OFFICE OF INDIAN AFFAIRS,
Washington, August 1, 1888.

The only certificates of incorporation of any of the above-named roads on file in this office are the Billings, Clark's Fork and Cooke City Railroad, and Puyallup Valley Railroad, and the records are not such as to enable this office to determine whether or not any of the other aforementioned roads were incorporated prior to December 1, 1885. I inclose herewith copy of the certificates of incorporation of the two roads referred to. I would in this connection state that in acting upon these grants of right of way, whenever it was necessary for this office to know whether the roads authorized to pass through such Indian reservation were properly and legally incorporated, information was informally obtained from the railroad division of the General Land Office, where the certificates of incorporation are usually filed.

I respectfully recommend that the Senate resolution herewith and a copy of this report be transmitted to the General Land Office where the papers desired by the Senate Committee on Indian Affairs may be obtained, so far as the same may have been filed in that office.

Very respectfully, your obedient servant,

A. B. UPSHAW,
Acting Commissioner.

The SECRETARY OF THE INTERIOR.

DEPARTMENT OF THE INTERIOR,
GENERAL LAND OFFICE,
Washington, August 10, 1888.

SIR: Referring to your reference of the 6th instant on Senate resolution of July 18, 1888, calling for the certified copies of the articles of incorporation of such railroad companies as have the right of way over Indian reservations, I have the honor to submit herewith certified copies of papers of the following companies:

The Senate resolution and inclosure is herewith returned.

Very respectfully,

S. M. STOCKSLAGER,

Articles of association of the purchasers of the La Crosse and Milwaukee Railroad Company, to organize a corporation, under the statute laws of Wisconsin, under the name of the Milwaukee and St. Paul Railway Company.

Whereas that part of the La Crosse and Milwaukee Railroad and the property, real and personal, described in the mortgage deed made by that company to Greene C. Bronson, James T. Soutler, and Shepherd Knapp, dated December 31st, A. D. 1856, in trust to them to secure the payment of the indebtedness therein named, and also described in a deed executed by the same parties supplemental to the mortgage deed in trust last above named, and dated January 28th, A. D. 1858, both of which deeds are recorded in the office of the secretary of state for the State of Wisconsin, and copies thereof are on file in the district court of the United States for the district of Wisconsin, in the case of Bronson, Soutler, and Knapp, trustees, complainants, against the La Crosse and Milwaukee Railroad Company and others, defendants, to which copies, records, and files reference is here made for a more particular description of the property, real and personal, has been sold in pursuance of certain foreclosure proceedings had in the United States district court for the district of Wisconsin, on the complaint of said Greene C. Bronson, James T. Soutler, and Shepherd Knapp, trustees under said mortgage deed of trust made by the said La Crosse and Milwaukee Railroad Company, dated December 31st, A. D. 1856, and of a certain supplemental mortgage deed of trust executed by the same parties, and dated January 28th, 1858, to the records of which court, and to the proceedings had therein in said action, reference is here made for a more full and particular statement thereof.

And whereas the undersigned have purchased said road at said sale, and all its property, real and personal, franchises and privileges, as described in said deeds:

Now, therefore, be it known that we, the undersigned, purchasers as aforesaid, being desirous of forming a corporation under and by virtue of the laws of the State of Wis-

consin, do hereby associate together for that purpose, and do hereby declare the following to be the certificate of articles of association, and we execute the same in duplicate to the end that one may be filed in the office of the secretary of state for the state of Wisconsin, and the other to remain in the records of our corporation as a record of our corporate rights, privileges, and immunities.

First. Our corporate name shall be "The Milwaukee and St. Paul Railway Company."

Second. The number of directors shall be not less than nine or more than thirteen, and each director, from and after ninety days from this date, shall own at least one hundred shares of the capital stock of this corporation; and if at any time any director shall cease to own such amount he shall be disqualified from being such director, and his office shall be from thenceforth vacant.

For the first year, and until others are chosen in their place, the following persons are the directors: Isaac Seymour, N. A. Cowdry, Horace Galpin, David M. Hughes, William Fredrick P. James, George Smith, all of New York; Ashel Finch and Wm. H. White, both of Milwaukee.

Third. Our capital stock shall not exceed, except as hereinafter provided, \$4,200,000, divided into 42,000 shares, which said shares shall be subdivided as follows:

An amount not exceeding \$3,450,000, or 34,500 shares, shall be set apart and designated as "preferred stock," and the full sum of \$100 per share we hereby declare and acknowledge to be part thereon, except on so much of this class as is hereinafter designated as "scrip preferred stock," and on this scrip stock we hereby declare and acknowledge the sum of \$1 per share to be paid.

