# 76.6% of patients preferred

for relief of

In a recent study of 200 cases of itching dermatoses, 76.6% of all patients who had had previous experience with other antiprurities expressed a preference for Eurax Cream.

In this study, as in previous reports2-5, EURAX Cream produced complete relief of itching in approximately 65 per cent of cases, and partial relief in most of the remainder.

Other favorable features of EURAX Cream that were again confirmed include:

- √. Prolonged effect lasting up to 8 hours or more.
- No loss of effect on continued use.
- Virtually complete lack of sensitizing or toxic properties.

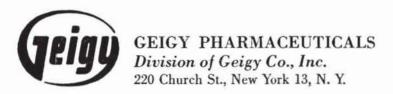

EURAX . . . not an antihistaminic or a -caine derivative . . . is indicated for prompt, prolonged relief of itch in practically all forms of dermatosis including pruritus due to administration of antibiotics.

> EURAX Cream\* (brand of crotamiton cream) contains 10% N-ethyl-o-crotonotoluide in a vanishing-cream base. Tubes of 20 Gm. and 60 Gm. and jars of 1 lb. at your local pharmacy.

## Medicine and Pharmacy

Both the physician and the pharmacist have a common objective — the amelioration of suffering and the maintenance of sound body health. Both are interdependent upon the other. The physician prescribes, the pharmacist compounds and delivers the individualized medicine. Truly analogous responsibilities.

#### With The Editor . . .

Before its recent adjournment Congress managed to remove from proposed legislation most of the restrictions governing the rendering of care for non-service connected disabilities in Veterans Administration hospitals . . . Acting on annual appropriations bills the lawmakers whacked out a number of provisions which would have ruled out this type of care at VA facilities . . . The action comes as no surprise, of course, and dampens hopes of American Medicine to restrict such care to the private office . . . As a consequence look for more non-service connected ailments being cared for at government expense . . . Medicine loses a staunch friend with the death of Senator Robert A. Taft . . . Probably more than any lawmaker he fought on the side of free enterprise of medicine . . . A heavy favorite of the medical profession for the presidential nomination last year, Taft leaves a void not easily filled . . . As this issue of The Bulletin goes to press the dogfight between city officials and builders of a proposed medical building at 17th and Utica appears headed for the courts . . . After a long series of hearings the City Commission refused a spot rezoning to permit construction of a three-story multi-million dollar building for medical and dental offices . . . Dates for the 1954 annual meeting of the Oklahoma State Medical Association have been set for May 10-12 at Oklahoma City . . . First visiting distinguished guest speakers to be scheduled for next year by the Tulsa County Medical Society are Dr. William J. Gardner, Cleveland Clinic neurosurgeon, February 22nd, and Dr. Harry E. Bacon of Philadelphia, dean of American proctologists, March 8th . . . AMA survey among military installations shows 52 per cent of medical units adequately staffed, 25 per cent under-staffed, and 23 per cent over-staffed . . . Survey was based on medical officers own estimates . . . Tulsa County meat inspection program appears set if county commissioners can iron out financing problem ... proposed budget calls for \$30,000 in next ten months.

For Gastro-Intestinal Dysfunction

# An Improved Anticholinergic Agent

'Elorine Sulfate' relieves spasm and hypermotility of the gastrointestinal tract, with negligible side-effects. It is an excellent adjunct in peptic ulcer therapy. As an anticholinergic drug, 'Elorine Sulfate' effectively inhibits neural stimuli at those ganglia and effectors where the presence of acetylcholine mediates transmission of stimuli. Clinical data show profound inhibiting effect on intestinal motility in doses of 50 to 75 mg. Within this effective dosage range, side-effects are minimal. May we send you literature?

PULVULES

## ELORINE (Triavel and Sulfate Lille)

(Tricyclamol Sulfate, Lilly)

For spasmolysis without sedation in 25 and 50-mg, pulvules.

PULVULES

CO-ELORINE

(Tricyclamol Sulfate and Amobarbital, Lilly)

Formula: 'Elorine Sulfate' 25 mg.
'Amytal' (Amobarbital, Lilly) 8 mg.
Combines 'Elorine Sulfate' with 'Amytal' to provide mild sedation in addition to the spasmolytic effect.

