

List of contributions

Carsten Burgard	Statistical framework implementation and expertise
Alexander Gavriluk	Forward jet studies, simple SF analysis
Nathan Grieser	Region optimization, Object selection optimization, Statistical analysis, PxAOD production, Monte-Carlo generation, Release 21 migration, Sample Validation, Systematic studies, Software development and implementation
Robin Hayes	Fakes estimate
Konstantin Lehmann	Fakes estimate
David Shope	Derivation and PxAOD production, Fakes estimate
Mike Strauss	Optimization studies
Ilya Tsukerman	Forward jet studies
Benedict Winter	Sample preparation