The balance of said capital stock of \$750,000, or 7,500 shares, shall be designated as common stock; and we hereby declare and acknowledge the full sum of one hundred dollars per share to have been paid thereon.

Of the said \$3,450,000 preferred stock an amount not exceeding \$2,200,000 at par or 22,000 shares, shall be set apart and designated as "scrip preferred stock." The scrip preferred stock here named or hereafter named shall not at any time exceed the amount of outstanding mortgage bonds hereinafter named. The scrip preferred stock shall not be subject to any assessment, and shall entitle the person in whose name it stands upon our books to all the rights and privileges of other stockholders, except that it shall not entitle the holder to any dividend or other profit or increase from the income or assets of this company. It shall be issued in certificates of five and ten shares each, and shall accompany each mortgage bond of the company.

The holder thereof shall have the right at any time within ten days after any dividend shall have been declared and become payable on the preferred stock to make the scrip preferred stock attached to his bond full paid stock upon the surrender to the company of the mortgage bond named by its number in scrip certificate, and upon surrendering said scrip certificate and bond he shall be entitled to receive therefor the same number of shares of preferred full paid stock and entitled to dividends.

The said preferred stock, except said scrip stock, shall be entitled to a dividend of seven per centum per annum, from the net earnings of each current year, after payment of interest on all the mortgage bonds, if the company earn so much during the current year, and before the payment of dividends to any other class of stockholders, but the company may reserve a reasonable working capital or surplus before the dividend shall be declared or paid on said preferred stock, which surplus shall not exceed, at any time, the aggregate sum of \$250,000 over and above the floating or unfunded debt and the accrued interest on the mortgage bonds. If the net earnings of the company are not as much as seven per cent. in any one year, then the said preferred stock shall receive, for that year, a dividend of whatever the said net earnings are, after the payment of interest on the mortgage bonds, and the reasonable reserve for a working capital as above described. Said preferred stock shall not have any claim upon the earnings of any other year for the non-payment of dividends of any preceding year.

And whenever the company earns sufficient, over and above the payment of interest on the bonds and the reserve above named, to pay a greater sum than seven per cent. on said outstanding preferred stock, and seven per cent. on the common stock, then the said preferred stock shall share pro rata with the common stock in such earnings.

Fourth. The directors of the company shall have power to increase the said capital stock, as follows, viz: To acquire by purchase or otherwise either the road and property now known as the Eastern Division of the La Crosse and Milwaukee Railroad Company, or any bonds secured by mortgage thereon, the sum of \$4,000,000, which shall be subdivided as follows: Into the preferred stock named in the third article hereof, and in addition thereto, and as a part thereof, \$2,750,000, or 27,500 shares, of which \$2,000,000, or 20,000 shares, shall be designated as scrip preferred stock of the same class, and to be issued and used in the same manner as is provided in the third article hereof. The balance of said \$4,000,000—increase \$1,250,000, or 12,500 shares, shall be in addi-

tion thereto, and as a part thereof of the common stock, as provided in said third article. And if at any time the directors deem it for the best interest of this company to acquire by purchase or otherwise the road and property now known as the Milwaukee and Western Railroad, commonly called the Watertown Road, or any bonds of said road secured by mortgage thereof, then and to that end and for the construction thereof from Columbus to Portage, and for other uses of the company, the directors are hereby authorized to increase the capital stock and to issue the like amount of bonds, preferred stock, scrip stock, and common stock as named in the previous paragraph of this article and in addition thereto.

And if at any time the directors deem it for the interest of this company to acquire, by purchase or otherwise, the road or property now known as the Milwaukee and Horican Railroad, or any bonds of said company secured by mortgage of said road, then and to that end the directors are hereby authorized to increase the capital stock and to issue it in addition to the amount previously stated, as follows, viz: Of the preferred stock, \$800,000, or 8,000 shares, of which \$400,000, or 4,000 shares, shall be designated as scrip-preferred stock of the same class, and to be issued and used in the same manner as is above provided; and to issue of the common stock \$250,000, or 2,500 shares. If at any time the directors deem it for the best interest of this company to acquire by purchase or otherwise the road or property of any railroad company connecting with the railroad of this company and which they are now or hereafter shall be authorized by the laws of Wisconsin to consolidate or join stock with; then and to that end the directors of this company are hereby authorized to increase and issue either or both classes of its capital stock, in addition to the amounts above provided, to an amount not exceeding the gross amount of the capital stock of the company acquired, consolidated, or joined stocks with.