#### BLUE CROSS SETS OPEN ENROLLMENT

Non-Group Memberships To Be Offered To General Public During Two-Week Period Beginning September 28th. Blue Shield Coverage Also Included.

Tulsa's first open community enrollment in the Blue Cross and Blue Shield Plans of Oklahoma will be conducted during a two-week period beginning September 28 and closing October 10, 1953. The move will make available the valuable hospital and surgical care insurance to thousands of persons not normally eligible for admission to existing groups.

At the same time the Blue Cross-Blue Shield Plans will open all regular groups for the admission of new members. This special enrollment will be in addition to the regular anniversary enrollment conducted each year. Both the Physicians & Surgeons Group and the Medical Assistants Group of the Tulsa County Medical Society will accept new applicants during this period.

The Blue Cross contract to be offered to non-group enrollees will include only thirty days of hospital care per contract year for each person of the membership. Under the terms of the contract the member must also assume \$3.00 of the total charges for Blue Cross benefits for each day hospitalized. Other than these two different features, the non-group contract greatly parallels the regular Blue Cross group benefits. New members accepted into existing groups will receive regular benefits enjoyed by that group.

The non-group contract to be offered will carry a monthly premium of \$3.45 for a one-person membership and \$6.90 for family membership. This is for both Blue Cross and Blue Shield coverage. Members must also pay a \$1.00 enroll-

ment fee at the time the first premium is due. Protection becomes effective November 1, 1953. Non-group members will be billed directly from the Blue Cross-Blue Shield offices on a quarterly basis.

To be eligible to apply, a person must be a resident of Tulsa county or the City of Tulsa and must be under 65 years of age. Dependency benefits are limited to spouse and unmarried children under 21 years of age living at home.

The projected community enrollment has been formally endorsed by the Tulsa County Medical Society. Doctors will be asked to cooperate with the Blue Cross-Blue Shield Plans in the following manner:

- 1. Place in the waiting room an attractive poster and packages of information calling attention to the enrollment.
- Include in their October statement a small announcement folder.
- 3. Familiarize themselves and their office personnel with the details of the enrollment and use such information in encouraging patients to enroll.
- 4. Do a special mailing to irregular patients to renew contact and to inform them of the special enrollment.

The posters, package kits, and statement folders will be provided to Tulsa County doctors. Staff representatives of the Blue Cross-Blue Shield Plans are planning to call upon as many physicians as possible to secure their cooperation and determine their needs. Any physician needing such material may secure it by

(Continued On Page 26)

### PRESIDENT'S PAGE

The private insurance companies, as well as the quasipublic Blue Cross and Blue Shield Plans, are becoming an important part of modern medicine. Most physicians are now receiving a substantial portion of their income in the form of benefits from prepaid hospital and medical care insurance. This has necessarily imposed a closer relationship between the doctor and the insuror, and while the majority of such relationships are cooperative and friendly the occasional frictions do develop. Since the medical profession itself has taken the lead in initiating and encouraging the sale of prepaid hospital and medical care insurance as one of the defenses against state medicine, it is essential that we maintain a friendly liaison with these companies. At the same time this relationship is one which must be kept in proper balance. Both parties would profit through opportunities for medicine and insurance to sit down together for a discussion of mutual problems. This is probably best accomplished on the national level so far as policy is concerned, but our national leaders will look to the grass roots for suggestions and guidance.

The Tulsa County Medical Society is interested in several such problems. One is the desirability of a standard reporting form for health and accident insurance; to this end, the Society has already brought about the appointment of an investigating committee in the Oklahoma State Medical Association and work is progressing on this project. Such a form should greatly reduce the amount and degree of unnecessary reporting which a few insurors demand, and the savings will be reflected in more professional time for our patients. At the same time, the insurance companies will not be penalized in any fashion. A second study which appears indicated is the degree to which the insurance companies are encouraging the hospital practice of medicine by insisting that diagnostic procedures be performed in hosptals alone. Your Board of Trustees feels this is a dangerous trend and is taking steps which, it hopes, will result in a national study of the situation. I shall appreciate your suggestions as to the need for other points of liaison with the insurance world.

