When the condition calls for IRON

it calls for

FER-IN-SOL

WITH CONSTANTLY GROWING clinical recognition of iron deficiency anemia, there is increasing need for an effective, well tolerated and convenient form of pharmaceutical iron.

Based on the established efficacy and good utilization of ferrous sulfate in an acidulous vehicle, FER-IN-SOL® provides ferrous sulfate in a pleasant citrus flavored solution.

Concentrated, for convenient drop dosage, FER-IN-SOL contains 125 mg. ferrous sulfate per cc. Each 0.6 cc. dose supplies about 1 grain ferrous sulfate.

FER-IN-SOL's piquant lemon flavor blends perfectly with fruit juices. Both infants and children take FER-IN-SOL willingly.

0.6 cc. = 75 mg.
(1 gr.) ferrous sulfate

0.3 cc.

DR. McDONALD NAMED STATE PRESIDENT

Dr. W. D. Hoover Elected To Council As House Of Delegates Votes To Return Dr. James Stevenson To National Organization. Amount of Annual Dues To Be Set In Fall Meeting.

Dr. John E. McDonald, Tulsa orthopedic surgeon, was unanimously elected President-Elect of the Oklahoma State Medical Association at the annual meeting of the organization's House of Delegates in Oklahoma City last May 18th. He will serve as President of the State Association beginning in April, 1953.

Two other members of the Tulsa County Medical Society were also named to offices in the state organization with the reelection of Dr. James Stevenson as Delegate to the American Medical Association and Dr. W. D.

Dr. McDonald

Hoover as Councilor from Tulsa County. Dr. Hoover succeeds Dr. McDonald on the Council. Dr. W. A. Showman continues as Vice-Councilor for another year.

Other officers named included Dr. James Petty, Guthrie, Vice-President; Dr. Clinton Gallaher, Shawnee, reelected Speaker of the House of Delegates; Dr. W. K. Haynie, Durant, reelected Vice-Speaker; and Dr. Ned Burlison, Prague, and Dr. E. Malcom Phelps, El Reno, Alternate Delegates to the American Medical Association. Dr. Alfred R. Sugg of Ada was installed as President.

In a comparatively quiet session the House of Delegates also took the following action:

1. Delayed fixing the amount of 1953

annual membership dues until a Fall meeting of the House of Delegates and pending a further study of the Association's financial requirements for the coming year.

2. Voted to automatically expel from membership any physician whose federal narcotic permit is revoked.

3. Warned doctors that failure to strictly control admissions to hospitals of Blue Cross policyholders might wreck the Plan and urged careful attention to this responsibility.

4. Accepted the invitation of the Tulsa County Medical Society to hold the 1953 annual meeting in Tulsa during the second week of April.

5. Commended Dr. John E. McDonald of Tulsa in a special citation for his splendid work as Chairman of the Association's Public Policy Committee during the last two years.

The House of Delegates also elected to Life Membership the following Tulsa County physicians: Dr. R. R. Johnson, Sand Springs; Dr. George M. Davis, Sr., Bixby; and Dr. D. W. LeMaster, Dr. Thomas B. Coulter, Dr. Finis W. Henderson, Dr. L. C. Presson, Dr. Robert E. Lee Rhodes, and Dr. Daniel L. Perry, all of Tulsa.

Dr. Hoover

(Continued On Page 20)

The PRESIDENT'S MESSAGE

"Anything Acquired For Nothing, Is Worth Nothing."

