

REPORT

OF

THE SECRETARY OF THE INTERIOR,

As to the fulfilment, on the part of the government, of the stipulations of a treaty made with the Pottawatomies, on the 26th October, 1832.

JUNE 8, 1854.—Referred to the Committee on Indian Affairs.

JUNE 20, 1854.—Discharged.

JULY 6, 1854.—Ordered to be printed.

DEPARTMENT OF THE INTERIOR,
Washington, June 1, 1854.

SIR: In compliance with the terms of the resolution of the Senate of the 3d of April last, calling for information as to the fulfilment, on the part of the government, of the stipulations of a treaty made with the Pottawatomies, on the 26th day of October, 1832, and especially of the 5th article of said treaty, I have the honor to transmit, herewith, a copy of a communication from the Commissioner of Indian Affairs, of the 25th ultimo, and accompanying papers.

I am, sir, very respectfully, your obedient servant,

R. McCLELLAND.

To the PRESIDENT OF THE SENATE.

DEPARTMENT OF THE INTERIOR,
Office Indian Affairs, May 25, 1854.

SIR: I have the honor to acknowledge the receipt, by reference from you, of a resolution from the Senate of the United States, calling for information as to the fulfilment on the part of the government of the stipulations of a treaty made with the Pottawatomies, on the 26th day of October, 1832, and specially of the 5th article of said treaty.

In compliance with your request for the information required in said resolution, I herewith transmit copies of such papers and records as are in this office, and the office of the Second Auditor, viz: Instructions to Colonel A. C. Pepper, from the Secretary of War, in relation to the removal of the Pottawatomie Indians, dated April 28, 1835.

A letter from the Commissioner of Indian Affairs to Major Pilcher, Superintendent Indian Affairs, at St. Louis, dated August 16, 1839.

A letter from the Commissioner of Indian Affairs to D. D. Mitchell, Superintendent Indian Affairs, at St. Louis, dated April 29, 1843.

A certified copy from the Second Auditor of the Treasury of the vouchers of Major A. L. Davis. A copy of Major Davis' property return, from the Second Auditor of the Treasury.

Also, a tabular statement of the articles directed by the Secretary of War to be furnished, and of the articles absolutely distributed to the Indians.

From these, it appears that 478 rifles were given to the Pottawatomies, being less by 22 than directed to be distributed to them; these 22, it appears, were given to the Ottowas. Of the remaining articles, there were distributed 1,800 pounds more lead, and 700 blankets, than was at first directed by the Secretary; all the others seem to have been duly distributed.

I am not aware that any of the stipulations of the treaty with the Pottawatomies of the 26th October, 1832, especially under the 5th article, or the promises made by Colonel Pepper, remain unfulfilled, except the rifles above referred to, the place of which was much more than supplied by the blankets and lead.

In relation to the annuity payments, the Second Auditor says:

"The receipts for annuity money have not been copied, because the treaty by which the payment of the same was stipulated is not designated in the receipts, the years for which the amounts were due only being named."

The resolution of the Senate, referred to this office, is herewith returned.

Very respectfully, your obedient servant,

GEO. W. MANNYPENY,
Commissioner.

HON. ROBERT McCLELLAND,
Secretary of the Interior.

DEPARTMENT OF WAR,
March 6, 1833.

SIR: In order to carry into effect the provisions in the treaties concluded with the Pottawatomies, in the State of Indiana, during the last season, you are hereby appointed superintendent to the emigration of the said Indians. The nature of your duties, and the mode in which they are to be performed, you will find distinctly stated in the printed regulations which accompany this letter. Your strict attention to these instructions is requested and expected. You will report to and correspond with General Gibson, the commissary general of subsistence.

Your compensation will be at the rate of two thousand dollars a year, to include all your expenses of every description, and to commence on the day you leave your residence to enter upon the execution of these duties.

The first object will be to satisfy the Pottawatomies respecting the situation, the nature and advantages, of the country to which it is proposed they shall be removed. For this purpose, you will take a dep-

utation not exceeding seven of the principal persons of the tribe, to be selected by them, together with an interpreter, and proceed to the country west of the Mississippi. You will procure for them horses, saddles, and whatever may be necessary for the journey, and whatever remains after their return you will sell to the best advantage, and credit the United States with the proceeds.

You will, in the first place, go to St. Louis, where you will seek an interview with General Clark, who will be requested to give you such information as will be necessary for you. He is well acquainted with the views of the government on the subject of the location of the Indians, with present situation of the various tribes of that region, and with the extent of, and claims upon, the lands held by the United States, for the final occupation of the Indians who may desire to emigrate. From St. Louis you will proceed to Fort Gibson, where it is presumed the commissioners for adjusting unsettled matters with the Indians will be found. It is desirable that you will, on your way there, examine such portions of the country as General Clark may suppose will be proper for the Pottawatomies to occupy. The commissioners will be requested to select a proper place for their residence; one that will be suitable for and acceptable to them. It will be proper, in the first instance, to assign about half a million of acres for their use. As the Pottawatomies are a numerous tribe, and as it is desirable that they should all be eventually located together, this tract should be selected where such additions may be made as future emigration may require. We must look also to the emigration of the Ottowas and Chippewas, who are kindred tribes of the Pottawatomies, and have always been associated with them. It is best that they should be consolidated and all live together. After the commissioners have selected a country for them which may be found satisfactory on examination, you will return and remove such portion of the tribe to their lands this season as may be prepared to go.