Sincerely,

John B. mas

#### THREE MEDICAL EVENTS SET FOR MONTH

Tulsa County Medical Society To Be Guests of Junior League Hospital For Buffet Dinner on September 14th. Internists Schedule Regional Two-State Meeting.

Three outstanding scientific medical events are in store for Tulsa doctors during September, each featuring nationally known medical personalities as visiting distinguished guest speakers.

Following its annual summer recess the Tulsa County Medical Society will resume

regular monthly meetings on Monday, September 14, with a special program at the Junior League Children's Hospital featuring Dr. George G. Deaver, Professor of Clinical Rehabilitation and Physical Medicine, New York University, New York, N. Y. On Saturday, September 19, the American College of Physicians will hold a day-long regional meeting at the Mayo Hotel for Arkansas and Oklahoma members and their guests. Concluding the series on Monday, Sep-

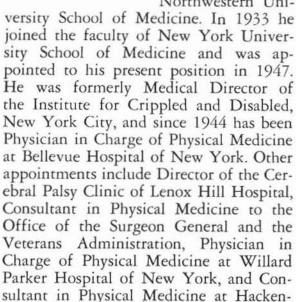

tember 28, will be the regular monthly meeting of the Tulsa Academy of General Practice with Dr. J. Milton Singleton, Associate Professor of Obstetrics & Gynecology, University of Kansas School of Medicine, Kansas City, Kansas, as guest speaker.

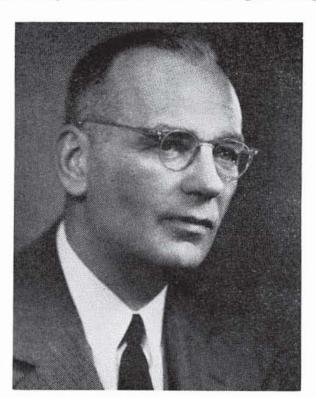

The September 14th meeting of the Tulsa County Medical Society will provide an opportunity for doctors to inspect an attractive new wing of the Junior League Children's Hospital, 4900 South Lewis Road, Tulsa. Members will be guests of the Society for a complimentary buffer dinner beginning at 6:00 P.M. Hospital personnel will be on duty to escort doctors through the new wing and

demonstrate equipment. An outdoor barbecue is planned and doctors will be served on the Hospital patio, weather permitting. The scientific program will begin at 8:00 P.M.

Dr. George G. Deaver, the speaker of the evening, is recognized as a foremost

medical authority field of in the physical medicine and rehabilitation. A graduate of the University of Pennsylvania Medical School, Class of 1917, he first entered into this field as a Medical Corps officer in World War I. Following several years as a medical consultant in the Y.M.C.A. in Egypt and Turkey, Dr. Deaver entered practice in Chicago, Illinois, in 1923 and also served as a member of the faculty of George Williams College and later, Northwestern Uni-

DR. GEORGE G. DEAVER

sack General Hospital of Hackensack,

N. J.

Dr. Deaver was recipient of the Medical of Merit for War Service in Physical Rehabilitation, awarded in 1948 by President Harry S. Truman. He is a Past-President of the American Academy of Cerebral Palsy, formerly consultant to the National Society For Crippled Children and Adults, and formerly a member of the President's Commission for Employment of the Physically Handicapped. Widely

known for his studies in cerebral palsy and physical rehabilitation, Dr. Deaver will speak on the subject, "Total Treatment for the Handicapped Child." A brief business meeting will follow the scientific program.

Fifteen scientific papers are scheduled for presentation at the 1953 Annual Arkansas-Oklahoma Regional Meeting of the American College of Physicians on Saturday, September 19, 1953. A com-

#### RURAL HEALTH CONFERENCE SCHEDULED FOR SEPT. 8-9

The First Oklahoma Rural Health Conference, a two-day clinical discussion of problems of rural health in this State, has been scheduled for September 8-9, 1953, at the Skirvin Tower, Oklahoma City. Developed under the aegis of the Public Health Committee of the Oklahoma State Medical Association, the meeting is expected to attract several hundred physicians, public health officials, farm leaders, and governmental officers.