To a person born in this state prior to statehood, where average domicile was a dugout (cellar) or log cabin, highways primitive, travel by horse or horse drawn wagons or buggies, schools few, one-room, and far between, where survival was wholly dependent on the industry and initiative of the individual, where there were no hand-outs, benefits, welfare packages, social or case workers, where the strong survived, and the weak perished, where the penalty for law violation was chastisement by ones neighbors or be the principal on the end of a necktie party, otherwise known as hanging, a rather profound respect for law resulted. Yes, to a person so bred and born, the modern progressive modus operandi seems baffling. He has some difficulty understanding how lazy incompetent bums can become the prize citizens of the community; drones, because of their number are sought out by politicians and form the only excuse for a veritable army of social workers, welfare workers, benefit dispensers, aiders, uplifters, people with a kind heart but a soft head. Backward Ed just don't understand why a man should not work for his food, clothing, housing, education, medical services or starve and go without. He grew up thinking that if you can't pay, you do without, if you don't work, you starve, that any community that has a large number of lawyers is probably not a good community. He just don't understand why an avowed enemy of the nation should be given lawyer, trials running into months, food, clothing, shelter, and every protection and accommodation enjoyed in the backward days by the best citizens. A few farmers duly assembled under an elm or on a creek bank could have dispensed justice with more speed and respect.

Backward Ed thinks that you can't make something out of nothing, whether it be plant, animal, or human. He thinks that just debt should be contracted with considerable thought, and be paid without equivocation. Yes, that it is true, be it individual or government. Ed thinks it wrong and sinful to take by theft, chicanery or executive order, your neighbor's goods, and Ed believes the penalty should be certain and fast. He just can't reconcile the fact that in the progressive USA, Communists are teach in schools, yes including the medical schools, foreigners who speak not one word of English staff our hospitals and attend the sick, a section where the indolent outlaw human flotsam from Europe are objects of charity in every respect, the jewel of ward heeling politicians, and the excuse of an army of social welfare workers, people who mean well but are on the wrong road. Why is it considered progressive to annually bring to our shores more and more of this human refuse as immigrants and D. P.'s? When will we have enough, or shall we bring them into the fold until our treasury is bankrupt, our social economy on their level, and our form of government destroyed. What is progressive and modern? Ed is confused.

"May God Defend Me From My Friends. I Can Defend Myself From My Enemies."

A.M.A. HAS QUIET ANNUAL MEETING

Chicago Session Produces Little Fireworks As Scientific Program Takes Major Attention. President Truman's Health Commission Rapped.

Doctors from all over the world jammed the windy city of Chicago last June 9-13 for the 101st annual meeting of the American Medical Association. In contrast to most recent conventions politics took a back seat to an A-1 scientific program and miles of striking commercial and scientific exhibits scattered from end to end of the Navy Pier . . . The House of Delegates had a generally quiet session with major fireworks stemming from a verbal duel between retiring AMA President John W. Cline and Dr. Paul Magnuson, Chairman of President Truman's Commission on the nation's health needs. The latter, a strong critic of the AMA Board of Trustees' thumbs-down attitude, denied the Commission was a calculated instrument for the advancement of socialized medicine and called for defeat of a House of Delegates resolution condemning the Commission. After two days of discussion in committee and on the floor the House approved a substitute resolution rapping the Commission as politically motivated and calling Dr. Magnuson as "unwitting captive of the forces of socialism." Though interpreted by one Chicago newspaper as a repudiation of AMA leadership, most observers saw in the action a more conservative approval . . . The House of Delegates also moved to narrow the gulf between medical doctors and osteopathic physicians by appointing a committee to work with the American Osteopathic Association in setting up curricula for osteopathic schools . . . The House boldly entered the political field by adopting resolutions favoring a ceiling on federal taxes and a constitutional amendment to prevent any treaty from taking precedence over the constitution as fundamental law. Said a committee report: ". . . the time has arrived when the American Medical Association should approve broad basic governmental principles outside the actual field of medicine as pertaining to the general welfare of the American people." . . . Dr. Louis H. Bauer of