Fifth. This corporation shall have all the powers, privileges, and immunities of railroad companies under the laws of Wisconsin, and especially to sue and be sued, to acquire, use, and sell, bargain, lease, and convey all kinds of property, real and personal, necessary or convenient to operate, use, and maintain said railroad, or the part or the whole of any other railroad hereafter acquired by them within the State of Wisconsin; to make any by-laws for the government and management of the corporation or its officers not contrary to the laws of Wisconsin or of the United States; to make, have, and use a common seal, and the same to alter and renew at pleasure. And the said corporation is hereby invested with all the powers, privileges, and immunities which are necessary or convenient to carry into effect the purposes and objects of this corporation as herein expressed.

The said corporation is hereby authorized to take, transport, and carry property and persons by railway, by force and power of steam, or of animals, or of any mechanical or other power, or of any combination of them, which said company may choose to apply, and from any part of the city of Milwaukee to the Mississippi River, and to and across said river, and to and from all intermediate places. They are also authorized and empowered to lease, buy, purchase, receive, hold, use, sell, and convey all the property and franchises, furniture and equipments, real and personal, of the La Crosse and Milwaukee Railroad Company, the Milwaukee and Minnesota Railroad Company, the Milwaukee and Western Railroad Company, the Milwaukee and Horican Railroad Company, or of any other railroad company to which either of the above-named companies is or may be a successor, or with which this company may join stocks or consolidate with; also the capital stock of either of them, and any or all mortgage bonds or other evidences of debt made by either of them, and when purchased by this company they shall have all the legal and equitable rights that the holders thereof had before their sale to this company.

Also to support, maintain, hold, use, sell, and convey one or more steam ferry-boats, to be used on the Mississippi River.

Also to purchase, hold, use, sell, and convey upon this line of railway or elsewhere, any materials, engines, cars, steam ferry-boats, or any other property, real or personal, necessary or convenient for this corporation, and for their use in transporting persons and property; to purchase, receive, and hold, and to sell and convey such real estate as may be necessary and convenient in accomplishing the object for which this company is incorporated.

This company shall also have all the powers, rights, privileges, and equities which are or were had by the La Crosse and Milwaukee Railroad Company, to acquire, receive, hold, bargain, sell, and convey lands; and they shall also have power to purchase, acquire, receive, hold, bargain, grant, sell, and convey all or any part of the lands or the appurtenances thereto which have been heretofore, or shall hereafter be, granted or donated by the United States to the State of Wisconsin, to aid in the construction of railroads in that State, or by either of them, to aid in building the road of this company,

and also all rights, equities, or things whatsoever pertaining to said lands, and also to have, hold, bargain, and sell all claims, demands, or equities to said lands against the United States, the State of Wisconsin, or against any and all persons or corporations whatsoever; also to fix, regulate, and receive the tolls and charges by them to be received for transportation of persons or property.

The said corporation shall have power to build and construct any new line of railway necessary or convenient in straightening the old line, or in extending it so as to conform to the requirements of the charters of either of the companies herein named, or with the laws of the State of Wisconsin, and to build or extend their line of railway in such manner and form, and to such place or places now or hereafter authorized by law, as the directors deem for the best interest of the company; but no expenditure shall be made for this purpose, unless it is from the surplus earnings of the company, after providing for the payment of interest on all its mortgage debts then outstanding.

Sixth. The corporation shall have power to issue bonds in sums of \$500 and \$1,000 to an amount not exceeding two million two hundred thousand dollars, unless the company shall purchase or acquire either the said Eastern Division of the La Crosse and Milwaukee Railroad, or some or all of the bonds which are a lien thereon, known as first mortgage Eastern Division, city of Milwaukee mortgage, or the second mortgage, so called, of said Eastern Division, in which event the corporation is authorized to issue an additional amount of said bonds not exceeding two million dollars, and unless the corporation shall purchase or acquire either the said Milwaukee and Western Railroad (commonly called the Watertown road), or some or all of the bonds which are a first lien thereon, and shall build or undertake to build or extend said road from Columbus to Portage, in which event the corporation is authorized to issue an additional amount of said bonds not exceeding two million dollars, and unless the corporation shall purchase or acquire either the Milwaukee and Horican Railroad, or some or all the bonds which are a first lien thereon, in which event the corporation is authorized to issue an additional amount of said bonds not exceeding four hundred thousand dollars. All of said bonds shall bear an interest of not exceeding seven per centum per annum, the principal and interest payable in the city of New York, the interest semi-annually, the principal within thirty years from date; they shall also contain a provision that if the company make default in the payment of interest, or in the application of the sinking fund, as hereinafter provided, for six months, the principal shall thereupon become due, without demand or notice. The said corporation shall have power to secure the payment of all the bonds above authorized to be issued by a mortgage or trust deed upon this franchise, and all the real and personal property of the company, now owned or to be hereafter acquired by them, and to embrace the entire corporate property, and all its franchises and privileges.