The Conference is similar to those held in many other states in the last several years and is designed to define problems of rural health and to seek satisfactory solutions to such problems. Co-sponsors with the Oklahoma State Medical Association include the Oklahoma Farm Bureau Federation, the Oklahoma State Dental Association, the Oklahoma State Health Department, the Oklahoma Advisory Health Council, the Oklahoma Congress of Parents and Teachers, the Oklahoma Home Demonstration Council, and the extension services of the University of Oklahoma and Oklahoma A. and M. College. A complete program has been mailed to all physicians. There is no registration fee.

Dr. R. M. Wadsworth of Tulsa is Chairman of the Public Health Committee of the Oklahoma State Medical Association.

#### MENTAL HEALTH GROUP SETS ORGANIZATIONAL MEETING

Interested physicians and lay persons are invited to attend an organizational meeting on September 29, 1953, to establish a Tulsa County Chapter of the Oklahoma Association For Mental Health. The meeting will be at 8:00 P.M. in the Petroleum Science Building of the University of Tulsa.

Dr. Joe E. Tyler will act as temporary Chairman. A discussion of the suggested work and scope of the organization will be inaugurated by Dr. Hayden H. Donahue, Director of Mental Health, Oklahoma State Health Department, Oklahoma City.

The meeting is under the sponsorship

of the Mental Health Committee of the Health Division of the Tulsa Council of Social Agencies in cooperation with the Tulsa County Medical Society, the Tulsa Child Guidance Clinic, the Family and Children's Service, the Tulsa Academy of Neuropsychiatry and Neurosurgery the Tulsa Council of Churches, and the P.-T.A. Council. The public is invited.

#### WORK PROGRESSES ON TWO NEW MEDICAL BUILDINGS

Approximately 60 per cent of the space in a new 3-story medical building being constructed in Utica Square has already been reserved by Tulsa doctors and dentists, developers of the project

reported last month.

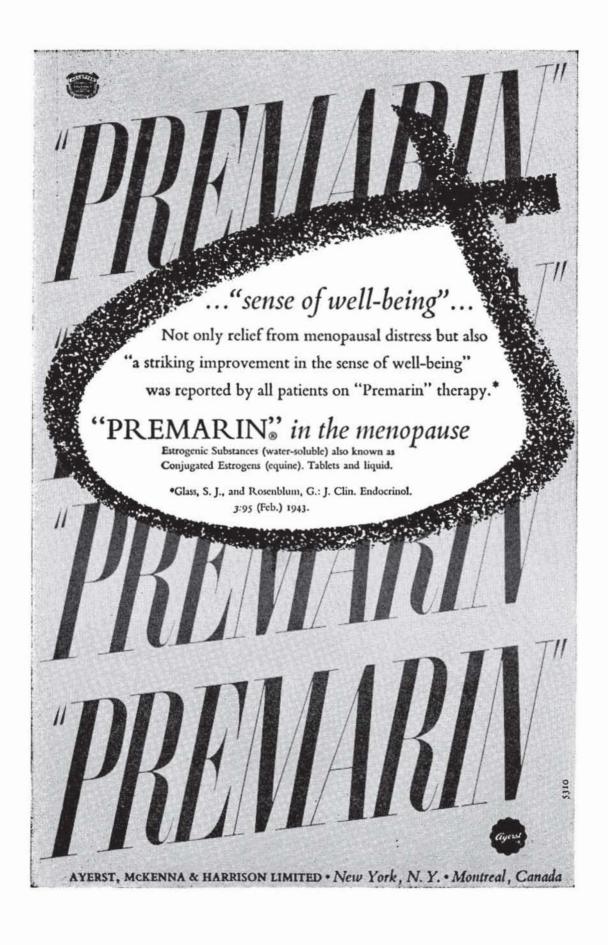

Mr. Dale Carter, project official, said the commitments ranged from 500 to 7,000 square feet per doctor. Construction is well under way on the \$1,250,000 structure and is expected to be completed in April, 1954. A total of 49,000 square feet is contained in the building with individual offices being constructed to tenants specifications. Parking accommodations for 400 cars will be available, Carter said, with a special section reserved for physicians. A minimum of 50 doctors and dentists are expected to occupy the new building.

