

Figure 11. Left Manus of Six Mammalian Orders: (A) Domestic Pig, Artiodactyla, (B) Aardvark, Tubulidentata, (C) Asian Elephant, Proboscidea, (D) Tree Hyrax, Hyracoidea, (E) Malayan Tapir, Perissodactyla, (F) North American Manatee, Sirenia. The arrangement of the bones in the wrists of C, D, and F are unique and that is why they are all grouped into Paenungulata
