Our School at War Program

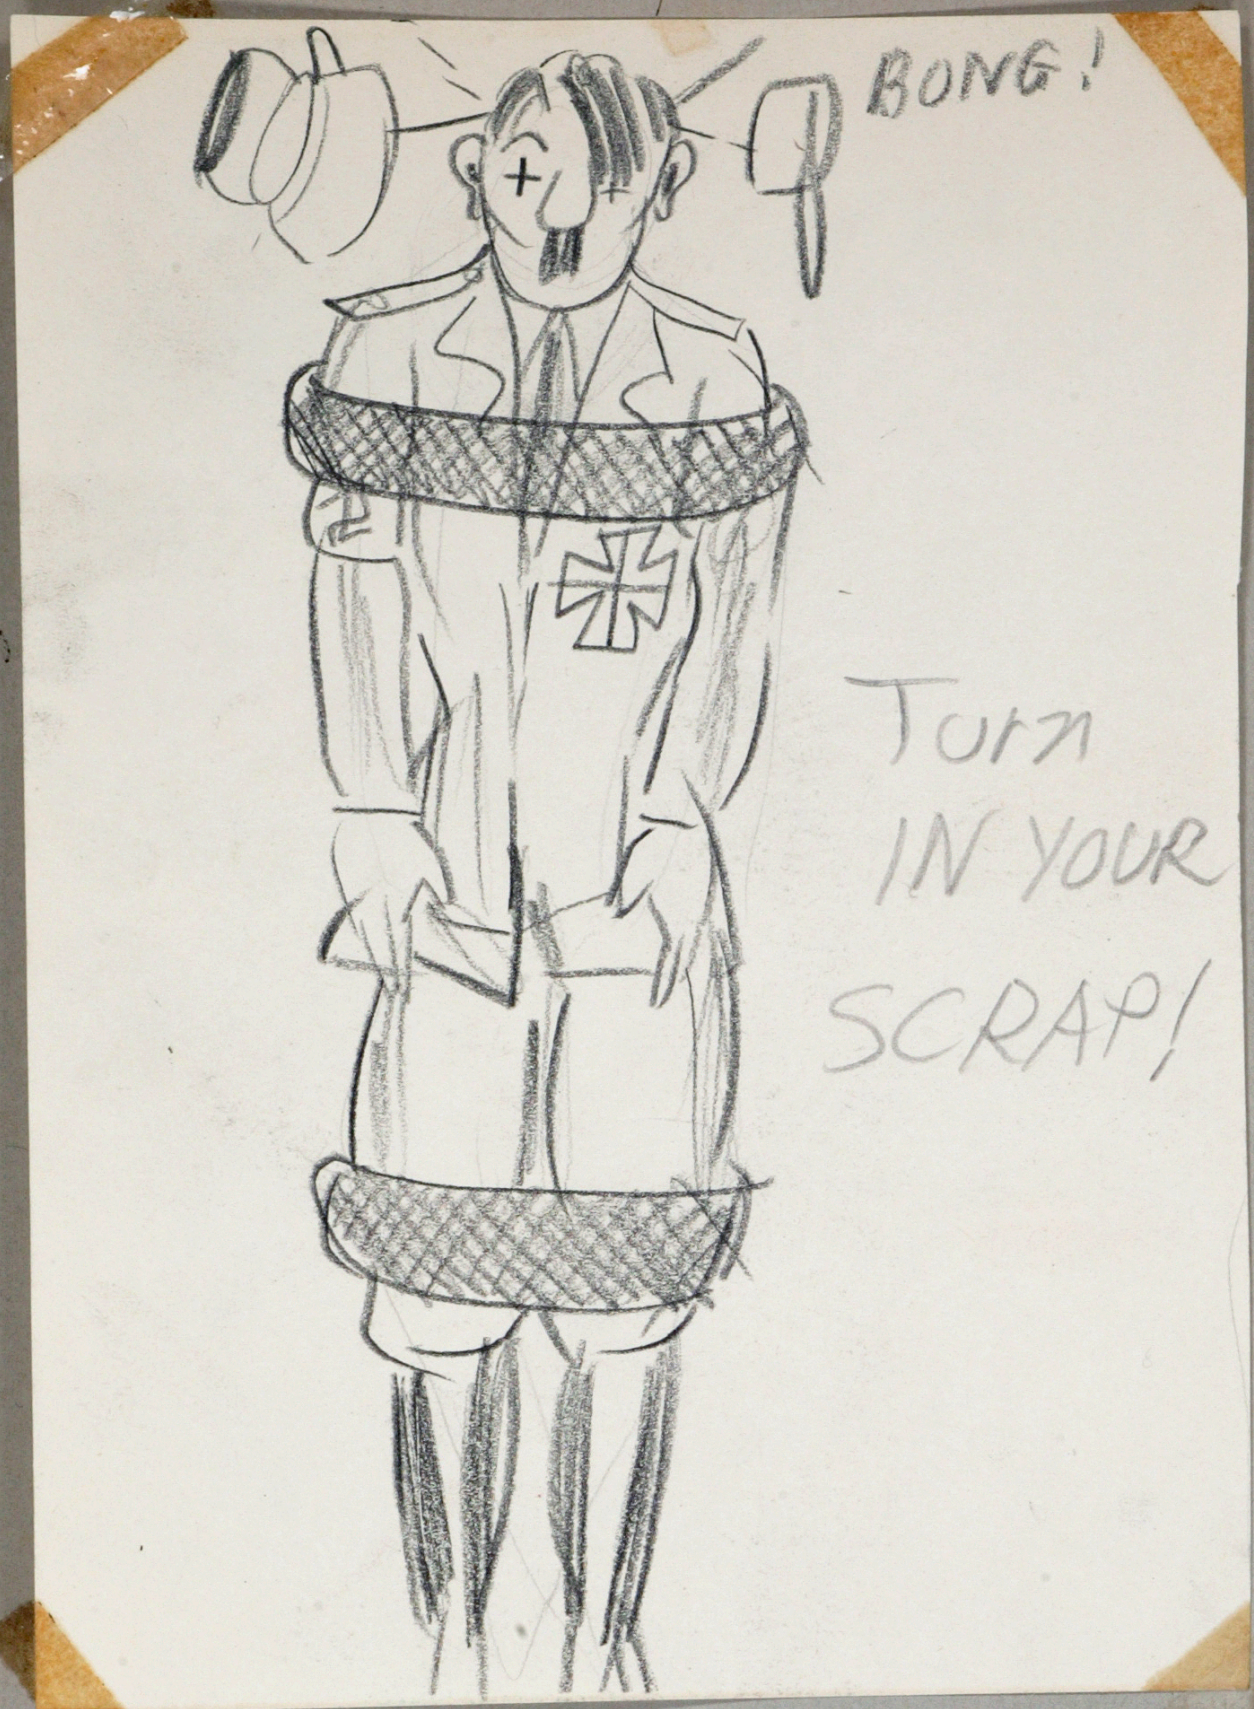
Herndon school is a small ward school of Idabel, Oklahoma which consists of the first second and third grades, with an enrollment of about 115 pupils and three teachers.