Construction on a rambling one-story medical building in the Ranch Acres development is expected to begin in September. About 20 doctors will be accommodated in a Colorado pink stone structure facing the intersection of 31st and Harvard streets. About 75 per cent of 18,000 square feet of space has been reserved, Builder I. A. Jacobson reported late last month. Off-street parking for 200 cars is planned. Construction will be finished about January 1, 1954.

It's a daughter for DR. and MRS. HERBERT S. ORR, born July 31st. Congratulations!

DR. AVERILL STOWELL has taken new professional quarters at 1151 South Peoria for the practice of Neurosurgery.

DR. JOHN H. DELAMORE has accepted a year's surgical residency at the United States Veterans Administration Hospital, Little Rock, Arkansas.

#### RECENT ACQUISITION -:

American Medical Association: Quarterly Cumulative Index Medicus. Volume 50, July-December, 1951. 1,558 pp., Chicago, Illinois, 1953. \$20.00 Per Annum.

The Exchange of the Medical Library Association is frequently mentioned on this page and physicians may be interested in a description of its purpose and service.

There has always been an exchange of material among medical libraries in one way or another, but this Exchange is unique. It maintains headquarters in Martinsville, New Jersey, with a salaried manager in charge. Each member library of the Medical Library Association sends lists of duplicate material to the Exchange; such lists must be sent at least once every two years. These are assigned lot numbers and arranged according to the size of the library. A compilation of such offerings are sent to member libraries each month except July and August. Each recipient carefully checks such lists and indicates its wants to the Exchange. The identity of the library offering material is never disclosed (probably to avoid any possibilities of cheating) but a general idea of its location is given so that transportation costs may be considered. No material is ever sold.

The method of allocating material varies in alternate months. One month the duplicates are assigned to the next smaller in size to the offering library, and continues clockwise around the circle. The next month the material is assigned in counter-clockwise fashion with the next larger library in size receiving first choice and so on.

Lists of the items are sent to medical libraries in all parts of the wold, and many foreign libraries have been able to acquire material in this fashion that is not otherwise available. Recipient libraries pay transportation charges.

#### SEPTEMBER MEDICAL CALENDAR

TUESDAY, September 1st:

St. Johns Tumor Clinic, 8:00 A. M.

WEDNESDAY, September 2nd:

1953 Medical Public Relations Institute, American Medical Association, Drake Hotel, Chicago, Illinois. Continues through September 3rd.

FRIDAY, September 4th:

#### SEPTEMBER PROGRAMS

(Continued From Page 10)
plete program appears on Page 10 of this
issue of The Bulletin.

The principal guest speaker will be Dr. Edward L. Bortz, nationally known internist and Regent of the College, Philadelphia, Pennsylvania. He will present a formal paper entitled "Modern Management of the Diabetic" at the afternoon session and will also appear on a symposium on the control of diabetes at the morning meeting. Dr. Bortz is also scheduled as guest speaker at the banquet meeting which will conclude the conference.

The American College of Physicians meeting will be open to all medical doctors of Arkansas and Oklahoma. A registration fee of \$7.50 will include the social hour and dinner.

Tulsans appearing on the program include Dr. S. C. Shepard, Dr. Vincel Sundgren, Dr. Earl I. Mulmed, and Dr. C. S. Lewis, Jr. Arrangements for the meeting are in charge of the Tulsa Chapter of the College with Dr. S. C. Shepard, chairman. All sessions will be at The Mayo.

The Tulsa Academy of General Practice, also resuming after a summer recess, will hear Dr. J. Milton Singleton, Kansas City obstetrician, at its first Fall meting on Monday, September 28, at Hotel Tulsa. Dinner will be at 6:30 P.M. with the scientific program scheduled for 8:00 P.M.

