So inviting in flavor, color and aroma...

MULCIN

puts a smile
in the
vitamin
spoon

Vitamin time becomes a happy time when young patients see Mulcin coming! The refreshing orange flavor, pleasant aroma and sunny yellow color of this vitamin emulsion bring smiles to their faces. Mulcin's texture is smooth and light, with no trace of stickiness.

Pouring is easy. Stable at room temperature, Mulcin needs no refrigeration. Children like taking Mulcin directly from the spoon. For infants, Mulcin may be mixed with formula, fruit juice or water.

A product of true pharmaceutical elegance and maximum acceptability, Mulcin is a distinguished member of Mead's vitamin family.

EACH TEASPOON OF MULCIN SUPPLIES:

Vitamin A	3000 units
Vitamin D	1000 units
Thiamine	1.0 mg.
Riboflavin	1.2 mg.
Niacinamide	8.0 mg.
Ascorbic Acid	50 mg.

Available in 4 oz. and economical 1 pint bottles.

MEAD JOHNSON & CO.

Yes *the answer to more* *effective treatment of*

many common infections is **NEOPENZINE**

(Penicillin with Sulfonamides, Lilly)

Has this combination of penicillin in high dosage with mixed sulfonamides a wider spectrum of antibacterial activity than any single bacteriostatic or bactericidal agent?	→ yes
Can orally administered penicillin cause fewer hypersensitive reactions than injected penicillin?	→ yes
Is penicillin as effective by the oral route as by injection if given in adequate doses?	→ yes
Is there positive assurance that the penicillin in 'Neopenzine' is protected from potency loss?	→ yes
Has the mixture of sulfonamides in 'Neopenzine' been demonstrated to be safer systemic therapy than single sulfonamides?	→ yes
Can 'Neopenzine' save time for the busy practitioner?	→ yes

Each Tablet 'Neopenzine' contains 300,000 units of penicillin—G, crystalline-potassium. Each 5 cc. (approximately one teaspoonful) of Suspension 'Neopenzine' contain 200,000 units. The latter is prepared by combining the contents of the potency-protector package. Each tablet or each 5 cc. of suspension also contain 0.167 Gm. each of sulfadiazine, sulfamerazine, and sulfamethazine.

Dosage for adults: 2 tablets four times daily.

Dosage for children: Suspension (or tablets) in proportion to weight.

Detailed information and literature on 'Neopenzine' are personally supplied by your Lilly medical service representative or may be obtained by writing to

ELECTION OF OFFICERS SCHEDULED

Tulsa County Medical Society To Name Eighteen Officers At Annual Business Meeting On December 10, 1951. Dues For 1952 To Be Fixed By Membership.

Members of the Tulsa County Medical Society will meet Monday, December 10, 1951, in an annual business meeting and election of officers. Eighteen officials will be named from a list of 38 members eligible to hold office. Standing and special committees of the Society will render annual reports for the current year and the membership will fix annual membership dues for 1952. The meeting will be at The Mayo, beginning promptly at 8:00 P.M. There will be no scientific program.

Officers to be elected include President-Elect (to serve as President in 1953), Vice-President, Secretary-Treasurer, one member of the Board of Trustees, one member of the Board of Censors, two members of the House of Delegates, and eleven alternate delegates. Dr. Marshall O. Hart, Tulsa general practitioner elected last year, will assume office as President on January 1, 1952, succeeding Dr. W. A. Showman.

Dr. Hugh C. Graham is the retiring member of the Board of Trustees. Hold-over members are Dr. Maurice J. Searle (1952), Dr. Robert E. Funk (1953), Dr. John E. McDonald (1954), and Dr. Thomas J. Hardman (1955). Trustees serve a term of five years each.

Dr. Walter S. Larrabee is the retiring member of the Board of Censors. Hold-over members are Dr. Thomas J. Hardman (1952) and Dr. J. D. Shipp (1953). Censors serve three years each.

Dr. W. A. Dean and Dr. A. B. Carney are the retiring members of the House of Delegates. Holdover delegates are Dr. Charles G. Stuard (1952), Dr. John G.

Matt (1952), Dr. W. D. Hoover (1952), Dr. Berget H. Blocksom (1953), Dr. Walter S. Larrabee (1953), Dr. Robert E. Funk (1954), Dr. Marshall O. Hart (1954), Dr. J. S. Chalmers (1954), and Dr. Felix R. Park (1955). Delegates serve five years each. The Tulsa County Medical Society is entitled to a total representation of eleven members.

Eleven alternates will also be elected for a one-year term. Those serving in 1951 were Dr. A. Ray Wiley, Dr. Logan A. Spann, Dr. Maurice J. Searle, Dr. Franklin D. Sinclair, Dr. Earl M. Lusk, Dr. I. H. Nelson, Dr. Herbert S. Orr, Dr. Thomas J. Hardman, Dr. Frank A. Stuart, Dr. Philip M. Schreck, and Dr. Hays R. Yandell.

