

FLORA SKINNER.

FEBRUARY 21, 1888.—Committed to the Committee of the Whole House and ordered to be printed.

Mr. LANHAM, from the Committee on Claims, submitted the following

REPORT:

[To accompany bill H. R. 3135.]

The Committee on Claims have considered House Bill No. 3135, for the relief of Flora Skinner, and recommend that it do pass.

For the facts of the case they refer to and adopt the following report made from the Committee on Claims in the Forty-ninth Congress:

[House report No. 4026, Forty-ninth Congress, first session.]

The Committee on Claims, to whom was referred the bill (H. R. 580) for the relief of Flora Skinner, having considered the same, report as follows:

Dr. Gilbert A. Skinner was physician at the Fort Peck Indian Agency in the year 1879, and from official documents appended to this report, it appears that Dr. Skinner, having received a severe injury, resigned his office, but was requested to remain at his post until the reopening of navigation. This claim is for amount of salary for said time, and as the facts conclusively show that the claimant received the injury while in the service of the Government and remained at his post at the request of the Government officials, your committee report the bill back with a recommendation that it do pass.