Dr. Singleton is a graduate of Tulane University Medical School, Class of 1917. He interned at Tuoro Infirmary of New Orleans, served as a Captain in the Army Medical Corps during World War I, and entered practice in Kansas City, Missouri, shortly after his release from service. Rising rapidly to national repute in the field of obstetrics, Dr. Singleton is now Associate Professor of Medicine at the University of Kansas School of Medicine, Kansas City, Kansas, and is a member of the Central Association of Obstetrics and Gynecology, diplomate of the American Board of Obstetrics & Gynecology, fellow of the American College of Surgeons, and member of the Association for the Study of Internal Secretions. His subject will be "Office Gynecological Practice."

All physicians are invited to attend the Tulsa Academy of General Practice

#### J. MILTON SINGLETON, M.D.

Associate Professor of Obstetrics & Gynecology, University of Kansas School of Medicine, Kansas City, will be guest speaker for the September 28th meeting of the Tulsa Academy of General Practice.

meeting. Dinner reservations should be made by calling 2-5904.

Other Fall speakers for the Tulsa County Medical Society will include:

October 12, 1953. Dr. Henry A. Schroeder, Associate Professor of Internal Medicine, Washington University School of Medicine, St. Louis, Missouri, and a surgeon yet to be selected. This program will be a symposium on the medical and surgical aspects of the diagnosis and treatment of hypertension.

November 9, 1953. Dr. George J. Thomas, Professor of Anesthesiology, University of Pittsburgh School of Medicine, Pittsburgh, Pennsylvania.

Copies of the latest revised roster of the Tulsa County Medical Society are now available at B-9 Medical Arts Building, Tulsa, upon request or by telephoning 4-8161.

#### **NEW APPLICANTS**

The following physician has been elected to membership in the Tulsa Coun-

ty Medical Society.

Hugh Burns Spencer, M.D. 2828 East 15th Street, Tulsa. Medical Degree, Indiana University School of Medicine, 1950. Interned Indiana University Medical Center, Indianapolis, Indiana, 1950-51. Resident in Pediatrics, Indiana University Medical Center, 1951-53. Specialty, Pediatrics. By transfer from Indianapolis Medical Society. Recommended by Dr. J. D. Shipp and Dr. Walter F. Sethney.

The following physicians are applicants for membership in the Tulsa Coun-

ty Medical Society.

Charles William Docter, M.D. 1916 South Utica, Tulsa. Medical Degree, Northwestern University School of Medicine, 1945. Interned Detroit Receiving Hospital, Detroit, Michigan, one year. Captain, United States Army Medical Corps, 1945-47. In private practice, Elroy, Wisconsin, 1947-48; Stonewall, Mis-

sissippi, 1949-50; Amonate, Virginia, 1950-51. Resident in Orthopedics, Childrens Hospital, Philadelphia, Pennsylvania, 1952. Resident in Surgery and Orthopedics, Chestnut Hill Hospital, Philadelphia, 1953. Specialty, Orthopedic Surgery. Recommended by Dr. Jack L. Richardson and Dr. Samuel Goodman.

Robert Eldon Dillman, M.D. 209 Medical Arts Building, Tulsa. Medical Degree, University of Oklahoma School of Medicine, 1946. Interned United States Naval Hospital, Bremerton, Washington, 1946-47. Lieutenant (J.G.) United States Naval Medical Corps, 1946-49. Resident in Obstetrics & Gynecology, Baptist Memorial Hospital, Memphis, Tennessee, 1949. Resident in Pathology, John Gaston Hospital, Memphis, 1950. Resident in Obstetrics & Gynecology, John Gaston Hospital, University of Tennessee School of Medicine, 1951-53. Specialty, Obstetrics & Gynecology. Recommended by Dr. E. O. Johnson and Dr. Walter B. Sanger.

Gerald Green Robertson, M.D. Douglas Aircraft Company, 608 S. Cincinnati, Tulsa. Medical Degree, University of Arkansas School of Medicine, 1951. Interned Jackson Memorial Hospital, Miami, Florida, one year. In private practice, Dyess, Arkansas, 1952-53. General Practice. Recommended by Dr. Hugh Perry

and Dr. Thomas J. Brumfield.