The mortgage shall also contain a provision for a sinking fund for the payment of said mortgage bonds by which the new company shall obligate themselves to pay to the trustees of said mortgage bonds all such sums of money, less the expenses of sales, as shall be derived from the sale of any lands which may have been or shall hereafter be donated or granted by either the United States or the State of Wisconsin to aid in building this road or that shall in any manner be acquired by this company, and said lands shall be fairly and equitably valued and classified by the company or by such persons as they together shall appoint; and upon sale of said lands said mortgage bonds may be received at par and accrued interest in payment therefor, and the bonds thus received in payment shall be immediately cancelled. The company shall keep a proper registry or account of all the bonds thus paid by them, and the number or amount of bonds thus cancelled shall be reported by said company to the stockholders at each annual meeting, and said bonds shall be presented and shown at said meeting. And said trust deed shall contain all other reasonable and proper provisions for making said lands the most productive and valuable to the company as a sinking fund for the payment of said bonds.

The bonds secured by said mortgage shall be convertible at the option of the holder into the preferred stock at any time within ten days after any dividend shall have been declared and became payable on said preferred stock.

The said mortgage deed and bonds shall be signed by the president or vice-president and secretary and the seal of the company shall be affixed thereto. And except as herein expressly provided the corporation shall have no power or authority to mortgage or otherwise encumber their property, real or personal, unless the assent in writing of a majority in interest of the owners and holders of all the capital stock issued by said corporation shall be first had and obtained authorizing the same, and no assent shall be taken from agents or by proxy unless the power of attorney held by the agent or proxy shall expressly authorize such assent. And in the event of this company acquiring the said Eastern Division of the La Crosse and Milwaukee Railroad the said mortgage or trust deed shall also contain a provision requiring so many of the mortgage bonds above

authorized to be issued as are reserved for the payment of the first-mortgage Eastern Division to be cancelled from time to time as the present sinking fund on that mortgage shall have cancelled of that mortgage.

The said mortgage or trust deed may also contain covenants and agreements authorizing the bondholders to vote in all stockholders' meetings as follows: Each one hundred dollars of the principal of the outstanding bonds shall be entitled to one vote; and giving bondholders the same pro rata voice in the management of the company with and as if they were stockholders to the amount of their bonds.

Seventh. The immediate government and direction of the affairs of the company shall be vested in a board of not less than nine or more than thirteen directors; and after the period for which the present directors are designated expires, said directors shall be chosen by the stockholders of said company by ballot at their annual meeting in each year, and shall hold their office until the next annual meeting of the company or until others are duly elected and qualified to take their places as directors.

The preferred stockholders shall elect the directors until a dividend shall have been earned, declared, and paid on the common stock, and until then the common stockholders shall have no vote or voice in the election of directors.

The said directors shall elect one of their number president of the board, who shall also by virtue thereof be president of the company, and shall also elect a vice-president from one of their number. They shall also appoint a secretary and such other officers or agents as the necessity or convenience of the company requires.

A majority of the directors of the company shall constitute a quorum to do business; a less number may adjourn from time to time.

In all meetings of the stockholders of said company each share shall entitle the holder thereof to one vote, which vote may be given by said stockholder in person or by lawful proxy. But this shall not authorize a common stockholder to have a vote for the choice of directors until a dividend has been paid on the common stock, as above provided.

In case it shall so happen that an election of directors shall not be made on the day appointed for that purpose, said corporation shall not for that cause be dissolved, but said election may be had on any day to which the stockholders shall adjourn or which shall be appointed by the directors.

And said directors shall have power to fill any vacancy which may occur in their board by death, resignation, or otherwise; also to add to their number so as not to exceed thirteen in all.

The said directors shall have power to make and prescribe such by-laws, rules, and regulations as they shall deem proper and needful touching the disposition and management of the stock, property, estate, and effects of said company, the transfer of shares, the duties and conduct of their officers, agents, and servants, and all matters whatever which may appertain to the concerns of said company not contrary to those established by the stockholders or to this act or to the laws of the State of Wisconsin or of the United States.

Also to petition and apply for any law of the State of Wisconsin, in alteration hereof; but such law shall contain a clause requiring the same to be submitted to the stockholders for approval, upon which the validity of any alteration hereof shall depend.

Eighth. The signing of this certificate or articles of association is hereby declared to be a special meeting of the stockholders, and a vote and the assent of the stockholders to borrow the money and to mortgage the road for the amount as above set forth, and also to be a waiver of any notice required of the meeting on that subject.

Ninth. The certificates of stock issued by this company shall, upon their face, be made subject to all the terms and conditions of these articles of association.