Hempstead, N.Y., is new AMA President, Dr. Edward McCormick of Toledo, Ohio, new President-Elect . . . The Conference of Presidents And Other Medical Society Officers, held Sunday, June 8th, continues to be an outstanding analysis of public relations problems. This session was sparked by Dr. Walter H. Judd, Congressman from Minnesota, who criticized the profession for failure to support its congressional friends at election time . . . Jack Spears, Executive Secretary of the Tulsa County Medical Society, was a program speaker for the Medical Society Executives Conference, an organization of 265 professional lay secretaries . . . Dr. James Stevenson and Dr. John F. Burton continue to win a growing stature with the House of Delegates through their sincerity of purpose and intelligent analysis of AMA problems. Dr. Stevenson was strongly supported by many delegations for the AMA Board of Trustees but withdrew in favor of the veteran worker, Dr. James McVay of Kansas City . . . Whitaker and Baxter of the National Education Campaign are winding up several years of service to the organization and will shortly withdraw completely. The husband-and-wife team drew strong commendation for their activities from Dr. Cline . . . Dr. John R. Haserick of Cleveland, a speaker at the Oklahoma State Medical Association's annual meeting last May, took top honors for the best scientific exhibit, winning a gold medal . . . Among the commercial exhibitors were Tulsa's Medco Products and Merkel X-Ray Corporation . . . In addition to Dr. Stevenson, the Tulsa County Medical Society members present included Dr. Marshall O. Hart, Dr. John E. McDonald, Dr. Safety R. First, Dr. Eugene G. Wolff, Dr. Walter E. Brown, Dr. John F. Gorrell, Dr. Fred E. Woodson, Dr. W. Albert Cook, Dr. Jack L. Richardson, Dr. Joseph Sallamy, Dr. Felix R. Park, and Dr. W. Carl Lindstrom. Apologies to anyone we missed.

NEW APPLICANTS

The following physician was elected to membership in the Tulsa County Medical Society at the regular meeting of May 12, 1952:

Eugene S. Cohen, M.D., 1239 East 36th Pl., Tulsa. Medical Degree, University of Oklahoma School of Medicine, 1946. Interned Harper Hospital, Detroit, Michigan, one year. Formerly resident in obstetrics and gynecology, Harper Hospital. Specialty, Obstetrics and Gynecology. By transfer from Wayne County Medical Society, Michigan. Recommended by Dr. Earl I. Mulmed and Dr. Charles E. Brighton.

The following physicians are applicants for membership in the Tulsa County Medical Society. Any physician knowing any reason why they should not be elected to membership should communicate his information to the Board of Censors.

Roy K. Goddard, Jr., M.D. Interstate Oil Pipeline Company, 618 National Bank of Tulsa Building, Tulsa. Medical Degree, Temple University Medical College, 1943. Interned San Diego Naval Hospital, one year. Formerly in practice, United States Navy Medical Corps; Skiatook, Oklahoma; Wolfe City, Texas. Recommended by Dr. Robert E. Funk and Dr. Hugh J. Evans.

Edward M. Schneider, M.D. 1101 E. 15th Street, Tulsa. Medical Degree, College of Medicine, University of Cincinnati, 1946. Interned Mt. Sinai Hospital of Cleveland, Ohio. Assistant Resident in Medicine, Mt. Sinai Hospital, 1947-48; military service, United States Army Medical Corps, 1948-50; Senior Assistant Resident in Medicine, Mt. Sinai Hospital, 1950-51; Fellow in Gastroenterology, Cincinnati General Hospital, 1951-52. Special, Internal Medicine and Gastroenterology. Recommended by Dr. Martin Leibovitz and Dr. David Shapiro.

Harry B. Weinberg, M.D. 1101 E. 15th Street, Tulsa. Medical Degree, University of Nebraska College of

Medicine, 1936. Interned University Hospital, Omaha, Nebraska, one year. Formerly in practice at Davenport, Iowa, except for five years military service, 1940-45, with United States Army Medical Corps. Specialty, Internal Medicine and Cardiology. By transfer from Scott County Medical Society, Iowa. Recommended by Dr. Martin Leibovitz and Dr. David Shapiro.

BLUE CROSS PLAN INCREASES PREMIUMS, ADDS BENEFITS

The Blue Cross Plan of Oklahoma has announced important new increases in monthly premiums and changes in service effective July 1, 1952, as follows:

(1) Series I and Series II contracts (business and industrial groups) have been increased from \$1.40 to \$1.50 per month for individual coverage, \$2.80 to \$3.30 per month for family coverage.