Even though ~~our~~ pupils are quite small they are a very patriotic group, and very anxious to save, serve and conserve. We are developing a co-ordinated program of war activities best suited for their needs.

Several days before we started our scrap drive posters were exhibited in the school rooms showing the many ways by which this scrap could help win the war. It was discussed in all classes and correlated with our reading. Language and citizenship classes. Letters were written in the language period to parents and neighbors. These letters explained the purpose of the drive in the children own words.

On Monday Oct. 5th we met in the auditorium and organized this "Junior Army" for the scrap drive. No group of soldiers ever marched to battle with more enthusiasm and patriotism than these children when school was dismissed at noon and they started collecting scrap. The children and teachers, with the cooperation of the parents, searched attic, basement, streets, alleys, roadsides and farms until their scrap pile looked like a mountain.

Posters made for our scrap drive.



These notes followed the letters for scrap.

Remember Pearl Harbor!

That cry rings throughout America! We can remember it, by buying War Bonds and Stamps! If we don't, there will be more "Pearl Harbors" When the treachorous Japs bombed Pearl Harbor, the cry started, Remember Pearl Harbor! There has been many Americans killed since Pearl Harbor. Wake Island, Botaan, Corregidor, remember? Well, I do. If the Japs win, we will have no freedom. May that never happen here! Buy War Bonds!

BUY WAR BONDS!

5 Reasons Why

1. By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.

2. You prove that you are a patriotic American.

3. You aid the morale of our fighting men, by showing them that the entire Nation is behind them.

4. You prove to our enemies that we are a United People.

5. You protect your own financial future, as every $18.75 you invest in a War Bond brings you back $25 in ten years. You make the world's *safest* investment, by buying a share in the world's most powerful country.

How I Made Money for Stamps.

I made up three beds for Mother and she gave me a dime. I washed the dishes and she gave me a nickel and I had a nickel. I helped clean off the yard and Daddy gave me a dime. With all my money I have bought defense stamps. I've got four defense stamps so far.

How I Make Money for Defense Stamps.