Tenth. Upon the dissolution of this corporation, after the payment of all its debts the remaining assets shall be divided among the different classes of stockholders according to their preferences; that is to say, the preferred stock, except the scrip stock, shall be first paid in full and the balance divided among the common stockholders pro rata. But this corporation shall not be dissolved by any act of the company without an affirmative vote of two-thirds of each class of stockholders.

Eleventh. These articles of association may be modified, altered, or amended at any annual or special meeting duly called, at which a majority in interest of each class of stockholders shall be present and voting in the affirmative. But no stockholder shall become liable to pay any money by any such action, unless he shall have voted therefor or assented thereto.

Twelfth. Annual meetings of the stockholders for the choice of directors shall be held in the State of Wisconsin in the month of June in each year after 1864, which meeting shall be called by the directors who shall specify the time and place for holding the same. And at least thirty days previous to each annual meeting the directors shall send through the post-office to each stockholder, to the address as shown by the company's books, a

full and specific statement of all the business, acts, and doings of the corporations up to the first day of January preceding.

First. The name of our said company shall be the Milwaukee, Lake Shore and Western Railway Company.

Second. The road now constructed and to be maintained and operated by our said company extends from a point near the city of Milwaukee, on the north side thereof, northerly through the county of Milwaukee and through the county of Ozaukee, by way of Port Washington, and through the county of Sheboygan, by way of the city of Sheboygan, and into the county of Manitowoc by way of the city of Manitowoc, to the village of Two Rivers, in said last-named county, and also from the said city of Manitowoc, westerly through said county of Manitowoc, and through the county of Calumet, and into the county of Outagamie to and into the city of Appleton, in said last-named county, all being in said State of Wisconsin, and that said road, so constructed, is about one hundred and twenty-three miles in length. That our said company intends to hereafter construct, maintain, and operate, in connection with and as a part of said road already constructed, a road extending from the present terminus of said road now constructed near said city of Milwaukee, on the north side thereof, to and into said city of Milwaukee, all in said county of Milwaukee, which will be about three and one-half miles in length, also a road extending from the present terminus of said road, now constructed, in said village of Two Rivers, northwesterly through said county of Manitowoc, and through the county of Brown, in said State of Wisconsin, to and into the city of Green Bay, in said last-mentioned county, which will be about thirty-five miles in length, and also a road, extending from the present terminus of said road, now constructed in said city of Appleton, through said county of Outagamie, to that part of the village of New London which is located in said county of Outagamie, and from thence into the county of Waupesa, in

said State of Wisconsin, to a point of intersection with the railroad of the Green Bay and Minnesota Railroad Company, at or near that part of said village of New London which is located in said county of Waupaca, which will be about twenty miles in length.

Third. The amount of the capital stock of our said company shall be six millions of dollars, to consist of sixty thousand shares of one hundred dollars each, which said shares shall be divided into two classes, as follows:

Five millions of dollars, or fifty thousand shares of said capital stock, shall be set apart and designated as "preferred stock," and the full sum of one hundred dollars per share we hereby declare and acknowledge to have been paid thereon, in the property purchased by the undersigned at said two foreclosure sales.

The remaining one million of dollars, or ten thousand shares of said capital stock, shall be set apart, and designated as "common stock," and we hereby declare and acknowledge the full sum of one hundred dollars per share to have been paid thereon, in the property purchased by the undersigned at said two foreclosure sales, which said "common stock" shall be disposed of as the directors of this company shall direct. The said preferred stock shall be entitled to a dividend of seven per centum per annum from the net earnings of each current year, after payment of interest on all the mortgage bonds, if the company earn so much during the current year, and before the payment of dividends to any other class of stockholders; but the company may reserve a reasonable working capital, or surplus, before the dividends shall be declared or paid on said preferred stock. If the net earnings of the company are not as much as seven per cent. in any one year, then the said preferred stock shall receive for that year a dividend of whatever the said earnings are, after the payment of interest on the mortgage bonds, and a reasonable reserve for a working capital above mentioned; said preferred stock shall not have any claim upon the earnings of any other year for the non-payment of dividends of any preceding year. Whenever the company earns sufficient, over and above the payment of interest on the bonds, and the reserve above mentioned, to pay a greater sum than seven per cent. on said outstanding preferred stock and seven per cent. on the common stock, then the said preferred stock shall share pro rata with the common stock in such earnings, and each share of such preferred stock shall have the same rights and privileges as to representation and voting as each share of said common stock.

Fourth. There shall be a board of thirteen directors to manage the affairs of said company, and after the persons named in these articles as directors shall cease to be such directors, as herein provided, no person shall be a director of said company, unless he shall be a stockholder therein, owning stock absolutely in his own name, or as trustee, or personal representative, and qualified to vote at the election at which he shall be chosen, and if at any time any director shall cease to be a stockholder, as above provided, he shall be disqualified from being such director, and his office shall be from thenceforth vacant.