(2) Series III and Series IV groups (community groups, farm organizations, professional groups, bill directs, etc.) have been increased from \$1.80 to \$2.00 per month for individual coverage, \$3.60 to \$4.20 per month for family coverage.

(3) The new Series IV groups, composed of the former Series III groups whose utilization is 90 per cent or more for the previous calendar year, will now carry a stipulation that members are responsible to the hospital for a deductible amount of \$3.00 for each day hospitalized.

(4) The allowance for a private room is increased from \$5.00 to \$6.00 per day.

The new premium rates and service changes will take effect upon the first group billing after July 1, 1952. Doctors will not pay increased rates until December 1st. Medical assistants will not pay the new rates until August 1st.

The new \$3.00 deductible for Series IV agreements, expected to produce widespread complaint among policyholders, is applicable to the Tulsa County Medical Society's Physician's & Surgeon's Group No. 83-2, which had a utilization rate of 170.5 per cent of income in 1951. The Medical Assistants Group 83-6 is not included.

Professional Tradition

For more than a quarter of a century the Medical Arts Prescription Shop has followed the tradition of modern pharmacy — service to the physician and his patients; reliable, accurate compounding of prescriptions; courteous and prompt service to the sick; modern and fresh stocks of drugs, the latest in sickroom needs and surgical appliances; free, city-wide delivery. To continue in this tradition through the years is our pledge to you.

“WEIGHT REDUCTION THROUGH DIET”

A new film which documents research on weight control conducted at Michigan State College. 16 mm., Kodachrome. sound, 15½ running time.

A six-page folder. “Weight Reduction Through Diet.” is available for use with or without the film. The folder is an interpretation of the study at Michigan State College and its application to men and women interested in reducing or controlling weight.

For information please call 4-8280 or write

DAIRY COUNCIL OF TULSA

312 Wright Building

Tulsa 3, Oklahoma

The film and folder are particularly suited for the physician's use.

HEART OF THE HOME KITCHEN AID TO REHABILITATION

Did you realize that Tulsa has the only "Heart of the Home" kitchen in this section of the country? That as a teaching and research center it is part of the Tulsa County Heart Association's rehabilitation program? That it is a facility your patients can use? It is here that heart-saving conveniences and consultation in the form of Work Simplification Classes are available to your patients without charge.

When the physician tells a woman she can carry on her housework "if she takes it easy" the "Heart of the Home" kitchen has a specific program designed just for her. The cardiac or physically limited patient must be referred for group instruction so that her work tolerances and limitations may be thoroughly defined for the instructor's use.

The Heart Kitchen is an efficient kitchen and puts to practice the techniques of work simplification that have been so successful in industry for saving time, work, hearts and energy. Using this kitchen as a model and a tool the housewife is taught these techniques along with body mechanics by specially trained home economists. Classes are held in two-hour sessions once weekly for five weeks. Flexible lesson plans are designed and tailored to each individual's needs. They stress energy saving, body mechanics, physical rearrangement of the patient's kitchen, improved working methods, and simplified menu-planning, including daily food requirements. The consultant makes one visit to the home of each patient to help her make practical application of her newly acquired knowledge. Upon completion of the course the consultant submits a service report to the doctor, relating to the patient's progress and making any comments she feels necessary. Her ultimate goal is to make the patient's housework as pleasant and easy as possible and to eliminate any unnecessary steps or work.

The first Heart Kitchen was established in 1948 in accordance with carefully worked out plans of a voluntary Association's Committee on Cardiovascular Diseases in Industry. This sub-

committee was headed by Dr. Lillian Gilbreath, of the "Cheaper by the Dozen" Gilbreaths, and herself a consulting engineer. The kitchen itself is now in use at the Rehabilitation Center of the New and has the approval of the American Heart Association and its affiliates.

The first local class has been successfully completed and others are now in the planning stage. Successful application of the Heart Kitchen program in rehabilitation depends largely upon physicians. Medical referral of patients is a prerequisite for the group instruction. Additional information and referral forms can be obtained by writing to the Tulsa County Heart Association, 808 South Peoria, Tulsa, or by calling 5-3238.