The incumbent Vice-President is Dr. John G. Matt and the incumbent Secre-

PRESIDENT'S PAGE

Time has a sly way of passing and except for a greying hair, a sudden concern about the perpetually troublesome younger generation, and a conviction that Christmas comes more frequently than before, its passage could go almost unnoticed if not unmourned. And so, rather to my surprise, I find myself writing this last President's Page and marking finis to a pleasant year as President of your Tulsa County Medical Society. I share with the gentlemen of Medicine who have preceded me in this post a greater appreciation for the value of organized medicine, an awareness of what can be accomplished by working together, and a respect for the magnitude of the everyday problems which face our profession. In spite of the Oscar Ewings, the complexities of modern practice, and the problems of changing standards of professional competence, I feel nothing but optimism for the future of Medicine in America. We are on the threshold of our greatest years in the administration of scientific medicine. The courageous and resourceful attack upon our problems—which are in large measure the problems of all—will undoubtedly continue, sparked by the intelligent spirit of young men and women who each year join our profession. We have little to fear.

I hope that the Tulsa County Medical Society has served you in 1951 in accordance with your wishes. The spirit of cooperation among the membership has been excellent and we are all indebted to the many workers in our program of activity. To each of you may I express my appreciation, first for the honor which you paid to me in selecting me as your President, and secondly, for your invaluable help, your time and effort, and your friendship. I am truly grateful.

Sincerely,

A handwritten signature in cursive script, reading "A. A. Brown M.D.", written in dark ink.

President

VICTOR K. ALLEN, M.D.

1888 — 1951

Dr. Victor K. Allen, 63, widely known medical and civic leader and former President of the Tulsa County Medical Society, died November 9, 1951, at Hillcrest Memorial Hospital.

Born in 1888 at Hope, Arkansas, Dr. Allen received his medical degree from Tulane University of Medicine in 1915. Later, he did postgraduate medical study at St. John's Medical School of London, England. After serving with the American Expeditionary Forces in France in World War I, Dr. Allen practiced at LeCompte, Louisiana, before coming to Tulsa. A specialist in proctology, he was a member of the American College of Surgeons, the American Proctological Society, the International College of Surgeons, and a diplomate of the American Board of Proctology. For several years Dr. Allen had suffered from polycythemia. Death was attributed to cardiac complications of this condition.

Dr. Allen was one of the founders and a member of the Board of Directors of the Blue Cross Plan of Oklahoma. He served as President of the Tulsa County Medical Society in 1948 and at the time of his death was serving his second term as Councilor to the Oklahoma State Medical Association. He was largely responsible for the establishment of the Tulsa County Red Cross Blood Center, the health and accident group insurance plan of the State Medical Association, and for many projects of Hillcrest Hospital where he was a member of the Board of Governors. The widow and a daughter survive. Funeral services were held November 12th at the First Presbyterian Church of Tulsa.

Vol. 17 DECEMBER, 1951 No. 12

A WORD OF TRIBUTE

The death of Dr. Victor K. Allen last November 8th takes from the medical profession a tireless and courageous leader who will be sorely missed. He had a rare gift for analyzing the best interests of the profession and the public as a whole, and once his goal had been clearly defined he was indefatigable until it had been obtained. In later years when his progressive illness placed a great drain on his physical resources, Dr. Allen would never neglect an obligation or fail to perform a duty. To the very end he worked vigorously to seek a better world for a profession and a calling which he dearly loved. Dr. Allen leaves behind some monuments to his memory — the Blue Cross Plan, which he helped establish and whose destinies he helped to guide for more than a decade; the Tulsa County Red Cross Blood Center; and the beautiful new additions of Hillcrest Hospital, for which he helped plan and finance. It is not often that a man of Dr. Allen's quality comes along; we can offer a very sincere prayer of thanks for his short time on earth among his fellow men.

A SERIOUS SITUATION

If the Tulsa County Medical Society has any New Year's resolutions to make for 1952, it should first and foremost resolve to come up with an acceptable

solution to its critical housing situation. The problem is more serious than most members of the Society realize. In a report issued last month the Library Committee estimated the present quarters of the Medical Library would be inadequate after 1952 to care for the 300 to 400 volumes which are annually added to the shelves. Already seriously overcrowded, it faces the necessity of enlarging its space within twelve months or stacking valuable reference volumes on the bare floor. The situation in the Executive Offices is little better; an almost complete lack of storage space has already necessitated keeping unsightly boxes of supplies and old files stacked on the floor, crowding employees at their work and posing a problem of increasing significance. The Medical Credit Bureau, though in need of an additional employee, cannot provide necessary desk space for another person. There is little question but that new space arrangements, especially for the Medical Library, must be made in a matter of months.