For the first year, or for a shorter time, if the stockholders shall sooner elect directors, and until others are chosen in their places, the following named persons are and shall be the directors of said company, to wit: Frederick W. Rhinelander, Adam Nonie, Lawrence Wells, William H. Guion, Samuel S. Sands, H. B. Hammond, Morris K. Jessup, Charles Dana, and Isaac H. Knox, all residing at the city of New York, in the State of New York; T. Charlton Henry, residing at Philadelphia, in the State of Pennsylvania; Robert Garrett, residing at Baltimore, in the State of Maryland; James H. Mead, residing at Sheboygan, in the State of Wisconsin; and Joseph Vilas, residing at Manitowoc, in the State of Wisconsin.

Annual meetings of the stockholders, for the choice of directors and the transaction of other business, shall be held in the State of Wisconsin, in the month of June in each year, commencing with the year 1876, which meeting shall be called by the directors, who shall specify the time and place for holding the same. The directors of said company, after those named herein, shall be chosen annually by a majority of the votes of the stockholders voting at such election, in such manner and for such time as may be prescribed in the by-laws of the corporation, and they may and shall continue to be directors until others are elected in their places.

In the election of directors each stockholder shall be entitled to one vote, personally or by proxy, on every share of either class of stock held by him for thirty days next previous to any such election; and vacancies in the board of directors shall be filled in such manner as shall be prescribed by the by-laws of the corporation,

Two inspectors of the first election of directors shall be appointed by the board of directors named in these articles of association, and the inspectors of each subsequent election shall be appointed as prescribed by the by-laws. The directors shall appoint one of their number president, and they may also appoint a vice-president, treasurer, and secretary, and such other officers and agents as shall be prescribed by the by-laws.

The said directors shall have power to make and prescribe such by-laws, rules, and regulations as they shall deem proper and needful touching the disposition and manage-

ment of the stock, property, estate, and effects of said company, the transfer of shares, the duties and conduct of their officers, agents, and servants, and all matters whatever which may appertain to the concerns of said company not contrary to those established by the stockholders, or to these articles of association, or to the laws of the State of Wisconsin, or of the United States.

Fifth. Said company, for the purpose of fully completing and equipping its road and protecting the property, by acquisition or otherwise, shall have power to issue its first-mortgage bonds to an amount not exceeding seven hundred and fifty thousand dollars. Each of said bonds shall be for the sum of one thousand dollars, and shall bear interest at the rate of seven per centum per annum, payable semi-annually, in June and December, in the city of New York, in currency, and the principal thereof shall be payable in said city of New York within thirty years from date, also in currency, but said bonds shall be redeemable at any time at one hundred and five per cent. of the principal thereof (the interest to be paid in full to the time of redemption), at the option of the company, on six months' notice previously given by the publication thereof once a week during the said six months, in some newspaper published in the city of New York. The said bonds or the mortgage securing the same, or both, shall contain a provision to the effect that in case of the non-payment of any half-yearly installments of interest which shall have become due and been demanded, and such default shall have continued ninety days after demand, then the whole principal of said series of bonds and all unpaid interest thereon shall thereupon be and become forthwith due and payable and collectable by suit at law, or by a foreclosure of the said mortgage in the same manner and with the same effect as if the principal sum of said bonds had been made due and payable at the time any such default shall occur. The said company shall also have power to secure the payment of all the bonds above authorized to be issued by a first mortgage or trust deed upon its line of railroad (and property now or hereafter appurtenant thereto), extending from at or near the said city of Milwaukee to the said city of Manitowoc, and from thence to the said village of Two Rivers, and from said city of Manitowoc to said city of Appleton, covering in all about one hundred and twenty-three miles of completed road. The said bonds and mortgage, or trust deed shall be signed by the president or vice-president and secretary, and the seal of the company shall be affixed thereto.

The signing of these articles of association is hereby declared to be a special meeting of the stockholders, and a vote, and the assent of the stockholders to borrow money, and to issue said bonds, and make and execute said mortgage or trust-deed for the amount as above set forth, and also to be a waiver of any notice, required of the meeting on that subject.

The railroad and property above mentioned and described, as to be covered by said first mortgage, shall not be otherwise mortgaged or encumbered, except by the consent of the holders of three-fourths in value, of the said outstanding preferred stock, and no such consent shall be taken from agents, or by proxy, unless the power of attorney held by such agent or proxy, shall expressly authorize such consent.

Sixth. TITLE IX.—CORPORATIONS.

CHAPTER 1.—CORPORATIONS FOR PECUNIARY PROFIT.