Congratulations to DR. and MRS. RAYBURNE W. GOEN on the birth of a daughter, June 1, 1952. Also on the Stork Club Parade, DR. and MRS. MURRAY CASH, a daughter, born June 6th.

DR. R. M. SHEPARD has returned from Boston where he attended the annual meeting of the National Tuberculosis Association last month. Dr. Shepard, with his son, DR. ROBERT M. SHEPARD, JR., also attended the American College of Chest Surgeons meeting in Chicago last month.

DR. EARL I. MULMED has been accorded two honors recently—election to the American College of Physicians and as Secretary-Treasurer of the newly organized Oklahoma Diabetes Association. Charter members of the latter, in addition to Dr. Mulmed, include DR. S. C. SHEPARD, DR. ALBERT W. WALLACE, and DR. VINCEL SUNDGREN.

DR. BEN F. GORRELL has been placed on inactive duty with the Army Air Forces, following a year's tour of active duty at Sandia Air Base, Albuquerque, New Mexico, and has resumed the practice of Ophthalmology and Otolaryngology at 1109 Medical Arts Building, Tulsa.

DR. JAMES W. KELLEY has been certified as a diplomate of the American Board of Plastic Surgery.

DR. MARTIN LEIBOVITZ delivered a paper entitled "Carcinoma of the Lung" at the May 14th meeting of the staff of Byrne Memorial Hospital.

DR. ROBERT L. ANDERSON has been certified as a diplomate of the American Board of Thoracic Surgery.

DR. JAMES C. PETERS has returned from a vacation at the Grand Canyon and other western scenic spots.

DR. H. D. MURDOCK was inducted into the University of Wisconsin's Half-Century Club as one of 146 surviving members of the Class of 1902. Ceremonies took place June 19-21 at Madison.

DR. RALPH A. MCGILL has returned to his offices after a 90-day tour of Europe. He was a speaker at the annual meeting of the International College of Surgeons in Madrid in May.

DR. W. J. TRAINOR has been named a Life Fellow of the American College of Cardiology.

DR. H. B. STEWART has been elected first vice-president of the Blue Cross Plan of Oklahoma.

DR. McDONALD ELECTED

(Continued From Page 7)

The election of Dr. McDonald to the presidency climaxes a long career in local and state medical circles. A graduate of the St. Louis University School of Medicine, Class of 1926, Dr. McDonald has practiced orthopedic surgery in Tulsa since 1927. He served in the Army Medical Corps in World War II with the rank of Lieutenant-Colonel. Shortly after his discharge he was named Secretary-Treasurer of the Tulsa County Medical Society, serving in that position in 1946 and 1947, and as President in 1949. The following year he was named a member of the Society's Board of Trustees. He was formerly Chairman of the Insurance Committee of the Oklahoma State Medical Association, and for the past two years has been Chairman of the vital Public Policy Committee. Elected as Vice-Councilor in 1951, he succeeded to the post of Councilor in 1952 upon the death of Dr. Victor K. Allen.

Dr. McDonald has been an active leader in the affairs of the Oklahoma Crippled Children's Commission, the Tulsa Chamber of Commerce, Tulsa Community Chest, Tulsa Council of Social Agencies, and St. John's and the Junior League hospitals of Tulsa. He is a diplomate of the American Board of Orthopedic Surgery and a fellow of the American College of Surgeons.

OFFICE SPACE FOR RENT: Furnished or unfurnished. Unusually desirable arrangement. Laboratory, x-ray, secretary, nominal rent. Court Arcade Bldg. Phone 3-2664.

DR. R. CHADWICK JOHNSON has returned to active practice at Sand Springs after a year's postgraduate study at the University of Virginia.

DR. JAMES W. CLOPTON has accepted a residency in Otolaryngology at Bowman Gray School of Medicine, Wake Forest College, Winston-Salem, North Carolina.

DR. E. MALCOLM STOKES reported June 20th at the Army Air Forces at Montgomery, Alabama, for a tour of active duty.
