WE REPORT TO THE NATION

We herewith submit a bird's-eye view report of our
SCHOOLS AT WAR Program. It includes factual and pictorial
accounts of our War Savings Program and other outstanding
war activities. It is tangible proof of the resourcefulness, skills,
activities and the will to win of every student, teacher and
parent enlisted in our SCHOOLS AT WAR Program.

ENGLISH

Everyone at War
Sixth Grade Lydia Ruth Cofer

If everyone was patriotic he would help win the war.

If we lose this war Hitler will rule the world. Then you had just as well have turned in your Kettles, pans, etc., because he will not give you any food.

Many diseases are spread in shows. If you would save your show-money you could get a "War Stamp". You would then, soon have a bond.

Even schools are collecting scrap for the war.

Everyone pitch in and kill those dirty Japs and

don't forget Hitler!

Buy Savings stamps
and War Bonds today!

Schools At War

Each school must do its part, toward winning the war. I believe that if each small school collects 6,200 lb. of scrap, will be doing our part. Of course large schools should do four times that much.

The schools also should do their part in buying stamps and bonds. Each child can buy war stamps and bonds, instead of candy and shows. The children can't fight, but they can help toward supplying material for the "Armed Forces", by buying stamps and bonds.

The schools also may join the "Red Cross," and help. The red cross supplies some of the following:

- | | |
|------------------------|---------------------------------|
| (a) artillery bags | (c) House shoes |
| (b) Blocks for Afghans | (d) old postage stamps for dye. |

The schools gather old newspapers and old postage stamps also.

The "industrial arts" for boys, or the "agriculture," for boys both help toward the war effort.

Save "paper towels" and "bath room paper", the amount is limited.

Use no more fuel than necessary. Don't hold the doors open.

The boys in school also can model toy airplanes.

Take sciences it may be necessary later on in the war.

Keep up to the minute on world affairs. Study your maps regular.

Turn in old phonograph records. They help to entertain the boys in the "Armed Forces."

Remember, Uncle Sam needs your help. Help him! Buy war savings bonds and stamps.

Guthrie Hide, Iron and Metal Co.
Guthrie, Oklahoma

Nº 6216

We spent the \$15.60 for Defense Stamps and divided it equally among the school children.

Our Artists Ideas of How To Help The War Effort.

1. Primary Grade
2. Intermediate Grade.

A child's drawing titled "OUR WAY BONDS" in red letters at the top. The drawing depicts a yellow house with a red chimney emitting smoke, a tall flagpole with an American flag, and a blue airplane flying in the sky. The sky is filled with white clouds and several small, rectangular stamps. At the bottom right, there is a pile of colorful, abstract shapes representing money or bonds.

	Total	\$2384.85

Poultry and Gardening.

When we held our "Poultry" show we had only two entries. So we set aside \$10. of our money and agreed to purchase as many "Chicks" as we can the latter part of February and distribute among the boys and girls of the school to start them raising poultry.

Each boy and girl enrolled in school has pledged to raise a "Victory" garden this year. Each then agreed to help his or her mother can as much as the family will require for the coming year.

We had only two or three children plant gardens last year.

Our Final Plan.

1. We will hold, sometime this Spring, another program and a supper. The proceeds from this will be used to complete the "School Stamp Books" for two twenty-five dollar bonds. We have on hand now \$1.80 in a 10¢ stamp book and \$1.25 in a 25¢ stamp book.
2. Each boy and girl has pledged to continue buying their "Defense Stamps" weekly or at such time that they receive spending money.
3. We plan to start soon another Scrap drive in the Community. We feel that there is still much that can be found of use to our Government.
4. Our boys and girls have pledged to take better care of their health and to follow the "Health Rules" as laid down by our course of study in school.