SEC. 1058. Any number of persons may associate themselves and become incorporated for the transaction of any lawful business, including the establishment of ferries, the construction of canals, railways, bridges, or other works of internal improvement; but such incorporation confers no power or privilege not possessed by natural persons, except as hereinafter provided.

SEC. 1059. Among the powers of such body corporate are the following :

1. To have perpetual succession;
2. To sue and be sued by its corporate name;
3. To have a common seal, which it may alter at pleasure;
4. To render the interests of the stockholders transferable;
5. To exempt the private property of its members from liability for corporate debts, except as herein otherwise declared;
6. To make contracts, acquire and transfer property, possessing the same powers in such respects as private individuals now enjoy;
7. To establish by-laws and make all rules and regulations deemed expedient for the management of their affairs in accordance with law.

SEC. 1060. Previous to commencing any business, except that of their own organization, they must adopt articles of incorporation, which must be signed and acknowledged

by the incorporators and recorded in the office of the recorder of deeds in the county where the principal place of business is to be, in a book kept therefor, the recorder must record such articles as aforesaid within five days after the same are filed in his office, and certify thereon the time when the same was filed in his office, and the book and page where the record thereof will be found. The said articles and certificate of recorder shall be then recorded in the office of secretary of state in a book kept for that purpose.

SEC. 1061. Such articles of incorporation must fix the highest amount of indebtedness or liability to which the corporation is at any one time to be subject, which must in no case, except in that of risks of insurance companies, exceed two-thirds of its capital stock.

NOTICE PUBLISHED.

SEC. 1062. A notice must also be published for four weeks in succession in some newspaper as convenient as practicable to the principal place of business.

SEC. 1063. Such notice must contain:

1. The name of the corporation and its principal place of transacting business;
2. The general nature of the business to be transacted;
3. The amount of capital stock authorized, and the times and conditions on which it is to be paid in;
4. The time of the commencement and termination of the corporation;
5. By what officers or persons the affairs of the company are to be conducted, and the times at which they will be elected;
6. The highest amount of indebtedness or liability to which the corporation is at any time to subject itself;
7. Whether private property is to be exempt from corporate debts.

SEC. 1064. The corporation may commence business as soon as the articles of incorporation are filed in the office of the recorder of deeds, and their doings shall be valid if the publication in a newspaper is made and the articles recorded in the office of the secretary of state within three months from such filing in the recorder's office.

SEC. 1065. No change in any of the above matters shall be valid, unless recorded and published as the original articles are required to be.

SEC. 1066. No corporation can be dissolved prior to the period fixed in the articles of incorporation, except by unanimous consent, unless a different rule has been adopted in their articles.

SEC. 1067. The same period of newspaper publication must precede any such premature dissolution of a corporation as is required at its creation.

SEC. 1068. A failure to comply substantially with the foregoing requisitions in relation to organization and publicity renders the individual property of the stockholders liable for the corporate debts. But this section shall not be deemed applicable to railroad corporations and corporators, and stockholders in railroad companies shall be liable only for the amount of stock held by them in said companies.

DURATION.

SEC. 1069. Corporations for the construction of any work of internal improvement or for the business of life insurance may be formed to endure fifty years; those formed for other purposes can not exceed twenty years in duration; but in either case may be renewed, from time to time, for periods not greater, respectively, than was at first permissible, if three-fourths of the votes cast at any regular election for that purpose be in favor of such renewal, and if those wishing a renewal will purchase the stock of those opposed to the renewal at its fair current value.

SEC. 1070. Corporations for agricultural and horticultural purposes and cemetery associations may be formed to endure any length of time that may be provided in the articles of incorporation, but the general assembly may, at any session, fix a time when all such corporations shall be dissolved. Such corporations shall not own to exceed nine sections of land, and the improvements and necessary personal property for the proper management thereof; and the articles of incorporation shall provide a mode by which any member may, at any time, withdraw therefrom, and also the mode of determining the amount to be received by such member upon withdrawal and for the payment thereof to such member, subject only to the rights of the creditors of such corporation.

FRAUD—CONSEQUENCES OF.

SEC. 1071. Intentional fraud in failing to comply substantially with the articles of incorporation, or in deceiving the public or individuals in relation to their means or their liabilities, shall subject those guilty thereof to fine and imprisonment, or both, at the discretion of the court. Any person who has sustained injury from such fraud may also recover damages therefor against those guilty of participating in such fraud.

SEC. 1072. The diversion of the funds of the corporation to other objects than those mentioned in their articles and in the notices published as aforesaid (if any person be thereby injured) and the payment of dividends which leave insufficient funds to meet the liabilities of the corporation shall be deemed such frauds as will subject those therein concerned to the penalties of the preceding section, and such dividends or their equivalent in the hands of individual stockholders shall be subject to said liabilities.