Mr. Rudolphus Schoonover, of Salem, Washington county, Indiana, and Colonel Lewis H. Sands, of Greencastle, Indiana, have been appointed your assistants. The nature of their duties and their compensation will be found in the regulations transmitted to you. Their pay will not commence until they are called into service by you, and you will take care and not require their services till these are actually needed. Should you find on your return that but a very small part of the Pottawatomies are prepared to go this year, it will be better to suspend your proceedings, and not encounter a considerable expense for the sake of a few individuals. In that event, you will notify the department of the result, and your employment and compensation will be discontinued till the next season. If, however, the number who are prepared to go should be deemed sufficient, you will immediately commence your operations for collecting and removing them in the mode pointed out in the instructions. A commissary will be appointed by the subsistence department to aid you as soon as you report that his services will be wanted.

For the expenditures required on account of the exploring expedition, you are at liberty to draw a draft for a sum not exceeding

\$2,000. Your draft must be accompanied by a bond with sureties, to be approved by the district attorney or judge, conditioned for the faithful disbursement and accountability of the money. You will take regular vouchers and transmit them to the Treasury Department. And you will study the strictest economy in all your disbursements.

Very respectfully, &c.,

LEWIS CASS.

COL. ABEL C. PEPPER.

[Extracts.]

OFFICE INDIAN AFFAIRS,
August 16, 1839.

* * * * *

The fifth article of the treaty with the Pottawatomies, of Indiana, concluded on Tippecanoe river, October 26, 1832, and ratified January 21, 1833, stipulates that the United States will provide for those Indians, upon their emigration, in goods, farming utensils, and such other articles as shall be necessary, to an extent equal to what had been furnished any other Indian tribe or tribes emigrating, and in just proportion to their numbers.

It will be perceived that the stipulations of this article are entirely indefinite, leaving the Secretary of War a discretion as to the supplies to be furnished, regulated only by previous treaties. The United States were to do as well by the Pottawatomies, in respect to presents, as they have done by any other tribe.

After the ratification of this treaty, and upon the commencement of the removal of these people, the Secretary of War decided what would meet the claims of the Indians under this article, and discharge the United States from its obligations. For this purpose the treaty with the Choctaws of the 27th and 28th September, 1830, was taken as a standard, and by proper computations and a liberal view of the stipulations in question it was decided that the following list of articles, both in description and amount, should be provided and furnished to these Pottawatomies; as a full performance of the obligations of the United States towards them, viz: 500 rifles, 1,625 lbs. of powder, 1,000 lbs. of lead, 1,000 blankets, 300 axes, 100 plows, 20 looms, 20 wheels, 20 pairs of cards, half ton of iron, 200 lbs. of steel, 300 hoes.

All these articles have heretofore been purchased by this department, and forwarded for delivery to the Indians. The rifles, powder, lead and blankets, Major Davis has received, and issued from time to time as the emigration has progressed. The other articles, such as plows, wheels, looms, hoes, axes, &c., were, as early as 1835, sent to St. Louis, to be placed in store, and are supposed to be the same that have been turned over to you by Major Hitchcock.

The emigration of the Indians who were parties to the treaty above mentioned is now nearly completed, and it seems to be proper to take immediate measures to supply them, in their new country, with every

article comprehended in the treaty that can be useful to them in their new location.

* * * * *

Respectfully, your obedient servant,

J. HARTLY CRAWFORD.

Commissioner.

Major JOSHUA PILCHER,
St. Louis, Missouri.

OFFICE INDIAN AFFAIRS,
April 29, 1843.

SIR: I have received your letters of the 15th and 20th August, the former enclosing a memorial from the Wabash band of Pottawatomies and part of the band of St. Joseph's, living with them, asking that a grist and saw mill may be erected in their settlement, and also asking for the return of their children, now at the Choctaw academy; the latter submitting an estimate of the funds required for the cost of erecting those mills, and for the purchase of agricultural implements and stock for the Wabash band. The department, approving of your estimate and the suggestions which accompany it, directs that measures be taken at once for the building of the mills and the purchase of the stock, implements, &c., in the usual way, upon contracts based on proposals previously issued. A remittance to cover the amount mentioned by you will forthwith be made, which will be accounted for under the following heads, viz:

Carry effect, &c., Pottawatomies of the Wabash, act of 2d March, 1833.....	\$6,770
Interest on the investments, Chippewas, Ottowas, and Pottawatomies	1,150
	\$7,920
	\$7,920
