim of the Indians upon the government, I respectfully recommend that Congress be asked to appro-

priate the sum of \$4,320 38, to be applied to making good the loss sustained by the sinking of the above-named steamer J. G. Morrow, that being the amount of goods lost, as shown by the enclosed certificate of Agent W. A. Burleigh, who was at the time accompanying them.

Very respectfully, your obedient servant,

WM. P. DOLE, *Commissioner.*

Hon. J. P. USHER,

Secretary of the Interior.

YANCTON, DAKOTA TERRITORY,
Executive Office, October 22, 1862.

SIR: I enclose herewith a letter from Agent Burleigh, in relation to a requisition for funds to be furnished to pay for Indian supplies purchased last fall, to replace those lost on the "steamer Morrow."

You are well aware of all the facts connected with that accident. The Yancton Indians received no cash payment during the year 1861, the payment being delayed for reasons best known to your office. The Yanctons were greatly in need of provisions during the summer and fall of 1861. After the sinking of the "steamer Morrow," and partial loss of the supplies for the Yanctons, the agent consulted me as to what course he should take to make good the loss to the Indians. I told him that I saw but one course to pursue: that the Indians were badly in need of provisions, and that he had better make purchases to supply the deficit caused by the sinking of the boat. The parties of whom he purchased have certainly waited long enough for their pay. I would most respectfully suggest that the necessary funds be placed at the disposal of Agent Burleigh to pay the debts contracted for the above-mentioned purpose.

I am, very respectfully, your obedient servant,

W. JAYNE,

Governor and Superintendent of Indian Affairs.

Hon. W. P. DOLE,

Commissioner of Indian Affairs.

Extract of a letter from W. A. Burleigh, United States Indian agent.

YANCTON, DAKOTA TERRITORY,
September 6, 1861.

SIR: I arrived at this place last night from near St. James, a point on the Nebraska side of the Missouri river, some twenty-five miles below, bringing with me a part of my family. The steamer J. G. Morrow, Captain Chaliss, on board of which I took passage with my family, and shipped my Indian supplies, agency purchases, together with my private supplies, household effects, &c., &c., sank at that point on Thursday evening, the 29th August.

After leaving St. Joseph, on the 20th August, we proceeded favorably on our trip until the above-named time and place, when the boat was run upon a succession of sand bars and snags, which stove in its hull, causing it to sink in a few minutes, leaving us barely time to reach the shore and land those on board, after the discovery of the accident. We landed a little after dark, and took up our quarters in a small deserted cabin near by, where we have since been doing all in our power to save what we could from the wreck.

Colonel H. B. BRANCH,

Superintendent of Indian Affairs, St. Joseph, Mo.