SEC. 1073. Dividends by insurance companies, made in good faith before their knowledge of the happening of actual losses, are not intended to be prevented or punished by the provisions of the preceding section.

SEC. 1074. Either such failure or the practice of fraud in the manner hereinbefore mentioned shall cause a forfeiture of all the privileges hereby conferred, and the courts may proceed to wind up the business of the corporation by an information in the manner prescribed by law.

SEC. 1075. The intentional keeping of false books or accounts by any corporation whereby any one is injured is a misdemeanor on the part of those concerned therein, and any person shall be presumed to be concerned therein whose duty it was to see that the books and accounts were correctly kept.

BY-LAWS—INDEBTEDNESS—TRANSFER OF SHARES—NON-USER.

SEC. 1076. A copy of the by-laws of the corporation, with the name of all its officers appended thereto, must be posted in the principal places of business and be subject to public inspection.

SEC. 1077. A statement of the amount of capital stock subscribed, the amount of capital actually paid in, and the amount of the indebtedness in a general way must also be kept posted up in a like manner, which statement must be corrected as often as any material change takes place in relation to any part of the subject-matter of such statement.

SEC. 1078. The transfer of shares is not valid, except as between the parties thereto, until it is regularly entered on the books of the company, so as to show the name of the person by and to whom transferred, the numbers or other designation of the shares, and the date of the transfer; but such transfer shall not in any way exempt the person making it from any liability of said corporation created prior thereto. The books of the company must be so kept as to show intelligibly the original stockholders, their respective interests, the amount paid on their shares, and all transfers thereof; and such books, or a correct copy thereof, so far as the items mentioned in this section are concerned, shall be subject to the inspection of any person desiring the same.

SEC. 1079. Any corporation organized in accordance with the provisions of this chapter shall cease to exist by the non-user of its franchises for two years at any one time, but such body shall not forfeit its franchises by reason of its omission to elect officers or to hold meetings at any time prescribed by the articles of incorporation or by-laws, provided such act be done within two years of the time appointed therefor.

SEC. 1080. Corporations whose charters expire by their own limitation or the voluntarily act of the stockholders, may, nevertheless, continue to act for the purpose of winding up their concerns.

SEC. 1081. For the purpose of repairs, rebuilding, or enlarging, or to meet contingencies, or for the purpose of a sinking fund, the corporation may establish a fund which they may loan, and in relation to which they may take the proper securities.

PRIVATE PROPERTY LIABLE FOR CORPORATE DEBTS.

SEC. 1082. Neither anything in this chapter contained, nor any provision in the articles of incorporation, shall exempt the stockholders from individual liability to the amount of the unpaid instalments on the stock owned by them or transferred by them for the purpose of defrauding creditors, and execution against the company may, to that extent, be levied upon the private property of any such individual.

SEC. 1083. In none of the cases contemplated in this chapter can the private property of the stockholders be levied upon for the payment of corporate debts while corporate property can be found with which to satisfy the same; but it will be sufficient proof that no property can be found if an execution has issued on a judgment against the corporation and a demand has been thereon made of some one of the last-acting officers of the body for property on which to levy, and if he neglects to point out any such property.

SEC. 1084. Before any stockholder can be charged with the payment of a judgment rendered for a corporate debt, an action shall be brought against him, in any stage of which he may point out corporate property subject to levy; and upon his satisfying the court of the existence of such property, by affidavit or otherwise, the cause may be continued or execution against him stayed until the property can be levied upon and sold,

and the court may subsequently render judgment for any balance which there may be after disposing of the corporate property; but if a demand of property has been made as contemplated in the preceding section, the costs of said action shall, in any event, be paid by the company or the defendant therein, but he shall not be permitted to controvert the validity of the judgment rendered against the corporation, unless it was rendered through fraud and collusion.

SEC. 1085. When the private property of a stockholder is taken for a corporate debt he may maintain an action against the corporation for indemnity and against any other stockholders for contribution.

SEC. 1086. The franchise of a corporation may be levied upon execution and sold, but the corporation shall not become thereby dissolved, and no dissolution of the original corporation shall effect the franchise, and the purchaser becomes vested with all the powers of the corporation therefor, such franchise shall be sold without appraisalment.

SEC. 1087. In any proceedings by or against a corporation or against a stockholder, to charge his private property or the dividends received by him, the court is invested with power to compel the officers to produce the books of the corporation, on the motion of either party, upon a proper cause being shown for that purpose.

SEC. 1088. A single individual may entitle himself to all the advantages of this chapter, provided he complies substantially with all its requirements, omitting those which from the nature of the case are inapplicable.