On several occasions the Society has given serious consideration to proposals that an entirely new building, tailored to meet the needs of the Society, be constructed or that a suitable building or residence be purchased and remodeled. A special committee of the Society attempted to develop these proposals shortly after the close of World War II but finally abandoned its efforts for a lack of interest by the membership. The Society failed to reach any generally acceptable conclusion at that time. The problem has since become much more serious; a makeshift solution to the lack of space in the Library was solved for a time by the construction of additional shelves. Now, there is no space available for further shelving.

Other county and state medical societies over the nation have met the space problem through the purchase or construction of their own building. In many instances this has been accomplished through the use of a building fund to which members have made regular specified contributions. They money deposited in such funds accumulated to permit a down payment

The automobile is such a part and parcel of everyday living that a few minutes spent with the *Journal of the American Medical Association*, 54:1,245-1,276 (April 9, 1910) will furnish plenty of evidence that it was not always so. By 1910 the motorcar had become a factor in the practice of medicine and the *Journal* devoted a section to the "Choice and care of the automobile." There are many pictures of the various kinds of vehicles used, from the "one-lunger" to the gasoline propelled car running on railroad tracks. A debate is carried on as to whether or not doctors should use motorcycles instead of automobiles.

This very interesting issue is on file in the Medical Library.

DR. MARY V. GRAHAM NAMED BLOOD CENTER DIRECTOR

Dr. Mary V. Graham, Tulsa physician formerly with the staff of the Oklahoma State Health Department, assumed new duties on November 19th as Medical Director of the Tulsa County Red Cross Blood Donor Center. She succeeds Dr. Mabel M. Hart, who resigned the post two months ago due to ill health.

A graduate of Tulane University School of Medicine, Dr. Graham did considerable postgraduate medical study in pediatrics at Charity Hospital, New Orleans, before coming to Tulsa with her husband last year. For the past several months she has been doing health education work with the Oklahoma State Health Department in three nearby counties.

Dr. Graham will supervise all medical details of the blood donor center's operation and conduct special research projects in the field of hematology. "We are very happy to secure a person of Dr. Graham's competence to direct the Center," said Dr. Felix R. Park, Chairman of the Blood Donor Center. "With the increased demand for blood for defense purposes, the Center has all the more need for an experienced, interested physician at its helm."

DR. WILLIAM BENZING will be associated with Dr. Walter S. Larrabee in the practice of radiology at 411 Medical Arts Building, Tulsa.

DR. ROBERT D. GRUBB was guest speaker for the Cosmopolitan Club on November 15th. His subject was "Electrocardiography in Modern Medicine".

Tulsans planning to attend the interim session of the American Medical Association in Los Angeles, December 4-7, 1951, include DR. JAMES STEVENSON, who will represent the Oklahoma State Medical Association in the House of Delegates, DR. MARSHALL O. HART, and DR. JOHN E. McDONALD.

DR. MILFORD S. UNGERMAN plans to attend the World Conference for Mental Health at Mexico City, December 11-19.

DR. HENRY S. BROWNE was guest speaker for the Medical Assistants Society of Tulsa last November 20th.

**“In general, symptomatic improvement
[of menopausal symptoms] was striking within
7 to 14 days after treatment...” with
“Premarin.”**

Gray, L.: J. Clin. Endocrinol. 3:92 (Feb.) 1943.

Many clinicians have found that “Premarin” therapy usually brings about prompt relief of distressing menopausal symptoms. Furthermore, symptomatic improvement is followed by a gratifying sense of well-being in a majority of cases. This is the “plus” in “Premarin” therapy which tends to quickly restore the patient’s normal mental outlook.

Four potencies of “Premarin” permit flexibility of dosage: 2.5 mg., 1.25 mg., 0.625 mg., and 0.3 mg. tablets; also in liquid form, 0.625 mg. in each 4 cc. (1 teaspoonful).

“Premarin” contains estrone sulfate plus the sulfates of equilin, equilenin, β -estradiol, and β -dihydroequilenin. Other α - and β -estrogenic “diols” are also present in varying amounts as water-soluble conjugates.

“PREMARIN”[®]

*Estrogenic Substances (water-soluble) also known as
Conjugated Estrogens (equine)*

PIONEER TULSA PHYSICIAN DIES AT BARDSTOWN, KY.

Word was received in Tulsa last month of the death of Dr. Walter E. Wright, 69, pioneer Tulsa doctor and former President of the Tulsa County Medical Society, at Bardstown, Kentucky, on October 21, 1951.