I help Mother with the dishes and clean up the house. I stay with my little sister when Mother goes to town. Sometimes she gives me dimes for it. I have bought six Defense stamps that way. I'm going to buy some more.

How I Made Money for Denfense Stamps

When Mother was sick I helped Daddy milk the cows until Mother was able to milk them. Mother and Daddy gives me a dime a week to buy defense Stamps for helping them milk the cows. Now I'm doing more things too, for Mother and Daddy to buy defense stamps. I'm doing all I can to help Uncle Sams army. I now have $2.40 worth of defense stamps.

Dear Parents:

We are starting a drive for Victory. This is called a <u>Scrap Drive</u>. We want scraps of rubber, iron, tin, copper, zinc or anything that can be used to help win the war. Please help the children to find these scraps. Either bring them or let us know and we will get them. Please help us

Bond and Defense stamps drive.

The Defense Bond and Stamp sale has been carried on with much enthusiasm. We have had honor rolls in each room and the three rooms have been almost one hundred per cent in the purchase of stamps and bonds.

We have had programs for defense. We sell stamps in the school, with a leader to manage the sale and keep account of amount sold. We have correlated the stamp sale with our number, art, Language and Social Study classes.

The children have been staying home from the picture show, depriving themselves of candy and ice cream to buy stamps. They have worked with a patriotic zeal for their parents and others to get money to buy defense stamps.

They have written stories of why they bought defense stamps and how they made money to buy them.

The parents have been very cooperative in helping in this drive.

We expect to continue our program of serving; saving and conserving until this war is won.

This poster aroused much interest in the stamp drive.

Victory Gardens.

Notes were sent out from the Supt. office, asking for information about Victory Gardens. We began our study of Victory Gardens in our classrooms. We discussed what a Victory Garden was and **why** we needed to make one.

Stories were written telling about their gardens. Discussions in class as how they got the seeds, how and what to plant, and **how** to care for their gardens.

The study was used in connection with our health lessons. Foods for good **health** were stressed.

About 90% of the notes came back that they were making a Victory Garden.

Making a Victory Garden.

We had a garden. It had radishes and spinach. I had to help my mother bury the seeds. We had a hard time keeping the chickens out of the garden. And it had tomatoes and all kinds of vegetables in it.

To make a garden. We have to buy the seeds. Then we have to plant the seeds. I like to hoe my garden. I like to rake my garden. This is what I grow in my garden. I grow vegetables, cabbage, tomatos, onions, potatoes, lettuce, carrots, spinach, radishes beans, peas, and cucumbers. We can the vegetables and we cook the vegetables. I eat raw vegetables.

I like to make a garden.
It is fun to make a garden.
Good food makes us healthy.
I earned my money by carrying
bricks. I earned enough money
to buy seeds. I water my garden
every day. Turnips grows in
my garden. I planted my
seeds in the spring. I like my
garden. Turnips are good for
people. We need vegetables
to eat. Turnip leaves are
good to eat. I like to eat
turnips. Soldiers need
food to eat. It makes them
strong. They need food
to help with their work.

I like to make a Victory Garden to help Uncle Sam. I can buy my seed to make the Victory garden. I can plant the seeds too. I like to help Uncle Sam. I can plant cabbage, tomatoes, onions, potatoes, lettuce, turnips, carrots and beats. I can give my food to the soldiers, sailors, and marines. We love to share with the army because they're fighting for us.

Making a Victory Garden

I earnd my own money to buy seeds to make a Victory garden. Now I am very healthy. I grew cabbage and I grew all kinds of things in my garden. I ate tomatoes to make me healthy. When my garden grew up in weeds I took a hoe and cut them down. It was hard to keep it clean but I did it. I grew potatoes and carrots and turnips. I grew two rows of beets. When my garden grew up it so big that mother didn't have enough room to plant hers.

Junior Red Cross

The work of the Junior Red Cross was discussed in each room. An impressive little play was given by the children, dramatizing some of the work of this organization. Letters were written in the third grade Language class telling some of the things the Junior Red Cross does and why they are proud to be members of the Junior Red Cross. Each child was anxious to do his part. With a proud and militant air they made their contributions and were presented badges and pronounced members of the Junior Red Cross.

The three rooms were one hundred per cent in membership.

What Our Junior Red Cross Does.

I am proud I am a member of the America Junior Red Cross. It helps our soldier boys over sea. If they get hurt the Red Cross helps them. I am going to save up all my money and give it to the Red Cross. When there was an earthquake in Japan we sent them much money and food and clothes because we felt sorry for them. We have helped the Chinese for a long time. We have helped other countries too.