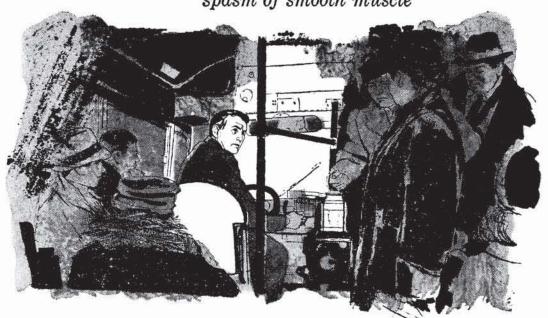

### TWO TULSANS TO SPEAK AT SURGICAL GROUP MEETING

Two Tulsa physicians will appear on the scientific program of the Fifth Annual Meeting of the Southwest Surgical Congress at Salt Lake City, Utah, September 21-23, 1953.

Dr. Averill Stowell, Tulsa neurosurgeon, will discuss "The Treatment of Hydrocephalus of Obstructive Type by Ventriculo-Ureterostomy—Presentation of Thirty Cases," and Dr. Gifford H. Henry, Tulsa surgeon, will speak on "Atomic Explosions." A complete program is available in the Medical Library.

All physicians are invited to attend. There will be no registration fee for members of the Congress or of the Southeastern Surgical Congress, residents, interns, and military personnel. The registration fee for others will be \$10.00.

#### for the relief of tension and associated pain and spasm of smooth muscle

a threefold action is provided by

#### Trasentine®-Phenobarbital

(Adiphenine Ciba)

- 1. Phenobarbital provides sedation and eases tension without the greater hypnotic effect of more potent barbiturates.
- 2. Trasentine relieves gastrointestinal pain by exerting a direct local anesthetic effect on the mucosa.
- 3. Trasentine relaxes spasm through a papaverinelike effect on smooth muscle and an atropine-like effect on the parasympathetic nerve endings.

Prescribe Trasentine-Phenobarbital for nervous tension and gastrointestinal disorders in which psychosomatic factors are dominant. Each tablet contains 50 mg. Trasentine hydrochloride and 20 mg. phenobarbital. Bottles of 100 and 500.

College at Admiral Ph. 6-2156, 9-9005 by contacting the Biltmore or other Oklahoma City hotel directly or by writing the Oklahoma City Clinical Society, 503 Medical Arts Building, Oklahoma City. The registration fee will be \$20.00. More complete details will appear in the October issue of The Bulletin.

Vacationers: DR. D. L. GARRETT, in Canada; DR. ROBERT E. FUNK, in Washington, D. C.; and DR. A. RAY WILEY, enjoying the Colorado mountains.

In attendance at the 1953 Medical Public Relations Conference of the American Medical Association in Chicago, September 1-3, were DR. JOHN E. McDONALD, DR. HUGH PERRY, and DR. JAMES STEVENSON.

DR. LAWRENCE A. DENNEY has removed his practice to Coronado, Colorado.

DR. CHARLES E. CALHOUN of Sand Springs has completed fifty years in the practice of medicine. He will be presented with a gold pin commemorating the event at the September 14th meeting of the Tulsa County Medical Society.

DR. MABEL M. HART has removed her practice to Sayre, Oklahoma.

DR. MAXWELL A. JOHNSON will complete his tour of active duty with the United States Army in early September and is expected to return to his Tulsa practice shortly thereafter. Dr. Johnson was recalled to duty last Spring and has been stationed at Chanute Air Field, Rantoul, Illinois.

Be sure to read these features in SEPT. issues of Spectrum, appearing in the first section of the

#### DISTRIBUTION & REPLACEMENT REPORT

July, 1953

Bloods Used:	Replace- ments:	% Repl.
St. John's528½	312	59.04%
Hillcrest316½	196	61.96%
Osteopathic 66	30	42.39%
Byrne 16	8	50.00%
Mercy 22	5	22.74%
Tulsa Osteo. 7	O	00.00%
Moton 6	4	66.66%
Broken Arrow 8	7	87.50%
Other 23	5	21.74%
Totals993	567	57.10%

Blood donations at the Tulsa County Red Cross Blood Center continue to run well ahead of last year. At the end of the first seven months of 1953, total donations had reached 6,605, an increase of 555 pints over the same period last year.

