CC: Parish, Max G.

Regarding my manuscript, "Darwin and the Human Future: New Order out of Chaos" (hereafter "Manuscript"):

I hereby grant to the Self, Motivation & Virtue Project and The University of Oklahoma the non-exclusive right to: reproduce; translate to any format, and/or distribute my manuscript worldwide in electronic format; and to keep more than one copy of this submission for purposes of security, back-up, and preservation, subject to all requirements from the publisher. I represent that I hold the copyright on this submission and/or that I have secured the appropriate permissions from the publisher to issue this authorization.

In the event that this manuscript is based upon work that has been sponsored or supported by an agency or organization, I represent that I have fulfilled any right of review or other obligations required by the sponsoring agency or organization.

I understand that my manuscript will be published in the Moral Self Archive (<https://shareok.org/handle/11244/22702>) with the following copyright notice:

Copyright © 2016 David Loye. All rights reserved. No part of this publication may be reproduced, distributed, or transmitted in any form or by any means, including photocopying, recording, or other electronic or mechanical methods, without the prior written permission of the publisher and/or copyright holder, except in the case of brief quotations embodied in critical reviews and certain other noncommercial uses permitted by copyright law.

Will the old Darwin of "survival of the fittest" and "selfish genes" or
the New Darwin of love and the moral sense prevail? Discovery of the
long buried rest of Darwin's theory gives us a new fighting
chance to break through to better days.
Join us in writing a new history of hope for our children, our
species, and our battered planet.