Dr. Wright came to Tulsa in 1906 and was one of the charter members of the Tulsa County Medical Society when it was organized the following year. In 1912 he was elected President of the organization. He was also Tulsa's first city superintendent of public health. Dr. Wright operated the old Physicians and Surgeons Hospital on South Carson Avenue and later the Wright Clinic at 3rd and Cheyenne streets. During World War I he built the present Wright Building which he owned and operated for several years. In 1928 Dr. and Mrs. Wright moved to Kansas City, Missouri, where they resided until 1946. At that time they purchased Wickland, a historic old mansion of the South near Bardstown, Kentucky. It was subsequently redecorated and furnished with antiques suitable to the period in which it was built. The home attracted hundreds of visitors annually and became a public show place. Dr. Wright's daughter, Mrs. John W. Taylor, survives.

PUBLIC RELATIONS PLACQUE NOW OFFERED FOR SALE

All Oklahoma doctors have been urged by the Council of the Oklahoma State Medical Association to purchase an attractive display placque whose message reads as follows: "To All My Patients: I invite you to discuss frankly with me any questions regarding my services or my fees.

The best medical service is based on a friendly mutual understanding between doctor and patient."

Designed as a public relations medium, the signs are eight by twelve inches, printed in colors on a glossy plastic. They may be hung on the wall or displayed on a desk or cabinet. These signs, part of the Public Policy Committee program of the State Medical Association, may be ordered through the Tulsa County Medical Society for \$1.00 each. Allow two weeks for delivery.

EDITORIAL*(Continued From Page 10)*

to be made on the needed structure and to provide necessary furnishings. Some organizations have even been able to enter their own building on a debt-free basis. Any project of this type will necessarily require money and the willingness of the members to enter into obligations which may not be liquidated for many years. Although the prospect may appear uninviting, it is likely to offer the most economical and most effective

solution to the problem over a long period of time.

An acceptable alternative, of course, is to secure satisfactory rental quarters in a location convenient to a majority of the members and at a rental within the Society's current means. This will not preclude the desirability of the Society eventually owning its own building. The Medical Library will probably be 60 to 75 per cent larger than it is now at the end of ten years; its rate of growth will tend to increase materially as it expands its facilities and services. As a major instrument of Tulsa Medicine, its growth must be encouraged.

The problem is a difficult one but one which cannot be solved by further procrastinating.

It's a boy for DR. and MRS. WALTER B. SANGER, born November 10th at St. John's Hospital. Congratulations!

DR. JAMES W. KELLEY has been elected a fellow of the American College of Surgeons.

Also on the Stork Club list: a daughter for DR. and MRS. THEODORE TURNBULL, born October 26th. Congratulations!

DR. LUCIEN M. PASCUCCI was a guest speaker for the University of Texas postgraduate study course in radiology at Galveston, Texas, last month. Dr. Pascucci also attended medical meetings in Houston before returning to Tulsa.

DR. A. RAY WILEY, DR. HUGH PERRY, and DR. ROBERT A. HAYNE attended the annual meeting of the American College of Surgeons in San Francisco, November 7-10.

Merry Christmas

NEW MEMBERS

The following physician was elected to membership in the Tulsa County Medical Society on Monday, November 12, 1951:

Robert I. Barickman, Jr., M.D. Tulsa Clinic, 915 S. Cincinnati. Medical Degree, University of Chicago School of Medicine, 1944. Interned St. Luke's Hospital, Chicago, nine months. Formerly in practice, Muncie, Indiana, and at University Hospital, Columbus, Ohio. Specialty, Ophthalmology and Otolaryngology. By transfer from Delaware-Black County Medical Society of Indiana. Recommended by Dr. H. W. Ford and Dr. Earl M. Lusk.

ELECTION OF OFFICERS

(Continued From Page 7)

tary-Treasurer is Dr. Harold J. Black. The term of office for both posts is one year.

As provided by the Constitution & By-Laws, a member must have attended at least 50 per cent of the total number of the Society's regular meetings during the current year (or seven during 1951). Members, to be eligible, must also have been a member for five full years. The list of 38 eligible members is printed herewith. This list is compiled from the attendance book placed at the door of each meeting. Under regulations of the Board of Trustees, a member cannot receive credit for a meeting unless his signature appears on the record books.

The membership will be presented with a suggested operating budget for 1952, prepared and approved by the Board of Trustees with a recommendation for the amount of membership dues necessary to support it. Dues for the current year are \$58.00.

The reports of most standing and special committees will be placed in mimeograph form and sent to members the week preceding the annual meeting. These may be accepted as official reports without reading, providing the membership takes such action. Other reports will be presented orally by the committee chairman.

"In the future, the newer knowledge of nutrition promises to those races who will take advantage of it—larger stature, greater vigor, increased longevity, and a higher level of cultural attainment."

James L. McLester, M. D.