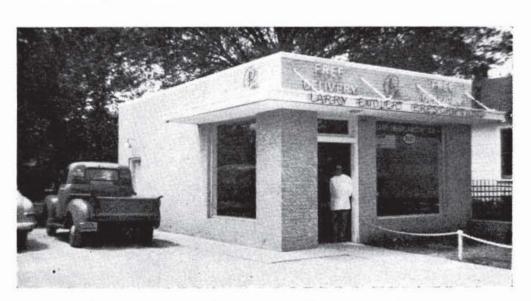

Rejection of donors, primarily for medical reasons, has taken a sharp turn upward with 1,225 persons rejected during the first seven months of 1953 as against only 571 last year.

The number of replacement donors has fallen, however, with only 2,920 replacement donations recorded through August 1st as against 3,459 for the same period last year. The bulk of donations this year comes from the organized recruitment program among firms and organizations, and from casual drop-in donors. This latter figure, due in part to a concerted national campaign encouraging blood donations, has risen from 1,231 for the first seven months of 1952 to 1,627 for the same period this year. Repeat donations (by persons who have given blood before) are also increasing with the comparative seven-month figure rising from 3,299 in 1952 to 3,739 this year.

On the basis of present indications the total blood donation for 1953 should well exceed 10,000 pints for the twelve-month period. Utilization of blood during the first seven months of 1953 has risen at virtually all participating hospitals except St. Johns' Hospital (a decrease of 252 pints) and Byrne Memorial Hospital.

#### BLUE CROSS ENROLLMENT

(Continued From Page 7) calling the Tulsa County Medical Society, telephone 4-8161.

The enrollment campaign will also utilize newspapers (both news stories and advertisements), radio and television announcements, posters, and giveaway lit-

erature

Physicians, dentists, and persons employed by physicians and dentists who wish to apply for admission to the Physicians & Surgeons and Medical Assistants groups may obtain enrollment cards at the Tulsa County Medical Society offices, B-9 Medical Arts Building, Tulsa, or by telephoning 4-8161. New enrollees will be billed on or before November 1st for an amount of premium sufficient to bring him into line with the rest of the group. The Physicians & Surgeons Group is on a semi-annual premium payment basis, and the Medical Assistant Group on a quarterly basis.

A similar community enrollment was conducted earlier this year in Oklahoma City, and such enrollments have been extensively used in many of the State's smaller cities.

DR. FRANK J. NELSON will be Chairman of the Doctors Division for the 1954 Community Chest-Red Cross Drive to be conducted in Tulsa in October.

DR. WALTER H. CALHOUN has moved into an attractive new clinic building located at 5323 South Lewis.

DR. HOWARD M. COHENOUR has taken new professional offices at 1104 Medical Arts Building for the practice of Urology.

DR. JOHN F. GRAY, JR. has returned from a business trip to Hartford, Connecticut.

DR. JACK O. AKINS has been vacationing in Minneapolis and in Northern Minnesota, where he enjoyed several days of fishing. Dr. Akins has been reappointed for another year as Chairman of the local advisory committee to the Oklahoma Volunteer Advisory Committee, official medical military advisors to Selective Service System.

No, doctor, they're not all alike...

imbined Vaccines differ, too.

Only Cutter Dip-Pert-Tet Alhydrox® gives you all these advantages:

thydrox adsorption. Alhydrox (aluminum hydroxide adbed) is a Cutter exclusive that prolongs the antigenic nulus by releasing the antigens slowly in the tissues to ld more durable immunity.

Maximum immunity against diphtheria, pertussis and anus with uniformly superior antitoxin levels.

fewer local and systemic reactions in infants because of proved purification and Alhydrox adsorption.

- ▶ High pertussis count 45 billion Phase 1 H. pertussis organisms per immunization course.
- Standard Dosage 0.5 cc. per injection, only three injections.

Supplied in 1.5 cc. vials and 7.5 cc. vials. Also available: famous purified Dip-Pert-Tet Plain — a product of choice for immunizing older children and adults.

Try it, compare it! You'll see why there is only one Dip-Pert-Tet
